My beloved Professional colleagues,

Every time I communicate with our esteemed members through this column, I find myself in great pleasure. Every time it energizes me. Every time it fills me with fresh delight.

Though it sounds very prestigious and to a great extent it actually is, still I believe that unless you shoulder responsibility and share your dreams and plans with people

you need to work and move on motivating them as a supreme office-bearer, nothing touches the ground. It is my pleasure that since being incumbent, I have been endeavouring hard to make this happen. Space between the instructor and the worker, as I believe, must be there. Cliché as it but not losing relevance that vision vehicles mission.

Today, when reigns of civilisation is in the hand of Technology and we, as collective and individual, are exposed to the bigger world, we must remain pro-active so that no undesired communication may go to the outer world. Hence I lay emphasis not on quantity contact but of quality communication. This is one of the reasons that that we had organised seminar on **CYBER CRIME INSURANCE—EMERGING RISKS AND EVOLVING SOLUTIONS**. Great success we had and still reverberating is the 3-day Workshop on Insolvency & Bankruptcy Code with great speakers like Shri K. R. Jinan, Judicial Member, NCLT, Shri Alok Bardhan, Assistant Director, SFIO, MCA, Govt. of India, CS Deepak Khaitan, CS Ravi Verma, CA Vinod Kothari – a name in himself, enlightened us unfurled before us complicated points of the topic at ease.

However, to knock in future. Regional Conference – the most awaited and versatile in its kind. 31st August & 1st September 2018 – Science City Auditorium – payment link is already been there in eirc website. “Chartered Accountants –

Challenging Every Challenge” being the theme – it is going to be one of the most remarkable service to the members from my side as the Chairperson of EIRC.

28th July we will be having a seminar on Capital Market. Relentless we have to be in terms of exploring the waves of changes in this field. As you all know that in the Indian Market we have been observing changes like

1. Growth in Financial Intermediation
2. Growth in Underwriting of Securities: ...
3. Growth in Response to the Offer of Public Issues of Shares and Bonds: ...
4. Growth of Merchant Banking: ...
5. Growth of Credit Rating Agencies: ...
6. Growth of Mutual Funds.

We as Chartered Accountants must know and deal with every nook and corner of these changes. Hence this arrangement.

Enforcement of Law in the Corporate has multifarious dimension. Delving deep is the need of the hour. Hence we will be having a Corporate Law Conclave on 30th June 2018. I assure that I will try to fulfil every need and requirement whichever I will notice and feel, whatever would be brought to my notice and this way I would leave with an instance of objective working.

I request everybody that since April 2018, we have re-introduced a previous practice of inserting quotes at the bottom of the page. Soon, our website would be in its rejuvenated form with “quote of the day” to be displayed every day.

Let me sign off once again recalling Vidal Sassoon that “the Only Place Success Comes Before Work Is In The Dictionary”.

CA (Ms.) Sonu Jain

Chairperson, EIRC

EIRC - EDUCATIONAL INTEGRITY with RESOURCEFUL CONTINUITY

With the New Scheme of Education and Training introduced wef 1st July 2017, the Foundation Examinations will be held in May and November, along with Intermediate /Final Examinations. A student will be eligible to appear for the Foundation examinations after qualifying Class 12 Board examinations. The last date of registration for the November 2018 Foundation examinations is 30th June 2018.

ICAI issues Valuation Standards as a benchmark for valuation practices applicable for its members

Recognising the need to have the consistent, uniform and transparent valuation policies and harmonise the diverse practices in use in India, the Council of the Institute of Chartered Accountants of India at its 375th meeting has issued the Valuation Standards which are 1st of its kind in India. With a vision to promote best practices in this niche area of practice, the Standards lay down a framework for the chartered accountants to ensure uniformity in approach and quality of valuation output. Among many other aspects, the standards include:

1. Framework for the Preparation of Valuation Report, 2. Valuation Bases, approaches and methods, 3. Scope of Work, Analyses and Evaluations, 4. Documentation and Reporting
5. Business Valuation, 6. Intangible Assets, 7. Financial Instruments

The Valuation Standards have been issued by the Institute of Chartered Accountants of India to set up concepts, principles and procedures which are generally accepted internationally having regard to legal framework and practices prevalent in India.

Applicability of Valuation Standards:

- For Chartered Accountants providing Valuation Reports under various provisions of the Companies Act, 2013, compliance of these Valuation Standards is mandatory.
- For valuation under other Statutes, it is recommendatory to comply with these valuation standards. Chartered accountants are requested to comply with the same as a good practice.

In formulating the Valuation Standards, ICAI considered best valuation practices followed globally as well as in India, uniqueness of Indian conditions, current practices in India along with their advantages and disadvantages and various purposes for which valuations might be required over and above the requirements of Companies Act. These standards come as ICAI's consistent drive to guide its members for ensuring high quality work and standards.

Dear Students,

Recently, the Chartered Accountancy exam concluded. I am sure all of you have given in your best and worked very hard, to the best of your individual ability to ace this exam. The pre exam pressure, the sleepless nights is very exhausting.

After the last exam you take a heave of relief and look forward to going home to compensate for the sleep lost or execute your post exam party plans. That sounds exciting. That sounds like the ideal idea of "freedom" from all the stress and pressure.

As soon as the exam got over, many students came up to me and said, "Sir, finally we feel free today."

I wonder what freedom means to you. Does it mean doing something innovative? Does it mean expanding your knowledge? Does it mean partying? Everyone has different idea about freedom.

But my dear students, time is precious. Only you can make sure you don't look back and regret wasting your time, it will never come back, once gone.

Read a lot

I always say this across the board. Make books your best friend. Try to have command over your language. Read different kind of books-fiction, mystery, non-fiction, classic. Read the newspaper daily. Keep track of everyday happenings so you can stir up a meaningful

conversation and not find yourself clueless. All of you know the benefits and pleasure that comes with reading. Try it. It's a fun and interesting way of learning and enjoying.

Start preparing for the next semester.

Most students waste their time and start studying two months or two weeks before the scheduled exam. Use this time wisely. It's a gift. Get comfortable with your schedule, with syllabus. Be consistent. Make up for the time lost.

Gradually, you will feel that there is no pre exam stress left to deal with at all.

Exams are just a way of testing you. We put pressure on you but it is up to you to manage your time and only you can choose how you wish to tackle it. So, I leave you with a final thought to ponder on;

Time-bank credits your account each morning with 86,400 seconds.

It carries over no balance from day to day.

Ultimately, no mark-sheet can define you. It is the knowledge that does and for that you should use the freedom and the time in the right way.

In your words, Happy Independence Day!

Best of luck.

CA Sumit Binani

Chairman-EICASA

RECENT JUDICIAL PRONOUNCEMENTS ON GST/ INDIRECT TAXES

2018 (11) G.S.T.L. 178 (Tri. - Mumbai) - COMMISSIONER OF S.T., MUMBAI- I Versus ZEE ENTERTAINMENT ENTERPRISES LTD.

Strictures against Commissioner - Non-examination of allegations contained in show cause notice - Elementary jurisprudence not followed - Matter back from re-hearing and re-adjudicating issue considering the pleadings and evidence of assessee to reach to a reasoned decision following guidelines given by Supreme Court in 2010 (253) E.L.T. 705 (S.C.). - Writing several pages with reproduction of E.L.T. headlines is irrelevant in justice administration. The outcome of evidence led, tested by law shall demonstrate exercise of examination of material facts that justice has been delivered. Approach should be made to bring out the matter in controversy in clear terms to examine the pleadings of both sides as well as evaluate evidence for appreciation and application of law. This is the object of the process of delivery of justice. [para 2]

Quasi judicial order - Guidelines for writing orders and judgments given by Supreme Court in 2010 (253) E.L.T. 705 (S.C.) - To be followed by while passing order to make order free from ambiguity, infirmity and incongruity. [para 1]

Matter remanded

Perusal of the impugned order does not provide any head or tail thereof. While Hon'ble Supreme Court has issued guidelines from time to time as to the manner how learned authority below should frame their quasi judicial orders, that was not given due weightage by the learned authority below who passed the impugned order. The guidelines given by Apex Court in Saheli Leasing & Industries Ltd. - 2010 (253) E.L.T. 705 (S.C.) if followed by the quasi judicial authority and judicial authority while passing order, that shall make the order free from ambiguity, infirmity and incongruity. Relevant extract of the judgment reads as under :-

"7. These guidelines are only illustrative in nature, not exhaustive and can further be elaborated looking to the need and requirement of a given case :-

- It should always be kept in mind that nothing should be written in the judgment/order, which may not be germane to the facts of the case; It should have a co-relation with the applicable law and facts. The ratio decidendishould be clearly spelt out from the judgment/order.
- After preparing the draft, it is necessary to go through the same to find out, if anything, essential to be mentioned, has escaped discussion.
- The ultimate finished judgment/order should have sustained chronology, regard being had to the concept that it has readable, continued interest and one does not feel like parting or leaving it in the midway. To elaborate, it should

have flow and perfect sequence of events, which would continue to generate interest in the reader.

- Appropriate care should be taken not to load it with all legal knowledge on the subject as citation of too many judgments creates more confusion rather than clarity. The foremost requirement is that leading judgments should be mentioned and the evolution that has taken place ever since the same were pronounced and thereafter, latest judgment, in which all previous judgments have been considered, should be mentioned. While writing judgment, psychology of the reader has also to be borne in mind, for the perception on that score is imperative.
 - Language should not be rhetoric and should not reflect a contrived effort on the part of the author.
 - After arguments are concluded, an endeavour should be made to pronounce the judgment at the earliest and in any case not beyond a period of three months. Keeping it pending for long time, sends a wrong signal to the litigants and the society.
 - It should be avoided to give instances, which are likely to cause public agitation or to a particular society. Nothing should be reflected in the same which may hurt the feelings or emotions of any individual or society."
- When the show cause notice is read it exhibits the allegations made therein clearly. But that was not examined by the learned Commissioner to exhibit his mind. Writing several pages with reproduction of E.L.T. headlines is irrelevant in justice administration. The outcome of evidence led, tested by law shall demonstrate exercise of examination of material facts that justice has been delivered. Approach should be made to bring out the matter in controversy in clear terms to examine the pleadings of both sides as well as evaluate evidence for appreciation and application of law. This is the object of the process of delivery of justice. Such elementary jurisprudence has not been followed by the learned Commissioner (Appeals). This calls for remand of the matter back to the learned adjudicating authority to re-hear the matter and re-adjudicate the issue considering the pleadings and evidence of the appellant to reach to a reasoned decision. While drafting his order, learned Commissioner shall follow the guidelines of the Hon'ble Supreme Court as state above. If exercise in the manner stated above is done, it can be stated that his order is made in the interest of justice.
 - With the above observations, the appeal is remanded to learned Commissioner for fresh decision following due process of justice.

CPE : 12 Hrs.

43rd REGIONAL CONFERENCE OF EIRC
