Foreword

In India, Banking Sector plays an important role in the development of the economy. The Government has focused on expanding banking coverage in India through various schemes such as Pradhan Mantri Jan Dhan Yojana and Post Payment Banks, etc. With these schemes, combined with key banking sector reforms such as digital payments, neo-banking, the rise of Indian NBFCs, and fintech, have considerably improved the India's financial ecosystem and helped to fuel the country's credit cycle.

This changing landscape in banking sector has put more emphasis on risk management and control functions and made the role of concurrent Auditors very important.

The Manual on Concurrent Audit of Banks is being issued by the Board of Internal Audit and Management Accounting (BIAMA) of the Institute of Chartered Accountants of India (ICAI) with the objective to provide detailed guidance to the members on concurrent audit of banks. I am happy to note that the Board has come out with this revised and updated 2023 edition of "Manual on Concurrent Audit of Banks" for benefit of the members and stakeholders at large.

I compliment CA. Rajendra Kumar P., Chairman, CA. Charanjot Singh Nanda, Vice Chairman, and other members of the Board of Internal Audit and Management Accounting of ICAI for bringing out this revised Manual to assist the members in maintaining quality in concurrent audit of banks.

I am confident that the members and other stakeholders would find this Manual highly useful in their professional assignments.

CA. Aniket S. Talati
President, ICAI

Preface

Scarce resources, increased liquidity risk, high complexity and need of integrated management of banking assets and liabilities are shaping banking sector. In the changed scenario, the role of concurrent audit has become even more critical and important for the banks in carrying out operations properly and efficiently. Concurrent audit is essentially a management process integral to the establishment of sound internal accounting functions and effective controls and setting the tone for a vigilant internal audit to preclude the incidence of serious errors and fraudulent implications. Concurrent audit in banks must add demonstrable value in the current competitive banking environment and meet the increasing expectations of regulators, government and professional bodies reflecting the growing importance placed on the function.

As a part of its initiatives to assist the members in understanding the intricacies of concurrent audit and thereby improve the quality of concurrent audit reports, the Board of Internal Audit and Management Accounting of the Institute of Chartered Accountants of India is issuing Manual on Concurrent Audit of Banks (2023 edition). RBI has issued revised Concurrent Audit Guidelines in September 2019. Keeping this in view, the Board has thoroughly revised “Manual on Concurrent Audit of Banks” which has been issued in 2016. Apart from taking impact of above-mentioned guidelines and other related new circulars/ directions issued by RBI, the Board has revised thoroughly Concurrent Audit Checklist.

This Manual provides guidance to members regarding critical issues related to concurrent audit of banks, including redirecting the scope of concurrent audit to include risk-based audit approach to make it more meaningful and effective.

We are immensely grateful to CA. V. Ravindran, CA. Mony Anantasivan and CA. S. Dhayanidhi for sharing their experience and knowledge in review and revising Manual on Concurrent Audit of Banks.

We would like to thank CA. Aniket S. Talati, President, ICAI and CA. Ranjeet Kumar Agarwal, Vice President, ICAI for their continuous support and encouragement to the initiatives of the Board. We also thank the members of our Board who have always been a significant part of all our endeavours.

We also wish to express our sincere appreciation for CA. Arti Bansal, Secretary, Board of Internal Audit and Management Accounting, ICAI, and her team for their efforts in giving final shape to the publication.

We are sure that this publication would prove to be a useful reference Guide for our members and others concerned to discuss the changes envisaged by the revised RBI guidelines and analyse implications, so that concurrent auditors can perform their audits effectively and efficiently.

We will be glad to receive your valuable feedback at biama@icai.in. We also request you to visit our website <https://internalaudit.icai.org/> and share your suggestions and inputs, if any, on internal audit and Management Accounting.

New Delhi

Foreword to the Second Edition

For a growing and dynamic economy like India, that aspires to be globally competitive, a sound and inclusive banking system is extremely important. The stability of various segments in the economy particularly of the financial sectors is directly or indirectly dependent on the banking sector. Indian banks have modernized their processes, restructured their organisations into business verticals, completed Core Banking Solution implementation and launched several products in both the retail and wholesale banking segments to keep pace with the growing challenges.

This changing landscape and the emphasis on risk management and control function makes the role of concurrent auditors very critical. RBI has revised its 1996 concurrent audit guidelines and issued “Concurrent Audit System in Commercial Banks – Revision of RBI’s Guidelines” in July, 2015. These guidelines focus on effective controls, importance of checking high risk transactions and coverage of fraud prone areas. In the light of these new Guidelines, the Internal Audit Standards Board (IASB) of the Institute has thoroughly revised “Manual on Concurrent Audit of Banks (2012 edition)”, including the impact of various applicable new/ revised RBI Circulars issued during the period.

I congratulate CA. Mukesh Singh Kushwah, Chairman, CA. Anil S. Bhandari, Vice-Chairman and other members of the Internal Audit Standards Board on issuance of this revised Manual.

I am sure that this revised edition would help the members in discharging their responsibility, as concurrent auditors, in an efficient and effective manner.

CA. M Devaraja Reddy
President, ICAI

Preface to the Second Edition

Technological innovation, asset quality, capital adequacy, financial inclusion and talent management are some of the key issues facing the Indian banking industry. Banks are facing challenges related to implementation of Core Banking Solutions, compliance with Basel norms, Non-Performing Asset (NPA) management and above all dealing with the ever growing volume and complexity of transactions. These challenges make the role of chartered accountants crucial as they are instrumental in helping the banks to maintain reliability of different processes and timely reporting of lapses and irregularities.

Concurrent audit is essentially a management process integral to the establishment of sound internal accounting functions and effective controls and setting the tone for a vigilance internal audit to preclude the incidence of serious errors and fraudulent manipulations. Reserve Bank of India had issued concurrent audit guidelines in 1996. Since then a number of development have taken place in banking sector and consequently RBI has issued revised Concurrent Audit Guidelines in July, 2015. Keeping this in view, the Internal Audit Standards Board has thoroughly revised "Manual on Concurrent Audit of Banks" which had been issued in 2012. Apart from taking impact of abovementioned circular and all other related new circulars/directions issued by the RBI, the revised Manual also, includes thoroughly updated Checklist for Concurrent Audit. This revised edition includes new chapters on important areas like, Treasury, Forex and Core Banking Solutions. For ready reference, text of all important Master Circulars and Master Directions issued by the RBI, impacting concurrent audit, have been included in the CD. However, it is extremely important that the concurrent auditors should keep themselves updated regarding all relevant internal guidelines/circulars/important references as well as relevant circulars/directions being issued by the RBI from time to time.

At this juncture, I wish to place on record my sincere thanks to all the members of the Study Group formed under my convenorship at Delhi, viz., CA. Rakesh Garg (co-convenor), CA. Sanjay Gupta, CA. Naresh Gupta, CA. Anil Aggarwal, CA. Anu Pandey, CA. Sandeep Goel, CA. Yogesh Malik and CA. Kapil Chatwal for taking time out of their pressing preoccupations and comprehensively revising and updating this Manual. I would also like to

express my gratitude to CA. Shrinivas Y. Joshi, Shri Govadda Subba Rao, Shri P. T. S. Murthy, CA. Kuntal P. Shah, CA. Sachin Ambekar, CA. Tushar Kanti Basu, CA. Anagha Thatte, CA. Vinod Karandikar, CA. Sanjay V. Shah, CA. Dhananjay J. Gokhale, Shri V. Somasekhar, CA. Ramesh A. Shetty and CA. S. Dhayanidhi for providing important support to the group.

The Study Group members were deeply concerned with the expanded scope of work of concurrent audit which may not so strictly fall within the ambit of concurrent audit, and also the remuneration which is not commensurate with the work load of concurrent auditors. Further, it was felt that for good governance and effective implementation of RBI Circulars, the banks should adopt uniform reporting format for concurrent audit, and also review requirement of compulsory attendance by certain banks.

I would also like to thank to CA. M. Devaraja Reddy, President, ICAI and CA. Nilesh Shivji Vikamsey, Vice President, ICAI for their continuous support and encouragement to the initiatives of the Board. I must also thank my colleagues from the Council at the Internal Audit Standards Board, viz., CA. Anil Satyanarayan Bhandari, Vice- Chairman, IASB, CA. Tarun Jamnadas Ghia, CA. Mangesh Pandurang Kinare, CA. Dhinal Ashvinbhai Shah, CA. Babu Abraham Kallivayalil, CA. K. Sripriya, CA. M. P. Vijay Kumar, CA. Ranjeet Kumar Agarwal, CA. Sushil Kumar Goyal, CA. Debashis Mitra, CA. Shyam Lal Agarwal, CA. Kemisha Soni, CA. Sanjiv Kumar Chaudhary, CA. Sanjay Vasudeva and Shri Vithayathil Kurian for their vision and support. I also wish to place on record my gratitude for the co-opted members on the Board viz., CA. Anil Kumar Jain, CA. Kartik Bharatkumar Radia, CA. Krishna Kumar T., CA. Vipin Gupta, CA. Vishwanath K., CA. Yashwant Jaywant Kasar and special invitee viz., CA. Shobhit Dwivedi for their invaluable guidance as also their dedication and support to the various initiatives of the Board. I also wish to express my sincere appreciation for CA. Jyoti Singh, Secretary, IASB and her team for their efforts in revising this Manual.

I am sure that the members and other interested readers would find this revised Manual immensely useful.

October 13, 2016
New Delhi

CA. Mukesh Singh Kushwah
Chairman
Internal Audit Standards Board

Foreword to the First Edition

With financial sector reforms along with information and communication technology revolutions, the operational environment of the banks has changed very fast. While deregulation has opened up opportunities for banks to diversify into new areas like Investment Banking, Gold Banking, Mortgage Financing, Depository Services and Securitization, E-Banking etc., liberalization is opening up the grass for new players, which is increasing competition among all the banks. Key words that describe the change are operational flexibility and functional autonomy, which has bestowed greater freedom to banks to take on competition. More stress is being laid on operational efficiency and prudent risk management.

The concurrent audit system has become very crucial and important for banks. It is regarded as part of a system to ensure timely detection of irregularities and lapses, which helps in minimization of the irregularities and fraudulent transactions at branches. The concurrent auditors must be fully abreast with the changes in functioning and operational activities of the banks.

I am happy to note that the Internal Audit Standards Board is bringing out this Manual on Concurrent Audit of Banks for the Guidance of the members and banks' management. I congratulate CA. Abhijit Bandyopadhyay, Chairman, Internal Audit Standards Board and other Board members on the issuance of this Manual.

I am sure that this Manual will assist the concurrent auditors to perform the tasks and to enhance the quality of work assigned to them. I am sure that the Board will continue to bring such more publications for the benefit of members.

CA. Ved Jain
President, ICAI

Preface to the First Edition

The banking industry is the quintessential lubricant of the wheel of economic growth. Best of industrial growth policies for giving impetus to economic growth would fall flat if the banking industry is unable to provide the support and facilities required to the entrepreneurs who ultimately implement those policies at the micro level. Further, being the one who handles and manages the hard earned funds of the public, the banking industry has an equally proactive role to play in creating and sustaining the trust of the common man therein. A slightest breach in this trust can lead to severest of consequences on the economic as well social growth of a nation. With its reputation risk running extremely high, a bank cannot, therefore, afford to function in a manner other than that which generates goodwill among the public at large. This in turn culminates into a bigger responsibility for a regulator like the Reserve Bank of India to ensure effective and efficient functioning of the banks in the country.

The system of concurrent audit in banks was, accordingly, introduced by the Reserve Bank of India in 1992 pursuant to the recommendations of the Ghosh Committee. The main objective of the system is to ensure compliance with the audit systems in banks as per the guidelines of the Reserve Bank of India and importantly, to ensure timely detection of lapses/ irregularities. In view of their core competence in the area of finance and accounting, risk management, understanding of the internal functioning and controls of banks, etc., the banking sector has been relying extensively on them to comply with these requirements of the regulator.

The Institute at its end has been extending a helping hand in the form of training programmes/ seminars and reading literature in the relevant area to its members to help them effectively discharge the onerous responsibilities placed on them. This Manual on Concurrent Audit of Banks being brought out by the Internal Audit Standards Board of the Institute is, I personally feel, a landmark in this direction. Written by a panel of auditing experts drawn from the banking sector, the Manual is a comprehensive, self contained document in itself, touching upon almost all critical aspects in concurrent audit of banks. It is divided in four main parts, viz., understanding of the banking business and the legal framework, domain of concurrent audit, various other assignments, model manual of instructions. For easy understanding and

practical implementation, the Manual contains a variety of checklists and is written in a very lucid and logically flowing manner.

At this juncture, I wish to express my sincere gratitude to CA. Partha Sarathi De, CA. S.C. Basu, CA. Gorachand Mukherjee, CA. Subrata Das, CA. Asit Adak, CA. Pradip Majumdar and CA. Dilip Basu for sparing time out of their professional and personal preoccupations and sharing wealth of their experience in the area of concurrent audit in the form of this Manual. I am also obliged to CA. Ved Kumar Jain, President and CA. Uttam Prakash Agarwal, Vice President for their unstinted support and encouragement to the activities of the Internal Audit Standards Board. I also wish to thank my colleagues in the Internal Audit Standards Board and the Secretariat for their invaluable guidance and support in giving final shape to this Manual.

I firmly believe that this publication would serve as a basic guide for the members and other readers interested in the subject.

PART I

Understanding the Banking Business and Its Legal Framework

Chapter 1

Banking in India

Origin of Banks

1. Banking was carried on in ancient Babylon, Egypt and Greece.
2. Temples are the places where they are served deposit of money in the initial stages.
3. In the year 210 BC, at Rome an ordinance was issued to set aside a place of money changers.
4. The work “Bank” has come from Italian word “Banco”.
5. Money changers of Italy did their business in the street on a bench and that bench in Italian word is called as “Banco”.
6. ‘Banco di Rialto’ was first set up in Venice in the year 1587.
7. ‘Banco di Rialto’ has accepted deposits from the depositors and allow them to use and write cheques to withdraw the money.
8. Later on in the year 1619, ‘Banco Del Giro’ took over ‘Banco di Rialto’.
9. ‘Banco Del Giro’ was set up in the year 1609 at Amsterdam.
10. In the year 1694, ‘Bank of England’ was set up. After setting up of ‘Bank of England’ lot of countries have started to set up Central Banks for their respective countries.

Banking Origin in India

1. The first ever bank in India was set up in the year 1786 under the name and style of “General Bank of India”.
2. Bank of Hindustan and Bengal Bank followed “General Bank of India”.
3. In the year 1809, “Presidency Bank of Bengal” was established.
4. It was followed by establishment of “Presidency Bank” in Mumbai (Bombay) in the year 1840 and “Presidency Bank” in Chennai (Madras) in 1843.

Manual on Concurrent Audit of Banks

5. Till 1860, the existing banks have opened branches in various cities and towns like Agra, Mumbai, Chennai, Banaras, Simla and Delhi, etc.
6. In the end of 1900, there were three classes of banks in India viz, the Presidency Banks (three in number), the Joint Sector Banks (nine in number) and Exchange Banks or Foreign Banks (Eight in number).
7. Prominent Joint Sector Banks were the Allahabad Bank, the Alliance Bank of Simla, the Oudh Bank and the Punjab National Bank.
8. In the year 1934, "The Reserve bank of India Act" was passed.
9. After getting Independence for India, RBI was taken over by Government of India by passing the "Transfer of Public Ownership Act" and RBI holders of 1934 were paid compensation.

Growth Between 1900-1950

1. Growth of Banking system in India gained importance because of the Swadeshi Movement.
2. It resulted in establishment of Joint stock banks by Indians.
3. The People's Bank of India, the Bank of India, the Bank of Baroda, the Central bank of India etc are few examples of Joint stock banks.
4. Joint stock banks specialised to give loans for short term period in the form of Cash Credit and Overdraft loans as its basic operations.
5. Foreign exchange business has not been done by these Indian Joint stock banks, but at the same time the same was taken care of by Foreign Banks, as they are doing monopoly business of foreign exchange.
6. In the year 1921, all the Presidency Banks have been merged and the Imperial Bank was created.
7. The Imperial bank was subsequently converted into State Bank of India.
8. Many Banks have failed between the period of 1900 to 1925.
9. This forced the Government of India to analyse the reasons for Bank's failure and Central Banking Enquiry Committee was constituted in the year 1929.
10. Central Banking Enquiry Committee found so many reasons for failures including insufficient capital, poor liquidity of assets, combination of non-

banking activities with banking activities, irrational credit policy, incompetent and inexperienced directors, etc.

11. On the major recommendation of Central Banking Enquiry Committee, the Reserve Bank of India Act was passed in 1934 and the RBI came into existence in 1935.
12. Banking Regulation Act, 1949 gave wide powers to RBI on the following matters:
 - (a) Regulate, supervise and develop the banking system
 - (b) Establish New Banks
 - (c) Mergers and amalgamation of banks
 - (d) Opening New branches, closing the Existing branches, Shifting of existing branches to other locations
 - (e) Inspection of Banks
 - (f) Institutionalisation of savings
 - (g) Adaption of credit system that is suitable for the needs of the economy.
 - (h) Due to Independence of India in 1947 and the Partition of India and Pakistan affected the Indian Banking system to some great extent.

Growth between 1950-1969

1. History of Banking industry in India was created only during this period.
2. State Bank of India became successor of the Imperial Bank of India under the State Bank of India Act, 1955.
3. SBI was formed as the creation of state partnered/ state sponsored bank in order to have effective control over the Imperial Bank of India
4. In 1959, the State Bank of India (Subsidiary Banks) Act 1959 was enacted which enabled the SBI to take over 8 State-associated Banks as its subsidiaries.
5. The conversion of the Imperial Bank of India into SBI and the reconstitution of Associate Bank in 1959 were intended to accelerate the pace of extension of banking facilities all over the country.

Growth between 1969-1990

1. Schemes for Social Control for banks was announced in the Parliament in December 1957. This is to ensure an equitable and purposive distribution of credit within the resources available, keeping in view the relative priorities of developmental needs.
2. The social control measures were designed of banking within the framework of existing ownership.
3. In order to assess/determine the demand for bank credit from various sectors of the economy and to determine priorities, National Credit Control was set up in 1968.
4. In the history of Indian Banking, GOI nationalised 14 major banks.
5. In order to achieve social objectives, Banks were nationalised. This type of Bank Nationalisation effectively played the role of catalytic agents for economic growth by extending banking facilities in all parts of the country.
6. Six more banks were nationalised thereafter terms as “Corresponding new bank”.
7. Under Regional Rural Banks Act 1976, Regional Rural banks were established to develop the rural economy with development in the fields of agriculture, trade, commerce, industry and all other productive activities.

Banking Reforms After 1990

1. In the year 1991, in India, Broader agenda of Economic reforms in Banking sector reforms were introduced.
2. Committee on the Financial System has recommended First Stage of Reforms. This committee is popularly known as Narasimman Committee (NC). In December 1991, NC submitted its report along with recommendation of reforms in the Banking Sector.
3. NC report aimed to do give more efficient financial sector in India by way of the reforms and recommended the same for the following sectors:
 - (a) Banking
 - (b) The Government Debt Market

- (c) Stock Market
 - (d) Insurance
4. In the year 1997, East Asian Crisis has come. This made the idea of Government to have strong banking system. It was not only for financial intermediation but also for the macro stability of the Country.
 5. GOI appointed Committee on Banking Sector Reforms (COBSR) in order to review the progress of reforms in Banking. COBSR also aimed to make necessary changes in International Financial Markets as well as happening of banking growth in other parts various Countries.
 6. Reforms also suggested for Control of Interest rates on deposits and Statutory Liquidity Ratio (SLR) in order to face the Global banking industry.
 7. Banking reforms in India were being taken based on the practices prevalent in other countries, but considering the following importance:
 - (a) Imposing prudential norms and improving regulatory supervision norms to meet Basel I standards were as per the Norms followed in Switzerland.
 - (b) Facing competition with greater efficiency was also other reform norms as followed by other countries.
 - (c) Reforms in Banking sector were much more gradual than in other countries. It was framed in such a manner to face all types of crises and urgency.
 - (d) In India, there were no chance of converting public sector banks to Private sector banks. But all reforms were planned in such a manner to face all types of competition globally, between public sector banks, Private Sector Banks and Foreign banks.
 - (e) In India in all Banks, Prudential Norms in Asset Classification and Income Recognition were introduced along with necessary Capital Adequacy Norms (aligned with International Basel Standard Norms).
 - (f) Reforms in Decontrol of Interest rate and Credit:
 - In Reforms, Liberalisation of Interest rate on deposits and Loan were implemented. In the past there were lot of restrictions.

Manual on Concurrent Audit of Banks

- On the deposit side, banks have been allowed to fix the interest rate based on their decision, except for those deposits which were under the control of RBI (maximum interest rate for short term deposit of 15 days).
- With reference to Lending, concept of differential interest rate has been abolished and banks were allowed to fix their own interest rate based on Prime Lending Rate.
- These interest rates have been fixed based on Single Borrower concept, Group Borrower Concept and Project Concept.
- Loans have been sanctioned based on SLR and CRR basis of each bank.
- Fiscal deficit of Government has been met out of Auction of Government securities and the interest rate on Government borrowing was based on market conditions.
- The concept of Priority sector lending such as lending to Agriculture, Small Scale Industries, Small Transport Operators etc was introduced and it was fixed at 40% of Total exposure of the concerned banks. This Exposure limit is subject to change according to Government norms.
- A Board of Financial Supervision, which was a separate division of RBI was established with an Advisory Council.
- In the year 1995, a New Supervisory Reporting System was introduced using CAMELs Approach (Capital Adequacy, Asset Quality, Management, Earnings, Liquidity and system for risk assessment) in order to assess the Financial System.
- In the recent times, for the Selected Public Sector Banks, RBI has moved the Basel I risk based approach to system of risk-based assessment.
- Corrective action in the Banking Sector was introduced in the year 2003 in the areas of Capital Adequacy, NPA and Return on Assets.
- Banking Licences, which have not been given in the past, have been granted to Private Sector Banks. This will make the Financial System in a healthy Competition manner.

8. The Major reforms recommended by Narasimham Committee were as follows:
- (a) Issue of Shares of Public Sector Banks to public.
 - (b) Increase in the Capital Structure of Bank – Basel Study.
 - (c) Bank services on Cost Oriented basis.
 - (d) Change in Branch Expansion Policy by way of avoiding Indiscrimination of opening of branches.
 - (e) Extension of Banking activities – in addition to traditional banking, the activities such as Credit card, Mutual Fund, Leasing, Factoring, Portfolio investment, housing finance, etc.
 - (f) Reduction of Administrative Expenses in the form of Voluntary Retirement schemes to staff have to be introduced. Removal of excess staff policy to be introduced.
 - (g) Allow new Banks to be opened - Banks have been opened by UTI, GTB, IDBI and ICICI and allowed to carry out Banking activities.
 - (h) Foreign Banks have to be allowed to open its branches in India.
 - (i) Monitor Foreign Exchange operations through FERA (Now FEMA).
 - (j) All commercial banks to participate in Capital Market.
 - (k) Sanctioning of Housing Finance for Long term.
 - (l) Deregulation of Interest rates.
 - (m) Stock Invest concept introduction.
 - (n) Introduction of Bank Balance Sheet Format.
 - (o) Asset Classification Norms introduction (IRAC-NPA).
 - (p) Separation of IDBI (previously RBI subsidiary) and made it as an Independent Apex bank for industrial finance.
 - (q) Every bank has to open consumer loan division separately.
 - (r) Creation of Consumer Grievance Cell.
 - (s) Protection to customers through Bank Ombudsman.

Manual on Concurrent Audit of Banks

- (t) To promote small scale industries, open Small Industries Development Bank of India (SIDBI) – Refinancing concept to Commercial Banks.
- (u) Banks to open separate schemes to promote export finance, entrepreneurial development programmes.
- (v) Introduction of “One Time Settlement” concept to settle long pending loans.
- (w) Use of Modern Technology in banks such as ‘teller system’, MICR

Note: By looking into the above recommendation, almost all the above said recommendations have been implemented by the Banks. Hence, Narasimham Committee has been made as base for the Banking Reforms in India.

Types of Banking Institutions in India

The following types of Banking Institutions Prevail in India

- (a) Commercial Banks
- (b) Regional Rural Banks
- (c) Co-operative Banks
- (d) Development Banks – Term Lending Institutions
- (e) Payment Banks
- (f) Small Finance Banks

Commercial Banks

1. Commercial banks are by far the most widespread banking institutions in India.
2. Commercial banks are Financial Institution i.e., authorised by law to receive money from business and individuals and lend money to bank.
3. Commercial banks are open to the public and serve individual, institutions, businesses and Corporation, etc.
4. Reserve bank of India regularise all the transactions of Commercial Banks.

5. Commercial Banks are allowed to carry out various products and services which are discussed in another chapter in this Manual.
6. A large number of Commercial Banks were nationalised with an attempt to shift the focus of commercial bank lending to a large extent.
7. The concept of Priority sector lending with policies have been propagated by RBI.
8. Every commercial bank is required to provide credit to certain important sectors of Indian Economy.
9. This inaugurated the era of direct credit flows to specified sectors.
10. The financial inclusion of the under-privileged in the banking system started with the nationalisation of Banks.
11. RBI ensures that the Commercial Banks fulfil the credit lending to the Priority sector advances.
12. Apart from Priority sector advances, Commercial Banks are directed towards lending of the weaker sections of the Society.
13. Commercial Banks are the base and important driver of national Economy.
14. During the Post-independence period, a phenomenal growth in industrialisation has been possible largely due to enhance credit take off-take from banks and Financial Institutions.
15. Commercial Banks in India are controlled or owned by Three different sets of Organisations:
 - (a) Public Sector Banks
 - (b) Private Sector Banks
 - (c) Foreign Banks
16. All types of Banks are under the overall Control and supervision of RBI, irrespective of Ownership.

Public Sector Banks

1. Public Sector Banks are categorised as follows:
 - (a) State Bank of India (SBI)

(b) Nationalised Banks

2. Associate Banks of SBI were State Bank of Bikaner and Jaipur, State Bank of Hyderabad, State Bank of Mysore, State Bank of Patiala and State Bank of Travancore. Now all the above said associate banks have been merged with SBI and all those Associate Banks are now called as "State Bank of India".
3. GOI has nationalised 14 banks in the year 1969 and another 6 Banks in the year 1980.
4. Majority Share capital of Commercial Banks are owned by Government and few share capital are allotted to Private individuals/ institutional shareholders in India.

Private Sector Banks

1. The ownership of Private Sector Banks is with institutional shareholders, private individuals and body corporate.
2. The Private sector banks are also funding Priority sector advances as per the provisions of Banking Regulation Act.
3. Private Sector Banks are of the following types:
 - (a) Indian Scheduled Commercial Banks other than Public Sector Banks (Existing Old Private sector banks and new generation Private Banks were granted licences by RBI in March 2014).
 - The Term 'Scheduled Commercial Banks' refers to commercial banks which are included in the Second Schedule to the Reserve Bank of India Act, 1934
 - Under Section 2€ of the RBI Act, a scheduled Bank is conferred two main privileges (a) availing of refinance from RBI and (b) permission to participate in the call/notice money market.
 - It may be noted that all scheduled banks are not commercial banks.
 - Some Cooperative banks are also scheduled banks.
 - Commonly known as 'banking companies, these banks are 'companies' registered under the Companies Act 2013 or an earlier Indian Companies Act

(b) Non- Scheduled Banks

(c) Indian Branches of Banks incorporated outside India, commonly referred to as 'Foreign Banks'

Foreign Banks

1. Earlier, the Foreign Banks are not allowed liberally in India.
2. Due to Adoption of Economic Liberalisation policy in India, Foreign Banks are welcome to open branches.
3. After 1990 we have a number of Foreign Banks, and this credit goes to the policy of economic liberalisation.

Banks set own subsidiaries - Wholly owned or Partly Owned

(a) In the following areas, Banks have set up their own subsidiaries to carry out some specialised spheres of activity:

- Merchant Banking
- Funds Management
- Housing Finance
- Primary dealership
- Pension Fund Management
- Insurance Business
- Stock Broking
- Credit Card Activity
- Factoring

(b) These subsidiaries do not carry on all the principal functions of a commercial Bank.

Regional Rural Banks (RRBs)

1. These Banks have been established with a view to develop the rural economy by providing, for the purpose of development of agriculture, trade, commerce, industry and other productive activities in the rural areas, credit and other facilities, particularly to the small and marginal farmers, agricultural labourers and artisans and small entrepreneurs.

Manual on Concurrent Audit of Banks

2. RRB is legally permitted to engage any Banking business.
3. Regional Rural Banks Act 1976 governs the functions of RRB.
4. Section 18 of RRB Act 1976 list the following businesses which such a bank may undertake:
 - (a) The granting of loans and advances, particularly, to small and marginal farmers and agricultural labourers, whether, individually, or in groups and to cooperative societies, including agricultural marketing societies, agricultural processing societies, co-operative farming societies, primary agricultural credit societies or farmer's service societies, for agricultural purposes or agricultural operations or for other purposes connected therewith;
 - (b) The granting of loans and advances, particularly artisans, small entrepreneurs and persons of small means engaged in trade, commerce or industry or other productive activities, within the notified area in relation to the RRB.
5. RRB is also covered by all the provisions of SARFAESI Act, 2002.
6. Now Central Government and RBI have taken special measures to strengthen RRB and allowed to the following additional banking transactions.
 - a. Lend to Non-target group in additional to weaker sections.
 - b. Issuance of Bank Guarantee/ Demand Draft/ Travellers Cheques, etc.
 - c. RRB is also allowed to do banking transactions beyond its permitted local limits, i.e., it can also do the business outside the limits permitted.
7. In the wake of the developments, as stated in the Para 6, the distinction between commercial banks and RRBs has become somewhat blurred.
8. RRB has a Public Sector Bank as its 'sponsor bank'.
9. Capital of the RRB has to be contributed in the following ratio:
 - (a) Central Government - 50%
 - (b) Sponsor Bank - 35%
 - (c) State Government - 15%

10. Sponsor Bank of RRB is also required train personnel of RRB as also to provide managerial and financial assistance to such bank during the First 5 years of the RRB functioning. This period can be extended by Central Government, if needed.
11. RRB is also allowed to function under the overall supervision and control of RBI.
12. Some of the regulatory functions of the RBI in relation to RRBs have been delegated to the National Bank for Agriculture and Rural Development (NABARD).
13. Uttar Pradesh has the Highest number of 36 RRBs, followed by Madhya Pradesh with 19 RRBs and Bihar with 16 RRBs.
14. On 02.10.1975, First Regional Rural Bank was established. It was started in Uttar Pradesh under the name and style of "The Prathama Bank of Moradabad",
15. The following are the List of few of the RRBs in India (year 2023):
 - Andhra Pragathi Grameena Bank
 - Chaitanya Godavari Grameena Bank
 - Saptagiri Grameena Bank
 - Andhra Pradesh Grameena Vikas Bank
 - Telangana Grameena Bank
 - Assam Gramin Vikash Bank
 - Arunachal Pradesh Rural Bank
 - Uttar Bihar Gramin Bank
 - Dakshin Bihar Gramin Bank
 - Chhattisgarh Rajya Gramin Bank
 - Saurashtra Gramin Bank
 - Baroda Gujarat Gramin Bank
 - Sarva Haryana Gramin Bank
 - Himachal Pradesh Gramin Bank
 - Jharkhand Rajya Gramin Bank

Manual on Concurrent Audit of Banks

- J&K Grameen Bank
- Ellaquai Dehati Bank
- Karnataka Gramin Bank
- Karnataka Vikas Grameena Bank
- Kerala Gramin Bank
- Maharashtra Gramin Bank
- Vidharbha Konkan Gramin Bank
- Manipur Rural Bank
- Meghalaya Rural Bank
- Mizoram Rural Bank
- Nagaland Rural Bank
- Odisha Gramya Bank
- Utkal Grameen Bank
- Punjab Gramin Bank
- Puduvai Bharathiar Grama Bank
- Baroda Rajasthan Kshetriya Gramin Bank
- Rajasthan Marudhara Gramin Bank
- Tripura Gramin Bank
- Aryavart Bank
- Baroda UP Bank
- Prathama UP Gramin Bank
- Uttarakhand Gramin Bank
- Bangiya Gramin Vikash Bank
- Paschim Banga Gramin Bank
- Uttarbanga Kshetriya Gramin Bank
- Tamil Nadu Grama Bank
- Madhya Pradesh Gramin Bank
- Madhyanchal Gramin Bank

Note: All the RRBs are subject to all kinds of Audit such as Statutory Audit, Revenue Audit, Concurrent Audit etc, as per RBI norms.

Co-operative Banks

1. The Co-operative Banks come under the respective State Governments' Co-operative Societies Act.
2. The following the structure of Co-operative Banks:

State Co-op Apex Banks (At the State Level)	Co-op Urban Banks (At the Town Level)	Co-op Land Development Banks (At the State Level)
V	V	V
Central Co-op Banks (At the District Level)	Primary Co-op Land Dev Banks (At the Taluk Level)	Primary Co-op Banks (At the Village Level)

3. These are the banks in the co-operative sector which cater primarily to the credit needs of the farming and allied sectors. Mainly these banks concentrate on agriculture and weaker sections.
4. The interest rate provided by Cooperative banks are lesser than commercial banks.
5. Respective State Governments and Public contribute towards Share capital of the Cooperative Banks.
6. Cooperative Banks function in 3 tier structure in each and every State:
 - (a) At the State Level - State Cooperative Apex Bank.
 - (b) At the District Level – Each district has Central Cooperative Bank named after the district.
 - (c) At the Village Level – Primary Cooperative Credit Society or Rural Bank catering to the needs of the villagers.
7. Each and every cooperative Banks including cooperative societies has got separate Bye Laws.
8. While Incorporation/ Registration and management related activities are regulated in the States by the Registrar of Cooperative Societies or the Central Registrar of Cooperative Societies (for multi-State cooperative Banks).
9. Banking related activities are under the regulatory/supervisory purview of the RBI or NABARD (in the case of rural cooperatives).

Foreign Banks

1. Foreign Banks operate in India through a Network of branches and do not have a separate legal entity existence in India.
2. RBI regulates the functioning of these banks in India, with regard to scale and nature of business they undertake in India.
3. Use of advanced technology and High Level of IT integration are there in all Foreign Banks in their operations.
4. These systems, in most instances, are similar to those being used by their branches globally.
5. Due to the cost benefit and other considerations, in some instances, foreign banks, get certain financial or other information processed at one of their global centres.
6. The consent of RBI is required to process the Data out of the country by these foreign banks.
7. History of Foreign Bank entry into India:
 - (a) In the aftermath of the global financial crisis and building on the lessons these from RBI issued a Discussion Paper in January 2011 on the mode of presence of foreign banks in India. Taking into account the feedback received on the Discussion paper, a Scheme for setting up of locally incorporated Wholly Banking in India Owned Subsidiary (WOS) by foreign banks in India was finalised in November 2013.
 - (b) The scheme provided, as hitherto, allowing foreign to operate in India either branch presence or setting up WOS with near national treatment. The foreign banks in India have to choose one of the above two modes of presence and shall be governed by the principle of single mode of presence. The policy is guided by the two cardinal principles of (i) reciprocity and (ii) single mode of presence. As a locally incorporated bank, the WOS will be given ne national treatment which will enable them to open branches anywhere in the country at par with India banks (except in certain sensitive areas where RBI's prior approval would be required) They would also be able to participate fully in the development of the Indian Financial Sector. The policy incentivises the existing foreign bank branches

which operate within the framework of India's commitment to the WTO to convert into WOS due to the attractiveness of near national treatment. Such conversion is also desirable from the financial stability perspective. To provide safeguards against the possibility of the Indian Banking System being dominated by foreign banks, the framework has certain measures to contain their expansion if the share of foreign banks exceeds a critical size. Certain measures from corporate governance perspective have also been built in so as to ensure that the public interest is safeguarded.

Payment Banks

1. Since 2014, Payment Banks have been introduced in the Indian Financial System.
2. The basic objectives of these banks are two:
 - (a) Providing Small Savings Account.
 - (b) Payments/remittance services to migrant labour workforce, low-income households, small businesses, other unorganized sector entities and other users.
 - (c) Their scope of activities includes the acceptance of deposits, presently restricted to holding a maximum balance of Rs. One lakh per individual Customer, issuance of ATM/Debit cards but not Credit cards, payments and remittance services through various channels, acting as Business Correspondents (BC) of another bank and distribution of non-risk sharing simple financial products like Mutual Fund Units and insurance products, etc.
 - (d) No lending activities are permitted in Payment Banks.
 - (e) Apart from amounts maintained as Cash Reserve Ratio (CRR), with RBI on its outside demand and time liabilities they are required to invest a minimum of 75% of their 'demand deposit balances' in Statutory Liquidity Ratio (SLR) eligible Government securities/ treasury bills with maturity upto one year and hold maximum 25% in Current and Time/Fixed Deposits with other Scheduled commercial banks for operational purposes and liquidity management.
3. Payment Bank is regulated by Reserve Bank of India.
4. At present, there are 6 Payment Banks are in India:

- Airtel Payments Bank.
- India Post Payments Bank.
- Fino Payments Bank.
- Jio Payments Bank.
- Paytm Payments Bank
- NSDL Payments Bank.

Small Finance Banks (SFB)

1. In November 2014, SFBs have been introduced in the Indian Financial System
2. Two Basic objectives are as follows:
 - (a) Provision of savings vehicles
 - (b) Supply of credit to small business units; small and marginal farmers; micro and small industries; and other unorganized sector entities, through high technology-low-cost operations.
3. Their scope of activities primarily includes undertaking basic banking activities of acceptance of deposits and lending to unserved and under-served sections including small business units, small and marginal farmers, micro and small industries and unorganized sector entities.
4. There are no restrictions in the area of operations of these banks.
5. SFBs are subject to all prudential norms and regulations of RBI applicable to existing commercial banks including maintaining CRR and SLR.
6. No forbearance has been provided for complying with the statutory provisions.
7. These banks are required to extend 75% of their Adjusted Net Bank Credit to the sectors eligible for classification as Priority Sector Lending by RBI.
8. Also at least 50% of their loan portfolio should constitute loans and advances upto Rs. 25 Lakhs.
9. As of 2023, there are 12 Small Finance Banks.

Note: Now all the SFBs are subject to Statutory Audits, Concurrent audits, Stock audits, Revenue audit, etc.

Note: The article “Perspectives on the History of the Reserve Bank of India” available on link: https://rbi.org.in/scripts/BS_ViewBulletin.aspx?Id=21930 takes a bird’s eye view of the history of the Reserve Bank of India and unravels the treasure trove embodied therein. Spanning over five volumes, the Reserve Bank’s history is an insightful account of its policies, operations and institutional evolution. During the journey, its public policy initiatives and institutional, structural and financial reforms transformed the Indian economy. It is not only an institutional history of India’s central bank, but also a major part of India’s economic and financial history. Presented in a lucid, interesting and analytical way, it is a precious repository of knowledge for everyone.

Banking Products and Services

Major Products and Services Provided / Rendered by Commercial Banks

Acceptance of Deposit

1. As per section 5(b) of Banking Regulation Act, 1949, “banking” means the accepting the deposits of money from the public for the purpose of lending or investment.
2. The deposits is repayable on demand or otherwise, and withdrawal by cheque, draft, order or otherwise.
3. Acceptance of Deposits from the public is one of the most important functions of a Commercial Banks.
4. The following are the various kinds of deposits that are accepted by Commercial banks:
 - (a) Term Deposits
 - (b) Savings Bank Deposits
 - (c) Current Account Deposits
 - (d) Recurring Deposits
 - (e) Savings cum Term Deposits
 - (f) Various other innovative deposit products
5. There are “no ceilings” (minimum and maximum) of deposits can be accepted by the Banks.
6. Banks pay only Fixed (Simple and Cumulative) interest on deposits, i.e., Banks bank interest rates applicable on the date of money deposited.
7. Premature of Deposits, subject to Bank’s HO rules, is allowed.
8. Payment of interest is an Outflow and is a revenue expenditure for the bank.

Granting of Advances

1. It is one of most important functions of all kinds of Banks in India including Commercial Banks.
2. The following are the few types of Advances that are granted by Banks in India:
 - (a) Term Loan
 - (b) Cash Credit Loan
 - (c) Overdraft Loan
 - (d) Purchase or Discount of Bills
 - (e) Issue of Bank Guarantee (Non-Funded Loans)
 - (f) Issue of Letter of Credit (Non-Funded Loans)
 - (g) Issuance of Commercial Papers
 - (h) External Commercial Bank Loans on behalf of Bank/Borrower
 - (i) Securitisation of receivables
3. The details of these loans are discussed in other Chapter in this Manual.

Remittances

1. This involves transfer of funds from one place to another.
2. The following are the common Modes of Fund Transfer:
 - (a) Draft
 - (b) Telegraphic Transfer/Mail Transfer/Telephonic Transfer (Now kept in abeyance and now this practice is not prevalent)
 - (c) Electronic Fund Transfer – RTGS/NEFT/IMPS
3. Highlights of Demand Draft
 - (a) It is issued by One Branch of the Bank to be payable at the other branch of the same bank, on the request of the Bank Customer.
 - (b) In case, there is no Branch for the Bank is available at the place of destination, the branch of another Bank with which the issuing Bank has entered into necessary arrangement.

- (c) The Drafts are handed over to the Applicant Customer.
4. Highlights of TT/MT/Telephonic Transfer
- (a) Here no instrument is handed over to the applicant.
- (b) The transmission of the instrument is the responsibility of the branch.
- (c) In Telephonic Transfer, the funds are transferred in the form of Secret Code sent by the Sender Branch to Receiver Branch. The Receiver Branch has to decode that the Secret Code and credit the amount to the customer account.
- (d) Generally, the payee of both the TT, MT and Telephonic Transfer are the account holder of the paying branch.
- (e) Due to the introduction of Electronic Fund Transfer, this method of transfers has been kept in abeyance and practically all the Banks stopped the Transfer of funds through this method.
- (f) Postal Department has abolished the Telegram system; hence it is not possible for the bank to transfer the funds through Telegraphic Transfer
5. Highlights of Electronic Fund Transfer (EFT)
- (a) In the case of EFT, as the name suggests the funds are transferred electronically between Two banks.
- (b) The following are the Common Mode of EFT:
- Real Time Gross Settlement (RTGS) – which can be used for remittances of amount of Rs. Two Lakhs or above.
 - National Electronic Funds Transfer (NEFT) – which can be used to transfer any amount.
 - Immediate Payment Service (IMPS).

Collections

1. The customers can lodge various instruments of the following for the collection of the amount drawn in favour of them from the drawee (the bank or the drawer of the Bill):
- (a) Cheques

- (b) Demand Drafts
 - (c) Pay orders
 - (d) Travellers Cheques
 - (e) Dividend and interest warrants
 - (f) Tax Refunds Orders
2. They can also lodge their term deposit receipts and other similar instruments with the Bank for Collection of the proceeds from the Bank with which the term deposit is maintained.
 3. Banks also collect instruments issued by Post Offices, like National Savings Certificate, Postal Orders, etc.
 4. The instruments mentioned above may be payable locally or at outside Centre.
 5. The instruments payable locally are collected through the clearing house mechanism, while the instruments payable outside are sent by the Bank, with which the instrument has been lodged, for collection to the branches of the issuing Bank at those centres or if there is no such branch, to other Banks.
 6. Highlights of Clearing House:
 - (a) RBI acts as a Clearing House for the Bankers.
 - (b) RBI helps to settle the claims of various Banks against each other by way of making book entries in their accounts in the form “to/by”, so that the transactions between the banks have been settled easily.
 - (c) Clearing House settles the inter-Bank transactions among the Local Participating member Banks.
 - (d) Now Post Office has also become Participating Member of the Bank in the Clearing House.
 - (e) The Clearing House in India is managed by RBI, SBI or any other Bank nominated by RBI.
 - (f) In case a Bank has many branches within the area of clearing House, it nominates one Branch to act as the ‘Nodal Branch’ of that Bank for all the branches within that area.

- (g) This nodal branch collects instruments to be presented to other branches also.
 - (h) The accounts of all member banks are maintained by the clearing house.
 - (i) All Member banks have to pay an agreed sum to the bank managing the clearing house for meeting the cost of infrastructure and services it provides to them.
7. In addition to the regular clearing houses as discussed above, Electronic Clearing Service (ECS) is also in vogue. ECS takes two forms: ECS Credit or ECS Debit.

ECS Credit:

- (a) There is a single receiver of funds from a large number of customers, e.g. Public Utilities, Mutual Funds, etc.
- (b) The Beneficiary (ie the receiver of funds) obtains mandate from its customers to withdraw funds from their specified Bank accounts on a Particular Date.
- (c) These customers may have accounts with different Banks in the same clearing house area.
- (d) Before the specified date, the beneficiary complies Bank-branch-wise particulars of the accounts to be debited and furnishes the details in the electronic media to its own Bank which in turn arranges to provide them to the banks concerned through the clearing house, for verification of particulars of accounts.
- (e) Any discrepancies are rectified, and on the specified date, the accounts are debited by the respective banks and the beneficiary get the credit.

ECS Debit:

- (a) There is a single account to be debited against which a number of accounts with a number of banks in the same clearing house area are credited.
- (b) This system is useful for distribution of dividend/interest, payment of salaries by large units, etc.

8. Roll out Speed Clearing is one of the many initiatives taken by RBI for improving efficiency in the time frame and process of collection of cheques.
9. Cheque Truncation System (CTS) was pioneered by RBI for faster clearing of cheques. It is implemented since 01.08.2013. It involves sending an Electronic Image of the Cheque together with Magnetic Ink Character Recognition (MICR) Data and other relevant fields like Date of presentation, presenting bank names etc. This procedure eliminates the need for physical transfer of cheques across branches, except in certain cases. CTS ensures faster Clearing, lesser chances of frauds with no fear of loss of cheque in transit.

Receipt of Foreign Contribution on Behalf of the Registered Persons/ Organisation

1. All Banks, as permitted by RBI, handle the Foreign Contribution Receipts on behalf of the registered persons/organisation as per Foreign Contribution (Regulation) Act, 2010.
2. Banks need to ensure that the concerned persons/ organisation are registered with the Central Government or has obtained the prior permission to receive such foreign contribution if required by law, and that no branch other than the specified branch accepts 'foreign contribution'.

Cash Management Product

1. It is a derivative of the collection business; this facility is provided for expeditious transfer of funds collected by the customer at the specified centre in the country to his central account with the use of computers/satellites.
2. It is particularly useful for large units which have their sales/ collection network in a very wide geographical area.
3. Only selected branches of a bank may handle the business due to the infrastructural requirements.

Issuance of letters of Credit and Guarantees

1. For the customers engaged in business, industrial and commercial activities, issue of Letter of credit and Bank guarantee are two important services rendered by Banks.
2. Letter of Credit (LC) is an undertaking by a bank to the payee (the supplier of goods and/ or services) to pay to him, on behalf of the applicant (the buyer) any amount upto the limit specified in the LC, provided the terms and conditions mentioned in LC are complied with.
3. Guarantees are required by the customer of banks for submission to the buyers of their goods/services to guarantee the performance of contractual obligations undertaken by them or satisfactory performance of goods supplied by them or for submission to certain departments, like Excise and customs, GST, Electricity Boards or to suppliers of goods etc in lieu of the stipulated security deposit.

Merchant Banking Business

1. Many Banks branches act as Collection Agents to issue business for Merchant Bankers.
2. The customer and the bank have to agree to the modalities of the scheme, like names of branches authorised as collecting branches, the procedure for retaining the subscription and its remittance periodically the documents required by the customer from the collecting branches, etc.

Credit Cards

1. The processing of applications for issuance of credit cards is usually entrusted to a separate division at the central office of a bank.
2. The dues against the credit cards are collected by specified branches.
3. Many of them also act as 'cash points' to provide cash to the cardholder on demand up to the specified limits.
4. Most credit cards issued by banks are linked to one of the international credit card networks like VISA, Master Card or Amex.
5. About 5.5% of the Total Indian Population are using the Credit card to carry out their financial transactions.

6. "Spiralling debt" is the predominant risk of using a credit card.
7. Normally customers who are using the Credit cards are not paying their balance in full every month. Even the people they don't know the charges and interest rates associated with their card. Because of this, banks make money from credit card users. Awareness of the Credit Card risks must be created among the Credit card holders, which are at present the need of the Hour.

Technology Based Services

1. Internet Banking Services and Phone Banking services are the need of the Hour and most of the banks have started to offer these services to their customers.
2. Some banks, acting as stockbrokers, also provide facility to their customers to buy or sell securities on stock exchanges through the internet.
3. The fast-changing technology has synchronised banking facility in such a way that the customer need not physically attend any transactions. The banks are now providing the facility of payment of utility bills, railway reservation, and tax deposition through ATM/Internet Banking and are also providing value added services like recharge facility to mobile phone users.

Dividend Interest/ Refund Warrants

1. Many entities require facilities for distribution of funds to their shareholders and others. For this purpose, they issue warrants in favour of shareholders/ others payable at the designated branches of specified banks, with a prior arrangement with the banks concerned.
2. The aggregate amount of the warrants or other instruments issued is deposited by the entity with a nodal branch.
3. The designated branches pay the warrants at par when presented to them.

Safe-Keeping Services

1. Banks provide services for safe keeping of the scrips and valuables of customers in their vaults.

Manual on Concurrent Audit of Banks

2. A receipt is issued to the customer by the branch at the time of deposit of the items and an acknowledgement is obtained from him at the time of delivery.
3. Each transaction – a receipt or delivery – is duly recorded in appropriate register(s) and periodically, the items physically available are cross checked with the balances as per registers.

Lockers

1. This facility is provided to customers for protecting their valuables, in lockers.
2. The bank is providing these services to its customers as its one of the value-added services.
3. Specially designed lockers are purchased from reputed manufacturers by bankers, and these are kept at specially built strong rooms at branches.
4. These lockers are let out on hire to the Branch customers and the rental charges have been recovered based on the “size” of the lockers.
5. The branch has no knowledge of the contents of the locker.
6. Only the account holder(hirer) or his representative, duly authorised by the account holder, can operate the locker.
7. Each access to the locker is properly recorded in the appropriate registers.
8. The bank provides its space to customers to use the lockers and not to misuse the same.
9. As per the new regulations of Lockers which are going to be effective from December 2023, clearly define “what can be stored (jewellery and documents) and what cannot be stored (such as hoarded cash and arms and others) and the users are held responsible for violation of these rules.

Handling Government Business

1. Banks act as agents of RBI for receipts and payments on behalf of government departments like income tax, GST, Central Excise, etc.
2. There are authorised branches to handle the specified type of work.

3. Normally a specified branch acts as a Nodal Branch for a particular segment of the government business within a given geographical area. The responsibility of the Nodal branch includes obtaining details of transactions from the linked branches and to reconcile their accounts *inter se* and with the department concerned.
4. Banks are remunerated for handling this business by way of service charges which are usually as agreed or a stated percentage of the collections or payments, as the case may be.

Depository Participants (DP) Services

1. The Depository system is meant to facilitate quick transfer of stock market securities in a Dematerialised form from the seller to the buyer by using satellite connectivity.
2. The Depository Scheme is operated presently by two Depositories:
 - (a) Central Depository Services Limited (CDSL)
 - (b) National Securities Depository Limited (NSDL)
3. Depository participants i.e. bank branches providing depository services are in effect agents of the depository concerned.
4. Each participating branch has to get itself registered with a depository.
5. The customer must open an account with the branch which provides DP services. This account is debited by the branch with the securities sold by the account holder and credited with the purchases.

Automated Teller Machine (ATM)

1. Operations on ATMs are through a card (popularly known as ATM card) which contains information about the cardholder in a magnetic form.
2. The cardholder has to also use the password (also known as Personal Identification Number i.e PIN) to carry out any transactions through ATM.
3. Earlier AMTs were merely used as cash dispensing machines but now-a-days other services like issue of Drats, deposit of cash and instruments, balance enquiry etc are also being provided by many banks.
4. ATMs may on-site (housed in the branch premises) or off-site.

5. The transactions routed by the customers through the ATMs may be entered into the books of account of the branch either on-line (i.e., simultaneously with the transactions) or off-line. However, on an off-line mode, the proper recording of transactions needs to be ensured.

Exchange of Notes

1. Banks exchange mutilated notes from the public for good quality notes.
2. These mutilated notes are periodically sent to RBI which gives equivalent credit to the branch concerned.
3. Damaged, soiled or missing numbers in any Notes (Rupee) can be deposited at any public sector bank branches or RBI office without any forms being filled out.
4. At a time, maximum of 20 notes can be exchanged and whose maximum value should not exceed Rs. 5000.

Debit Cards

1. Debit cards are issued by bank where customer is having his/her account.
2. The debit cards are generally issued from Central office of the bank.
3. The Debit Card facilitates the customer to pay at any authorised outlet as well as withdraw money from ATM from his account.
4. The Debit cards are sometimes networked with inter-bank network.

Auto Sweep Facility in Savings Account

- The banks are offering auto sweep facility in saving accounts of their customers where balance exceeding a certain limit automatically gets transferred to term deposit account having higher rate of interest and in case of need, the funds in term deposit automatically get transferred to saving account.

Third Party Advertisement on ATM Network

- The banks are providing advertisement facility to the vendors on ATM Network. The advertisement on ATM Network provides the opportunity of earning revenue to the Bank.

Derivatives

- Financial Derivatives are gaining importance in India. Banks are offering derivative options against exchange fluctuation losses.

Reverse Mortgage

1. Reverse mortgages are powerful tools that help eligible homeowners obtain a tax-free cash flow.
2. Over two hundred and fifty thousand people have already used Reverse mortgages to enhance their income after retirement.
3. A reverse mortgage is a government sponsored and insured loan that requires no payments during the period, borrowers live in their home.
4. Reverse mortgages enable eligible homeowners to access the money they have built up as equity in their homes. Conceptually, a reverse mortgage seeks to monetize the house as an asset and specifically the owner's equity in the house.
5. Senior Citizen who has cross 60 years of age are eligible to obtain the Reverse Mortgage Loan.
6. The Reverse Mortgage Loan has to be repaid only after the Lifetime of the borrower. In case the Borrower wants to repay the loan during the lifetime it can be repaid.
7. This loan is sanctioned only to the Self Acquired property with Self Occupation.

Prepaid Payment Instruments (PPI) in India

1. The Main objective of this PPI is to get access to the amount already paid into the account.
2. Without any physical exchange of card or cash, one can purchase the required goods.
3. Examples of Prepaid Payment Instruments are Smart Cards, Online accounts, Online Wallets, Magnetic Strip Cards, Paper Vouchers, Mobile Wallets and any such instrument which can be used to access the PPI.
4. There are two types of PPI:
 - (a) Small PPIs

- (b) Full KYC PPIs
- 5. Banking Institutions or Non-Banking Institutions authorised by RBI are eligible to issue PPI. Without getting authorisation from RBI PPI cannot be issued by anyone.
- 6. The PPI that can be issued in the country are classified under Three categories:
 - (a) Closed System PPI
 - (b) Semi Closed System PPI
 - (c) Open System PPI
- 7. In the process of moving from cash-based payments to electronic payments to achieve the vision of less- cash society, a new category of semi- closed prepaid payment instrument is being introduced with certain features which is named as PPI for mass transit system (PPI-MTS) vide RBI latest master circular DPSS. CO.PD No. 2/02 14-006/2015-2016 dated 01.07.2015 on issuance and operation of prepaid instrument in India.
- 8. "Issuer" may be the persons operating the payment systems issuing prepaid payment instruments to individuals/organizations. The money so collected is used by these persons to make payment to the merchants who are part of the acceptance arrangement directly, or through a settlement arrangement. Further, it requires that other non-bank persons issuing PPI are needed to maintain their outstanding balance in an escrow account with any scheduled commercial bank subject to the following conditions:
 - (a) The amount so maintained be used only for making payments to the participating merchant establishments.
 - (b) No interest is payable by the bank on such balances.
 - (c) A quarterly certificate from the auditors be submitted certifying that the entity has been maintaining adequate balance in the account to cover the outstanding volume of payment instruments issued.
 - (d) The entity shall also submit an annual certificate, as above, coinciding with the accounting year of the entity to the Reserve Bank of India.

- (e) Adequate records indicating the daily position of the value of instruments outstanding vis-à-vis balances maintained with the banks in the escrow accounts be made available for scrutiny to the Reserve Bank or the bank where the account is maintained on demand.
9. Please Ref: Master Directions on PPI (Updated on 10.02.2023) in RBI/DPSS/2021-22/82 CO.DPSS.POLC.No.S479/02.14.006/2021022

Para-banking Activities

1. Banks also undertake certain eligible financial services or para-banking activities either departmentally or by setting up subsidiaries.
2. Banks can set up subsidiary for undertaking such activities only with prior approval of RBI. Some of those activities are given below:
 - (a) *Equipment Leasing, Hire Purchase and Factoring Services*: Banks also undertake equipment leasing, hire purchase and factoring services as departmental activities.
 - (b) *Mutual fund business*: Banks are not permitted to directly undertake mutual fund business but sponsor mutual funds, subject to the RBI guidelines in this regard. Banks normally refer clients to these mutual funds and earn a commission in return. Banks may enter into agreement with mutual funds for marketing, the mutual fund units subject to the terms and conditions specified in the RBI master circular on "Para Banking Activities".
 - (c) *Money Market Mutual Funds (MMMFs)*: Banks can also sponsor MMMFs business subject to the prior approval of the RBI. The MMMFs are, however, subject to regulation by the Securities and Exchange Board of India. Banks also, at time, provide cheque writing facilities for MMMFs subject to the RBI guidelines in this regard.
 - (d) *Entry of banks into Insurance Business*: Banks intending to set up insurance joint ventures with equity contribution on risk participation basis or making investments in the insurance companies for providing infrastructure and services support should obtain prior approval of Reserve Bank of India before engaging in such business. However, insurance business will not be permitted to be undertaken departmentally by the banks.

- (e) *Primary Dealership Business*: Banks can undertake primary dealership business (PD Service) subject to the approval of the RBI and after satisfying certain eligibility criteria prescribed by the RBI:
- (A) Banks, which do not at present, have a partly or wholly owned subsidiary and fulfil the following criteria:
- Minimum Net Owned Funds of Rs. 1,000 crores.
 - Minimum CRAR of 9%.
 - Net NPAs of less than 3% and a profit-making record for the last three years.
- (B) Indian banks which are undertaking PD business through a partly or wholly owned subsidiary and wish to undertake PD business departmentally by merging/taking over PD business from their partly/wholly owned subsidiary subject to fulfilling the criteria mentioned in A (a) to (c) above.
- (C) Foreign banks operating in India who wish to undertake PD business departmentally by merging the PD business being undertaken by group companies subject to fulfilment of criteria at A (a) to (c).
- (f) *Pension Funds Management*: Banks have been permitted to undertake Pension Funds Management (PFM) through their subsidiaries set up for the purpose subject to their satisfying the eligibility criteria prescribed by Pension Fund Regulatory and Development Authority (PFRDA) for Pension Fund Managers. PFM cannot be undertaken departmentally. Banks intending to undertake pension funds management should follow the guidelines set out in the RBI Master Circular No.DBR.NoFSD.BC.19/24.01.001/2015-16 dated July 1, 2015 on “Para - Banking Activities”.
- (g) *Portfolio Management Services*: The general powers vested in banks to operate Portfolio Management Services and similar schemes have been withdrawn vide RBI circular DBOD.No.BC.73/27.07.001/94-95 dated June 7, 1994 on Acceptance of Deposits/Funds under Portfolio Management Scheme. No bank, therefore, is permitted to, restart or introduce any new PMS or similar scheme in future without obtaining specific prior approval of the RBI. However, bank-sponsored NBFCs are allowed to offer discretionary PMS to their clients, on a case-to-case basis.

The banks operating PMS or similar scheme with specific prior approval of RBI have to strictly observe the conditions given in RBI Master Circular No. DBR.No.FSD.BC.19/24.01.001/2015-16 dated July 1, 2015 on "Para Banking Activities".

- (h) *Referral/Services*: Banks can offer referral services to their customers for financial products subject to the following conditions:
 - (a) The bank/ third party issuers of the financial products should strictly adhere to the KYC/AML guidelines in respect of the customers who are being referred to the third-party issuers of the products.
 - (b) The bank should ensure that the selection of third-party issuers of the financial products is done in such a manner so as to take care of the reputational risks to which the bank may be exposed in dealing with the third-party issuers of the products.
 - (c) The bank should make it explicitly clear upfront to the customer that it is purely a referral service and strictly on a non-risk participation basis.
 - (d) The third-party issuers should adhere to the relevant regulatory guidelines applicable to them.
 - (e) While offering referral services, the bank should strictly adhere to the relevant RBI guidelines.
- (i) *Underwriting of Corporate Shares and Debentures*: Banks can undertake underwriting of corporate shares and debentures within the ceiling prescribed for the bank's exposure to capital markets and subject to the Provisions contained in the Section 19(2) and 19(3) of the Banking Regulation Act, 1949. The guidelines contained in the SEBI (Underwriters) Rules and Regulations, 1993 and those issued from time to time are also to be complied with. Moreover, banks should not underwrite issue of Commercial Paper by any Company or Primary Dealer and not extend Revolving Underwriting Facility to short term Floating Rate Notes/Bonds or debentures issued by corporate entities. However, with effect from April 16, 2008, banks may exclude their own underwriting commitments, as also the underwriting commitments of their subsidiaries, through the book running process for the purpose of arriving at the capital market exposure both on a solo and consolidated basis.

- (j) *Underwriting of Bonds of Public Sector Undertakings*: Banks can play a useful role in relation to issue of bonds by Public Sector Undertakings (PSUs) by underwriting a part of these issues. They may also subscribe outright initially but sell them later to the public with the aid of their wide branch network. It should, however, be ensured that the increase in the holdings of public sector bonds by banks arising out of their underwriting or subscription is kept within reasonable limits. While undertaking the underwriting of bonds of PSUs, banks should formulate their own internal guidelines as approved by their Boards of Directors on investments in and underwriting of PSU bonds, including norms to ensure that excessive investment in any single PSU is avoided and that due attention is given to the maturity structure of such investments.
- (k) *Retailing of Government Securities*: Banks are permitted to undertake the business of retailing of Government securities with non-bank clients subject to the following conditions:
- (a) Banks are free to buy and sell Government Securities on an outright basis at prevailing market prices without any restriction on the period between sale and purchase.
 - (b) Banks shall not undertake ready forward transactions in Government Securities with non-bank clients.
 - (c) The retailing of Government Securities should be on the basis of ongoing market rates / yields emerging out of secondary market transactions.
 - (d) No sale of Government Securities should be affected by banks unless they hold the securities in their portfolio either in the form of physical scraps or in the SGL Account maintained with the Reserve Bank of India.
 - (e) Immediately on sale, the corresponding amount should be deducted by the bank from its investment account and also from its SLR assets. f) Banks should put in place adequate internal control checks/ mechanism in this regard.
 - (f) These transactions should be subjected to concurrent audit as per RBI's extant instructions and should also be looked into by the auditors at the time of bank's statutory audit.

- (l) *Sponsors to Infrastructure Debt Funds (IDFs)* : In order to accelerate and enhance the flow of long term funds to infrastructure projects for undertaking the Government's ambitious programme of infrastructure development, scheduled commercial banks have been allowed to act as sponsors to Infrastructure Debt Funds (IDFs). IDFs can be set up either as Mutual Funds (MFs) or as Non-Banking Finance Companies (NBFCs). While IDF-MFs are regulated by SEBI, IDF-NBFCs are regulated by Reserve Bank of India (RBI). Banks can sponsor IDF-MFs and IDF-NBFCs with prior approval from RBI subject to the conditions given in the RBI Master Circular No. DBR.No.FSD.BC.19/24.01.001/2015-16 dated July 1, 2015 on "Para - Banking Activities".
- (m) *Membership of currency derivative segment of SEBI approved Stock Exchanges*: Scheduled commercial banks (AD Category I) have been permitted to become trading / clearing members of the currency derivatives segment to be set up by the Stock Exchanges recognized by SEBI, subject to their fulfilling the following prudential requirements:
- (a) Minimum net worth of ₹ 500 crores,
 - (b) Minimum CRAR of 10%
 - (c) Net NPA not exceeding 3%
 - (d) Net Profit for last 3 years

Banks which fulfill the conditions mentioned above should lay down detailed guidelines with the Board's approval for conduct of this activity and management of risks. It should be ensured that the bank's position is kept distinct from the client's position. In case of supervisory discomfort with the functioning of a bank, the Reserve Bank may impose restrictions on the bank regarding the conduct of this business as it deems fit. The banks which do not meet the above minimum prudential requirements are permitted to participate in the currency futures market only as clients.

Note: *The RBI has issued a Master Circular No.DBR.No.FSD.BC.19/24.01.001/2015-16dated July 1, 2015 on "Para-Banking Activities" containing instructions/guidelines issued by it to banks in respect of their para banking activities.*

Organisational and Operational Structure of Banks

Introduction

1. Organizational structure may differ from one Bank to another.
2. Most Large Sized Banks have a Four-Tier Structure:
 - (a) Head Office
 - (b) Zonal Office
 - (c) Regional Office
 - (d) Branches
3. Each tier of the structure being responsible for performing the functions specified by the Head Office.
4. There are some banks having Three Tier structures without Zonal Office Concept.

Head-office Functions

At the apex level, there is the head office of the Bank whose main functions are as follows:

- Laying down policies and procedures for smooth and efficient functioning of the Bank and to review them periodically.
- Deciding on the extent of powers-financial and administrative—which may be vested in various functionaries of the Bank.
- Planning and performance budgeting.
- Asset-liability management.
- Laying down lending policy of the Bank, the risk management guidelines, and the rehabilitation and recovery guidelines including policies for compromise, settlement and write-off.
- Deciding about the interest rates on both the deposits and the loans as

Organisational and Operational Structure of Banks

well as about charges for various services and review interest rates and charges periodically.

- Treasury and investment management (usually handled by the head office, though in some cases, select large branches may also be involved in this function).
- Monitoring and controlling the functioning of various offices of the Bank. Periodic inspections and internal audit are important constituents of such monitoring and control mechanism.
- Reconciling the transactions among various offices of the Bank.
- Introducing new products and services and reviewing the existing ones.
- Issuing instructions to branches and other offices from time to time on matters deserving their attention or requiring compliance by them.
- Publish the credit policy after surveying the economic scenario of the country.
- Submission of various information to RBI and Ministry of Finance, Government of India.
- HR development function and framing of policy of development of personnel to utilize their talent.
- To obtain various licenses for opening new branches and other financial function as per statutory rule.
- To publish Balance Sheet and Profit and Loss statement of the Bank and organize annual general meeting of the shareholders.
- To keep close track with the technology building and take suitable up-gradation.
- Technology Management including management of CBS and disaster management.
- Deciding on Risk Management
- Deciding on Fraud monitoring Management
- Coverage of Audit areas such as Statutory Central Audit, Statutory Branch Audit, Forensic Audit, Stock audit, Revenue Audit, NPA audit, etc.

Zonal Office Functions

- ZO is responsible for overall working of the Bank Branches in their areas of operation.
- ZO acts as a Link between the Bank Branches and Bank Head Office, either directly or through Regional Office.
- Policies of Bank's Head office are being implemented through ZO and everything are properly communicated to the Bank Branches.

Regional Office (RO) Functions

- RO is under the immediate control of Zonal Office.
- RO controls the Bank Branches that comes in their jurisdiction.
- All the Bank Branch requirements and needs have to be taken care of Regional Office.
- RO is responsible for Business development, compliance with the laid down system and procedures, satisfactory customer service, quick redressal of complaints and submissions of the required statements/reports/returns by branches under their jurisdiction.
- RO is responsible for smooth functioning of the branches under them .
- RO organizes monthly review meeting in order to judge the performance of the branch under their control in all areas of operation and discuss on the internal audit and inspection report of the branch and the report of the auditor of the branch.

Branch Functions

- Branches are lowest in the hierarchy of the banking organization structure.
- In fact, the banking operations (i.e., accepting deposits and making loans) actually take place at the branch level.
- Their jobs are numerous, practically everything in relation to banking, except for pricing of products/services and the policy formulation.

Branch Network of Commercial Banks

1. Commercial banks are arguably the most important constituent of the banking system in India.

Organisational and Operational Structure of Banks

2. To carry out their functions effectively, these banks have established a large network of branches in India.
3. Based on their location, these 'domestic' branches are commonly classified into rural branches, semi-urban branches, urban branches and metro branches.
4. Apart from these domestic branches, some banks have also established offices abroad.
5. The foreign offices of banks are generally of the following types:
 - (a) *Full-fledged branches* - Such branches transact all kinds of banking business.
 - (b) *Off-shore banking units* - Such branches transact foreign exchange business of any kind except domestic banking business with the residents/ corporations, etc., domiciled in the country concerned.
 - (c) *Subsidiaries* - The laws in some countries do not permit foreign banks to open their branches in those countries. Therefore, Indian banks have to set up wholly or partly owned subsidiaries in such countries. Further for operational regions, commercial bank may prefer to operate through subsidiaries, if permitted, instead of opening branches.
 - (d) *Representative offices* - Such branches do not transact any banking business. The objective behind setting up such offices is to maintain close liaison with the important bodies there to promote mutual business interests.
6. Generally, branches conduct a variety of banking business under one roof. Recently, however, the trend of creating "thrust based" or "focus-based" branches is on the rise. This has led to setting up branches of banks exclusively for a specified segment of their clients.
7. Presently such specialized branches are generally of the following types (nomenclature may, however, vary from Bank to Bank):
 - (a) Personal Banking branches, catering to the needs of individual customers only.
 - (b) Commercial or Industrial Finance branches, catering to the needs of industries in the small, medium and/or large sectors.

- (c) Recovery branches, which deal only with the recovery aspects of non-performing advances which were originally granted at other branches of the Bank.
 - (d) Housing Finance branches which deal only with housing loan proposals - from individuals, and in some cases, also from the developers of housing units.
 - (e) Agricultural Finance branches, catering to the needs of the agriculture sector only.
 - (f) Service branches, handling only the local clearing instruments received from outstation branches or from other local branches of the Bank for collection.
 - (g) Commodity specific branches, which handle the accounts, predominantly borrowable accounts, of the units belonging to a particular industry, e.g., leather, diamonds.
 - (h) Overseas or International Banking or Foreign Exchange branches catering to the banking needs of those enterprises which are engaged in imports into/exports from India.
 - (i) Corporate banking/SME/SSI branches, catering exclusively to the requirements of the large, medium and small-scale industrial units.
 - (j) NRI (Non-Resident Indian) branches, catering exclusively to the banking needs of NRIs.
 - (k) Securities branches, dealing only with the securities portfolio of the Bank.
8. The trend towards specialization may, in future, cause the opening of dedicated branches of various other segments of clients such as, government business, remittance business, trade sector business, lockers business, rehabilitation, education loans, etc.

Role of Reserve Bank of India as the Central Bank of India

1. Banking industry in any country is controlled by Central Bank.
2. In India, the Reserve Bank of India is the Central Bank, and it controls all the functioning of all kinds of Banks in India, including Commercial Bank.

Organisational and Operational Structure of Banks

3. For all types of Banks in India, RBI is not only a Parent body, but it also acts as a guardian and controller of all those banks.
4. In India, RBI came into existence on 01.04.1935. Prior to the creation of RBI, it was called and known as Imperial Bank and functioned as Central Bank in India. Based on the recommendation of Royal Commission on Currency and Finance, Central Bank came into existence.
5. Initially RBI was started as Private Shareholders Bank with a paid-up capital of RS. 5 Crore.
6. In 1949, RBI was nationalized and became a Statutory company owned by the Government.
7. RBI is responsible for development and supervision of the constituents of the Indian Financial System, which comprises Banks and Non-Banking Financial Institutions.
8. RBI also determines, in conjunction with the Central Government, the monetary and credit policies keeping in mind the need of the house.
9. The Main features of RBI are as follows:
 - (a) RBI's motive is service motive and not to earn Profit.
 - (b) RBI is owned by Government and the same is managed by persons appointed by the Central Government.
 - (c) RBI controls entire banking industry thereby controls all the activities of all kinds of banks.
 - (d) As currency issue decision is under the control of RBI, it controls the value of the currency.
 - (e) RBI undertakes financial activities in consultation with Central Government.
 - (f) Economic policies of the Government have been made successful through RBI by the Government.
10. Need of RBI in India arises because of the following reasons:
 - (a) Regulation of Monetary, Fiscal and Trade Activities.
 - (b) Controlling all kinds of banks against indiscriminate credit expansion.

- (c) Maintain value of currency both within India and outside India.
- (d) Protection of depositors' interest, thereby creating confidence in the banking industry.
- (e) Help the government by way of providing finance in both Indian Currency and Foreign currency in order to meet its various requirements.

11. Important functions of RBI are as follows:

(a) Issue of Currency:

- A. RBI is solely responsible to issue Indian Currency. Issue of currency depends on maintaining certain number of reserves in the form of Gold and Foreign Exchange.
- B. Every currency issued by RBI is its liability, as it is nothing but Promissory Note.
- C. With reference to Note Issue, RBI adopts the following Principle.
 - (i) Currency Principle: RBI is supposed to issue the currency to the value of Gold and Foreign Currency.
 - (ii) Banking Principle: In day-to-day banking business, all the depositor's money should be lent, except keeping few money as cash.

(b) Acts as Banker to Government:

- A. RBI is the banker to both Central Government (CG) and State Government (SG).
- B. RBI maintains accounts of CG and SG.
- C. Receipts of income and payments towards expenditure of CG and SG will be monitored by RBI.
- D. Sometimes RBI gives Overdraft Loan to CG as well as SG.
- E. When CG and SG want to go for long term borrowings from Market, they have to approach the Market borrowing only through RBI.
- F. RBI provides various Financial Assistance to CG and SG

Organisational and Operational Structure of Banks

- (c) Acts as Banker to Banker
- A. RBI is responsible for the development of Banking industry in India.
 - B. Banking principles of the Banking industry has to be decided by RBI.
 - C. Banking license has to be given only by RBI.
 - D. Only Genuine Banks are allowed to carry on the Banking Business in India by RBI.
 - E. RBI is the custodian of Commercial Banks and all types of Banks.
 - F. Banks have to follow the guidelines and instructions of RBI to carry out its banking business in India.
 - G. Money market is strengthened in India only with the healthy relationship between RBI and Commercial Banks.
- (d) Lender of Last Resort
- A. RBI is said to be lender of last resort, when Banks approach it during any financial crisis.
 - B. When banks exhausted all its various options to raise funds, they have no other option but to rely on the RBI.
 - C. In case of any types of panic situation created against the banks due to some financial crisis, RBI must and will step in to save the Banks by discounting their bills.
 - D. This act of RBI is called as “Lender of Last Resort”.
- (e) Controller of Credit
- A. When Banks increase the lending activity, money supply in the economy will increase. It will definitely lead to an inflationary trend. When prices go up, automatically it has got direct impact on curtailment of savings of public.
 - B. Because of increase in price of domestic product, the demand from foreign buyers will also be getting reduced. This is because when foreign products become cheaper than the domestic products, import will increase. Because of this import decision,

Indian industries will suffer.

- C. Hence, RBI plays a very vital role in controlling of credit of all kinds of banks.
- D. RBI helps to control inflation through the operations of Banking sector, thereby helps the country from coming out of inflation.

(f) Arranges Clearing House Facility

- A. Cheque/Demand Draft Collection facilities have been carried out as per the instruction of RBI.
- B. This Function of RBI ensures smooth flow of funds from one Customer account to another customer account as well as from one bank to another Bank.
- C. Clearing funds have been supervised and guaranteed by RBI to all Banks.
- D. Clearing House rules and regulations have been defined and designed by RBI.

(g) Custodian of Foreign Exchange

- A. It is the responsibility of RBI to maintain foreign currency Holding in India.
- B. Foreign Currency transactions have to be carried out as per Foreign Exchange Management Act.
- C. It is the responsibility of RBI to maintain 'Favourable' Foreign Currency Position in India.
- D. Rupee fluctuations against foreign currency will be closely monitored by RBI, so that in Global economy, our Indian Currency will have very good value.

12. Periodical inspections of banks under section 35 of the Banking Regulation Act, 1949 are undertaken as a follow-up of the bank licensing regulation and objectives as laid down in section 22 of the Banking Regulation Act, 1949. The substantive objective of the statutory inspections has been to verify whether the conditions subject to which the bank has been issued licence to undertake banking business in terms of sub-section (3) of section 22 [including sub-section (3A) for foreign banks] continue to be fulfilled by it. The conditions include:

Organisational and Operational Structure of Banks

- (a) the bank “is or will be in a position to pay its present or future depositors in full as their claims accrue” (i.e., it is solvent and has adequate liquidity);
 - (b) the bank “has adequate capital structure and earning prospects”;
 - (c) “the affairs of the (banking) company are not being, or are not likely to be, conducted in a manner detrimental to the interests of its present or future depositors”; and
 - (d) “the general character of the management of the bank is not prejudicial to the public interest or the interest of its depositors” (i.e., it has sound operational systems and adequate controls operated by a prudent management).
13. Section 22(4) of the Banking Regulation Act, 1949 authorises the RBI to cancel the banking licence “if at any time, any of the conditions referred to in sub-section (3) and sub-section (3A) is not fulfilled”.
14. Based on the recommendations of a High-Level Steering Committee (HLSC) for Review of Supervisory Processes of Commercial Banks, the Reserve Bank of India had in September 2012, introduced a Supervisory Program for Assessment of Risk and Capital (SPARC) for commercial banks. This Risk Based Supervision (RBS) approach, helps the regulator in focusing on evaluating both present and future risks, identifying incipient issues and facilitating prompt intervention/ early corrective action - as against the earlier compliance-based and transaction testing approach (CAMELS) which was more in the nature of a ‘point in time’ assessment. The RBS approach also benefits the regulator by optimizing its use of supervisory resources and assisting the regulated entities in improving their risk management systems, oversight and controls.
15. RBI is empowered under section 21 of the Banking Regulation Act, 1949, to control advances by banks, in general, or by any bank in particular. Among the measures that the RBI can adopt for this purpose are to prescribe purposes and extent of advances, margin requirements, maximum exposure to a single borrower, rate of interest and other terms and conditions, etc. Besides these measures (which are usually called ‘selective credit control’ measures), RBI also controls the total volume of bank credit by varying bank rate through open market operations or by varying cash reserve and similar requirements.

16. Bank rate refers to the rate of interest at which the RBI re-discounts the first-class bills of exchange or other eligible instruments from banks. Variations in Bank rate affect the interest rates charged by banks – generally, interest rates of banks move up or down in tandem with movements in bank rate.
17. Under Base Rate system which came into effect from July 1, 2010, all categories of domestic rupee loans of banks are priced only with reference to the Base Rate, subject to certain conditions. For monetary transmission to occur, lending rates have to be sensitive to the policy rate. At present, banks follow different methodologies for computing their Base Rate like, average cost of funds method, marginal cost of funds, blended cost of funds (liabilities), etc.
18. Open market operations involve sale or purchase of government securities in the open market. When RBI buys government securities from banks in the open market, the funds in the hands of selling banks increase, enabling them to expand credit, and vice versa.
19. Banks are required to maintain at least a prescribed minimum percentage of their demand and time liabilities in India in the form of cash and/or current account balances with the RBI (called 'cash reserve ratio'). Additionally, they are required to maintain a further percentage in the form of cash and/or other liquid assets (called 'statutory liquidity ratio'). Varying the cash reserve ratio and/or statutory liquidity ratio enables the RBI to increase or decrease (as the case may be) the funds available to banks for lending and other similar purposes.
20. A major development that has implications for banks throughout the world is the "International Convergence of Capital Measurement and Capital Standards", generally, known as the Basel Accord. While the implementation of Basel 2 is expected to lead to improved risk management systems in banks, promote a more robust supervisory framework and strengthen market discipline, with the cumulative effect being greater financial stability, Basel 3 ensures better quality of capital and robust liquidity risk management. In view of its impending implementation, RBI is in a continuous dialogue with the banks regarding their preparedness to introduce the necessary up-gradation in their internal systems, data collection machinery, quality of MIS, training facilities and availability of improved skill sets.

21. The smooth functioning of the payment and settlement systems is a prerequisite for stability of the financial system. In order to have focused attention on payment and settlement systems, a Board for Regulation and Supervision of Payment Systems (BPSS) was set up in March, 2005.
22. The launch of the Real Time Gross Settlement System (RTGS) and NEFT (National Electronic Funds Transfer) has led to a reduction of settlement risk in large-value payments in the country. Similarly, IMPS (Interbank Mobile Payment Service/Immediate Payment Service) is a mobile based payment mechanism introduced by the National Payments Corporation of India to allow customers to transfer money instantly, facilitating instant remittance across multiple platforms. The setting up of NSDL and CDSL for the capital market settlements and CCIL for G-sec, forex and money market settlements have improved efficiency in market transactions and settlement processes. A series of legal reforms to enhance the stability of the payment systems have been carried out. With the introduction of the Payments and Settlement Act in 2008, the Reserve Bank has the legislative authority to regulate and supervise payment and settlement systems in the country.
23. In India, deposit insurance is provided by the Deposit Insurance and Credit Guarantee Corporation (DICGC), a wholly owned subsidiary of the Reserve Bank of India. Deposit insurance in India is mandatory for all banks (commercial/co-operative/RRBs/LABs). It covers all kinds of deposits except those of foreign governments, Central/State Governments, inter-bank, deposits received abroad and those specifically exempted by DICGC with prior approval of the Reserve Bank. The premium charged for deposit insurance is on a flat rate basis, which is currently 10 paise per `100 of assessable deposits with a statutory ceiling on premium at 15 paise. The premia to be paid by the insured banks are computed on the basis of their assessable deposits. Insured banks pay advance insurance premia to the Corporation semi-annually within two months from the beginning of each financial half year, based on their deposits as at the end of previous half year. The amount of coverage is presently limited to Rs. 1 lakh per depositor and extends to deposits held in the same right and in the same capacity.
24. Banks and financial institutions (FIs) have also been advised by RBI to follow certain customer identification procedure for opening of accounts and monitor transactions of suspicious nature for the purpose of

reporting the same to appropriate authority. These 'Know Your Customer' (KYC) guidelines have been revisited in the context of the recommendations made by the Financial Action Task Force (FATF) on Anti Money Laundering (AML) standards and on Combating Financing of Terrorism (CFT). Detailed guidelines based on the recommendations of FATF and the paper issued on Customer Due Diligence (CDD) for banks by the Basel Committee on Banking Supervision (BCBS), with suggestions wherever considered necessary, have been issued. Banks/FIs have been advised by RBI to ensure that a proper policy framework on 'Know Your Customer' and Anti-Money Laundering measures is formulated and put in place with the approval of their Boards. The objective of KYC/AML/CFT guidelines is to prevent banks/FIs from being used, intentionally or unintentionally, by criminal elements for money laundering or terrorist financing activities. KYC procedures also enable banks/FIs to know/understand their customers and their financial dealings better and manage their risks prudently. Foreign Account Tax Compliance Act (FATCA) is a US law, which was enacted in March 2010 by US Government which was aimed at preventing tax evasion through offshore assets by US citizens and US residents. Foreign Financial Institutions (FFIs) such as the Bank that enter into a FATCA FFI agreement with the US government are required to conduct certain due diligence to identify its US clients (individual and entity) and report on their accounts to the US Internal Revenue Service (IRS).

25. India has signed the Inter-Governmental Agreement (IGA) with USA for improving international tax compliance and implementing the Foreign Account Tax Compliance Act (FATCA). India has also signed a multilateral agreement on June 3, 2015, to automatically exchange information based on Article 6 of the Convention on Mutual Administrative Assistance in Tax Matters under the Common Reporting Standard (CRS), formally referred to as the Standard for Automatic Exchange of Financial Account Information (AEOI).
26. Apart from directions relating to operational matters, RBI also issues, from time to time, guidelines on accounting matters to be followed by banks. These guidelines have a profound effect on annual accounts of banks. The text of the notifications/circulars/guidelines, etc., issued by the RBI are normally also available on its website www.rbi.org.in.

Note:

1. All the Members/ Readers who are referring this manual, for updating Please go to RBI website – Type Index to Bank circulars.
2. Every member is requested to update their knowledge by visiting RBI website at least once in a Week. It is only a suggestion.

Legal and Regulatory Framework of Banks

Enactments Governing Functions of Banks

There is an elaborate legal framework governing the functioning of banks in India. The principal enactments which govern the functioning of various types of banks are:

- Banking Regulation Act, 1949
- Banking Companies (Nationalization of Undertakings) Act, 1970
- Banking Companies (Acquisition and Transfer of Undertakings) Act, 1980
- Negotiable Instruments Act, 1881
- State Bank of India Act, 1955
- State Bank of India (Subsidiary Banks) Act, 1959
- Regional Rural Banks Act, 1976
- Companies Act, 2013
- Co-operative Societies Act, 1912 (or the relevant State Cooperative Act)
- Information Technology Act, 2000
- Prevention of Money Laundering Act, 2002
- Credit Information Companies (Regulation) Act, 2005
- Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002
- Recovery of debts due to Banks and Financial Institutions Act, 1993
- Transfer of Property Act, 1882
- Indian Stamp Act, 1899
- Power of Attorney Act, 1882

- The Insolvency and Bankruptcy Code, 2016
- Foreign Exchange Management Act, 1999
- Uniform Customs and Practice for Documentary Credits (UCP 600)
- Payment and Settlement Systems Act, 2007
- Insurance Regulatory and Development Authority Act 1999
- Deposit Insurance and Credit Guarantee Corporation Act 1961
- Securities and Exchange Board of India Act, 1992
- Fiscal Responsibility and Budget Management Act 2003
- Government Securities Act 2006
- Banking Ombudsman Scheme

Besides, the above enactments, the provisions of the Reserve Bank of India Act, 1934, also affect the functioning of banks. The Act gives wide powers to the RBI to give directions to banks; such directions also have considerable effect on the functioning of banks.

Salient Provisions of Banking Regulation Act, 1949

1. Of the above, the Banking Regulation Act, 1949 is the most important as it affects the functioning of all institutions carrying on banking business.
2. Other enactments relate only to certain specific type(s) of banks.
3. Some of the important provisions of the Act are briefly described below since familiarity with them is essential for the performance of the duties of an auditor.
4. It needs to be emphasized that the ensuing discussion is not an exhaustive discussion on all the relevant provisions of the Act.

Definition of Banking Companies

A banking company means "any company which transacts the business of banking in India" [section 5(c) of the Banking Regulation Act]. The term 'company' for this purpose covers companies registered in India as well as foreign companies, i.e., companies incorporated outside India and having a place of business within India [section 5(d)].

Forms of Business of Banking Companies

1. 'Banking' is defined as "the accepting, for the purpose of lending or investment, of deposits of money from the public, repayable on demand or otherwise, and withdrawable by cheque, draft, order or otherwise" [section 5(b)]. It has been clarified that any company which is engaged in the manufacture of goods or carries on any trade, and which accepts deposits of money from the public merely for the purpose of financing its business as such manufacturer or trader, shall not be deemed to transact the business of banking [*Explanation* to section 5(c)].
2. Section 6 of the Act permits a banking company to engage in certain forms of business in addition to the business of banking. Besides the forms of business specifically listed in clauses (a) of sub-section (1) of section 6, a banking company may do "all such other things as are incidental or conducive to the promotion or advancement of the business of the company" [clause (n) of sub-section (1) of section 6]. Under clause (o), a banking company may engage in any other form of business (besides those covered by other clauses) which the Central Government may, by Notification in the Official Gazette, specify as a form of business in which it is lawful for a banking company to engage.
3. Under sub-section (2) of section 6, a banking company is prohibited from entering any form of business other than those covered by subsection (1) of the said section. Section 8 specifically prohibits a banking company from buying, selling or bartering goods except in connection with the realization of a security held by it. It also prohibits a banking company from engaging in any trade or buying, selling or bartering of goods for others except in connection with collecting or negotiating bills of exchange or in connection with undertaking the administration of estates as executor, trustee or otherwise. However, the above prohibitions are not applicable to any business specified by the Central Government in pursuance of clause (o) of sub-section (1) of section 6.

Licensing of Banking Companies

Section 22 of the Act prohibits a company from carrying on banking business in India unless it holds a license issued by the RBI. The license may be a conditional license. The license may be cancelled if the company ceases to carry on banking business in India or fails to comply with the conditions of the license or fails to fulfil any other condition laid down in the section.

Power to Suspend Operation of the Act

- (a) On a representation made by the RBI in this behalf, the Central Government may suspend the operation of the Act or of any provision thereof for a period up to 60 days either generally or in relation to any specified banking company.
- (b) In case of a special emergency, the Governor of the RBI or, in his absence, any authorized Deputy Governor may also similarly suspend such operation for a period up to 30 days. In either case, the Central Government may extend the period of suspension from time to time for periods not exceeding 60 days at any one time. The total period of suspension cannot, however, exceed one year [section 4].

Requirements as to Minimum Paid-up Capital and Reserves and Regulation of Capital

Section 11 of the Act lays down the requirements as to minimum paid-up capital and reserves. Different limits have been laid down for banking companies incorporated outside India and other banking companies. Under section 12, the capital of a banking company can consist of ordinary (i.e., equity) shares only, except where preference shares have been issued prior to July 1, 1944 or where the banking company has been incorporated before January 15, 1937.

Restrictions on Opening and Transfer of Places of Business

1. Under Section 23, prior permission of the RBI is required for opening of new, or transfer of existing, places of business in India. Similar permission is required by a banking company incorporated in India for opening a new, or transferring an existing, place of business outside India.
2. The above restrictions, however, do not cover the change of location of an existing place of business within the same city, town or village.
3. The opening of a temporary place of business for a period not exceeding one month is also exempt provided the conditions laid down in this behalf are satisfied.
4. The term 'place of business' includes any sub office, pay office, sub-pay office and any place of business at which deposits are received, cheques are encashed or monies are lent.

5. It may be noted that recently, the RBI has permitted banks to open new places of business or transfer existing ones without obtaining specific permission from it provided certain conditions specified by the RBI in this behalf are satisfied.

Inspection by the RBI

Wide powers have been given to the RBI under section 35 for inspection of any banking company and its books and accounts. The Central Government can also direct the RBI to cause such an inspection.

Power of the RBI to give Directions

- The RBI is empowered to issue such directions to banking companies generally or to any banking company in particular as it deems fit in public interest, or in the interest of banking policy, or to prevent the affairs of any banking company from being conducted in a manner detrimental to the interests of the depositors or in a manner prejudicial to the interests of the banking company, or to secure the proper management of any banking company generally (Section 35A).
- The RBI is also empowered to caution or prohibit banking companies generally or any particular banking company against entering into any particular transaction or class of transactions, and generally give advice to any banking company [Clause (a) of sub-section (1) of Section 36].

Provisions relating to Accounts and Audit

- Section 29 of the Act lays down requirements as to profit and loss account and balance sheet.
- Section 30 deals with audit of Profit and loss account and Balance sheet prepared in accordance with section 29.
- Section 31 deals with publication of Profit and loss account and Balance sheet and their submission to RBI.
- Section 32 deals with submission of Profit and loss account and Balance sheet to Registrar of Companies.
- Section 33 deals with display of audited Balance sheet and Profit and loss account by companies Incorporated outside India and carrying on banking business in India.

It may be noted that some of the above provisions are not applicable to nationalized banks, State Bank of India, subsidiaries of State Bank of India, regional rural banks, and co-operative banks.

Other Important Provisions of the Banking Regulation Act, 1949

Besides the above provisions, a number of other provisions of the Act are relevant to the work of the auditor. Some of the important, provisions are:

Section 9	Disposal of non-banking assets (Banks are prohibited to hold any immovable property, other than assets for its own use and should dispose off the assets held in satisfaction of claim within 7 years or ' such extended period as RBI allows.)
Section 13	Restriction on commission, brokerage, discount and remuneration etc., on issue of shares up to 2.5 % of the paid-up value of the shares
Section 14	Prohibition of charge on unpaid capital
Section 15	A banking company is prohibited from paying dividend unless expenses representing intangible assets are written off subject to exceptions provided
Section 17	Creation of Reserve Fund
Section 18	Cash Reserve to be maintained
Section 19	Restriction on nature of business of subsidiary Companies
Section 20	Restriction on Loans and advances Restriction on power to remit debts owed by directors and related enterprise
Section 21	Power of RBI to control advances of Banking companies
Section 24	Maintenance of a percentage of (liquid) assets
Section 25	Quarterly return of Assets in India
Section 26	Return of unclaimed deposits (including non-operative accounts being older than 10 years or more)
Section 45Y	Power of CG to make rules for the preservation of records

Applicability of Various Enactments to Different Types of Banks

As mentioned in first paragraph, a number of enactments govern the functioning of banks in India. While the Banking Regulation Act, 1949 is applicable to all types of banks (though some of its provisions may not be applicable to certain types of banks or may be applicable with certain modifications), the other enactments are relevant only to particular type(s) of banks. The enactments applicable to different types of banks are discussed below:

Nationalised Banks

1. Nationalized banks are governed by:
 - (a) Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970/1980; and
 - (b) Specified provisions of the Banking Regulation Act, 1949.
2. Fourteen banks were nationalized under the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 while another six were nationalized under the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1980. The provisions of these two enactments are identical and deal, *inter alia*, with such matters as the following:
 - Authorized and paid-up capital
 - Annual accounts
 - Qualifications, appointment, powers and duties of auditor (including contents of audit report)
 - Disposal of profits
 - Special audit at the instance of the Central Government
 - Time and place of annual general meeting and business to be transacted there at
 - Restrictions on payment of bonus to officers and other Employees
 - Powers of the Board of Directors to make regulations in consultation with the RBI and with the previous sanction of the Central Government
3. Apart from all the provisions of the aforesaid Act of 1970/1980, the

Legal and Regulatory Framework of Banks

following provisions of the Banking Regulation Act,1949, also apply to nationalized banks by virtue of section 51 of the later Act:

Section 10	Prohibition of employment of managing agents and restrictions on certain forms of employment
Section 13	Restriction on commission, brokerage, discount, etc. on sale of shares
Section 14	Prohibition of charge on unpaid capital
Section 14A	Prohibition of floating charge on assets
Section 15	Restrictions as to payment of dividend.
Section 17	Reserve Fund
Section 19	Restriction on nature of subsidiary companies
Section 20	Restrictions on loans and advances
Section 20A	Restriction on power to remit debts
Section 21	Power of RBI to control advances by banking Companies
Section 21A	Rate of interest charged by banking companies not to be subject to scrutiny by Courts
Section 23	Restrictions on opening of new, and transfer of existing, places of business
Section 24	Maintenance of a percentage of assets
Section 25	Assets in India
Section 26	Return of unclaimed deposits
Section 27	Monthly returns and power to call for other returns and information
Section 28	Power to publish information
Section 29 [excluding sub-section (3)]	Accounts and balance sheet
Section 30	Audit

Manual on Concurrent Audit of Banks

[excluding sub-section (1) (1A) and (3)]	
Section 31	Submission of returns
Section 34	Accounting provisions of the Act Not Retrospective
Section 35	Inspection
Section 35A	Power of the RBI to give directions
Section 36 [excluding Clause D of sub-section (1)]	Further powers and functions of RBI.
Section 45Y	Power of Central Government to make rules for the preservation of records
Section 45Z	Return of paid instruments to customers
Section 45ZA	Nomination for payment of depositors 'Money
Section 45ZB	Notice of claims of other persons regarding deposits not receivable
Section 45ZC	Nomination for return of articles kept in safe custody with banking company
Section 45ZD	Notice of claims of other persons regarding articles not receivable
Section 45ZE	Release of contents of safety lockers
Section 45ZF	Notice of claims of other persons regarding safety lockers not receivable
Section 46	Penalties
Section 46A	Chairman, director, etc., to be public servants for the purposes of Chapter IX of the Indian Penal Code
Section 47	Cognizance of offences
Section 47A	Power of RBI to impose penalty

Legal and Regulatory Framework of Banks

Section 48	Application of fines
Section 50	Certain claims for compensation barred
Section 52	Power of Central Government to make rules
Section 53	Power to exempt in certain cases

State Bank of India

1. On 1st April 2017, SBI merged with 5 of its associate banks and one other bank. This brought into SBI the 50 largest banks in the world. These associate banks included State Bank of Jaipur, Bikaner, Mysore, Travancore, Hyderabad, and Patiala.
2. State Bank of India is governed by:
 - (a) State Bank of India Act, 1955 as the case may be; and Specified provisions of the Banking Regulation Act, 1949.
 - (b) The provisions of the Banking Regulation Act, 1949, applicable to State Bank of India is specified in section 51 of the said Act and are the same as those applicable to nationalized banks.

Banking Companies

1. Section 2 of the Banking Regulation Act, 1949, provides that the provisions of the Act shall be in addition to, and not, save as expressly provided there under, in derogation of the Companies Act, 1956, and any other law for the time being in force.
2. Thus, banking companies attract the provisions of both the Banking Regulation Act, 1949, as well as the Companies Act, 1956. In case the provisions of these enactments are at variance, the provisions of the Banking Regulation Act, 1949, shall prevail.

Regional Rural Banks

1. Regional rural banks are governed by:
 - (a) Regional Rural Banks Act, 1976; and
 - (b) Specified provisions of the Banking Regulation Act, 1949.
2. The provisions of the Banking Regulation Act, 1949, applicable to regional rural banks are specified in section 51 of the said Act and are the same as those applicable to nationalized banks.

Manual on Concurrent Audit of Banks

3. Each 'RRB' has a public sector bank as its sponsor bank. The capital of 'RRB' is contributed by the Central Government, State Government & the Sponsor Bank in proportion of 50%, 15% and 35%, respectively.

Co-operative Banks

1. Co-operative banks are governed by:
 - (a) the Co-operative Societies Act, 1912, or the Co-operative Societies Act of the state concerned, as the case may be; And
 - (b) Part V of the Banking Regulation Act, 1949.
2. Part V of the Banking Regulation Act, 1949, modifies certain provisions of the Act in their application to co-operative banks and omits certain others. The sections which have been significantly modified in their application to co-operative banks are sections 2, 5-A, 8, 9, 11, 18, 19, 20, 22, 23, 24, 27, 29, 31, 35, 35A, 36, 36A, 49A, 54 and 55.
3. Besides, the First Schedule to the Act is not applicable to co-operative banks while the Third and the Fourth Schedules to the Act have been replaced by a schedule applicable only to co-operative banks.

Scheduled Banks

1. These are the banks included in the Second Schedule to the Reserve Bank of India Act, 1934. The Reserve Bank includes a Bank in this Schedule, if it fulfils certain conditions.
2. The Reserve Bank gives certain facilities to scheduled banks including the following:
 - (a) Purchase, sale and rediscounting of certain bills of exchange (including foreign bills of exchange) or promissory notes.
 - (b) Purchase and sale of foreign exchange.
 - (c) Making of loans and advances to scheduled banks.
 - (d) Maintenance of the accounts of scheduled banks in its banking department and issue department.
 - (e) Remittance of money between different branches of scheduled banks through the offices, branches or agencies of the Reserve Bank free of charge or at nominal charges.

Returns to be Submitted to the RBI

1. The Banking Regulation Act, 1949 requires banking companies, nationalized banks, State Bank of India, its subsidiaries, and regional rural banks to furnish the following returns to the RBI:
 - (a) Monthly return of assets maintained in India in accordance with section 24 and demand and time liabilities in India at the close of business on each alternate Friday during the month. [Section 24]
 - (b) Quarterly return of assets and liabilities in India at the close of business on the last Friday of every quarter. [Section 25]
 - (c) Annual return of unclaimed accounts which have not been operated for 10 years. [Section 26]
 - (d) Monthly return of assets and liabilities in India at the close of business on the last Friday of every month. [Section 27]
2. The above types of banks have also to furnish such other statements or information as may be required by the RBI under section 27 of the Act. In exercise of its powers under the aforesaid section, the RBI requires a large number of returns to be furnished to it. Some of the important returns required to be furnished to the RBI are as enumerated below, with their periodicity indicated in parentheses:
 - (a) Report on Non-Performing Advances (annual)
 - (b) Statement showing the position of reconciliation of investment account (annual)
 - (c) Statement on compromises and settlements involving write-off (half yearly)
 - (d) Statement on bad debts written off (annual)
 - (e) Details of Doubtful or Loss Assets and also Suit Filed accounts with outstanding aggregating `1crore and above(half-yearly)
 - (f) Details of remittance of profits / surplus retained in India(annual)
 - (g) Particulars of provisions held on problem credits of overseas branches (half-yearly)
 - (h) Inter-branch reconciliation (quarterly)
 - (i) Reconciliation of outstanding inter-branch accounts (annual)

- (j) Reconciliation of clearing differences (annual)
- (k) Position of balancing of books (quarterly)
- (l) Returns relating to frauds, robbery, etc. including fraud involving ₹ one crore and above (quarterly)
- (m) Return of Capital Adequacy (quarterly)
- (n) Return on Asset Quality (quarterly)
- (o) Asset-liability management (monthly)
- (p) Return in respect of Statutory Liquidity Ratio (monthly)

Online Reporting to RBI Through 'ORFS' and 'XBRL'

1. As a regulatory and supervisory function bestowed on RBI, it collects returns from commercial banks, financial institutions, etc. Many of these returns are the statutory requirement under Reserve Bank of India Act ,1934, Banking Regulation Act,1949, FEMA ,1990.
2. The conventional method of return submission requires sending of hard copy through postal services, fax and PDF file through e-mail. All these modes of filing returns have their own limitations. Hence, the need was felt for developing the single electronic return submission window 'ORFS' (Online Filing System).
3. As a part of online filing of returns, the Reserve Bank of India felt the need for the adoption of best internet technology solution. Thus, RBI has adopted 'XBRL' (extensible Business Reporting Language) which attends the standardization of business reporting especially Financial Reporting. While 'ORFS' brings no standardization across all the returns, 'XBRL' is capable of implementing global standards across all returns. Today, these two online systems, i.e., 'ORFS' and 'XBRL' coexists with conventional form of return submission.

Know Your Customer (KYC) Policy

Introduction

1. RBI on 25.2.2016 has issued Master Direction – Know Your Customer Directions, 2016
2. Later on, various Circulars and directions have been issued by RBI with updation and the Circular List is given below. (List of RBI Circulars from 25.2.2016 to 04.05.2023 are reported in this Manual).
3. Before going to understand the KYC policy, every Concurrent Auditor must go through the following Master circulars with up-dation issued by RBI.

S.No	RBI Circulars	Date of issue
1	RBI/DBR/2015-16/18 Master Direction DBR.AML.BC.No:81/14.01.001/2015-16 – This is the Base Master Direction Circular called as Know Your Customer (KYC) Direction 2016	25/02/2016
2	RBI/2018-19/190 DBR.AML.BC.No.39/14.01.001/2018-19	29/05/2019
3	RBI/2019-20/37 DBR.AML.BC.No.11/14.01.001/2019-20	09/08/2019
4	RBI/2019-20/138 DOR.AML.BC.No.27/14.01.001/2019-20	09/01/2020
5	RBI/2019-20/207 DOR.AML.BC.No.61/14.01.001/2019-20	01/04/2020
6	RBI/2019-20/221 DOR.AML.BC.No.66/14.01.001/2019-20	20/04/2020
7	RBI/2020-21/110 DOR.AML.REC.48/14.01.001/2020-21	23/03/2021

Manual on Concurrent Audit of Banks

8	RBI/2021-22/10 DOR.AML.BC.No.1/14.01.001/2021-22	01/04/2021
9	RBI/2021-22/35 DOR.AML.REC.No.15/14.01.001/2021-22	10/05/2021
10	RBI/2023-24/24 DOR.AML.REC.111/14.01.001/2023-24	28/04/2023
11	RBI/2023-24/25 DOR.AML.REC.13/14.01.001/2023-24	04/05/2023

Note: Concurrent auditors may read updated RBI Circulars for their reference, i.e., Master Directions issued by RBI after 04.05.2023.

4. The provisions of Prevention of Money-Laundering Act (PMLA) and the Prevention of Money Laundering (Maintenance of Records) Rules, 2005 have been covered and mentioned in "Master Direction- Know Your Customer (KYC) Directions 2016.
5. Whenever Regulated Entities (RE) open the Account or carryout any transaction with the Customers, they have to identify the Customers. This will help the RE to monitor all kinds of financial and non-financial transactions.
6. As per the Powers conferred by Section 35A of Banking Regulation Act, 1949, read with Section 56 of the Act and Rule 9(14) of Prevention of Money Laundering (Maintenance of Records) Rules 2005, RBI has introduced the concept of KYC. At the of introducing the concept of KYC, RBI considered the public interest, REs and India.
7. KYC is the Need of the Hour to the Country at the time of introduction and even now.
8. **Regulated Entities** mean:
 - (a) All Scheduled Commercial Banks (SCBs)
 - (b) Regional Rural Banks (RRBs)
 - (c) Local Area Banks
 - (d) All Primary (Urban) Cooperative Banks
 - (e) Any other Entity Licensed u/s 22 of the Banking Regulations Act, 1949.

Know Your Customer (KYC) Policy

9. Few of the Regulated Entities Licensed u/s 22 of the Banking Regulations Act, 1949
- (a) Non-Banking Finance Companies (NBFC)
 - (b) Miscellaneous NBFC (MNBC)
 - (c) All types of Authorised Persons which include the Agents of Money Transfer Service Scheme, who are regulated by the Regulator (RBI)
10. Who is a customer of Banks (RE)

For the purpose of KYC policy, a 'Customer' is defined as :

- a person or entity that maintains an account and/or has a business relationship with the bank.
- one on whose behalf the account is maintained (i.e. the beneficial owner);
- beneficiaries of transactions conducted by professional intermediaries, such as Stockbrokers, Chartered Accountants, Solicitors etc. as permitted under the law, and
- any person or entity connected with a financial transaction which can pose significant reputational or other risks to the bank, say a wire transfer or issue of a High value DD as a Single Transaction

11. Few of the Important Regulated Entities in India are as follows:

Regulatory Body	Sector
1. Reserve Bank of India (RBI)	Banking and Finance
2. Securities & Exchange Board of India (SEBI)	Stock and Capital Market
3. Insurance Regulatory & Development Authority of India (IRDA)	Insurance
4. Pension Fund Regulatory & Development Authority (PFRDA)	Pension
5. National Bank for Agriculture & Rural Development (NABARD)	Financing and Rural Development
6. Small Industries Development Bank of India (SIDBI)	Financing Micro, Small & Medium Enterprises (MSMEs)

7. National Housing Bank (NHB)	Financing Housing
8. Insolvency and Bankruptcy Board of India (IBBI)	Insolvency Proceedings

Objective of KYC

1. The main objective of KYC Guidelines is that the Banks, Intermediaries and Financial Institutions should not be used by Criminal elements for Money Laundering activities.
2. KYC verification must be carried out before Business Transactions with RE have started.
3. Res' have to ask for identity proof and address proof of the customer before considering any business transactions with the public/ customer.
4. The Public/ customer has to produce all the Proof in Original.
5. KYC policies and guidelines have to be decided by Board of Directors or any committee of the Board with the delegated powers.
6. All the Branches of Regulated Entities have to follow all those policies and guidelines issued by the Board of Directors or any Committee of the Board.
7. By Following KYC guidelines suspicious nature of Money transactions will be easily identified, if found in future.

Key Elements of KYC

There are 4 Key Elements of KYC

1. Customer Acceptance Policy
2. Risk Management
3. Customer Identification Process
4. Monitoring Transactions

1. Customer Acceptance Policy

- (a) It is the Basic Criteria for a customer to enter or terminate from the RE (banks) in order to maintain customer relationship.
- (b) This policy and documents should be designed in such a manner

that Anonymous or fictitious or Benami accounts or accounts holders to enter into Bank.

- (c) Banks have to carry proper due diligence at the time of opening the accounts for its customers. In case, the Customers have not cooperated or not submitted the required documents as per KYC policy, the Banks are not allowed to open the Bank account for those customers. KYC policy is clear that the Bank accounts will be allowed to be open only when proper Due Diligence of the customers have to be carried out.
- (d) Banks should not deny opening the Bank account, just because the customers are financially or socially disadvantaged.

2. Risk Management

- (a) Banks Regulated Authorities (REs) should have risk-based approach to classify the customers.
- (b) Bank customers have been classified as Low, Medium and High-risk customers. This is based on the Assessment and risk perception of Banks of Regulated Authorities.
- (c) Customer risk status will not be /should not be informed to the customers by the Banks.
- (d) Customer risk is being arrived at on Money Laundering risk associated with a particular customer from Bank's KYC perspective.
- (e) The Customer risk is being considered at the time of opening the account or during the operations of the account.
- (f) KYC updation for the customers has to be obtained based on the Category of risk involved which are as follows:

Risk Category of Customers	Once in ____ Years	Updation period Depends on Banks' KYC Policy **
High	2	Yes
Medium	8	Yes
Low	10	Yes

** This updation period varies according to Bank as well as per the instruction of RBI.

- (g) The parameters for risk fixation is based on the following:
- Customer identity
 - Social/Financial Status
 - Nature of Business Activity
 - Nature of Business and Location
 - FATF (Financial Action Task Force) Public Statements
 - Regulated Authorities Search and Raids
 - Regulated Authorities Blacklisted Customer List
 - Regulated Authorities Willful Defaulter List
 - NPA Customers
 - Indian Bank Association's reports and guidance notes on KYC/AML
 - RBI's guidance Notes circulated to all Cooperative Banks
 - Any other Parameter as decided by Banks (RE)

3. Customer Identification Process (CIP)

- (a) This procedure has to be carried out before opening the account or during the account operation by the customer.
- (b) This CIP creates financial relationship between Bankers and customers.
- (c) This CIP applies to both New as well as Existing customers.
- (d) In case the Bank has got doubt about the Customer or his/her/its transactions, a fresh CIP has to be carried out by the Bank (RE).
- (e) Sometimes there are walk-in customers who do not have any account with the Bankers. i.e they are visiting the branch to remit money into the account (Rs.50000 or more) either to remit the same in the Bank's account holder account or to take Demand Draft or NEFT or RTGS. In this situation also the Bankers (RE) have to carry out CIP carefully before entering into the financial transaction with those walk-in customers. This CIP is being used to verify the Financial Transactions carried out by the Third-Party customers.
- (f) Customers at Remote Places can give Video based Customer

Identification Process (V-CIP) which is also another method of KYC CIP verification.

4. Monitoring of Transactions (MOT)

- (a) MOT has to be carried out by Banks in all the financial transactions which exceed “threshold limits” prescribed for specific category of accounts.
- (b) RBI has instructed Banks to set Key indicators for risk sensitive accounts. Key indicators have been fixed based on the High Turnover involved in the accounts or due to complexity of accounts or unusual transactions carried out in the accounts.
- (c) Banks at the time MOT have to take the full background of the Customer (New as well as Existing) which includes Customer’s country of origin, Source of Funds, Type and Nature of transactions carried out and other risk factors of the account as per Bank’s policy.
- (d) Periodical review and Due Diligence of the Customer account has to be carried out by Banks at least not less than once in 6 months. This exercise has to be carried out from the Risk categorization of customers.
- (e) In case of Non-cooperation by the customers with reference to KYC, the Bank account can be closed by the Banks after giving due notice to the Customer.
- (f) The process of Partial Freezing of Customer (PFC) Account due to Non submission of KYC documents:
 - The Banks have to give Notice to Customers of 3 Months initially before exercising the option of Partial Freezing.
 - A further time of 3 months has also to be given to the customer by mentioning the First Notice and its conditions.
 - Due to non-cooperation/non submission of KYC documents, the customer account is put on hold saying as “Partial Freezing”.
 - In the “Partial Freezing” account, the Bank allows only Credit (Receipt) into the account and No Debit (withdrawal) is allowed.
 - The Bankers must treat these type of PFC accounts as ‘Inoperative account’.

- The Bankers must send the letters to the Customers (on the last known address) to close the accounts.
- PFC accounts can be reactivated by the Bank if the customers have produced all the required KYC documents and other details as sought by the Bank.

5. Other Important Points and Highlights of KYC

- (a) In case the customer has refused to submit the required KYC documents before opening the accounts, Bankers have got full right to reject the Opening application submitted by the Customers and refuse to open the account.
- (b) Introduction of account is not required in case “e KYC” is being carried out.
- (c) A customer is having all his KYC documentary evidence at One place (say Mumbai) and he wants to start his business at other Place (say Chennai). The customer who is at Mumbai has declared that Mumbai address is Permanent address and Chennai address as Official Address. For both Permanent address and Official address the customer has to give Proof. Bankers have got no right to reject the Opening of the account that KYC is not available at Chennai.
- (d) In case the Customer wants to transfer his account from one Branch to Another Branch of the Same Bank, no Fresh KYC is required, provided he carried out the accounts at the same address. In case the customer changes his Business/residential address, then he has to submit KYC documentary proof with the Changed address.
- (e) In case Branch of the Bank has obtained KYC for One account and the Customer wants to open another account, there is no need to submit another set of KYC:
 - PAN has to be quoted for all Transactions if it is Rs 50000 or more, irrespective of Cash transactions or not.
 - KYC Norms are applicable for both Debit Card and Credit Card.
 - For Any foreign remittance from India to Abroad, KYC exercise has to be done by the Banks (RE).
 - RBI in its release on 5.1.2023 has advised banks to provide the

facility of self-declaration (for re-KYC) to individual customers through various non-face-to face channels like Registered email ID, Registered Mobile Number, ATMs, online banking, internet.

- Know Your Business:
 - GST Registration for all people except New Proprietors.
 - Udyam Registration Certificate for all Sole Proprietors including NEW entrepreneurs.

6. Concurrent Auditor Verification and Certification on KYC

Note:

1. Branch Manager /Official has to ask for the Original and Xerox copies to be produced and certify on the xerox copies that he /she has verified the original and affixed his full signature with Bank seal on all the Xerox copies.
2. Branch Manager /Official has to certify that the Bank customer has signed the xerox copies of all the KYC documents as “True Copy” in his presence, i.e., self-attestation by the customer.
3. It is the duty of the Concurrent Auditor to verify all those KYC documents and must report the irregularities without fail. If the Concurrent Auditor fails to report the irregularities in KYC documents and if anything goes wrong in future, then Concurrent Auditor will be held responsible by Bank’s Head Office, RBI, ICAI (under disciplinary proceedings), Regulatory Authorities and Court.

7. Details to be given in all applications – Individual/ Partner/ Director/ Trustee/ Authorised Person

1. Name
2. Father Name/Husband Name
3. Complete Address with PIN code
4. PAN
5. Aadhar Number
6. Mobile Number
7. Valid email-id

8. Source of Income

Note: Regarding KYC updated circulars, please Refer RBI site and for further clarification kindly refer RBI circulars on KYC.

9. Basic KYC Documents required to be obtained by Banks and it is the duty of the Concurrent Auditor to verify the same.

(This is only a Checklist, and the Concurrent Auditor can ask for additional details in order to satisfy the Genuineness of the Customer.)

A. Individual

1. PAN Card
2. Aadhar Card
3. Passport
4. Driving License
5. *If the Customer has come from other areas/State, then the Signature has to be attested by his existing Bankers (So Bankers have to ask the customer to produce his /her other Bank details).*
6. *Residential and Office Address Proof: Customer has to produce, Electricity Bill, Property Tax Receipt, Telephone Bills, Rent Agreement in case the House is a rented one.*
7. *Address Proof duly certified by Supreme Court/High Court/District Court Judges, MP/MLA in case no address proof is available.*
8. *One of the Proof should have Photo identity.*
9. GST Registration certificate
10. Udyam Registration Certificate
11. *Import and Export Code – if the individual is going to do export and import business.*

B. Partnership Firm

1. Partnership Deed

2. *Firm Registration Certificate – see the validity.*
3. *PAN Card for the Firm*
4. *Partner's KYC – as stated in Individual KYC category above.*
5. *Address Proof of the Firm – Rent agreement/ Ownership evidence / EB Receipt.*
6. *Power of Attorney Appointment Letter – Granted to any person other than the Partners.*
7. *KYC of Power of Attorney Holder – as stated in Individual KYC category above.*
8. *GST Registration Certificate*
9. *Udyam Registration Certificate*
10. *Import and Export Code – if the Partnership Firm is going to do export and import business.*

C. Hindu Undivided Family (HUF)

1. *PAN card for HUF*
2. *PAN card for Kartha of the Family*
3. *Affidavit declaring the list of Co-parceners of the HUF*
4. *KYC of all the Co-parceners – as stated in Individual KYC category above.*
5. *Photo of Kartha duly attested by Co-parceners of HUF*
6. *HUF Deed*
7. *GST Registration Certificate*
8. *Udyam Registration Certificate*
9. *Import and Export Code – if the HUF is going to do export and import business*

D. Limited Companies (Private or Public)

1. *Certificate of Incorporation (With CIN) – ROC Certificate*
2. *Certificate of Commencement Letter (with CIN) – ROC certificate in case of Public Limited company*

3. *Memorandum and Articles of Association*
4. *PAN of the Company*
5. *Address proof of company –*
 - a. *Rent Agreement in case the company is functioning in rented premises, along with House tax receipt/EB receipt copies.*
 - b. *If the business is carried out in the own premises of the company, provide Title deed copy, House tax receipt/ EB receipt.*
6. *KYC of All directors – as stated in Individual KYC category above.*
7. *Director Identification Number – Each director*
8. *ROC Forms for Directors appointment*
9. *Board Resolution to open the accounts.*
10. *Board Resolution regarding Account operation Authorisation given to Board of Directors/ Financial Officers/ Others.*
12. *Import and Export Code – if the Company is going to do export and import business.*
13. *GST Registration certificate*
14. *Udyam Registration certificate*
15. *Other licenses available, if any*

E. Limited Liability Partnership

1. *Certificate of Incorporation with LLPIN and DPIN of the Designated Partners*
2. *LLP Agreement*
3. *Permanent Account Number of LLP*
4. *Designated Partners – KYC as mentioned in Individual category above*
5. *Address Proof of LLP*
 - (a) *Rent Agreement in case the LLP is functioning in rented premises, along with House tax receipt/EB receipt copies.*

- (b) If the business is carried out in the own premises of the LLP, provide Title deed copy, House tax receipt/ EB receipt.*
- 6. Power of Attorney of Designated Partners to operate the Account.*
- 7. Resolution to operate the Bank account by the Designated Partners.*
- 8. Import and Export Code – if the LLP is going to do export and import business.*
- 9. GST Registration certificate.*
- 10. Udyam Registration certificate.*
- 11. Other licenses available, if any.*

F. Association of Person

- 1. AOP agreement, if any*
- 2. PAN of AOP*
- 3. KYC of AOP members – KYC as mentioned in Individual category.*
- 4. Power of attorney letter authorizing a person to act on behalf of AOP, duly signed by all members of AOP.*
- 5. Resolution copy to operate AOP bank account at AOP Members meeting.*
- 6. Import and Export Code – if the AOP is going to do export and import business.*
- 7. GST Registration certificate*
- 8. Udyam Registration certificate*
- 9. Source of creation of AOP*
- 10. Other licenses available, if any*

G. Body of Individual (BOI)

- 1. PAN of Body of Individuals*
- 2. Individual BOI members - KYC as mentioned in Individual category.*

3. *Status of Body of Individual – Prove with evidence.*
4. *Import and Export Code – if the Body of Individual is going to do export and import business.*
5. *GST Registration certificate*
6. *Udyam Registration certificate*
7. *Other licenses available, if any*
8. *Source of creation of BOI*

H. Society

1. *Society Registration Certificate*
2. *Society Bye Laws*
3. *Society Members List*
4. *Society Members KYC – As applicable in Individual status stated above.*
5. *PAN – Society*
6. *Import and Export Code – if the Society is going to do export and import business.*
7. *GST Registration certificate*
8. *Udyam Registration certificate*
9. *Other licenses available, if any*

I. Trust

1. *Trust Registration Certificate*
2. *Trust Bye Laws /Deed*
3. *Trust Members List*
4. *Trust Members KYC – As applicable in Individual status stated above.*
5. *PAN – Trust*
6. *Import and Export Code – if the Trust is going to do export and import business.*

7. *GST Registration certificate*
8. *Udyam Registration certificate*
9. *Other licenses available, if any*

J. Non-Resident Indian

1. *KYC as applicable to Individual status stated above.*
2. *Passport copy*
3. *Visa Copy*
4. *Overseas Address Proof*
5. *Bank account details (before attaining NRI Status)*
6. *Person of Indian Origin (PIO) certificate*
7. *Employment Appointment Letter to work abroad, if any*
8. *Business Registration certificates, if NRI is doing the business in abroad.*
9. *If the documents have been signed out of India by NRI, signature must be attested by Embassy officials/ Notary Public (depends on the Laws of foreign country)*
10. *Obtain copies of Passport once in 3 years – to verify the NRI status.*

K. Foreigner

1. *Passport of Foreigner*
2. *Visa certificate of Foreigner*
3. *RBI permission to open the Bank account.*
4. *Certificate issued by Foreigner's bank about the integrity and his /her account details.*
5. *If the documents have been signed out of India by Foreigners, signature must be attested by Embassy officials/ Notary Public (depends on the Laws of foreign country)*
6. *Residential Status Card of Foreigner*

L. Minor Account

1. *Minor – KYC -applicable to Individual status as stated above*
2. *Age Proof Evidence*
3. *Guardian – KYC applicable to Individual Status as stated above.*
4. *Joint Photograph with Minor and Guardian*

M. Legal Heir Account

1. *Death Certificate of the Customer*
2. *Legal Heirship certificate of the Customer*
3. *Legal Heirs – KYC applicable to Individual status as stated above*
4. *Cheque Operation Letter as authorized by all the Legal Heirs*
5. *Consent to continue the account of the deceased customer by the legal heirs – if the account is allowed to be operated.*
6. *Court Order, if any, in case any of the legal heir is a Minor*
7. *Photos of all the Legal Heirs*

N. Nominee Conversion Account

1. *Death certificate of the Customer*
2. *Nominee – KYC as applicable to Individual status stated above.*
3. *Photo/s of Nominees*

O. Government Accounts

1. *Document showing the name of the person to act on behalf of the entity.*
2. *Officially valid documents for proof of identity and address in respect of person holding a power of attorney to transact on its behalf.*
3. *Such documents as may be required by the Bank to establish the legal existence of such entity/juridical person*

Know Your Customer (KYC) Policy

4. *Resolution passed/ Power given by the Higher authorities to the Authorised Person to operate the Bank account.*
5. *Authorised Signatory – KYC details as applicable to individual status*
6. *Photo of the Authorised Signatory*

Internal Control, Inspection and Internal Audit

Internal Control

6.1 The internal control mechanism of any organization refers to the procedures, protocol and documentation standards designed to ensure orderly and efficient conduct of the business, adherence to the management policies, timely preparation and completion of accounting records by safeguarding the assets and interest of the organization and prevention and detection of errors and fraud.

In the present-day banking business in India, the advent of computerization and systemic reliance placed on operations brings in more responsibility on the management to ensure Data accuracy, Data integrity, Data security as a part of the internal control procedures.

6.2 In our country, the internal control mechanism is time tested in the banking industry. A robust system of internal control, internal check and documentation procedures are in vogue in the banking industry. The responsibility of the concurrent auditor would be confined to the substantive and compliance test to ensure adherence to the internal control procedures by the banks. However, it is imperative that the auditor should verify and ensure the efficacy of the system running in the bank / branch. Many a time it is a challenge for the auditor to ensure the accuracy of granular data fed into the system master which drives through the commands of the system and the control framework.

Eg: The data fed into the master for various parameters like rate of interest, interest rest, operational instructions, EMI, initial holiday of repayment; if any, etc. are of high significance in ensuring the internal controls of the banking system in a computerized environment.

6.3 The control functions commence initially from the adherence to the KYC norms. The identity and authenticity of the customers and their credentials including the basic data are of paradigm importance to establish controls in respect of ensuring details of the customer/ person dealing with the bank.

Further, the internal control procedures extend to the following functional areas of a bank:

- Deposits
- Advances
- Support Functions
- Regulatory Compliance
- System Controls
- Housekeeping

Deposits

6.4 The internal controls in respect of accepting deposits are focused on the identification of the depositor and adherence to KYC norms. It is also important that the mode of receipt of deposit, its term and the compliance of the Anti-Money Laundering (AML) regulations should be ensured as a part of internal control procedures.

The following controls are to be ensured by the banker.

- The changes in rate of interest on deposits made from time to time should be properly kept under surveillance.
- Management of *auto renewal command* of Term Deposits should be well designed in the system.
- The system of identification and classification of dormant accounts should be proper.
- The acceptance of cash for making high value term deposits and its allied regulatory framework should be properly kept under control.
- Clearance from the KYC hub for identification of the depositor should be ensured.
- The class of depositor and any incremental interest paid on senior citizen, bank staff etc. should be properly fed to the deposit master.
- The closure of the deposits before maturity which is not properly supported by system for calculation of interest should be documented and authorized.

Advances

6.5 The internal control in respect of advances mainly focuses on documentation and reporting of every activity involved in the process from obtaining application for a loan, till it is sanctioned and disbursed. The various activities involved in the loan process includes:

- Credit Appraisal
- Credit Sanction
- Pre-Sanction Inspection
- Obtaining security documents
- Creation of equitable mortgage (EM), if any
- Disbursement as per the loan delivery regulatory framework
- Post Sanction Inspection
- Credit Monitoring

The loan product and the constitution of the borrower by and large will determine the documentation to be obtained and the checkpoints of internal control.

In the case of non-fund-based advances like bank guarantee, letter of credit, forward booking, etc. the internal control should also ensure the proper exercise of delegated powers of administrative hierarchy. The elimination of expired bank guarantees and letters of credit after the period from the books is an onerous task to be followed meticulously at the branch level.

The internal control framework should encompass a reporting framework to ensure that the credit monitoring process is meticulously followed. Credit monitoring involves continuous follow up and management of recovery of loans. The framework as designed by the RBI in respect of identification and reporting of delinquency of loan accounts and categorization of it under SMA-0, SMA-1, SMA-2 should be followed. The early warning signals of diversion of funds, weakness in account operation, dilution in revenue of borrower, industry and market risk of borrower etc. should be properly addressed as a part of the internal control framework in credit monitoring.

Support Function

6.6 There are many support functions involved in the banking sector to enable seamless functioning. A comprehensive internal control procedure in the following support function should be in Vogue.

- RTGS/ NEFT, Electronic fund transfer mechanism, IMPS, SWIFT, fund, BHIM, UPI, etc.
- ATM/ CDM Services
- Credit cards, debit cards, and gift cards are issued to customers.
- Government business like handling of PF accounts, pension account, etc.
- Balancing of sub ledger and main ledger.
- Internet banking includes Gpay, Paytm.

Regulatory Compliance

6.7 The banking sector in India is set to strict surveillance and monitoring by the Reserve Bank of India. Many reports are required to be submitted to RBI frequently from various perspectives of overall monetary control. The regulatory compliance and internal control are to be interlinked. Any lapse in the timelessness and accuracy of data furnished from the branch to the collating office of the bank for subsequent reporting to RBI will have national importance. The internal controls of the bank are to be more focused on accuracy and timelessness of the submissions of such reports. The periodical reports furnished to RBI from the bank on the basis of figures collated from the branch includes:

- The A1, A2 reports regarding the foreign exchange purchased and sold.
- The Cash Reserve Ratio (CRR) and Security Liquidity Ratio (SLR) reports on demand and time liabilities.
- The NPA reports and the provisions coverage ratio data.
- The cash balance, demand and time liabilities balance etc.
- The pending transaction report under foreign currency for LC/Bills etc.
- XOS reports for import/export/bills/remittance pending at every interval.

System Controls

6.8 In the advent of computerization and reliance placed on the system by the banks, it is important that the internal controls are tamed to protect the data integrity, data security and data process. The system controls can be enumerated as follows.

- The access control mechanism embedded within the system for logical control and outside the system for physical controls should be streamlined.
- The input and output control should be properly designed.
- The authority levels for creation, modification, addition and deletion of data should be designed through a control matrix within the system.
- The exceptional reporting platform should be robust.
- The “*whistleblower*” system should work as desired to ensure efficient management of exceptions/deviations.
- The documentation of transaction vouchers prepared manually and punched into the system should be properly designed and structured to ensure the concept of maker checker, authority level, etc.
- The “range checks” of data should be embedded into the system.
- Proper backup mechanism should be ensured for seamless data flow and Business Continuity Planning (BCP).

The banks by large have all the above controls in place a designed in the CBS platform. The auditor is expected to see the compliance and adherence to the set protocols.

House Keeping

6.9 The various aspects to be covered in the internal control of housekeeping of the branch includes:

- The custody maintenance and use of security stationery like FD receipts, cheque books, DD leaves, stamps, etc.
- Ensure proper safety of assets and computer systems from being misused or abused.

- The upkeep and maintenance of telecommunication and the network cables to protect it from physical damage, tampering, etc.
- The safety aspects include protection from fire and other electrical short circuits, etc.
- Proper availability and functioning of CCTV, fire alarms, emergency alarms, etc.

Inspection

6.10 The inspection process in the banks is structured and regulated by the head office or central office of the bank and as per the strictures of the RBI. The various vertical offices at the head office will concurrently inspect the branch's functioning and monitor the transactions of the branch on a regular basis.

The concurrent inspection in vogue in banking sector includes:

- Foreign exchange transaction by the treasury department.
- Review and renewal of loans by the regional office, zonal office, etc.
- Fixed assets by the premises department.
- Inter-branch reconciliation by the respective department.
- System control by the IT department, etc.

The framework of inspections also includes various control reports, peer to peer inspections, inspection by the regional office and zonal office etc. The Reserve Bank of India also conducts regular inspections at the branch as well as at the head office of the bank every year called the "Annual Financial Inspection (AFI)".

The inspections may be carried out as a regular one or surprise inspection to ensure better discipline to examine the compliance of various policies.

Internal Audit

6.11 The internal audit function of the bank includes:

- Concurrent Audit
- Revenue Audit
- Credit Audit

- Stock and Receivable Audit
- Information System Audit
- Forensic Audit
- Legal Audit
- SNAP Audit

Concurrent Audit

6.12 The Reserve Bank of India issued circular DBS.CO.ARS.No.BC.2/08.91.021/2015-16 dated July 16, 2015 and DBS.CO.ARS.No.BC.01/08.91.021/2019-20 dated September 18, 2019 on Concurrent Audit system. The scope of work to be entrusted to concurrent auditors, coverage of business/branches, etc. is left to the discretion of the head of internal audit of banks, with the due prior approval of the Audit Committee of the Board of Directors (ACB)/Local Management Committee ((LMC) in case of foreign bank branches) of the bank. The RBI has stipulated that all scheduled bank in India should cover 50% of the advances and 50% of the deposit of the bank. The number of branches should also be covered periodically in rotation under the concurrent audit system. The banks are also advised to cover the following specific types of departments/ branch/ offices under concurrent audit.

- High risk rated branches as per RBIA.
- All specialized branches and Large, Very Large, Exceptionally Large, and Mid-Corporate Branches.
- Treasury branches covering international and domestic treasury operations.
- Critical head office departments.

The concurrent audit as the name indicates aims at concurrent verification, prevention and detection of error frauds. The efficiency of the concurrent audit is monitored by the head office inspection department and RBI on a regular basis.

It is aimed that shortening the interval between occurrence of the transaction and verification/examination of the same by the independent person.

Revenue Audit

6.13 The audit focuses on the Income and Expenditure of the banks with special thrust to income and expenditure of banking business like interest on deposits, interest on advances, processing charges, inspection charges, folio charges, cheque book charges etc. The scope of revenue audit at present is diluted as the majority of income and expenditure of banks are system driven through CBS platform without any manual intervention. However, in exceptional situations like waiver of charges, reduction of interest rates, charging of penal interest, collection of lockers rent, etc. even now holds live to increase the scope of revenue audits.

Credit Audit

6.14 The RBI vide circular no. (RBI/2014-15/18UBD.CO.BPD.(PCB).MC.No.9/12.05.001/2014-15 dated July 1, 2014 and Master Circular UBD.BPD.(PCB).MC.No.9/12.05.001/2013-14 dated July 1, 2013 has stipulated that the bank should frame a policy for conduct of a credit audit on every large exposure. The credit audit covers the exposure and the loans sanctioned to borrower or group of borrowers to ensure compliance of procedures including documentation of sanction and disbursement of the loans are in order. The credit audit also encompasses the comprehensive and critical analysis of the risk factors of a particular exposure including credit risk, market risk, operational risk.

Stocks and Receivable Audit

6.15 This audit is introduced to verify and ensure that the availability and value of stock offered as primary security against the loans are correct and enforceable. The elaborate comments and nuances on stock and receivable audit are given in a separate chapter in this Manual.

Risk Based Internal Audit (RBIA)

6.16 The RBI vide circular no. RBI/2020-21/88 Ref.No.DoS.CO.PPG./SEC.05/11.01.005/2020-21 dated February 03, 2021 has introduced the concept of Risk Based Internal Audit to ensure a reasonable assurance about the risk management and control framework of banking operations. The effectiveness of implementation and adherence to the risk management policies will be focused on this audit. The RBIA report would throw light to the top management and the Boards of the banks for taking appropriate

decisions. The RBIA is concluded with awarding a risk rating to the branch which will act as the synopsis of the overall risk standing of the branch.

Information System Audit

6.17 This audit focus on the efficiency of policy and procedures involved in the functioning of various hardware, software and telecommunication networks in the banking operations. This covers the technical aspects of data traffic, bandwidth management, logical controls, access controls etc. This is a specialized function to be conducted by experts having distinct knowledge and expertise in IS audit.

Forensic Audit

6.18 Forensic audit refers to in-depth verification of financial records aiming at the origination and creation, authorization and modification of any data by any individual or group of people with a preconceived objective of detecting frauds and errors. Forensic audit is more done to establish the legal background of consolidating the proof and documents to be produced before any court of law to substantiate the evidential value. Mostly forensic audit is conducted in the event of fraud, embezzlement or any financial misappropriation. This audit is also conducted by distinct people having experience in the field.

Legal Audit

6.19 The RBI vide circular no.2012-13/524/DBS.FrMC.BC.No. 7/23.04.001/2012-13 dated July 07, 2013 has directed the banks to frame a policy to conduct a separate legal audit on all documents and title deeds by legal experts, to ensure the availability, adherence, compliance, sufficiency, legality of the documents obtained against the loan exposure above 5 Cr. The legal audit will cover the comprehensive analysis of all documents connected to a loan sanctioned. This is aimed at protecting the interest of the banks as a lender in the event of initiating legal action to recover the loans by enforcement of the securities offered. The legal audit should be conducted after the sanction and at every renewal of the exposure. The periodical verification and analysis of documents also is covered in the legal audit.

SNAP Audit

6.20 This refers to verification of certain specific transactions, aspects or documents for the understanding of its sanctity for the top management to take appropriate decisions on any lending proposals.

PART II

Domain of Concurrent Audit

Evolution and General Guidelines of Concurrent Audit

Introduction

1.1 Evolution of concurrent audit in banks may be explained as follows:

- (i) Reserve Bank of India vide its Circular of October 1993 introduced the system of Concurrent Audit.
- (ii) Initially it was in existence for Large and exceptional Large Branches.
- (iii) This measure of the Reserve Bank of India (RBI) arose out of the recommendations of the *Ghosh Committee on frauds and Malpractices in Banks*.
- (iv) In its said circular, the banking regulator explained concurrent audit as being “an examination which is contemporaneous with the occurrence of transactions or is carried out as near thereto as possible. It attempts to shorten the interval between a transaction and its examination by an independent person.”
- (v) The primary objective of the introduction of a formal system of concurrent audits in banks was to serve as an administrative support to branches.
- (vi) The RBI circular also clarified that concurrent audit is essentially a management process.
- (vii) The importance of concurrent audit was highlighted by the banking regulator as being essential for:
 - Sound internal accounting functions.
 - Effective controls.
 - Setting the tone for vigilance internal audit to preclude incidence of serious errors and fraudulent manipulations.

1.2 Subsequently, a working group was set up by RBI under the Chairmanship of Shri Jilani, (the then Chairman, Punjab National Bank) to review internal control, inspection and audit system in banks.

Further, some of the Public Sector Banks had also sought additional guidelines on the scope of the system, coverage, reporting procedures, remuneration payable to concurrent auditor, etc. Accordingly, RBI, in consultation with the Audit Sub-Committee of the Board for Financial Supervision, revised the guidelines vide its circular dated 14th August 1996.

RBI issued another circular on 12th August 1997 in connection with Concurrent Audit System –Foreign Exchange Transactions - Enlargement of scope.

1.3 The RBI in its circular “*Concurrent Audit System in Commercial Banks– Revision of RBI’s Guidelines*” issued in the month of July 2015 felt that in view of the changes in banks’ organizational structure, business models, use of technology (implementation of Core Banking Solution), etc., a need is felt to have a look at the concurrent audit system in the banking sector.

Since the concurrent audit system is regarded as part of a bank's early warning system to ensure timely detection of irregularities and lapses, which also helps in preventing fraudulent transactions at branches, the bank's management may continue to bestow serious attention to the implementation of various aspects of the system such as selection of branches/coverage of business operations, appointment of auditors, appropriate reporting procedures, follow-up/rectification processes and utilization of the feedback from the system for appropriate and quick management decisions.

1.4 The above-mentioned RBI Circular on concurrent audit specifies the following with respect to appointment of auditors and accountability:

- (i) The option to consider whether concurrent audit should be done by bank's own staff or external auditors (which may include retired staff of its own bank) is left to the discretion of individual banks.
- (ii) Appointment of an external audit firm may be initially for one year and extended upto three years, after which an auditor could be shifted to another branch subject to satisfactory performance.
- (iii) If external firms are appointed and any serious acts of omission or commission are noticed in their working, their appointments may be cancelled, and the fact may be reported to RBI & ICAI.

Evolution and General Guidelines of Concurrent Audit

1.5 The aforesaid RBI circular lays down that it has been represented that concurrent audit is not often effective because adequate facilities in terms of space, availability of records, etc. are not available. To improve the effectiveness of concurrent audit, it is suggested that:

- (i) banks arrange for an initial and periodical familiarization process both for the bank's own staff when entrusted with the concurrent audit and for the auditors appointed for the purpose.
- (ii) all relevant internal guidelines/circulars/important references as well as relevant circulars issued by RBI/SEBI and other regulating bodies should be made available to the concurrent auditors on an on-going basis.
- (iii) Regular and timely submission of audit data including system generated reports is a key for the success of Concurrent Audit in Banks.

Note: RBI has issued another circular vide No RBI/2019-20/64 DBS.CO.ARS.No.BC.01/08.91.021/2019-20 dt 18.09.2019.

RBI has withdrawn Concurrent audit circular which it has issued vide No RBI/2015-16/133 DBS.CO.ARS.NO.BC 2/08.91.021/2015-16 dt 16.07.2015 with effect from 16.11.2021.

Scope of Concurrent Audit

1.6 Scope of concurrent audit as defined in the RBI Circular is as follows:

- (i) The Concurrent audit is an examination which is contemporaneous with the occurrence of transactions or is carried out as near thereto as possible.

(That means as an when transactions carried out by the Bank/Branch, the same has to be checked immediately without any delay.)

- (ii) It attempts to shorten the interval between a transaction and its examination by an independent person. There is an emphasis in favour of substantive checking in key areas rather than test checking.

(Concurrent Auditor has to do 100% checking of bank transactions or carry out the checking as per the appointment letter and Test checking of transactions are not permitted or not to be carried out during Concurrent audit of Banks.)

- (iii) This audit is essentially a management process integral to the establishment of sound internal accounting functions and effective controls and setting the tone for a vigilant internal audit to preclude the incidence of serious errors and fraudulent manipulations.

(Concurrent audit is helpful to find the serious errors and fraudulent manipulations that will be there in a Bank.)

- (iv) A concurrent auditor may not sit in judgment of the decisions taken by a branch manager or an authorized official. This is beyond the scope of concurrent audit. However, the audit will necessarily have to see whether the transactions or decisions are within the policy parameters laid down by the Head Office, they do not violate the instructions or policy prescriptions of the RBI, and that they are within the delegated authority.

(Concurrent auditor is not supposed to disturb the Branch manager by way of audit and whatever and wherever the Branch manager deviate from the Bank HO norms, he must cover those deviations and report. A concurrent auditor is there to help the branch to carry out the daily transactions smoothly.)

- (v) In very large branches, which have different divisions dealing with specific activities, concurrent audit is a means to the in-charge of the branch to ensure on an ongoing basis that the different divisions function within laid down parameters and procedures.

Coverage of Business/ Branches

1. In view of significant developments in the banking sector during the past decade, it is required that new areas posing risk may be brought under the purview of concurrent audit. It is the duty of the Concurrent auditor/Banks to identify the new areas of risks in Banks.

2. A large number of activities/ operations are being carried out in a centralized manner at various units set up for that purpose and the scale of transactions/ operations undertaken at these units is large.

3. With a view to ensuring that the functioning of these units is as per the internal as well as regulatory guidelines and mitigating the risk associated with large-scale operations, such non-branch units may be brought under the purview of concurrent audit. Hence the scope of concurrent audit is more

Evolution and General Guidelines of Concurrent Audit

nowadays and exhaustive. All the Concurrent auditors must know the technique of doing concurrent audit with full Bank audit Knowledge.

1.7 While selecting the branches for concurrent audit: (from banker side)

- (i) The risk profile of the branches needs to be considered. The branches with high risk are to be subjected to concurrent audit irrespective of their business size.
- (ii) Further, all specialized branches viz. may be covered under concurrent audit:
 - Agri, SME,
 - Corporate,
 - Retail Assets,
 - Portfolio Management,
 - Treasury Operations
 - Forex Transactions
 - Funds Department
 - Asset Reconstruction Branches
 - Back Office, etc.
- (iii) Certain areas where risk has reduced on account of computerization, implementation of core banking system may be excluded from the purview of concurrent audit.
- (iv) Nowadays the scope of Concurrent audit is more due to the extensive introduction of CBS operations. There is lot of scope for misuse of the CBS environment.

1.8 The following branches, business activities/verticals of a bank may be subject to concurrent audit:

- (i) Branches rated as high risk or above in the last Risk Based Internal Audit (RBIA) or serious deficiencies found in Internal Audit.
- (ii) All specialized branches like, Large Corporate, Mid Corporate, exceptionally large/very large branches (ELBs/VLBs), SME.
- (iii) All Centralized Processing Units like:

Manual on Concurrent Audit of Banks

- Loan Processing Units (LPUs)
 - Service branches
 - Centralized account opening divisions, etc.
- (iv) Any specialized activities such as wealth management, portfolio management services, Card Products Division, etc
- (v) Data Centres
- (vi) Treasury/ branches handling foreign exchange business.
- (vii) Investment banking
- (viii) Bigger overseas branches
- (ix) Critical Head Office Departments
- (x) Regional /Zonal Offices (in few banks they are conducting Concurrent Audit)
- (xi) Chest Branch
- (xii) Loan Management Branches
- (xiii) Loan Recovery Division Branches
- (xiv) Any other branches or departments where, in the opinion of the bank, concurrent audit is desirable.
- (xv) Concurrent audit at branches should cover at least 50% of the advances and 50% of deposits of a bank.

Types of Activities to be Covered

1.9 Revised RBI circular on concurrent audit specifies following types of activities to be covered under concurrent audit:

- (i) The main role of concurrent audit is to supplement the efforts of the bank in carrying out simultaneous internal check of the transactions and other verifications and compliance with the procedures laid down.
- (ii) The scope of concurrent audit should be wide enough/focused to cover certain fraud - prone areas, such as, handling of cash, deposits, advances, foreign exchange business, off-balance sheet items, credit-card business, internet banking, etc.
- (iii) The detailed scope of the concurrent audit should be clearly and

uniformly determined for the bank as a whole by the bank's Inspection and Audit Department in consultation with the bank's Audit Committee of the Board of Directors (ACB).

- (iv) In determining the scope, importance should be given to checking high-risk transactions having large financial implications as opposed to transactions involving small amounts.
- (v) While the detailed scope of concurrent audit may be determined and approved by ACB. Besides, the items where RBI has specifically advised the banks to be covered under concurrent audit, may also be part of the checklist of the concurrent auditor.

Preparation of Audit Programme

1.10 Following points are required to be kept in mind by concurrent auditor while preparing audit program:

- (i) The concurrent auditor should also prepare a formal concurrent audit programme listing the procedures essential for meeting the objective of the concurrent audit plan.
- (ii) This audit programme should be prepared in such a manner to cover the entire audit and easily modifiable to the needs of the Bank audit.
- (iii) This audit programme must be discussed with the entire audit team of the Concurrent auditor and explained to the audit staff. The audit staff must understand the techniques and issues of audit programme in advance, so that the Concurrent audit will be carried out in a successful manner.
- (iv) Though the form and content of the audit programme and the extent of its details would vary with the circumstances of each case, yet the concurrent audit programme should be so designed as to achieve the objectives of the engagement and also provide assurance that the concurrent audit is carried out in accordance with the Standards on Internal Audit issued by institute of Chartered Accountants of India.

1.11 The concurrent audit programme identifies, in appropriate details, the objectives of the concurrent audit in respect of each area, the procedures to be performed to achieve those objectives, the staff responsible for carrying out the particular activity, the time allocated to each activity as also the sufficiently detailed instruction to the staff as to how to carry out those

procedures.

- The concurrent audit programme may also have provision for information, such as, the procedures actually performed, reasons for not performing the originally identified procedures, actual time consumed in carrying out the relevant procedure, reasons for deviations from budgeted time, etc.
- A well-prepared, comprehensive audit programme helps proper execution of the work as well as of the proper supervision, direction and control of the performance of the engagement team.

Audit Planning and Documentation

1.12 The concurrent auditor should document matters which are important in providing evidence that the concurrent audit was carried out in accordance with the basic principles of an audit and as per terms of reference. The Institute has also issued Standard on Internal Audit (SIA) 330, *Internal Audit Documentation*. This should also be referred for the purpose.

1.13 The concurrent auditor should record the audit plan as per the checklist and the format of audit report given by the respective bank's circulars, terms of engagement, scope of work, etc., and the engagement letter should also be taken into consideration in this regard.

1.14 The Concurrent Auditor may keep in mind following points while documenting working papers:

- (i) The concurrent auditor should keep all the working papers on record which are used in finalizing the reports.
- (ii) Keeping working papers will definitely help the Concurrent auditor from lot of Technical issues and facing the Code of Ethics, if any, .
- (iii) The following papers can be kept in permanent audit file:
 - Letter of engagement, undertaking/comment by the firm to the bank.
 - Detailed list of all the decisions taken with Notes on record
 - Audit checklist
 - Information regarding branch business, data, nodal officer, status of branch, whether computerized/parallel category of branch, etc.

Evolution and General Guidelines of Concurrent Audit

- Performance of monthly, quarterly, annual report revenue report.
- Correspondence with the bank for any matter.

1.15 Similarly, the current audit file may include all other papers relevant to the concurrent audit, for example:

- Branch Audit Programme.
- Branch's statement as on the data of the report on which basis it is prepared.
- Periodic correspondence with the concerned departmental officer.
- Irregularities intimated to the Controlling Officer.
- Discussion of the audit report.
- Particulars of big borrowers, depositors, etc.
- Circulars received from head office of the audited bank.

It is necessary for the auditor to record his observations in an appropriate record and bring them to the notice of concerned official of the Bank.

An auditor's observation has to be reported immediately if the observation is very important and will definitely bring losses to the Bank. The report must be made to the "Reporting authority" as mentioned in the Appointment letter.

Relative Importance to Different Areas

- (i) The purpose of concurrent audit is substantive checking in key areas with the appropriate design of audit sampling.
- (ii) The concurrent auditor, normally, goes through the vouchers and other books of the branch of the previous day and identifies areas to be scrutinized in detail.
- (iii) But the checking of voucher days will be clearly mentioned in the Appointment letter. Sometimes few banks give the voucher checking within a period of one week. Hence the auditors have to go through the appointment letter with reference to the voucher checking.
- (iv) In case the volume of transaction and deposit/advances at the branch are heavy and it is not possible to conduct 100 percent checking the next day, the concurrent auditor may concentrate on high value transactions having material financial implications for the Bank rather

than those involving lesser amount but having no material financial impact on the bank.

But this selection of voucher checking depends of high value transactions must be clearly mentioned in the Appointment letter or the auditor has to get the approval from the Appointing authority, otherwise the auditor has to do 100% voucher checking.

In any case, the examination of all transactions as per prescribed norms should be done. Generally, the following guidelines may be followed:

- (i) The concurrent auditor would examine the workings of each department and identify problem areas and loopholes.
- (ii) The concurrent auditor would observe that necessary compliance of the prescribed systems and procedures is done in the branch.
- (iii) The concurrent auditor should indicate the extent of checking of various areas in his report.
- (iv) If the same is not given in the format in which the report is to be submitted, reference of this fact may be made in covering letter of the report.

Frequency of Checking Different Items

- (i) The frequency of checking of different items by the concurrent auditor depend on factors, such as, the guidelines given by the bank in the scope of work, circulars issued by the RBI from time to time, etc.
- (ii) A concurrent auditor needs to devise his own strategy/timeframe covering all the areas.
- (iii) For this purpose, the auditor would need to first identify the areas at the branch which need greater attention, the areas which are to be regularly monitored, the items which are to be checked daily, and the items which may be checked less frequently.
- (iv) This checking of Frequency of different items must be included in the Concurrent Audit Programme, which must be based on the instructions given at the Appointment Letter issued by the Bank's Head office.

Evolution and General Guidelines of Concurrent Audit

The concurrent auditor would also need to go through the previous reports such as:

1. The statutory audit reports.
2. Internal inspection reports
3. RBI inspection reports
4. Stock audit report and
5. Concurrent audit reports of the branch as well for this purpose. Illustrative checklist is given in Part III of this Manual.
6. Apart from the above Checklist the Concurrent auditor has to call for the following reports to arrive at his “reporting” finalization:
 - Revenue Audit Report
 - System Audit Report
 - NPA Audit Report
 - Jewel Loan Verification Report
 - Housing Loan Verification Report
 - Subsidy Verification Report, etc.

Focus of Concurrent Audit

- (a) The main study is not only restricted to regular checking but includes checking of “Fraudulent Transactions”.
- (b) A study of the *modus operandi* of the fraudulent transactions, generally, indicates that the processing of transactions is done without adhering to the systems and procedures.
- (c) This permits an unscrupulous person to misuse the procedures of the bank and undertake fraudulent transactions, which remains unnoticed for a long time. Concurrent Auditor would, therefore, need to focus on adherence to laid down systems and procedures and safeguards.
- (d) The Auditor needs to conduct this independent assessment of audit risk *vis-a-vis* the internal control in the branch while finalizing the audit programme.

Maintenance of Appropriate Record

- (i) As a Concurrent auditor, first he/she has to prepare the Main records to be verified and he has to confirm whether the same has been verified by him or not as per the audit programme.
- (ii) In order to keep correspondence between the branch in charge and the concurrent auditor under control, instead of daily/weekly reports, the concurrent auditor may maintain a record of his observations, duly countersigned by the bank official in the earliest possible period.
- (iii) The recording should be made on a daily basis with date with suitable column for recording rectification/removal.
- (iv) The record preferably remains in the custody of the incumbent in-charge with a copy to concurrent auditor.

Various items to be, normally, recorded are given below:

Date	Irregularity Observed	Initial/authorization of Concurrent Auditor	Initial of Bank Official

How Irregularity Was Rectified	Date of Rectification	Initial/ Authorization of Concurrent Auditor	Initial of Bank Official

The record should be made available to the officer in charge of the controlling office or their representatives as and when they visit the branch to apprise them of the state of working of the branch, removal/rectification of irregularities by the branch, compliance of systems and procedures by the branch.

Reporting System

- (i) The bank may devise a reporting system and periodicity of various check list items as per its sensitivity.

Evolution and General Guidelines of Concurrent Audit

- (ii) Minor irregularities pointed out by the concurrent auditors are to be rectified on the spot.
- (iii) Serious irregularities should be straightaway reported to the Controlling Offices/Head Offices for immediate action.
- (iv) The concurrent auditor would have asked some details/ records to be produced by the Banker and the banker has refused to produce / not produce the same for some other reasons. These facts must also be included in the Reporting system by the Branch Concurrent Auditor
- (v) Whenever fraudulent transactions are detected, they should immediately be reported to Inspection and Audit Department (Head Office) as also to the Chief Vigilance Officer as well as Branch Managers concerned (unless the branch manager is involved).
- (vi) Sometimes as per the Appointment letter, those detected fraudulent transactions have to be reported to RBI and the Concurrent auditor has to report the same to RBI. But it is advised that the Concurrent auditor must have the base records and evidence on his record before reporting the Fraudulent Transaction to Bank as well as RBI.
- (vii) It is to be noted that the Concurrent Auditor has to report the Fraudulent transactions only to those persons' names mentioned in the Appointment letter / RBI Guidelines / Banks' Circulars. In any situation the details of Fraudulent Transactions should not be revealed to anyone, otherwise the Concurrent auditor is held responsible by Bankers, as he has signed "Declaration of Fidelity and Secrecy" at the time of acceptance of audit.
- (viii) A special report may be submitted by the concurrent auditor in situations of any serious irregularity/ frauds, etc. In such cases, the concurrent auditor should get in touch with the higher authorities at the earliest besides sending a special report/flash report to the higher authorities, explaining the findings of the case.
- (ix) The issue needs to be discussed with the Branch manager and his feedback/ views to be mentioned in his special report:
 - (a) There should be proper reporting of the findings of the concurrent auditors. For this purpose, each bank should prepare a structured format.

- (b) The major deficiencies/aberrations noticed during concurrent audit should be highlighted in a special note and given immediately to the bank's branch controlling offices.
- (c) A quarterly review containing important features brought out during concurrent audits should be placed before the ACB.
- (d) Follow-up action on the concurrent audit reports should be given high priority by the Controlling Office/Inspection and Audit Department and rectification of the features done without any loss of time.

Removal of Irregularities

- (i) To supplement the process of removal/rectification of irregularities in the earliest possible period, the concurrent auditor will bring his finding of the irregularities/ deficiencies/discrepancies to the notice of the branch officials.
- (ii) The outstanding deficiencies/irregularities need to be discussed with branch officials and their viewpoints also need to be reflected.
- (iii) The concurrent auditor should maintain an appropriate record of the irregularities observed as well as the discussions held with the branch officials.
- (iv) Pending irregularities not rectified would be included in the final report of the concurrent auditor.
- (v) Concurrent Auditor should not leave any irregularities, whether it is material or not, and cover the same in his report.
- (vi) Even the Rectified irregularities should also be covered in his report as:
 - The irregularity of transactions pointed out (list the same) by the Concurrent auditor have been rectified by the Branch and the view of Concurrent auditor should also be recorded.
- (vii) Materiality of the spending irregularities should be clearly spelt out in the final report.
- (viii) The Controlling Officer's view on these final queries should also be noted down.
- (ix) The irregularities pointed out in the previous monthly/quarterly

Evolution and General Guidelines of Concurrent Audit

concurrent audit reports may be dropped by the concurrent auditor with proper disclosure if the same have been rectified.

- (x) The concurrent auditor should get the guidelines implemented in respect of following sensitive areas on priority basis to avoid the occurrence of these irregularities:
- Morning checking, i.e., checking of all computers generated supplementary, checksum generation checking, previous day's G.L. Day Book, Exceptional Transaction Report, Day beginning by System Administrator as per Computer Manual, etc.
 - Teller's reconciliation.
 - Custody, checking and use of scrutiny forms.
 - Safekeeping of AOF's, ledgers, teller cards, etc.
 - Use of password by the password holder himself and initialling each entry in Audit Trail/Transactions list by, the password holder, and the same appears in the printout.
 - Post sanction and periodic verification of securities.
 - Correct provisioning of interest on deposits and advances and proper maintenance of the Interest Register.
 - Certain irregularities, like, excess cash, suspense entries, defects in AOF checking, bills, insurances, etc.
 - Cash Ratio limit in terms of percentage and/or amount is fixed by the higher authorities.
 - Cash in excess of Cash Retention Limit and production of Branch Insurance Policy evidence should also be covered in his report.
 - Variations, if any, should be reported by the concurrent auditor.
 - The concurrent auditor should, however, permit a reasonable time for the completion of the formalities.
 - In case the branch officials do not co-operate in rectification of the irregularities, the concurrent auditor may contact/ write to the higher authorities. It is better to avoid "oral" discussion in this matter.

Minimum Audit Programme for Concurrent Audit

1.16 The following is List of Minimum Audit Programme for Concurrent Audit which is prepared based on RBI Circular “Concurrent Audit System in Commercial Banks as well as the with the other practical experiences/exposures:

A. Cash transactions –Verify

- (i) Surprise physical verification of cash at branch and ATM along with safekeeping and custody.
- (ii) Cash verification (can be carried out) at the Opening Hours of the Branch Transactions or Closing Hours of the branch transactions or During/Mid the Hours of branch transactions.
- (iii) Daily cash transactions, particularly any abnormal receipts and payments.
- (iv) Surprise verification of cash by an officer other than the joint custodian.
- (v) Proper accounting of and availability of insurance cover for inward and outward cash remittances.
- (vi) Accounting of currency chest transactions and delays/omission in reporting to RBI.
- (vii) Reporting of Counterfeit Currency.
- (viii) All cash transactions of Rs. 10 lakh and above reported in CTR.
- (ix) That all cash transaction of Rs. 50,000 and above invariably indicate Pan No./Form 60.
- (x) Key Movement Register Transactions
- (xi) ATM Cash Complaint Register and its rectification.

B. Clearing transactions –Verify

- (i) Reconciliation with bank’s account at Clearing House and review of old outstanding entries for reconciliation.
- (ii) Drawings allowed against uncleared instruments - sanction by the controlling authority.
- (iii) Reconciliation of “Clearing Fund Loan Transactions” in the Clearing Transaction between the Banks.

C. Remittances/ Bills for Collection –Verify

- (i) Remittance of funds by way of DDs/TTs/MTs/TC/NEFT/RTGS any other mode in cash exceeding the prescribed limit.
- (ii) Documents of title (lorry receipts, railway receipts, etc.) obtained in favour of the bank and the concerned transporters are on the IBA approved list.
- (iii) Outstanding balance in DP and other transit accounts pending payment beyond prescribed period.

D. Deposits –Verify

- (i) Adherence to KYC/AML guidelines in opening of fresh accounts and monitoring of transactions in such accounts.
- (ii) Large term deposits received and repaid including checking of repayment of term deposit in cash beyond permissible limit.
- (iii) Accounts opened and closed within a short span of time i.e., accounts with quick mortality.
- (iv) Activation and operations in inoperative accounts.
- (v) Value dated transactions.
- (vi) Settlement of claims of deceased customers and payment of TDRs against lost receipts and obtention of indemnities, etc.
- (vii) To check revival of dormant accounts and accounts with minimum activities
- (viii) Examination of multiple credits to single accounts.
- (ix) The Deposit money transferred to HO account from the Inoperative accounts.

E. Treasury operations –Verify

- (i) Whether branch has acted within HO instructions for purchase and sale of securities.
- (ii) Periodic confirmation of Derivative contracts with counterparties.
- (iii) Adherence to regulatory guidelines with respect to Treasury deals/structured deals.

Manual on Concurrent Audit of Banks

- (iv) Controls around deal modification/cancellation/deletion, wherever applicable.
- (v) Cancellation of forward contracts and passing/recovery of exchange gain/loss.
- (vi) Gaps and OPL maintained in different currencies vis-à-vis prescribed limit for the same.
- (vii) Reconciliation of Nostro and Vostro accounts balances in Nostro accounts in different foreign currencies are within the limits prescribed by the bank.
- (viii) Collection of underlying documents for Derivative & Forward contracts. Delays, if any
- (ix) Instances of booking and cancellation of forward contracts with the same counter party within a span of couple of days or a few days.
- (x) Sample check some of the deals and comment on the correctness of computation.
- (xi) Checking of application money, reconciliation of SGL account, compliance to RBI norms.
- (xii) Checking of custody of unused BR Forms and their utilization in terms of Master Circular on Prudential Norms on Classification, Valuation and Operations of Investment Portfolio by banks.
- (xiii) To ensure that the treasury operations of the bank have been conducted in accordance with the instructions issued by the RBI from time to time.

F. Loans & Advances-Verify

- (i) (Report Bills/cheques purchased, if in accommodation bills.
- (ii) Proper follow-up of overdue bills purchased/discounted/ negotiated.
- (iii) Fresh loans and advances (including staff advances) have been sanctioned properly and in accordance with delegated authority.
- (iv) Reporting of instances of exceeding delegated powers to controlling/head office by the branch and have been confirmed or ratified by the competent authority.
- (v) Securities and documents have been received as applicable to loan.

Evolution and General Guidelines of Concurrent Audit

- (vi) Securities have been properly charged/ registered and valued by competent person. Whether the same has been entered in the bank's system.
- (vii) All conditions of sanction have been complied with.
- (viii) Master data relating to limit, rate of interest, EMI, moratorium period details have been correctly entered and updated/modified in the system.
- (ix) Value dated entries passed in advances accounts.
- (x) Post disbursement supervision and follow-up is proper, such as timely receipt of stock and book debt statements, QIS data, analysis of financial data submitted by borrower, verification of securities by third parties, renewal of limits, insurance, etc.
- (xi) Whether there is any misutilisation of the loans and whether there are instances indicative of diversion of funds.
- (xii) Compliance of prudential norms on income recognition, asset classification and provisioning pertaining to advances.
- (xiii) Whether monthly updating of drawing power in the computer system on the basis of stock statements/book debt statement/ other financial data received from the borrowers.
- (xiv) Recovery in compromise cases is in accordance with the terms and conditions of the compromise agreement.
- (xv) To check review and renewal of loans.
- (xvi) Creation Charge Creation (in case of companies)
- (xvii) Creation of Memorandum of Deposit of Title Deeds
(MODT creation requirement varies from State To State)

G. LC/BG –Verify

- (i) LC/BG issued/amended as per the approved format/model guarantee prescribed and standard limitation clause incorporated. Whether counter indemnity obtained as prescribed.
- (ii) Any deviation from the terms of sanction in regard to margin, security, purpose, period, beneficiary, collection of charges, commission/fee, etc.

Manual on Concurrent Audit of Banks

- (iii) Whether payment is made to the debit of party's account on due date without creating overdraft/debiting suspense, in case of deferred payment guarantee.
- (iv) Revocation/Matured and not Surrendered / Surrendered and not paid LC/BG.
- (v) Register of LC/BG with updated details.

H. Foreign Exchange Transactions-Verify

- (i) Recovery of charges as per HO Guidelines.
- (ii) Packing credit released, whether backed by LC or confirmed export order.
- (iii) Availability of ECGC cover and compliance with ECGC terms.
- (iv) Submission of statutory returns on export/ import transactions, like BEF statements, XOS, write off of export bills, etc. Follow up of outstanding export bills and exchange control copy of bill of entry.
- (v) Irregularities in opening of new accounts and operation in NRO, FCNR, NRE, EEFC, etc., and debits/credits entries permissible under the rules.
- (vi) Whether operations in FCRA accounts are as permitted by MHA and FCRA guidelines.
- (vii) Booking, utilization, extension and cancellation of forward contracts.
- (viii) All provisions of FEMA,1999 have been complied with Foreign Exchange Transactions

I. House Keeping –Verify

- (i) Exceptional transaction reports are generated and verified by branch staff as prescribed.
- (ii) Review of all balance sheet heads and outstanding entries in accounts, e.g., suspense, sundry and inter-bank accounts. Review of follow up of entries pending for reversal.
- (iii) Scrutiny of daily vouchers with more emphasis on high value transaction including high value expenses and debit entries in Suspense account.
- (iv) Debits in accounts where signatures are pending for scanning.

Evolution and General Guidelines of Concurrent Audit

- (v) Whether records related to KYC/vouchers and other critical areas are sent to specific places like archival centre, record room as per stipulated periodicity.
- (vi) Adherence to KYC/AML guidelines in opening fresh accounts and subsequent modifications of records and monitoring of transaction.
- (vii) Whether the Branch has updated Circulars issued by Bank's Head office / Reserve Bank of India

J. Merchant Banking Business-Verify

- (i) Whether the instructions given by the controlling branch are properly followed where the branch acts as a collecting branch for issue business.
- (ii) Whether daily collection position is advised to the controlling branch.
- (iii) Whether recovery of the commission/fees and out of pocket expenses as agreed with the respective companies and whether the competent authority has duly authorized any waiver or reduction of such charges.
- (iv) Whether the prescribed preventive vigilance measures are observed by the branch.
- (v) Where data entry or data processing work is entrusted to outside agencies, the competent authority duly approves these, and the prescribed stamped indemnity has been obtained from such agencies.
- (vi) Whether dividend interest warrants/refund payment accounts of companies are funded prior to dispatch of the relative warrants by the companies and there is no misuse of the facility.
- (vii) Whether Claims for reimbursement of amounts of paid warrants received from paying branches are processed and debited to the concerned company's account promptly.
- (viii) Whether charge on security has been created, wherever debenture trustee activity is undertaken by bank.

K. Credit Card/Debit card –Verify

- (i) Application for the issue of credit card has been properly examined and record of issue of the same has been maintained.
- (ii) Whether overdraft/debits arising out of the use of credit cards are promptly recovered and informed to higher authorities.

Manual on Concurrent Audit of Banks

- (iii) Whether undelivered credit cards are properly kept as security items and followed up with credit card department for further instructions.
- (iv) Physical verification of ATM cards, debit cards, credit cards, passwords and PINS, control over issue & delivery, safe keeping and custody at all the locations. Report loss of any such items.
- (v) Complaints Register with reference to Credit Card/ Debit Card.
- (vi) Court cases filed against the Credit card/Debit card holders.

L. Others –Verify

- (i) Compliance of provisions relating to Tax Deducted at Source, service tax, trade tax, other duties and taxes.
- (ii) Physical verification of inventory, control over issue of inventory, safe keeping and custody of security forms. Report any loss of such items.
- (iii) Physical verification of other deliverable items, control over issue, safe keeping and custody.
- (iv) Physical verification of Gold coins, control over issue, safe keeping and custody. Checking of Gold sale transactions.
- (v) Custody and movement of branch keys.
- (vi) Locker keys and locker operations-linking of FDR as security for locker/operation of locker/inoperative lockers/ nomination/other issues.
- (vii) Safe custody of branch documents like death claim cases, issuance of duplicate DD/PO/FDR, checking of indemnities, etc. and verification of documents executed during the period under audit.
- (viii) Reporting of frauds and its latest update position
- (ix) Administrative Records and Registers of Staff

Chapter 2

Concurrent Audit Universe

2.1 The concurrent auditor may scrutinize certain daily transaction of the branch, as per terms of the Bank and in absence of any specific guidelines, on the same day and certain others on the next working day. He may scrutinize certain items at periodical intervals and other lesser important items on any day of the month maintaining random sampling and surprise element. The concurrent auditor is, normally, required to carry out audit of transaction based on daily vouchers, general ledger balance book, subsidiary books, and ledgers.

Note: This verification of voucher intervals has to clearly spelt out in the Appointment letter. If it is not there, Concurrent auditor has to depend on the Bank's Concurrent Audit Manual and to the verification as stated in the manual. Even if it is not there, the Concurrent Auditor can write to Bank's Appointing Authority and get the same clearly clarified. This will solve lot of issues towards your verification.

2.2 To facilitate the work of a concurrent auditor and ensure that he/they doesn't miss any important aspect, the checklist for audit is prepared according to the size of the branch by the auditor himself in accordance with the guidelines and instructions of the Bank. This checklist is however, normally, given by each Bank and is to be followed by the Concurrent Auditor. For preparing this checklist, one of the approaches followed is to prepare it based on items to be verified on daily basis, weekly basis, fortnightly basis, monthly basis, quarterly basis, half yearly basis and yearly basis.

Without preparing the Checklist, Concurrent auditor should not do the audit. The same Check list has to be updated at least once in a quarter by the Concurrent Auditor, which is based on Bank's circulars and other information received from other sources.

2.3 The various items of banking transaction/services to be verified are as follows:

Deposits

2.4 One of the main sources of bank finance is the deposits accepted from

public. To cater to the needs of various types of customers, banks offer different types of accounts with various facilities attached to these accounts.

The Bank accounts are broadly classified into the following categories:

- (i) Savings Deposit
- (ii) Current Deposit
- (iii) Fixed Deposit
- (iv) Recurring Deposit
- (v) Saving cum fixed deposit/Swift A/C
- (vi) Non-resident Account; etc

Savings Deposit Account

The Savings Deposit Accounts are opened to attract small savings of the public. The number of withdrawals per year is, normally, restricted. A Savings Deposit cannot be opened by any trading or business concern, whether it may be individual, or partnership concern, etc. A bank may open savings deposit account for the primary cooperative credit society which is financed by that Bank, cooperative societies, philanthropic associations and institutions which are exempt from payment of income-tax with the prior permission of the RBI. No overdraft is, normally, allowed on Savings Account, except Pradhan Mantri Jan- Dhan Yojana (PMJDY).

The following Few persons are entitled to open Savings Deposit account in a Bank:

1. An individual in his/her name
2. More than one individual can jointly open Savings account
3. Minor represented by Guardian.
4. A minor himself/ herself provided he/ she attained the age of 14 years.
5. School going Minor Children above the age of 12 years.
6. An Illiterate person.
7. A Blind Person.
8. Clubs, Association (whether registered or not), Charitable and Religious Institution, Trusts, Local Bodies, Primary Cooperative Bank, as permitted by RBI.

Fixed Deposit Account

- Fixed Deposits, named differently by Banks, are the funds kept by the public with the Bank, which are not required immediately and are repayable on demand or on the expiry of term of the deposits.
- The period of deposits may vary from 7 days to 5 years or even more than 5 years.
- The rate of interest varies depending on the period the deposit is kept and certain other parameters as decided by the banks, like, Senior Citizens/ retired staff.
- However, the benefit shall not accrue to staff other than retired/ superannuated unless the bank specifically mentions.
- Sometimes large value deposits are given special rate of interest by the banks, but interest rate can be fixed based on Bank's Head office directives.
- Premature of Deposits are also allowed in case of Fixed Deposits.

Classification of Deposits

For the purposes of the disclosures in the Balance Sheet, the RBI classifies the deposits accepted by Bank into following categories, namely:

- I. Demand Deposits
- II. Savings Bank Deposits
- III. Term Deposits

I. Demand Deposits

- (i) From Banks Includes all Bank deposits repayable on demand.
- (ii) From Others Includes all demand deposits of the non-Bank sector. Credit balances in overdrafts, cash credit accounts, deposits payable at call, overdue deposits current accounts whether inoperative or not, matured term deposits, and cash certificates, certificates of deposits, etc. are to be included under this category.

II. Savings Bank Deposits

Includes all savings Bank deposits (including inoperative savings Bank accounts).

III. Term Deposits

- (i) From Banks Includes all types of Bank deposits repayable after a specified term.
- (ii) From Others Includes all types of deposits of the non-Bank sector repayable after a specified term. Fixed Deposits, cumulative and recurring deposits, cash certificates, certificates of deposits, annuity deposits, deposits mobilized under various Term based schemes, foreign currency non-resident deposit accounts, etc. are to be included under this category.

Notes:

Deposits included under demand deposits as per RBI classification are:

- (i) Credit balance in overdrafts and Cash Credit accounts.
- (ii) Deposits payable at call
- (iii) Overdue deposits
- (iv) Inoperative current accounts
- (v) Matured term deposits and cash certificates
- (vi) Certificates of deposits, etc.

The cash credit account would be included if the balance is showing credit balance. The current accounts are also payable on demand. The outstanding demand drafts is also to be included under the demand deposit head.

Term deposits as per the classification would include:

- (i) All deposits repayable after a specified term
- (ii) Fixed deposits
- (iii) Cumulative and recurring deposits
- (iv) Cash certificates
- (v) Certificates of deposits
- (vi) Annuity deposits
- (vii) Deposits mobilized under various schemes.
- (viii) Ordinary staff deposits

- (ix) Foreign currency
- (x) Non-resident deposit accounts, etc.

Advances

2.5 The lending of funds to customers is the main business of a banking company. A bank earns income from the interest and discount, etc. arising out of the funds lent by it. The lending of funds has inherent risks, i.e. the loan or advance may go bad.

Banks, therefore, follow prudential lending principles as prescribed by the Reserve Bank of India and Bank's internal policy guidelines while lending the funds in order to reduce the associated risks.

Various Forms of Credits

The advances made by banks are, normally, in the following forms:

- (i) Cash Credit
- (ii) Overdraft
- (iii) Loans

Cash Credit

- Cash credit is an arrangement between a bank and the customer by which money is advanced against hypothecation of stocks in trade, book debts and a bond of credit by one or more sureties.
- The borrower can reduce the debit balance by paying back surplus available with him and redraw the amount as and when needed.
- The interest is charged on the amount utilized.
- In certain cases, commitment fee is charged for non-utilisation of arrangement as agreed.
- Cash credit is, normally, sanctioned by the bank for a period of one year and is, generally, renewed if the account is operated satisfactorily.
- The cash credit is generally secured by tangible assets.
- The borrower need not withdraw the whole amount and may withdraw the funds as and when required.
- The maximum amount sanctioned depends on the working capital requirements of the borrower.

Manual on Concurrent Audit of Banks

- The interest is charged monthly on the outstanding debit amount to the debit of the borrower's account.
- The asset created out of Cash Credit account is called as "Primary Security" and is taken as part of Cash Credit Loan's Security Value.
- Non-renewal of limit will attract Penal Interest till it is renewed.
- Insurance of stocks plays a very vital role in Cash Credit account.
- In Cash Credit Limits, submission of Stock statement and Credit Statement is compulsory to arrive at the Drawing Power.

Overdraft

- The overdraft, unless the nomenclature is used by some Bank for certain type of withdrawals of secured/unsecured type, is a facility given by a bank to the temporary needs of the borrower.
- An overdraft facility is usually sanctioned against securities like shares, stock, bonds, Bank's own fixed deposit receipt, Govt. Securities, like, NSC, life insurance policy (surrender value), immovable property, etc.
- Submission of Stock statement and Debtor Statement can be done once in a year, as per the Sanction terms and conditions, provided the loan is sanctioned for the purpose of business.
- Overdraft Loan is required to be renewed every year, but the renewal of Overdraft depends on the conditions stated in the Sanction Letter.

Loan

- A loan is a lump sum payment to the borrower.
- The borrower can withdraw the amount at once or keep it in his account and withdraw as per his needs.
- The repayment terms are settled in advance, and the same is clearly mentioned in the Sanction Letter

There are Two Types of Loans

- (i) Demand Loan
 - (ii) Term Loan
- A demand loan is repayable over a fixed period.

- A loan which is repayable within 3 years is called a short-term loan.
- Loans repayable within a period of 3 to 5 years are called medium term loans.
- Loans repayable beyond 5 years are long term loans.
- Sometimes loans are disbursed over a period depending on the requirement of the borrower.
- The interest is charged on the amount disbursed as reduced by the repayment, if any, on daily outstanding balances.
- When the loan is disbursed in stages, the end use is generally enquired into before the disbursement of subsequent instalments.
- The repaid amount is not allowed to be redrawn even if it is by way of prepayment.

Loans can be either secured or unsecured.

- An unsecured loan is one for which the bank holds no security other than the personal guarantee of the borrower. Such loans are now an uncommon feature except personal loans.
- A bank also extends term loans for the purpose of purchase of assets.
- The repayment is fixed in advance by way of instalments.
- When only a part of the advance is covered by securities as at the date of balance sheet, that part should be classified as secured and the remaining amount be shown as unsecured.
- Banks do not advance amounts equal to the value of the security but keep appropriate margin to provide for a decline in the value of security.
- RBI also directs from time to time, specified margins to be kept against some particular type of securities like Shares/ items of essential use, etc.

A commercial bank's performance is evaluated mainly on the quality of its housekeeping and proper functioning of its large network of branches. Numerous transactions involving huge sum of money take place every day at bank branches.

The accounts of everyday transactions of a branch are prepared and reconciled every day.

Manual on Concurrent Audit of Banks

Any mistake/wrong accounting leads to enormous representation of true state of affairs of the branch to its controlling/head office. Any mistake in paying interest to the depositors and or realizing interest from the borrower's leads to revenue leakage in the banking sector.

There have been rapid changes in the lending activity undertaken by banks, marked by:

- Deregulation of interest rate.
- IRAC norms, i.e., Income Recognition and Asset Classification.
- Stricter Provisioning and Capital Adequacy norms.
- Introduction of Risk based Management System.
- Lending though Cash Flow System in addition to MPBF System (Maximum Permissible Bank Finance).

In today's banking, the role of a bank can be stated to be three-fold as under:

- (i) To make a proper selection of borrower, who is worthy of bank's assistance, both in terms of commercial principle and as well as the national priority.
- (ii) To ensure that funds lent is safe; and
- (iii) To ensure that good and proper use of bank credit is made by the borrower, judging from two angles - first, bank credit is not pre-empted because of inefficient working capital management, speculative build-up of inventory and secondly, bank credit is not diverted for "unauthorized use".

Undue emphasis of safety of funds, is however, not desired by the banking sector nowadays, since, if the advance is mis-utilized, i.e., used for the purpose' other than the originally intended one, it attracts comments notwithstanding safety of the same.

Safety of advance does not merely depend upon the availability of security of adequate value; it is also based upon continued viability of the enterprise, because, if the enterprise is weak, it is extremely doubtful whether the security would fetch the value originally ascribed to it.

It is quite clear from the foregoing that concept of safety of funds in banks has changed, as it should, because no longer the banker does perform the

role of a moneylender but finances an economic activity and thus security is simply not synonymous with safety.

While discharging the duties of professional assignments entrusted by the banks, the concurrent auditor should, look into the aspect of supervision and follow-up of bank credit in order to protect the interests of the Bank.

The broad aspects which may be looked into are enumerated below:

- (i) To see compliance with the terms and conditions of the sanction (essence of credit audit to be taken into consideration).
- (ii) To undertake physical inspection of godown/ factory, only if specifically desired by the Bank.
- (iii) To observe continued viability of operations.
- (iv) To verify the end use of bank credit.

(A) GENERAL INFORMATION ABOUT TERMS LOANS

a. Term Loan is sanctioned for the following purposes:

- 1. Housing Loans – New House purchase / Construction of House/ Outright Purchase of House/ Amenities
- 2. Purchase of Factory Building
- 3. Construction of Factory Building
- 4. Purchase of Machinery – New / Second Hand
- 5. Purchase of Vehicles – New / Second Hand
- 6. Other types of Loans – Personal Loans etc

b. Term Loan has to be repaid on the following methods:

(A borrower has to repay the loan as per the terms and conditions mentioned in the Loan Sanction Letter)

- 1. Principle per month (Loan amount sanctioned / No of months due) + Interest (as and when debited) per month.
- 2. Equated Monthly Instalments (EMI)
- 3. Holiday Period Interest + Method 1 or Method 2
- 4. Bullet Repayment Method

Manual on Concurrent Audit of Banks

5. Balloon Repayment Method

Financial Follow Up

- (a) The financial follow-up devised by Chore Committee is an off shoot of RBI's concern on lack of proper follow-up procedures then prevalent in commercial banks.
- (b) For such financial follow up the Chore Committee suggested certain Quarterly Information System to be provided by the borrowers to enable the bank to verify as to whether borrower's operating performance and finance management conform to the budget and promise made to the bank while availing the bank credit.
- (c) This has been replaced by QMR/HMR Statement.

The concurrent auditor, while discharging his duties, should have knowledge of such follow-up statements as well as how they should be scrutinized to protect the interests of the bank.

It is mandatory under the RBI regulations for a limit above a specified amount but below the cut-off point has been left to the discretion of the banks.

Particulars of QMR/HMR (which are now in use) replacing QIS are given below:

Description	Periodicity	Date of Submission
QMR I replacing QIS II	Quarterly	Six weeks after the Close of the Quarter to which it relates.
HMR I replacing QIS III	Half Yearly	Two months from the commencement of the half year to which it relates.

Note: Non submission HMR statement, on time, as per sanction letter attracts Penal Interest to be payable by the borrower.

Credit Cards

The credit card operations occupy a special place in the modern-day banking industry. A credit card has three important functions:

- It is an instrument of paying for goods and services.
- It is an instrument of obtaining cash.

- It is a source of revolving credit. Usually, there is a contract between the card issuer (the Bank) and the card holder(customer) whereby – the card holder is permitted to make use of the card at specified retail outlets (known as member establishments) to pay for the goods and services.

The mechanism of a credit card can be illustrated as follows:

- As soon as the card holder makes purchases from specified retail outlets/member establishment, the retail outlets make out bills to the account of the card holder and obtains payment from card organizations like Visa or Master immediately who in turn makes a bill to the Bank which issued the card.
- The Bank makes payments to Visa or Master immediately.
- Subsequently, the payment is realized from the respective card holder.
- RuPay Card has been introduced in 2015 as an economic option and is being used, particularly, for Pradhan Mantri Jan-Dhan Yojana (PMJDY) scheme although not restricted for the scheme.

RBI has issued Master Circular DBR.No.FSD.BC.18/24.01.009/2015-16 on Credit Card, Debit Card and Rupee Denominated Co-branded Pre-paid Card Operations of Banks and Credit Card issuing NBFCs on July 1, 2015.

Types of Cards

There are many types of cards in the Indian market and the more popular ones are listed below:

A. Credit Card

- (a) It is an instrument of payment which enables the cardholder to obtain either goods or services from merchants where arrangements are made to reimburse the merchant.
- (b) The outstanding amount is payable by the card holder to the bank over a specified period which carries a specified rate of interest also.
- (c) Delay in payment of Credit Card attracts Penal Interest.
- (d) Default in credit payment will have direct impact on “CIBIL” score of the Borrower.

B. Debit Card

- (a) It is a payment card used to obtain cash, goods and services by automatically debiting the payments to the cardholder's Bank account immediately.
- (b) For this, the card holder must have credit balance in accounts where to card pertains.
- (c) Payment under the Debit card will be made by the customer only when he/she has got credit balance in the account and the default have no effect on the accounts as the supplier of goods or services will not deliver the goods as "no payment received".

Co-branded cards

- (a) Co-branded cards are those that a bank promotes jointly with other non-financial institutions.
- (b) Card holders use their cobranded cards in the same way as they use any other cards but each time they make a purchase, they accumulate points which enable them to claim a discount in the price.
- (c) Note: At the End of this Chapter 2 Part II, FAQ issued by RBI regarding "Card Transactions" are reproduced. (Courtesy RBI).

Frauds in Card Transaction

- (a) Wrongful use of lost and stolen card is the biggest area of fraud.
- (b) Credit cards are sometimes picked up by unscrupulous persons and they use the cards indiscriminately before steps can be taken to hot list the cards by the issuing banks.
- (c) Now, banks started issuing photo cards.
- (d) Photo cards are useful as a marketing tool because people like having their picture on the card, and it also serves to prevent fraud by impersonation of the cardholder.
- (e) Lot of Frauds took place in International Debit/Credit Cards. As on Auditor one has to see the nature of Frauds and the result of handling those types of frauds.

Foreign Exchange Transactions

Branches dealing in foreign exchange are classified in three categories.

- The “A” categories are allowed to open and maintain currency-wise account with foreign banks/correspondents. These accounts are called Nostro accounts.
- While “B” category branches operate directly upon the account (Nostro accounts) opened by “A” category branches.
- The “C” category branches can handle foreign exchange business only through “A” and/or “B” class branches.
- The banks authorize some branches only to deal with spot or forward sale/purchase of foreign currencies with RBI, foreign correspondent banks, other banks in India.
- Foreign banks are allowed to open accounts with Indian banks for foreign exchange dealings. These accounts are called Vostro accounts.
- Indian Banks are allowed to open Bank accounts in foreign country in that country’s currency account and that account is called as “Nostro Account”.
- Foreign Banks are allowed to open its account India in Indian rupee to carryout foreign exchange transactions. That type of account is called as “Vostro Account”.
- All the foreign exchange business transactions are governed by the Foreign Exchange Management Act (FEMA),1999.
- A bank has to be very careful in dealing with foreign exchange transactions because it has to have full knowledge about foreign parties.
- The bank has to take care that the transaction does not violate the provisions of FEMA and the rules framed there under.
- The foreign exchange rate fluctuation is another hazard in these dealings and may involve loss.
- The bank scrutinizes the documents, shipping bills and orders, etc. received from the customers and makes independent assessment of customers’ standing and ability to meet the commitments.

Manual on Concurrent Audit of Banks

- The banks enter into forward sale/purchase of foreign currency to protect their dealings in foreign exchange.
- The forward sale/purchase transactions would cover spot or forward purchase of foreign currencies.

The concurrent auditor has to look into the following factors involved in foreign exchange dealings of banks:

- (i) Compliance with FEMA
- (ii) Compliance with RBI rules.
- (iii) Follow-up of procedures of authorized dealers.
- (iv) Brokers' notes.
- (v) Reconciliation/correspondent statements of Nostro accounts balances are to be reconciled with corresponding accounts.
- (vi) Interest applicable on credit/debit balance on Nostro accounts and profit/loss on exchange accounts to be recorded in profit and loss account.
- (vii) In the case of Nostro accounts, because the debits are raised later, on account of payments made of TTs/MTs/DDs drawn on Indian banks by foreign banks/exchange houses, etc. the interest loss can be avoided if the debts are value dated.
- (viii) Overdrafts allowed in Nostro accounts.
- (ix) Reconciliation of daily closing balances with accountholders and confirmations obtained.
- (x) Maintenance of the Registers as per the requirements of RBI.
- (xi) Submission of periodical returns to RBI.

The various statements to be filed by banks are as follows:

- (i) Weekly return of various currencies held in different forms and monthly returns of bid bonds, guarantees issued, statement of non-resident accounts, export letters of credit, blocked accounts.
- (ii) Fortnightly returns of export bills negotiated/sent for collection; outward remittances effected against imports sale/purchase transactions in foreign currencies.

- (iii) The details regarding purpose, commodity, country, currency, terms of payment, etc.
- (iv) Statement of overdue export bill awaiting realization, purchases in the form of travellers' cheques, currency notes and gift parcels exported every quarter.
- (v) R>Returns are being submitted regularly by the branches to RBI who are dealing directly foreign exchange transaction (either purchase or sale of foreign currency) on behalf of that branch or other branches.

Dealing Limits

The guidelines for dealing limits are discussed below:

Daylight Limits

- The Exchange Control rules requires that the position should be square or near square in each currency at the close of business each day.
- In the course of operations, during the day both with customer as well as in inter-Bank business, the dealer may have to maintain open positions in the various currencies transacted by the bank.
- The management should, therefore, lay down the maximum position limits in each currency that may remain uncovered during the day after a careful study of the nature and volume of operations (customer as well as inter-Bank) at each centre at which the bank undertakes inter-Bank operations and the conditions of the exchange markets, generally, both in India and abroad.
- This necessitates a periodical review (in some circumstances even daily reviews) of the maximum daylight positions permitted to the dealer(s).
- The need for returning the position to square or near-square is stressed while laying down daylight limits, as the exchange market conditions, or the inadequate trading hours or time zone factors make it difficult for the dealer(s) to return to square or near- square position before the close of business.
- It must be clearly understood that any temporary excesses over the approved daylight position limits will require approval of the bank management.

Manual on Concurrent Audit of Banks

- In the smaller banks, it is the usual practice even to lay down a dealing limit for the dealer in each currency so that any deal individually larger than the approved limit will require prior approval of appropriate/ designated authority of the bank.

Overnight Limits

- The Exchange Control Rule requiring maintenance of square or near square position is adhered to as the exchange market conditions can be very fluid and unpredictable.
- Management keeps a close watch on the dealers' positions at the close of business each day - to ensure that the Exchange Control rule supplemented by the internal guidelines is observed.
- A statement of daily closing positions indicating the overbought and oversold positions, if any, held more than the daylight limits in the currency during the day (whatever be the time interval) and the limits (both daylight and overnight) laid down by the management should be submitted to the senior management official at the close of business daily.

The bank's top management should ensure that the dealers do not hold a position which can be considered as not being near square.

Any violations of the Exchange Control regulations in this regard are viewed adversely by the Reserve Bank.

Non-reporting days should be effectively curbed through the daily statements submitted to the authorities, supplemented by interval spot checks, wherever necessary.

Inter-Bank Limits

- Authorized dealers should set up limits for dealing with individual banks both in overseas banks as well as authorized dealers in India.
- While setting up limits, the capital plus reserves position of the other Bank, the manner of past dealings with the Bank and the market reports about the functioning of the Bank must be borne in mind.
- It is a common practice to lay down limits as a multiple of the last known capital plus the reserves position of the bank.
- In some cases, Balance sheet totals and assets coverage ratios may

also be considered while limits are fixed or reviewed. Whatever be the procedure followed, dealings should be undertaken on the basis of value of contracts concluded already and outstanding with the Bank so that the outstanding at all times are within set limits, any temporary excess being permitted with prior consent of the management.

- For this purpose, sales and purchases must be aggregated and not set off.
- All transactions, including TOM delivery and SPOT delivery contracts (but not ready or cash) should be reckoned for the purpose of monitoring inter-Bank limits.
- Extra care must be exercised if forward maturities get clustered around particular date(s) (months) and the credit risks on the relative settlement dates may be considered.
- While banks are free to set limits for the counterpart banks, according to the norms spelled out above they should not fix low limits (including refusal to deal) against particular banks on extraneous considerations such as deposit-grabbing or competition in exchange business.

Customer Limits

- Under the present Exchange Control regulations, all customer contracts for spot deliveries are deliverable on the same day.
- Further, customer forward contracts are permissible only if they are self-liquidating in nature, i.e., they are fulfilled by delivery of foreign exchange obligations arising from imports of goods or services.
- Speculative and trading contracts are prohibited.
- Even then, authorized dealers would do well to set limits for forward contracts for their larger customers so that the credit risks arising from such exposure can be periodically monitored.
- Such limits may be laid down by the management wherever found appropriate and the monitoring conducted through the accounting department should maintain proper records of customer-wise outstanding liabilities under forward contracts.
- The transactions of fresh contracts and deliveries there against, handled for such customers, by the Foreign Exchange Department or

by the branches should be required to be reported to the Accounting Department to enable it to perform the monitoring function effectively.

Organization of the Dealing Department

General

- Foreign exchange dealing is a highly specialized function and must be performed by a set of well-trained personnel.
- Typically, a Dealing Department should consist of dealers and backup staff who are responsible for the follow-up of the deals made by the dealers, giving feedback of collated information to the dealers, helping dealers to get overseas telexes and SWIFTS, checking rates, etc.
- There is a considerable scope of abuse by over-lapping of functions through manipulation of rates on contracts already concluded manipulation through position, mismatching, etc.
- The effectiveness of control over the dealing room largely depends on how the department is organized.
- With improvement in communication system, at present, in most of the Banks the Dealing Room is centralized.

Segregation of Dealing and Accounting Functions

- The dealing function must be separated from the accounting, funding and other backup functions.
- In the smaller banks, the functions should be assigned to different officers of the same rank reporting to a senior officer of the bank, so that the dealing and the backup functions are carried out by two or more persons, mutually supporting and drawing support and each acting as a check on the other in the larger interests of the Bank.
- The practice observed in certain banks whereby officers in senior ranks handle inter-Bank deals and also control the funding and other backup functions.

Infrastructure of the Dealing Department

- For the Dealing Department to function effectively, it is necessary that the Managements in the banks provide adequate infrastructure to the Department.

- Independent telex/SWIFT machines (which can be kept locked by the Dealing Department), which contribute to efficient functioning of the Department, will protect banks from the activities of unauthorized persons with an intention of fraudulent foreign exchange deals on behalf of banks.
- Economic journals, newspapers, exchange market reports, reports from leading correspondent banks, money reports from organizations like Reuters video screen, etc., will greatly enhance the efficiency of the dealers.
- The larger banks generally provide separate rooms for dealing personnel with proper sound proofing, air-conditioning, stringent access control.

Duties of Dealers

- The duty of the dealers is to operate in the inter-bank market according to the guidelines laid down by the management of the bank from time to time.
- In the best interests of the bank, it is important to provide an effective and quick feedback to the management.
- The ideal arrangement will be for the dealers to confer before the work starts on the trend in the overnight markets and the markets still operating in the same time zone in the light of the overnight 'news bag' and the Bank's own business and arrive at tentative conclusions valid for the day.
- The dealer (or the Chief dealer) should keep the management informed of the conclusions.
- It is essential that the management should keep communication channels with dealers always open (by intercom, direct access, etc.) so that quick consultations are facilitated.
- In banks operating at various centres under a decentralized set up, the dealers operating at centres away from the Head Office should likewise constantly maintain contact with the local management responsible for the dealer's functions.
- The dealers could also communicate with the dealer (or the Chief dealer) at the Head Office to coordinate the market view.

Dealing Procedure

- The dealers should have no accounting work of any kind to perform, as they should at all times concentrate on the market through telex, telephones, video screen services, by maintaining contact with other banks, brokers as well as banks abroad.
- Deals made by the dealers should be recorded on printed 'Deal Slips'.
- The deal slips should indicate the name of the broker (if any), name of the counterparty Bank, currency, amount, rate and delivery, under the authentication of the dealer.
- Duplicate deal slips should be prepared preferably indifferent colours to identify sales and purchases.
- One copy will be retained with the Chief dealer/ Manager and the other, sent to the back-up staff for accounting and issue of contracts etc.
- Time at which the deal is put through should be invariably indicated in the deal slip.
- The deal slips should be passed on to the Accounting Department for further processing.

Dealers of Customers Business

- Large banks may find it advisable to deal selectively with customer enquiries regarding rates and also conclude business with them in the Dealing Department, instead of in the Foreign Exchange Department.
- In such a setup, the dealers attending to customer business should, as far as possible, be distinct from the dealers in inter-Bank in order that the former may have the orientation required for customer dealing which is different from the one required for inter- Bank dealing.
- Such separation will also be in the interest of the Bank as possibilities of over familiarity between dealers in the Bank and customers exist.

Rotation of Dealers

- Dealers should not be kept for too long on dealing duties.
- A period of three to five years being considered as a reasonable period for effecting a change, training and substitution of dealers should be an on-going process so that the same personnel do not remain on dealing

duties beyond a reasonable period in the interest of both the individual and the Bank.

Duties of Accounting Department

- For deals done through brokers, the Accounting Department should procure a receipt of exchange broker's notes irrespective of whether the deals have been done through brokers or directly.
- It is essential for the Accounting Department to confirm deals made by dealers by sending the requisite confirmation of contracts to the counterparty banks.
- Likewise, the accounting departments should monitor receipt of confirmation of contracts from counterparty banks and check the correctness thereof, by comparison with Deal Slips or the Bank wise record of inter-bank contracts maintained in the department.
- Confirmation of contracts must be obtained from the counterparty banks in each case.
- The signature of the official (who should be one other than the dealer) of the counterparty bank should be verified.
- An official of the Accounting Department authorized in this regard should likewise confirm contracts sent by counterparty banks under his signature.
- In no case should the dealer sign the contracts booked by them.
- Contracts, together with confirmations of counterparty banks should be systematically paired off and after verification inter-send with relative exchange broker's notes (in case of deals made through their medium), filed away in the accounting department for the purpose of record.
- Discrepancies should be brought to the notice of the dealers and should be rectified on the same day.
- Dealers in the dealing department maintain position pads and funds chart along with the statement of maturity pattern of the contracts.
- These should be filed in seriatim and kept with the Dealing department for any future reference.
- They should also keep a track of the 'Nostro' balances on the basis of cable advice received from overseas correspondents.

Manual on Concurrent Audit of Banks

- Currency wise positions and funds positions should be communicated at frequent intervals to dealers who would be operating only on the basis of deal slips sent by dealers and the reports of foreign exchange business flowing in from the Foreign Exchange Department and from other reporting branches.
- On grounds of convenience, the Accounting Department should be situated near the dealers.
- Apart from the position and Funds Records, the Accounting Department maintains all other records to facilitate submission of feedback and control information to dealers on the one hand and the Management of the Bank, on the other.
- The Accounting Department prepares bank-wise summaries of all outstanding forward exchange contracts with banks for which confirmations from counterparty bank have not been received as on the last working day of each month and have the outstanding confirmed by the counterpart banks.

Card Transactions – FAQ ISSUED BY RBI

(Updated as on May 11, 2023)

1. What are various types of cards?

Ans: Cards can be classified based on their issuance, usage and payment by the card holder. There are three types of cards (a) debit, (b) credit, and (c) prepaid.

2. Who issues these cards?

Ans: Debit cards are issued by banks and are linked to a bank account. Credit cards are issued by scheduled commercial banks (excluding Payments banks), Regional Rural Banks (in collaboration with other banks), and Urban Cooperative Banks, Non-Bank Financial Companies (subject to approval from RBI). Prepaid cards are issued by eligible banks and authorised non-banks.

3. What are the usages of debit cards?

Ans: The debit cards can be used to withdraw cash from an ATM, purchase of goods and services at points of sale (PoS) terminals or e-commerce (online purchase). They can be used domestically, or internationally.

4. What are the usages of credit cards?

Ans: The credit cards can be used for purchase of goods and services at PoS terminals / e-commerce. These cards can be used domestically and internationally (provided they are enabled for such use). Credit cards can also be used to draw cash advances from ATMs, subject to prescribed terms, and conditions.

5. What are the usages of prepaid cards?

Ans: By nature, prepaid cards can be (a) Small PPIs and (b) Full-KYC PPIs. The usage depends on the type of PPI and is subject to prescribed limits and conditions. These cards can be issued by both banks and non-banks.

- Small PPIs can be used only for purchase of goods and services at a group of clearly identified merchant locations / establishments, which have a specific contract with the issuer (or contract through a payment aggregator / payment gateway) to accept the PPIs as payment instruments.
- Full KYC-PPIs can be used for purchase of goods and services, funds transfer or cash withdrawal.

FAQs on Prepaid Payment Instruments (PPIs) give further detailed information on PPIs.

6. What are various methods of using a card at a PoS terminal?

Ans: A card can be dipped (Chip based card), tapped (Contactless Near Field Communication {NFC} Card) or swiped (Magnetic-Stripe card) at a PoS terminal.

7. What are Magnetic Stripe cards, EMV Chip & PIN cards and Contactless NFC cards?

Ans: The EMV Chip & PIN card stores card data in a chip, while the data in magnetic stripe card is stored on the magnetic stripe present on the card. In a Contactless NFC card, the card is read by keeping the card near the card reader. The EMV Chip & PIN cards and Contactless NFC cards are considered to be safer when compared to Magnetic Stripe cards.

8. What are Card Present (CP) and Card Not Present (CNP) transactions?

Ans: A CP transaction is a transaction that is carried out through physical presence of card at the point of transaction. It is also known as face-to-face or a proximity payment transaction. An example is a

transaction carried out at an ATM or a PoS terminal. A CNP transaction does not require the card to be physically presented at the point of transaction. It is also called as a remote transaction. An example is an online transaction or a mobile banking transaction using the card.

9. Who decides the limits for cash withdrawal or purchase of goods and services through a card?

Ans: The limits on cash withdrawal at ATMs and for purchase of goods and services are decided by the card issuer. Within these limits, the card holder may set and modify transaction limits for various uses like domestic, international, PoS, ATMs, online transactions, contactless transactions, etc. Cash withdrawal using debit cards and full-KYC prepaid cards at PoS terminals has been allowed by Reserve Bank of India (RBI) whereby, a maximum of ₹2,000 can be withdrawn per transaction within an overall monthly limit of ₹10,000. Cardholders can check with their issuers for details of such facilities provided by them.

10. Is there any way a customer can quickly come to know whether a fraudulent transaction has taken place using her / his card?

Ans: RBI has been taking various steps to ensure that the card payment environment is safe and secure. RBI has mandated issuers to send alerts for all card transactions so that a card holder is aware of transactions taking place on her / his card. In order to benefit from it, the cardholders are advised to register for SMS / e-mail alerts.

11. How are the transactions carried out through cards protected against fraudulent usage?

Ans: All CP and CNP transactions on cards issued in India are secured with AFA. This AFA can be in any form and few commonly used forms are PIN, dynamic one-time password (OTP), static code, etc. The requirement of AFA is not mandatory for transactions where outflow of foreign exchange is contemplated. Similarly, in case of CP transactions (except ATM transactions) using NFC contactless technology, transactions for a maximum value of ₹5,000 per transaction are allowed to be undertaken without AFA requirement, subject to adherence to EMV standards.

12. What are the liabilities of a card issuer in case of fraudulent use of a card by an unauthorised person?

Ans: In case of CNP transactions, RBI has mandated providing AFA for domestic transactions. If a transaction has taken place without AFA and the customer has complained that the transaction is not affected by her / him, the issuer bank shall reimburse the loss to the customer without demur. Further, liability of a customer in case of an unauthorised electronic payment transaction is limited as per the provisions of RBI circulars **DBR.No.Leg.BC.78/09.07.005/2017-18 dated July 6, 2017, DCBR.BPD.(PCB/RCB).Cir.No.06/12.05.001/2017-18 dated December 14, 2017, and para 17 of Master Directions on PPIs dated August 27, 2021 (updated as on November 12, 2021).**

These FAQs are issued by the Reserve Bank of India (hereinafter referred to as "Bank") for information and general guidance purposes only. The Bank will not be held responsible for actions taken and / or decisions made on the basis of the same. For clarifications or interpretations, if any, one may be guided by the relevant circulars, guidelines and notifications issued from time to time by the Bank.

Conduct of Concurrent Audit

3.1 A concurrent audit is to be conducted according to the guidelines and instructions given by the bank in that regard. However, the basic needs of the Concurrent audits are generally the same in all the banks.

Appointment of Auditor and its Accountability in Terms of RBI Guidelines

3.2 The Reserve Bank of India vide circular DBS.CO.ARS. No. BC. 01/08.91.021/2019-20 dated September 18,2019 provides as follows in respect of the appointment of a concurrent auditor:

1. This RBI Circular is applicable for All Scheduled Commercial Banks (other than Regional Rural Banks), Small Finance Banks, Payments Banks and Local Area Banks
2. This Circular is issued after circular DBS.CO.ARS. No.BC.2/08.91.021/2015-16 dated July 16, 2015 on 'Concurrent Audit System in Commercial Banks - Revision of RBI's Guidelines'.
3. Everyone knew that concurrent audit aims at shortening the interval between a transaction and its independent examination.
4. Concurrent audit is:
 - (a) An integral to the establishment of sound internal accounting functions and effective controls.
 - (b) Regarded as part of a bank's early warning system to ensure timely detection of serious errors and irregularities.
 - (c) Helps in averting fraudulent transactions and preventive vigilance in banks.
5. In the Past RBI has prescribed Guidelines for scope, coverage of business/branches, minimum items of coverage to Concurrent auditor of banks.
6. Due to the differing levels of centralization in banks, diverse nature of activities undertaken by various banks and commencement of operations by small finance banks and payments banks, a common

programme of work for concurrent audit applicable to all banks may not be desirable.

7. The Expert Committee, headed by Sri Y.H. Malegam, ICAI President 1979-1980 which was appointed by RBI, initially in the year 2010, has made certain recommendations in the area of Concurrent Audit.
8. The existing guidelines on the subject have, therefore, been reviewed and the revised guidelines given as under:

A. Coverage

- a. With the prior approval of the Audit Committee of the Board of Directors (ACB) / Local Management Committee (LMC – In case of Foreign Banks) of the respective Banks have to decide on the following matters
 - i. Scope of work entrusted to Concurrent Auditors
 - ii. Coverage of Business/branches
 - iii. Other areas of Concurrent Audit
- b. Based on the risk sensitive areas identified by the Banks, specific Business Models have to be covered under Concurrent Audit
- c. ACB/LMC has to decide and determine the detailed scope of Concurrent Audit
- d. Concurrent audit coverage shall be based on the identified risk of the unit
- e. Concurrent audit coverage must include random transaction testing, by way of sufficiently testing Large Sample of the Transactions.
- f. Minimum areas of coverage as per the RBI Circular are given below

- | |
|---|
| <ol style="list-style-type: none">1. Cash transactions including physical verification of cash, etc.2. Loans & Advances including physical verification of securities, delegation of Powers for sanction, Security Charge Creation, end use verification of funds, monitoring of accounts with excess drawings, monitoring of projects, etc. |
|---|

3. Adherence to KYC / AML guidelines including monitoring of transactions in accounts, compliance with Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standards (CRS), monitoring of transactions in new accounts/staff accounts, reporting of CTR/STR, etc.
 4. Remittances/ Bills for Collection including SWIFT transactions, monitoring of overdue statements (bills purchased / discounted / negotiated, etc.).
 5. House Keeping including reconciliation of accounts, monitoring of General Ledger/Subsidiary General Ledger/Parking Accounts, opening of internal accounts, etc.
 6. Treasury operations.
 7. Non fund based business.
 8. Foreign Exchange transactions.
 9. Clearing transactions.
 10. Verification of Merchant Banking Business.
 11. Verification of Credit Card / Debit card business.
 12. Conduct of employees, mis-selling of products, etc.
 13. Compliance to RBI guidelines and internal Policy guidelines issued from time to time.
- g. Care has to be taken by ACB/LCB of the respective bank and ensure that all Centralised Processing Centres (Business Organisation and Monitoring) are covered under Concurrent Audi

B. Appointment of Auditors

- i. At the discretion of Individual Banks , Concurrent audit should be done by bank's own staff or external auditors (which may include retired staff of its own bank)
- ii. The Head of Internal audit in the bank should participate in the section of Concurrent auditors

- iii. He should be responsible for the quality review (including skills of the staff employed) of the work of the concurrent auditors reporting to her/him.
- iv. In case if any partner of a Chartered Accountant firm is a Director on the Board of a bank, no partner of the same firm should be appointed as concurrent auditor in the same bank.
- v. In case the bank has engaged its own officials as concurrent auditors, they should be experienced, well trained and sufficiently senior. The staff engaged in concurrent audit must be independent of the branch/business unit, where concurrent audit is conducted.

C. Accountability

- i. Any Serious acts of omission or commission of the external firms who have been appointed as concurrent auditor are noticed in their working, their appointments may be cancelled after giving them reasonable opportunity to be heard and the fact shall be reported to ACB/ LMC of the bank, RBI and ICAI.
- ii. The bank should frame a policy for fixing accountability in cases of serious acts of omission or commission noticed in the working of bank's own staff or retired staff, working as concurrent auditors.

D. Tenure

- i. The Maximum Tenure of External concurrent auditor with the bank shall be decided by ACB/MLC
- ii. The tenure of External Concurrent auditor with a Bank shall not be more than "FIVE" years on continuous basis
- iii. No concurrent auditor shall be allowed to continue with a branch / business unit for a period of more than 3 years
- iv. The age limit for retired staff engaged as Concurrent Auditor may be capped at 70 years.

E. Remuneration

- i. ACB/LMC of the bank shall decide the remuneration to be paid to external concurrent auditors

- ii. Based on the scope and coverage of audit, skill sets required, number of staff required and the time to be devoted for the audit, the Remuneration of the Concurrent auditor is fixed by ACB/LMC

F. Review of effectiveness of Concurrent Audit

- i. ACB/ LMC of the bank should review the effectiveness of the Concurrent Audit system as well as the performance of the concurrent auditors on an annual basis and take necessary measures to suitably strengthen the system.

G. Reporting System

- i. Banks' Internal Audit Department should develop a reporting system for concurrent auditors with the approval of ACB/LMC.
- ii. The findings of the concurrent auditors may be received in a structured format prescribed by the bank.
- iii. Minor irregularities pointed out by the concurrent auditors shall be rectified on the spot. The major deficiencies/aberrations noticed during audit should be immediately brought to the notice of Head Office/ Controlling Office of the concerned branch/ business unit of the bank.
- iv. A quarterly review containing important features brought out during concurrent audits should be placed before the ACB/LMC. The zone-wise findings of concurrent audit may be reported to ACB/LMC on a quarterly basis.
- v. Whenever fraudulent transactions are detected, they should immediately be reported to Internal Audit Department (Head Office) as also to the Chief Vigilance Officer as well as Branch Managers concerned (unless the branch manager is involved).
- vi. Follow-up action on the concurrent audit reports and rectification of the deficiencies should be accorded high priority by the Head Office/Controlling Office of the concerned branch/business unit of the bank.

Appointment Letter and Expectations of the Bank

- (a) When an auditor receives appointment letter as a concurrent auditor of branch from the Bank, he or the firm, as the case may be, is required to

communicate his/its acceptance or otherwise through a letter prescribed by the respective Bank.

- (b) In case, the assignment is accepted, the auditor is also required to submit an undertaking to abide by the terms of appointment as well as regarding confidentiality of Bank's matter besides disclosure of any interest in the Bank and 'Do's and 'Don'ts prescribed by the Bank.
- (c) This appointment is the agreement between Bank and auditor describing terms of contract, scope of audit and other related terms of reference, such as, time allotted, frequency of checking, etc.
- (d) The concurrent auditor must mention the reference of this appointment letter in audit programme and letter covering the report.

In pursuance of extant RBI guidelines, a Bank is required to constitute an Audit Committee of its Board (ACB).

- The membership of the audit committee is restricted to the Executive Director, Nominees of the Central Government and the RBI, Chartered Accountant director and one of the non-official directors.
- One of the functions of this Committee is to provide direction and oversee the operations of the entire audit function in the Bank.
- The Committee also must review the internal inspection/audit function in the Bank, with special emphasis on the system, its quality and effectiveness in terms of follow up.
- The Committee may also review the system of appointment and remuneration of the concurrent auditor.
- Considering the coverage of this audit assignment and the specialized nature of work there is also a need for training to be imparted to the staff of the auditors.
- This training has to be given in specialized fields, such as, foreign exchange computerization, treasury functions, latest KYC guidelines, demat activities areas of income leakage, fraud prone areas, determination of credit rating and other similar specialized areas.
- The Bank can organize such training programmes so that it can ensure the quality of audit.

NOTE: ICAI is also organizing various Bank Audit Training Programmes to the Members of the Profession to enrich in their knowledge, thereby Quality of Audit is also ensured in Concurrent Audit.

General Reference

For the purpose of concurrent audit, the general references should be drawn from the sources, including:

- Bank's Book of Instructions.
- Bank's Manual on Documentation.
- Circulars of the Reserve Bank of India issued from time to time.
- Exchange Control Manual and Rules of FEDAI (Foreign Exchange Dealers Association of India).
- Inspection Reports of RBI.
- Bank's Internal Inspectors Report.
- Long Form Audit Report (LFAR) of the statutory auditor.
- Visit Reports of Executives from controlling offices (*ZO/HO*).
- *Charge Handling Over Report*

The concurrent auditor would, therefore, need to have the following documents in particular before the commencement of the audit:

- The appointment letter together with the management circular/instruction on the subject.
- Acceptance Letter
- Communication to previous auditor

A checklist or flow till commencement of Concurrent Audit of the branch is given below:

- A. On receipt of appointment letter:
- Write a Letter to get "No Objection" Certificate from the immediate previous auditor.
 - Send Acceptance letter in the Letter Head of the Chartered accountant along with statement of Declaration of Fidelity and Secrecy, Confidentiality, etc.

- Contact the respective Branch Manager – for programme, arrangement and status report.
 - Prepare the Concurrent Audit Programme
- B. To carry with branch during their visit to the branch:
- Authorization Letter
 - Necessary guidelines
 - Various Formats
 - Letter head of the branch
 - Digital Key of Chartered Accountant
 - Rubber Stamp (seal) of the Audit Firm
- C. Audit Programme
- Allocation of work
 - Commencement of the work as per schedule given in subsequent paragraphs

Audit Programme

- (a) The auditor should prepare a audit programme and keep it in the branch concurrent Audit file.
- (b) After completion of each Monthly/Quarterly audit, the Progress Report (Annual) should be updated to enable the subsequent concurrent auditor to take up the audit for subsequent months.
- (c) From the follow- up sheet (indicating what areas are due to be completed), the routine as well as the 'important' areas may be decided during the month and reported under appropriate head of accounts.
- (d) After completion of drafting of the monthly report, again a 'Follow up' sheet should be prepared for the next month. This process should be continued till the last month of the concurrent audit period.
- (e) This will ensure that all the areas of the Bank's functioning have been covered by the audit team during the 'concurrent audit year'.
- (f) In absence of any specific guidelines by the Bank, all credit facilities/ arrangements should be audited at least once during one concurrent audit year.

Manual on Concurrent Audit of Banks

- (g) To be on the safer side, the Concurrent auditor has to write the details required to the appointing authority and get the same clarified in writing.
- (h) The audit programme sheet should emphasize verification of transactions by the concurrent auditors in view of the principal objectives.
- (i) The concurrent auditor should not confine their areas of functioning to instructions on subject matter already given to them in writing but should also use their own judgment and wisdom to cover such other matters which might lead to a financial loss subsequently.
- (j) Each concurrent auditor has to draw his own audit programme.
- (k) To facilitate them in this task, various items to be verified/audited are listed separately under the handout Concurrent Audit- Induction material.
- (l) The list is only illustrative and should not be treated as exhaustive.
- (m) It should be ensured that all other areas (not covered in the Audit Sheet) are comprehensively covered in the Concurrent Audit Report.

Understanding the Branch Business Profile is essential for successful Concurrent Audit of the branch. A model of profile is given below:

Profile of Branch

- (i) Name of the Branch :
- (ii) Date of Opening of Branch :
- (iii) Area Classification – M/U/SU/R :
- (iv) Category of Branch – EL/VL/M/S :
- (v) Risk – H/M/L :
- (vi) Whether Branch is provided with :
- (a) Currency Chest : Yes/No
- (b) SDV : Yes/No
- (c) SDL : Yes/No
- (d) ATM Facility : Yes/No
- (vii) Whether Branch carries out/ has the facility of:

Conduct of Concurrent Audit

- (a) Foreign Exchange Business : Yes/No
- (b) Govt. Business : Yes/No
- (c) Merchant Banking Business : Yes/No
- (d) Mechanisation with CBS (Core Banking System) : Yes/No
- (viii) Particulars of the Manager-in-charge of the Branch :
 Tenure in the Branch

Name	Scale	From	To

Items to be Covered on the First Day of Concurrent Audit

Generally, on first day of commencing the concurrent audit the following is to be verified by the concurrent auditor along with last Report of the previous Auditor/s:

Cash

- (a) The concurrent auditor should physically verify the cash in hand, and it need not be checked very first day but in first few visits.
- (b) While doing this he should ensure that there is no accumulation of large stocks of heavy cash and cut/mutilated/soiled notes, which otherwise need to be reported.
- (c) If cash holdings are beyond the prescribed cash retention limit, the same also need to be reported.
- (d) The concurrent auditor would also need to verify whether cash is promptly remitted to the currency chest or to RBI and need be reported if the same is not being so deposited.
- (e) The concurrent auditor would also need to check that where cash is remitted, whether credit for the same is received same day or next day or not and report the same if not so.

Manual on Concurrent Audit of Banks

- (f) He also needs to ascertain whether the guidelines for logistics regarding cash remittance are being adhered to.
- (g) Similarly, foreign currency is also to be physically checked by the concurrent auditor and is to be promptly disposed of by selling or by remitting as per direction of the Bank authorities. If accumulated, it needs to be reported.
- (h) The concurrent auditor also needs to verify whether entire cash is checked physically at least once in a month by the Manager or any other officer other than the Custodian of Cash.
- (i) If heavy cash, more than the retention limit is kept by the branch, that may adversely affect the profitability of the branch in particular and the Bank in general.
- (j) To avoid it, it is necessary for the branch to keep cash within retention limit, that if there is any theft or robbery in the Bank, that can be claimed from insurance company and there is no loss to the Bank.
- (k) If cash is found short or excess, that needs to be reported.

Security Forms

Security forms i.e., Bank draft books, cash order books, FDR books, cheque books, etc. more specifically pre-numbered stationery are to be physically checked with the register/ any other methodology prescribed by the Bank. If any discrepancy is found, that is to be reported.

Government Securities

Government securities just like NSC, NSS, Gold Bonds Bonds, etc. held in Bank's own name and Government Securities held against advances are to be physically checked and if any, discrepancy is found, that is to be reported by the concurrent auditor.

Petty Cash, Postage, Telegram, Stamps in Hand/Adhesive Stamps, Travellers' Cheques, Gift Cheques, Articles and Security in Safe Custody

These are to be physically checked and tallied with General Ledger and if there is any discrepancy, that is to be reported.

Inward Bills for Collection including Parcels, DDs Receivable and Inland Bills Discounted Receivable

- All the inward bills are to be physically checked by the concurrent auditor and all parcels in hand are to be physically verified and if old outstanding bills are kept by the branch beyond the reasonable time after the stipulated time mentioned in bills are to be reported.
- If bills purchased by any of the other branches of the Bank and received by the branch, and are outstanding beyond stipulated time, the same needs to be reported.

Prudential Norms for Assets Classification, Income Recognition and Provisioning Pertaining to Advance

Introduction

4.1 Every year, RBI consolidates instructions/ guidelines issued on matters relating to prudential norms on income recognition, asset classification and provisioning pertaining to advances. RBI Master Circular No. DOR.STR.REC.3/21.04.048/2023-24 dated APRIL 1, 2023 “Master Circular – Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances” incorporates and updates instructions issued upto 31.03.2023.

4.2 The policy of income recognition should be objective and based on record of recovery rather than on any other subjective considerations. Likewise, the classification of assets of banks has to be done on the basis of objective criteria which would ensure a uniform and consistent application of the norms.

4.3 The provisioning should be made on the basis of the classification of assets based on the period for which the asset has remained non-performing and the availability of security and the realizable value thereof.

4.4 As per the above-mentioned RBI Circular, banks are urged to ensure that while granting loans and advances, realistic repayment schedules may be fixed on the basis of cash flows with borrowers. This would go a long way to facilitate prompt repayment by the borrowers and thus, improve the record of recovery in advances.

Non-performing Assets

4.5 An asset, including a leased asset, becomes non-performing when it ceases to generate income for the bank. A non-performing asset (NPA) is a loan or an advance where:

- (a) Interest and/ or instalment of principal remain overdue for a period of more than 90 days in respect of a term loan.

- (b) Overdraft/Cash Credit (OD/CC) accounts remains 'out of order' when, outstanding balance remains continuously in excess of the sanctioned limit/ drawing power for 90 days. In cases where outstanding balance in the principal operating account is less than the sanctioned limit/drawing power, but there are no credits continuously for 90 days, or credits are not enough to cover the interest debited during the same period (i.e., 90 days).
- (c) The bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted.
- (d) In respect of agricultural loan, the instalment of principal or interest thereon remains overdue for two crop seasons for short duration crops.
- (e) The instalment of principal or interest thereon remains overdue for one crop season for long duration crops.
- (f) The amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitization transaction undertaken in terms of the Reserve Bank of India (Securitisations of Standard Assets) Directions, 2021.
- (g) In respect of derivative transactions, the overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment.

4.6 In case of interest payments, banks should, classify an account as NPA only if the interest debited and due is not serviced over 90 days when it became due. In addition, an account may also be classified as NPA in terms of following paragraph.

Accounts with Temporary Deficiencies

4.7 The classification of an asset as NPA should be based on the record of recovery. Bank should not classify an advance account as NPA merely due to the existence of some deficiencies which are temporary in nature such as:

- (a) Non-availability of adequate drawing power based on the latest available stock statement.
- (b) Balance outstanding exceeding the limit temporarily.

Manual on Concurrent Audit of Banks

- (c) Non-submission of stock statements
- (d) Non-renewal of the limits on the due date, etc.

In the matter of classification of accounts with such deficiency's banks may follow the following guidelines:

- (a) Banks should ensure that drawings in the working capital accounts are covered by the adequacy of current assets, since current assets are first appropriated in times of distress. Drawing power is required to be arrived at based on the stock statement which is current. However, considering the difficulties of large borrowers, stock statements relied upon by the banks for determining drawing power should not be older than three months. The outstanding in the account based on drawing power calculated from stock statements older than three months, would be deemed as irregular and will be NPA at the end of 180 day. For example;
 - (i) Where the stock statement is required to submit monthly; The OCC account become NPA at the end of 90 days from the end of the month in which stock statements not submitted.
 - (ii) Where the stock statement is required to submit quarterly; The OCC account become NPA at the end of 180 days from the end of the month in which stock statements not submitted.

A working capital borrower account will become NPA if such irregular drawings are permitted in the account for a continuous period of 90 days even though the unit may be working well, or the borrower's financial position is satisfactory. For instance, an OCC account was not operated within the limit or DP during any one occasion of 90 days, that account needs to be classified as NPA on 90 days of such continuous over drawings.

- (b) Regular and ad hoc credit limits need to be reviewed/ regularized not later than three months from the due date/date of ad hoc sanction. In case of constraints such as non-availability of financial statements and other data from the borrowers, the branch should furnish evidence to show that renewal/ review of credit limits is already on and would be completed soon. In any case, delay beyond six months from the date of due for renewal is not considered desirable as a general discipline. Hence, an account where the regular/ ad hoc credit limits have not

been reviewed/ renewed within 180 days from the due date/ date of ad hoc sanction will be treated as NPA.

Asset Classification

4.8. Broadly, advances are categorized into following four heads:

- Standard Assets
- Sub-Standard Assets
- Doubtful Assets
- Loss Assets

Standard Assets

A Standard Asset is one which does not disclose any problem, and which does not carry more than normal risk attached to the business. Such an asset is not a non-performing asset.

Sub-standard Assets

With effect from March 31, 2005, a substandard asset would be one, which has remained NPA for a period less than or equal to 12 months. Such an asset will have well defined credit weaknesses that jeopardize the liquidation of the debt and are characterized by the distinct possibility that the banks will sustain some loss, if deficiencies are not corrected.

Doubtful Assets

With effect from March 31, 2005, an asset would be classified as doubtful if it has remained in the substandard category for a period of 12 months. A loan classified as doubtful has all the weaknesses inherent in assets that were classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, – on the basis of currently known facts, conditions and values – highly questionable and improbable.

Loss Assets

A loss asset is one where loss has been identified by the bank; or internal or external auditors; or the RBI inspection but the amount has not been written off wholly. In other words, such an asset is considered uncollectible and of such little value that its continuance as a bankable asset is not warranted although there may be some salvage or recovery value.

Upgradation of loan accounts classified as NPAs

4.9 The loan accounts classified as NPAs may be upgraded as 'standard' asset only if entire arrears of interest and principal are paid by the borrower. In case of borrowers having more than one credit facility from a bank, loan accounts shall be upgraded from NPA to standard asset category only upon repayment of entire arrears of interest and principal pertaining to all the credit facilities. With regard to upgradation of accounts classified as NPA due to restructuring, non-achievement of date of commencement of commercial operations (DCCO), etc., the instructions as specified for such cases shall continue to be applicable.

Income Recognition Policy

4.10 The policy of income recognition must be objective and based on the record of recovery. Internationally income from non-performing assets (NPA) is not recognized on accrual basis but is booked as income only when it is actually received. Therefore, the banks should not charge and take to income account interest on any NPA. This will apply to Government guaranteed accounts also.

However, interest on advances against Term Deposits, National Savings Certificates (NSCs), Indira Vikas Patras (IVPs), Kisan Vikas Patras (KVPs) and Life Insurance policies may be taken to income account on the due date, provided adequate margin is available in the accounts.

Fees and commissions earned by the banks as a result of renegotiations or rescheduling of outstanding debts should be recognized on an accrual basis over the period of time covered by the renegotiated or rescheduled extension of credit.

In cases of loans where moratorium has been granted for repayment of interest, income may be recognised on accrual basis for accounts which continue to be classified as 'standard'. This shall be evaluated against the definition of 'restructuring' provided in paragraph 16 of the RBI's Master Circular.

Income recognition norms for loans towards projects under implementation involving deferment of DCCO shall be subject to the instructions contained in paragraph 4.2.15 of the RBI's Master Circular and that for loans against gold ornaments and jewellery for non-agricultural purposes shall be subject to the

instructions contained in circular DBOD.No.BP.BC.27/21.04.048/2014-15 dated July 22, 2014 on the subject, as updated from time to time.

Reversal of Income

4.11 If any advance, including bills purchased and discounted, becomes NPA, the entire interest accrued and credited to income account in the past periods, should be reversed if the same is not realised. This will apply to Government guaranteed accounts also.

If loans with moratorium on payment of interest (permitted at the time of sanction of the loan) become NPA after the moratorium period is over, the capitalized interest, if any, corresponding to the interest accrued during such moratorium period need not be reversed.

In respect of NPAs, fees, commission and similar income that have accrued should cease to accrue in the current period and should be reversed with respect to past periods, if uncollected.

Leased Assets

The *finance charge* component of finance income [as defined in 'AS 19 Leases')] on the leased asset which has accrued and was credited to income account before the asset became non-performing, and remaining unrealised, should be reversed or provided for in the current accounting period.

Appropriation of Recovery in NPAs

4.12 Interest realized on NPAs may be taken to income account provided the credits in the accounts towards interest are not out of fresh/ additional credit facilities sanctioned to the borrower concerned. In the absence of a clear agreement between the bank and the borrower for the purpose of appropriation of recoveries in NPAs (i.e., towards principal or interest due), banks should adopt an accounting principle and exercise the right of appropriation of recoveries in a uniform and consistent manner.

In the absence of a clear agreement between the bank and the borrower for the purpose of appropriation of recoveries in NPAs (i.e. towards principal or interest due), banks should adopt an accounting principle and exercise the right of appropriation of recoveries in a uniform and consistent manner.

Interest Application

4.13 On an account turning NPA, banks should reverse the interest already charged and not collected by debiting Profit and Loss account and stop further application of interest. However, banks may continue to record such accrued interest in a Memorandum account in their books. For the purpose of computing Gross Advances, interest recorded in the Memorandum account should not be taken into account.

Provisioning Norms

4.14 The primary responsibility for making adequate provisions for any diminution in the value of loan assets, investment or other assets is that of the bank management and the statutory auditors. The assessment made by the inspecting officer of the RBI is furnished to the bank to assist the bank management and the statutory auditors in taking a decision in regard to making adequate and necessary provisions in terms of prudential guidelines.

In conformity with the prudential norms, provisions should be made on the non-performing assets on the basis of classification of assets into prescribed categories. Taking into account the time lag between an account becoming doubtful of recovery, its recognition as such, the realization of the security and the erosion over time in the value of security charged to the bank, the banks should make provision against substandard assets, doubtful assets and loss assets as below:

Loss Assets

Loss assets should be written off. If loss assets are permitted to remain in the books for any reason, 100 percent of the outstanding should be provided for.

Doubtful Assets

100 percent of the extent to which the advance is not covered by the realizable value of the security to which the bank has a valid recourse and the realizable value is estimated on a realistic basis. Auditor should verify whether that security is considered based on the latest information available with the bank.

In regard to the secured portion, provision may be made on the following basis, at the rates ranging from 25 percent to 100 percent of the secured

Prudential Norms for Assets Classification, Income Recognition and ...

portion depending upon the period for which the asset has remained doubtful:

Period for which the advance has remained in doubtful category	Provision requirement (%)
Upto One Year	25
One to three years	40
More than three years	100

Valuation of Security

With a view to bringing down divergence arising out of difference in assessment of the value of security, in cases of NPAs with balance of Rs. 5 crore and above stock audit at annual intervals by external agencies appointed as per the guidelines approved by the Board would be mandatory in order to enhance the reliability on stock valuation. Collaterals such as immovable properties charged in favour of the bank should be got valued once in three years by valuer appointed as per the guidelines approved by the Board of Directors.

Sub-standard Assets

A general provision of 15 percent on total outstanding should be made without making any allowance for ECGC guarantee cover and securities available.

The 'unsecured exposures' which are identified as 'substandard' would attract additional provision of 10 per cent, i.e., a total of 25 per cent on the outstanding balance. However, in view of certain safeguards such as escrow accounts available in respect of infrastructure lending, infrastructure loan accounts which are classified as sub-standard will attract a provisioning of 20 per cent instead of the aforesaid prescription of 25 per cent. To avail of this benefit of lower provisioning, the banks should have in place an appropriate mechanism to escrow the cash flows and also have a clear and legal first claim on these cash flows.

Other Important Issues

4.15. Some other important issues relating to IRAC has been given in brief in the following paragraphs. For further information, it is recommended to refer to the applicable Master Circular issued by the RBI every year.

Advances covered by ECGC guarantee:

In the case of advances classified as doubtful and guaranteed by ECGC, provision should be made only for the balance in excess of the amount guaranteed by the Corporation. Further, while arriving at the provision required to be made for doubtful assets, realisable value of the securities should first be deducted from the outstanding balance in respect of the amount guaranteed by the Corporation and then provision shall be made.

Exposures guaranteed by Credit Guarantee Schemes:

In terms of circular DOR.STR.REC.67/21.06.201/2022-23 dated September 07, 2022, banks have been permitted to apply zero risk weight to advances guaranteed by Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), Credit Risk Guarantee Fund Trust for Low Income Housing (CRGFTLIH) and individual schemes under National Credit Guarantee Trustee Company Ltd (NCGTC), subject to certain conditions. In case such advances become nonperforming, no provision need be made towards the guaranteed portion. The amount outstanding, in excess of the guaranteed portion, should be provided for as per the extant guidelines on provisioning for non-performing assets.

Accounts Regularised near about the Balance Sheet Date

4.16. The asset classification of borrowal accounts where a solitary or a few credits are recorded before the balance sheet date should be handled with care and without scope for subjectivity. Where the account indicates inherent weakness on the basis of the data available, the account should be deemed as a NPA. In other genuine cases, bank must furnish satisfactory evidence to the auditors about the manner of regularisation of the account to eliminate doubts on their performing status.

Asset Classification to be Borrower-wise and not Facility-wise

4.17 If one facility provided to the borrower becomes a problem (NPA) and not others. Then, all the facilities granted by a bank to a borrower will have to be treated as NPA and not the particular facility which has become irregular.

For NPA classification, auditors need to examine whether all loans of the borrower have been tacked under one customer ID by the bank and also are aggregated properly with respective of being given from various location/divisions of the bank so as to ensure that all the facilities of the

borrower are classified as NPA if one of the facilities get classified as NPA as required by RBI guidelines.

Exception to Borrower-wise Classification

4.18. The bills discounted under LC favouring a borrower may not be classified as a Non-performing assets (NPA), when any other facility granted to the borrower is classified as NPA. However, in case documents under LC are not accepted on presentation or the payment under the LC is not made on the due date by the LC issuing bank for any reason and the borrower does not immediately make good the amount disbursed as a result of discounting concerned bills, the outstanding bills discounted will immediately be classified as NPA with effect from the date when the other facilities has been classified as NPA.

4.19. If the debits arising out of devolvement of letters of credit or invoked guarantees are parked in a separate account, the balance outstanding in that account also should be treated as a part of the borrower's principal operating account for the purpose of application of prudential norms on income recognition, asset classification and provisioning.

Advances under Consortium Arrangements

4.20. Asset classification of accounts under consortium should be based on the **record of recovery of the individual member banks** and other aspects having a bearing on the recoverability of the advances. Where the remittances by the borrower under consortium lending arrangements are pooled with one bank and/or where the bank receiving remittances is not parting with the share of other member banks, the account will be treated as not serviced in the books of the other member banks and therefore, be treated as NPA. The banks participating in the consortium should, therefore, arrange to get their share of recovery transferred from the lead bank or get an express consent from the lead bank for the transfer of their share of recovery, to ensure proper asset classification in their respective books.

Erosion in the Value of Security/ Frauds Committed by Borrowers

4.21 In respect of accounts where there are potential threats for recovery on account of erosion in the value of security or non-availability of security and existence of other factors such as frauds committed by borrowers it will not be prudent that such accounts should go through various stages of asset

classification. In cases of such serious credit impairment, the asset should be straightaway classified as doubtful or loss asset as appropriate.

Erosion in the value of securities can be reckoned as significant when the realizable value of the security is less than 50% of the value assessed by the bank or accepted by RBI at the time of last inspection, as the case may be. Such NPAs maybe straightaway classified under doubtful category.

In case realizable value of security as assessed above is less than 10% of the outstanding in the borrowal account, the existence of security should be ignored, and asset should be classified as loss asset. In such cases the assets should either be written off or fully provided for.

Advances against Term Deposits, NSCs, KVPs/IVPs, etc.

4.22 Advances against term deposits, NSCs eligible for surrender, IVPs, KVPs and life policies need not be treated as NPAs, provided adequate margin is available in the accounts. Advances against gold ornaments, government securities and all other securities are not covered by this exemption.

Loans with Moratorium for Payment of Interest

4.23 In the case of bank finance given for industrial projects or for agricultural plantations, etc., where moratorium is available for payment of interest, payment of interest becomes 'due' only after the moratorium or gestation period is over. Therefore, such amounts of interest do not become overdue and hence do not become NPA, with reference to the date of debit of interest. They become overdue after due date for payment of interest, if uncollected.

In the case of housing loan or similar advances granted to staff members where interest is payable after recovery of principal, interest need not be considered as overdue from the first quarter onwards. Such loans/advances should be classified as NPA only when there is a default in repayment of instalment of principal or payment of interest on the respective due dates.

Agricultural Advances

4.24 A loan granted for short duration crops will be treated as NPA, if the instalment of principal or interest thereon remains overdue for two crop seasons.

A loan granted for long duration crops will be treated as NPA, if the instalment of principal or interest thereon remains overdue for one crop season. For the purpose of these guidelines, “long duration” crops would be crops with crop season longer than one year and crops, which are not “long duration” crops, would be treated as “short duration” crops. The crop season for each crop, which means the period up to harvesting of the crops raised, would be as determined by the State Level Bankers’ Committee (SLBC) in each State. Depending upon the duration of crops raised by an agriculturist, the above NPA norms would also be made applicable to agricultural term loans availed of by him.

Government Guaranteed Advances

4.25 The credit facilities backed by guarantee of the Central Government though overdue may be treated as NPA only when the Government repudiates its guarantee when invoked. This exemption from classification of Government guaranteed advances as NPA is not for the purpose of recognition of income. The requirement of invocation of guarantee has been delinked for deciding the asset classification and provisioning requirements in respect of State Government guaranteed exposures.

Projects under Implementation

4.26 For all projects financed by the FIs/ banks the ‘Date of Completion’ and the ‘Date of Commencement of Commercial Operations’ (DCCO), of the project should be clearly spelt out at the time of financial closure of the project and the same should be formally documented. These should also be documented in the appraisal note by the bank during sanction of the loan.

Takeout Finance

4.27 Takeout finance is the product emerging in the context of the funding of long-term infrastructure projects. Under this arrangement, the institution/the bank financing infrastructure projects will have an arrangement with any financial institution for transferring to the latter the outstanding in respect of such financing in their books on a predetermined basis. In view of the time-lag involved in taking-over, the possibility of a default in the meantime cannot be ruled out. The norms of asset classification will have to be followed by the concerned bank/financial institution in whose books the account stands as balance sheet item as on the relevant date. If the lending institution observes that the asset has turned NPA on the basis of the record of recovery, it should be classified accordingly. The lending institution should not recognise

income on accrual basis and account for the same only when it is paid by the borrower/ taking over institution (if the arrangement so provides). However, the taking over institution, on taking over such assets, should make provisions treating the account as NPA from the actual date of it becoming NPA even though the account was not in its books as on that date.

Credit Card Accounts

4.28 In credit card accounts, the amount spent is billed to the card users through a monthly statement with a definite due date for repayment. Banks give an option to the card users to pay either the full amount or a fraction of it, i.e., minimum amount due, on the due date and roll-over the balance amount to the subsequent months' billing cycle.

A credit card account will be treated as non-performing asset if the minimum amount due, as mentioned in the statement, is not paid fully within 90 days from the next statement date. The gap between two statements should not be more than a month. Banks should follow this uniform method of determining over-due status for credit card accounts while reporting to credit information companies and for the purpose of levying of penal charges, viz. late payment charges, etc., if any.

Writing off of NPAs

4.29 In terms of Section 43(D) of the Income Tax Act, 1961, income by way of interest in relation to such categories of bad and doubtful debts as may be prescribed having regard to the guidelines issued by the RBI in relation to such debts, shall be chargeable to tax in the previous year in which it is credited to the bank's profit and loss account or received, whichever is earlier.

4.30 This stipulation is not applicable to provisioning required to be made as indicated above. In other words, amounts set aside for making provision for NPAs as above are not eligible for tax deductions.

Therefore, the banks should either make full provision as per the guidelines or write-off such advances and claim such tax benefits as are applicable, by evolving appropriate methodology in consultation with their auditors/tax consultants. Recoveries made in such accounts should be offered for tax purposes as per the rules.

Write-off at Head Office Level

4.31 Banks may write-off advances at Head Office level, even though the relative advances are still outstanding in the branch books. However, it is necessary that provision is made as per the classification accorded to the respective accounts. In other words, if an advance is a loss asset, 100 percent provision will have to be made there for.

NPA Management – Requirement of Effective Mechanism and Granular Data

4.32 Asset quality of banks is one of the most important indicators of their financial health. Banks should, therefore put in place a robust MIS mechanism for early detection of signs of distress at individual account level as well as at segment level (asset class, industry, geographic, size, etc.). Such early warning signals should be used for putting in place an effective preventive asset quality management framework, including a transparent restructuring mechanism for viable accounts under distress within the prevailing regulatory framework, for preserving the economic value of those entities in all segments.

As part of effective monitoring of financial health of their loan portfolio, Bankers shall recognise incipient stress in loan accounts, immediately on default, by classifying such assets as special mention accounts (SMA) as per the following categories.

SMA Sub-categories	Basis for classification – Principal or interest payment or any other amount wholly or partly overdue between
SMA-0	Up to 30 days
SMA-1	More than 30 days and up to 60 days-
SMA-2	More than 60 days and up to 90 days

Manual on Concurrent Audit of Banks

In the case of revolving credit facilities like cash credit/overdraft, the SMA sub-categories will be as follows:

SMA Sub-categories	Basis for classification – Outstanding balance remains continuously in excess of the sanctioned limit or drawing power, whichever is lower, for a period of:
SMA-1	More than 30 days and up to 60 days
SMA-2	More than 60 days and up to 90 days

Classification of borrower accounts as SMA as well as NPA shall be done as part of day-end process for the relevant date and the SMA or NPA classification date shall be the calendar date for which the day end process is run. In other words, the date of SMA/NPA shall reflect the asset classification status of an account at the day-end of that calendar date.

General Principles and Prudential Norms for Restructured Advances

4.33 The following principles and prudential norms are applicable to all advances including the borrowers, who are eligible for special regulatory treatment for asset classifications:

Banks may restructure the accounts classified under 'standard', substandard' and 'doubtful' categories.

Banks cannot reschedule/ restructure/ renegotiate borrower accounts with retrospective effect. While a restructuring proposal is under consideration, the usual asset classification norms would continue to apply.

The process of re classification of an asset should not stop merely because restructuring proposal is under consideration.

Normally, restructuring cannot take place unless alteration/ changes in the original loan agreement are made with the formal consent/ application of the debtor. However, the process of restructuring can be initiated by the bank in deserving cases subject to customer agreeing to the terms and conditions.

No account will be taken up for restructuring by the banks unless the financial viability is established and there is a reasonable certainty of repayment from the borrower as per the terms of restructuring package.

Prudential Norms for Assets Classification, Income Recognition and ...

While the borrowers indulging in frauds and malfeasance will continue to remain ineligible for restructuring, banks may review the reasons for classification of the borrowers as willful defaulters. BIFR cases are not eligible for restructuring without their express approval.

Chapter 5

Internal Control and Vigil Mechanism

Internal Control

5.1 Internal control moves inversely with chances of irregularities/fraud. This Chapter enumerates important areas of such vulnerable transactions where internal control should be effective and adequate. Concurrent auditor should have some insight about it to make the concurrent audit effective. Under Core Banking System, some exceptional reports are generated for daily checking, concurrent auditor has to verify whether these reports have been checked by the branch incumbent/ nodal officers. Concurrent auditor must under this Internal Control Mechanism thoroughly as the auditor is called as “Early Warning Signal Person”.

5.2 As per RBI Master Directions on “Frauds – Classification and Reporting by commercial banks and select FIs” dated July 1, 2016 (Updated on 3.7.2017), in order to have uniformity in reporting, frauds have been classified as under, based mainly on the provisions of the Indian Penal Code:

- (a) Misappropriation and criminal breach of trust.
- (b) Fraudulent encashment through forged instruments, manipulation of books of account or through fictitious accounts and conversion of property.
- (c) Unauthorized credit facilities extended for reward or for illegal gratification.
- (d) Cash shortages
- (e) Cheating and forgery
- (f) Fraudulent transactions involving foreign exchange.
- (g) Any other type of fraud not coming under the specific heads as above.

These Master Directions specify that during the course of the audit, auditors may come across instances where the transactions in the account or the documents point to the possibility of fraudulent transactions in the account. In

such a situation, the auditor should immediately bring it to the notice of the top management and if necessary to the Audit Committee of the Board (ACB) for appropriate action.

5.3 Reporting of frauds to Reserve Bank of India has to be done as per paragraph 3.1 of the abovementioned Master Directions. Banks need not furnish Fraud Monitoring Returns (FMR) 1 in fraud cases involving amount below ₹ 0.1 million to RBI in either hard or soft copy. However, banks at their end should make the data entry in respect of such cases through the FRMS package individually in FMR 1 format (less than ₹ 0.1 million) which will get automatically captured in FMR 2 return and will form part of the consolidated database relating to frauds for the respective bank.

In respect of frauds above ₹ 0.1 million the following procedure may be adopted:

Name of return	Amount involved in the fraud	Medium in which to be reported	To whom it should be reported	Timeline for reporting	Remarks
FMR1 Report on actual or suspected frauds	Frauds involving 0.1 million and above	Soft copy	Central Fraud Monitoring Cell (CFMC), Bengaluru	Within three weeks of detection	A monthly certificate as per Annex –III (mentioning that soft copy of all the FMRs-1 have been submitted to RBI) is to be submitted by the bank to CFMC, Bengaluru with a copy to the respective Regional Office of RBI under whose jurisdiction the

Manual on Concurrent Audit of Banks

					Head Office of the bank falls/ SSM of the bank, within seven days from the end of the month.
Flash report for frauds involving amounts of ₹ 50 million and above.	For frauds involving ₹ 50 million and above.	Hard copy	Through a DO letter addressed to the PCGM/ CGM-in-charge, DBS, RBI, Central Office, Mumbai with a copy to CFMC, Bengaluru	Within a week of such frauds coming to the notice of the bank's head office.	Should include amount involved, nature of fraud, modus operandi in brief, name of the branch/ office, names of parties involved, their constitution, names of proprietors/ partners and directors, names of officials involved and lodging of complaint with police/ CBI.
FMR2 A format of the return is given in Annex II	Quarterly report on frauds outstanding	Soft copy only	CFMC Bengaluru	Within 15 days of the end of the quarter to which it Relates	Nil report to be submitted if no fraud is outstanding.

Internal Control and Vigil Mechanism

FMR3 A format of the return is given in Annex II	Case-wise quarterly progress reports on frauds involving ₹ 0.1 million and above.	Soft copy only	CFMC Bengaluru	Within 15 days of the end of the quarter to which it relates	Nil report to be submitted if there are no frauds above ₹ 0.1 million outstanding.
--	---	----------------	-------------------	--	--

5.4 Common fraud-prone transactions are listed below:

(a) Account Opening and Monitoring

- (i) Verify whether accounts are opened only after compliance of KYC Norms - Concurrent auditor must verify KYC records carefully, otherwise there will be lot of scope for Fraudulent Transactions as well as PMLA Transactions
- (ii) In newly opened accounts, if there is deposit of large amount of cash/cheque and there is immediate withdrawal of the bulk amount then whether it is being monitored by the management staff - Concurrent Auditor has to see the same from PMLA angle and confirm that the credit into the account is from the Genuine Source of the customer.
- (iii) Whether introducer's account and signature are duly verified. If letter of thanks is being issued to the introducer, and if so, acknowledged copy of letter of thanks is being held on record. If letter of thanks is not being issued, had the introducer came personally to the bank and had it been noted in the specimen signature card- Now most of the banks stop this type of introduction at the time of opening the account and they are following the opening of accounts based on PAN/Aadhar Verification.
- (iv) In case of reference of customer of different bank branch is obtained, then it should be obtained confidentially without knowledge/ assistance of the depositor customer/ introducer- Concurrent auditor has to go through the Confidential report obtained from other Banks/Branches
- (v) In dormant/stagnant accounts if any payment is made, whether proper procedure and KYC Norms were adopted. Whether dormancy flag is lifted only after due verification of depositor and necessary KYC verification. Further, such accounts need to be monitored for large transactions in short period- Concurrent auditor has to verify the letter

Manual on Concurrent Audit of Banks

submitted by the Customer and the same should be duly approved by the Branch Manager

- (vi) Whether specimen signature cards and other documents signed by the customers are kept under dual control always- Concurrent auditor has to see the system that the Signature of the Customer is duly scanned and approved by the Branch manager.
- (vii) Savings/current deposit passbooks are handled by responsible staff, and there should be no easy access to it by the customers- Most of the Banks/Branches introduce the concept of Mobile banking and this handing of Passbook by the staff is reduced to greater extent.
- (viii) Passbooks deposited for updating are being duly acknowledged - Now the system printout is being taken in the passbook and the concurrent auditor can do the test check.
- (ix) Delivery of passbook is made after scrutiny.
- (x) Specimen signature cards of the dormant accounts are segregated and kept under dual control.
- (xi) Whether staff account turnovers are scrutinized from time to time by the managerial staff Even the Concurrent auditor must check the transactions of not only staff accounts but also all the staff related accounts and staff relative's account.
- (xii) Account opening forms are kept under effective control.

(b) Remittance

- (i) Whether payment of demand drafts/credit authorization notes/credit notes through newly opened accounts are duly monitored by the managerial staff.
- (ii) In outward bills collection register (OBC), if outstation instruments, viz., cheques, demand drafts, banker's cheque, refund orders are deposited and on immediate realization are withdrawn from newly opened accounts then are those payments duly monitored.
- (iii) In respect of payment of demand draft, pay slip/ banker's cheque/credit authorisation note/credit note, etc. signatures of the authorised signatories are being duly authenticated.
- (iv) File for noting number of lost leaves of demand draft, banker's cheque,

credit authorization note/credit note, pre-numbered stationery, etc. is maintained and kept readily available for use.

- (v) DD cancellation / PO cancellation should be approved by the Officer before the same is given credit into the accounts. The officer has to confirm whether the DD/PO cancellation is a genuine one or not.

(c) Cash Department

- (i) Dual Control System for cash safe/counting of bundles of notes is always maintained. For this the concurrent auditor has to check the Key Movement register.
- (ii) Whether cash on hand is properly processed and soiled/mutilated notes are separated as non-issuable notes. Notes with political slogan written over it are also to be separated as non-issuable.
- (iii) Separate custody of non-issuable notes to be verified, and timely remittance thereof to the currency chest / zonal office, as per bank's policy to be verified.
- (iv) Counterfeit notes to be mentioned in the separate register and proper custody/ preservation thereof needs to be verified.
- (v) Dual custody should be maintained for cash transfers from the vault to the counters and vice versa.
- (vi) It should be ensured that only requisite amount of cash is transferred to the cash counter/s.
- (vii) Generally, fraudulent transactions are made more through payment of cash over counter. Unusual high turnover of cash should be monitored by the managerial staff.
- (viii) Statement of SBI/RBI/Focal point branch in relation to maintenance of account, lodgement of cash, etc. is reconciled with that of branch records as routine duty on regular basis. Difference, if any, in between branch record and statement of SBI/RBI/Focal point if persisting for longer period, requires thorough scrutiny and possibility of fraudulent transaction cannot be ruled out.
- (ix) Clearing difference adjustment, a/c is being balanced from time to time and no amount is outstanding for long period. The possibility of long outstanding amount may be proved to be fraudulent.

Manual on Concurrent Audit of Banks

- (x) If the cash balance is regularly exceeding the cash retention limit, then suggestion to review the limit should be made, so that insurance part is taken care of properly.
- (xi) Over cheque collection counter notice should be displayed that all instruments should be crossed before depositing. Otherwise, bearer instruments may be encashed over the counter of paying bank and the customer concerned may be defrauded.
- (xii) There should be no free access to the cash department for other than cash department staff. Cash should not be allowed to be handled by other than cash department staff.

(d) Advance Department

(Term Loan, Demand Loan, Cash Credit, OverDraft A/c, etc.)

- (i) Project report, technical viable reports, etc., in respect of advance of large amounts are duly scrutinized and followed up with the borrowers.
- (ii) For advance accounts whether pre-sanction and post sanction inspections are carried out and reports are made available for scrutiny.
- (iii) In respect of advance made to the companies, ROC compliance is to be verified.
- (iv) For vehicle financing, whether charge is registered with the Road Transport Authority and relative charge certificate is held on branch records.
- (iv) As per stipulated terms of sanction, whether all the terms, viz., creation of equitable mortgage has been carried out or not. In case of creation of equitable mortgage, whether lawyer's non- encumbrance, valuer's valuation reports, etc., were taken and held on records. If stipulated in the proposal, whether statement of hypothecated/pledged stocks are submitted at the stipulated interval of time, i.e., monthly/bi-monthly/quarterly, etc.
- (v) In case of facility against government securities like, KVP, NSC, proper lien has to be marked by issuing authority and the securities invariably be sent through registered post/ speed post by the banker and received back by registered post. In case advance against LIC Policy has been carried out, surrender value must be announced in favor of bank.

- (vi) For all types of advance accounts, all documents stipulated in the proposal are executed and these are fully filled in. Blank/ partially filled documents are not acceptable in the court of law. As far as information goes in some banks, it is obligatory for all the documents executed by the borrowers, "Document Checked" stamp is to be affixed on it and it is to be signed by the official in whose presence the documents are executed/signed by the borrower/s.
 - (vii) Stocks/assets financed by banks are duly insured against all types of risk, i.e., fire, theft, riot, strike and malicious damage, etc. Post sanction inspections are carried out as per stipulated terms of sanction from time to time and the flaws/irregularities pointed out in the reports are duly followed up with the borrowers for redressed measure/s.
 - (viii) In case of cash credit accounts, the current account/s already opened, if any, of the borrower should immediately be closed except for special reasons, duly approved in this behalf.
 - (ix) Proper working of drawing power/ limit has to be ensured, based on latest stock statements. Requirement, if any stipulated, of audited stock statement / book debts statement is properly compiled or not.
 - (xiii) Proper analysis of the latest financial statements to be done and the branch to obtain the explanations for material variations from the borrower.
 - (xiv) Legal report or proper title clearance certificate, from bank's approved advocate in proper format.
 - (xv) Latest valuation report (not older than 3 years) from bank's approved valuer to be on the record.
 - (xvi) CMA Report has to be submitted by the Borrower along with the Loan application and Project Report
 - (xvii) Branch manager has to satisfy that "End Use" of Loan and assure that Asset is created out of Loan sanctioned.
- (e) Bills Advance**
- (i) For regular advance facility, status report of both the drawers and drawer from the bankers should be held on branch records.
 - (ii) Specific limits are generally granted against documents against

Payment (D/P) and Documents against Acceptance (D/A). Clean limits (Bills not accompanied by title to goods) may be D/A or D/P bills and generally clean limits are sanctioned to the borrowers of high integrity and of very large means. Casual limits for bill advance are also granted to the parties of sound financial means.

In case of advance against LIC Policy, surrender value must not be obtained and policy paper must be assigned in favour.

- (iii) In case of documentary bills, documents to title to goods, i.e., R/R, B/I, MTR or Lorry Receipts (L/R) should invariably be drawn in favour of Bank or "Drawer of bills", i.e., self. Under no circumstances bills should be drawn in favour of drawers of bills as drawers can retire bills without making payment to banks. For "Self" drawn bills, drawer will endorse the bill in favour of bank.
- (iv) Banks have encountered huge amounts of fraud on account of bill business. It is to be verified that bills are drawn out of genuine trade transactions.
- (v) In case of huge amounts of outstanding bills, the possibility of fraudulent transactions cannot be ruled out. Overdue bills are retired by purchase/discount of fresh bills in such cases.
- (vi) In case of MTR/LR, it is necessary to be examined as to whether the transportation operator concerned is on the approved list of Indian Bank's Association and relative number is mentioned in the consignment note of the Lorry Receipts.
- (vii) Branch has to confirm Loan pending Bills, whether discounted or sent for collection and ascertain the latest status of those bills.

(f) Other Departments

- (i) Inter-branch reconciliation - Whether inter-branch reconciliation statement is being attended from time to time and the relative file is made available for scrutiny. It is to be ensured that there is no long outstanding entry pending for unusually long period. Long outstanding entry may be of any fraudulent nature of transaction as instances of frauds have very often come to the surface through outstanding inter branch reconciliation statement. Controlling office may be contacted in case of non-availability of full information in regard to above.

- (ii) Suspense, Sundry Deposit, Sundry Credit -These are highly sensitive fraud-prone registers/ledgers. These registers are, generally, monitored by the managerial staff. Any unusual entry requires full investigation and if long outstanding entry is there, the chances of the same as fictitious cannot be ruled out. It is the area where lot of Fraudulent transactions have been accommodated by the Branch. Concurrent auditor has to deeply go through all the entries thoroughly, even though the same is reversed. (Whether reversal of those entries is genuine or not)
- (iii) All the originating debit entries in office/ sundry/ suspense debit accounts to be monitored by the branch. Also, the reversal of entries in office/ sundry/suspense credit accounts to be monitored.
- (iv) Proper TAT (turnaround time) to be adhered to for office account entries reversal.
- (v) Opening and negotiation of bills under Letter of Credit are well within the delegated authority of the branch and, if not, whether permission/sanction of higher authority was available on record. In case of long outstanding bills under L/C, proper verification is necessary.
- (vi) For guarantee issued, whether guarantee was issued within the delegated authority and, if not, permission/sanction from higher authority was available on records. In case of invocation of any guarantee, any amount paid is duly reported to the higher authority.
- (vii) For guarantees issued, to verify whether all guarantees are issued as per the system, and as per the format approved by the bank's legal cell. Verify whether the appropriate charges have been recovered from the borrower or not.
- (viii) On analysis of Profit and Loss Account, it is required to be determined as to whether there are due controls on purchase of stationery/furniture and fixture, and these are well within delegated authority of the branch officials. There are due verification/ checking of items of income and expenditure and vouchers are, generally, signed by authorized signatory/signatories.
- (ix) Vouchers of the branches are properly counted, totalled, stitched and bundled and total number of vouchers is kept written at the top of voucher lot. Total number of vouchers tallies with that of total number of

vouchers recorded in the cash centre book. All the vouchers have to be checked daily by the Officer of the branch and that officer has to affix his signature.

(g) Credit Card Transactions

- (i) Whether recommendation for issue of credit cards were made after thorough verification of antecedence, income, wealth and necessary verification of the card holders.
- (ii) Whether payments received by card holders were timely repaid. If there is outstanding amount due from card holders, then is it being followed up and for long outstanding amounts and also recovery measures are being initiated. Whether higher authorities are informed of outstanding amounts of defaulting card holders.
- (iii) Considering incidence of frauds through internet, is there any dispute over the amount of reimbursement claimed for from card holders and is it reported to the higher authority.

Indicative List of Suspicious Activities

5.5 Following is an indicative list of suspicious activities:

(A) Activities not consistent with the customer's business

- (i) Corporate accounts where deposits or withdrawals are, primarily in cash rather than cheques.
- (ii) Corporate accounts where deposits and withdrawals by cheque, foreign inward remittances and any other means are received from/made to sources apparently unconnected with the corporate business activity /dealings.
- (iii) Unusual applications for DD/ TT/ PO against cash.
- (iv) Accounts with large volume of credits through DD/ TT/PO whereas the nature of business does not justify such credits.
- (v) Accounts with high volume of transactions, with low closing balance.
- (vi) Retail deposit of many cheques but rare withdrawals for daily operations.

(B) Attempts to Avoid Reporting/ Record-keeping Requirements

- (i) A customer who is reluctant to provide information needed for a

mandatory report, to have the report filed or to proceed with a transaction after being informed that the report must be filed.

- (ii) Any individual or group that coerces/induces or attempts to coerce/induce bank employee and does not file any reports or any other forms.
- (iii) An account where there are several cash deposits/ withdrawals below a specified threshold level to avoid filing of reports that may be necessary in case of transaction above the threshold limit, as the customer intentionally splits the transaction into smaller amounts for the purpose of avoiding the threshold limit.

(C) Unusual activities

- (i) An account of a customer who does not reside/have office near the branch even though there are bank branches near his residence/office.
- (ii) A customer who often visits the safe deposit area immediately before making cash deposits -especially deposits just under the threshold level.
- (iii) An account that has frequent deposits of large amounts of currency bearing the labels of other banks.
- (iv) Funds coming from the list of countries/centres which are known for money laundering.

(D) Customer who provides insufficient or suspicious information

- (i) A customer/company who is reluctant to provide complete information regarding the purpose of the business, prior banking relationships, officers or directors, or its locations. In this case account need not be opened.
- (ii) A customer/company who is reluctant to reveal details about its activities or to provide financial statements.
- (iii) A customer who has no record of past or present employment but makes frequent large transactions.

(E) Certain suspicious funds transfer activities

- (i) Sending or receiving frequent or large volumes of cross border remittances.

- (ii) Receiving large remittances from various centres and remitting the consolidated amount to different account centre on the same day, leaving minimum balance in the account.

Early Warning Signals

5.6 RBI Master Directions on “Fraud – Classification and Reporting by commercial banks and select FIs” dated July 1, 2016, lists down following early warning signals which should alert the bank officials about some wrongdoings in the loan accounts which may turn out to be fraudulent:

- (a) Default in undisputed payment to the statutory bodies as declared in the Annual Report.
- (b) Bouncing of high value cheques.
 - (1) Frequent change in the scope of the project to be undertaken by the borrower.
 - (2) Foreign bills remaining outstanding with the bank for a long time and tendency for bills to remain overdue.
 - (3) Delay observed in payment of outstanding dues.
 - (4) Frequent invocation of BGs and devolvement of LCs.
 - (5) Under insured or over insured inventory.
 - (6) Invoices devoid of TAN and other details.
 - (7) Dispute on the title of collateral securities.
 - (8) Funds coming from other banks to liquidate the outstanding loan amount unless in normal course.
 - (9) In merchanting trade, import leg not revealed to the bank.
 - (10) Request received from the borrower to postpone the inspection of the godown for flimsy reasons.
 - (11) Funding of the interest by sanctioning additional facilities.
 - (12) Exclusive collateral charged to a number of lenders without NOC of existing charge holders.
 - (13) Concealment of certain vital documents like master agreement, insurance coverage.

- (14) Floating front / associate companies by investing borrowed money.
- (15) Critical issues highlighted in the Stock Audit report.
- (16) Liabilities appearing in ROC search report, not reported by the borrower in its annual report.
- (17) Frequent request for general purpose loans.
- (18) Frequent ad hoc sanctions.
- (19) Not routing of sales proceeds through consortium/ member bank/lenders to the company.
- (20) LCs issued for local trade / related party transactions without underlying trade transaction.
- (21) High value RTGS payment to unrelated parties.
- (22) Heavy cash withdrawal in loan accounts.
- (23) Non submission of original bills for verification upon request.
- (24) Significant movements in inventory, disproportionately differing vis-a- vis change in the turnover.
- (25) Significant movements in receivables, disproportionately differing vis- a-vis change in the turnover.
- (26) Disproportionate change in other current assets.
- (27) Significant increase in working capital borrowing as percentage of turnover.
- (28) Increase in Fixed Assets, without corresponding increase in long term sources (when project is implemented).
- (29) Increase in borrowings, despite huge cash and cash equivalents in the borrower's balance sheet.
- (30) Frequent change in accounting period and/or accounting policies.
- (31) Costing of the project which is in wide variance with standard cost of installation of the project.
- (32) Claims not acknowledged as debt high.
- (33) Substantial increase in unbilled revenue year after year.

- (34) Large number of transactions with inter-connected companies and large outstanding from such companies.
- (35) Substantial related party transactions.
- (36) Material discrepancies in the annual report.
- (37) Significant inconsistencies within the annual report (between various sections).
- (38) Poor disclosure of materially adverse information and no qualification by the statutory auditors.
- (39) Raid by Income tax /sales tax/ central excise duty official.
- (40) Significant reduction in the stake of promoter / director or increase in the encumbered shares of promoter/director.
- (41) Resignation of the key personnel and frequent changes in the management.

Additional RBI circulars to be visited by the Concurrent Auditors

1. Central Payments Fraud Information Registry – Migration of Reporting to DAKSH

RBI/2022-23/158CO.DPSS.OVRST.No.S1619/06-08-005/2022-2023
December 26, 2022

2. Master Circular – Detection and Impounding of Counterfeit Notes

RBI/2020-21/04DCM (FNVD) G–2/16.01.05/2020-21 July 1, 2020

3. Increasing Instances of Payment Frauds – Enhancing Public Awareness Campaigns Through Multiple Channels

RBI/2019-20/256DPSS.CO.OD.No.1934/06.08.005/2019-20 June 22, 2020

Introduction of Prevention of Money Laundering Act, 2002 (PMLA)

- (a) Government of India enacted a Law named “Prevention of Money Laundering Act, 2002 in the year 2002.
- (b) This Act is being aimed to prevent Money Laundering and other Financial Crimes.

- (c) Through this Act Government of India prevent and detect the Money Laundering Activities and prosecute the persons who have involved in all those activities. Apart from that the Act provides to confiscate the properties which have been derived from those activities.
- (d) Money Laundering (ML) is an activity that converts proceeds of crime funds into legitimate assets.
- (e) To check and control the ML activities, the Banks, FI and other Designated entities have to follow the following:
 - To maintain records of all the Financial Transactions.
 - To verify the identity of their customers.
 - To report suspicious transactions to Financial Intelligence Unit (FIU).
- (f) ML and Financial crimes in India are covered through PMLA.
- (g) PMLA created Law to control and prevent ML and Financial Crimes.
- (h) ML and Financial crimes are tried under Special Courts, which have been established under the PMLA, 2002.
- (i) PMLA is under the control of Department of Revenue of Ministry of Corporate Affairs.

Conclusion

- Readers/Members are requested to go thoroughly into the Provisions stated in **Prevention of Money Laundering Act, 2002.**
- Readers/Members are requested to go thoroughly the Rules stated in **Prevention of Money Laundering (Maintenance of Records) Rules 2005.**
- PMLA is going to play a very vital role in our Indian Economy.
- Being the Concurrent audit or any other auditor, you must go thoroughly during the audit, so that there should not be any lapse on your part at the time of submission of your Report.
- The Matters submitted are here only for your reference and easy understanding the provisions of PMLA.

Treasury and Investment Portfolio of Banks

6.1 Fund and investment management are one of the most important and sensitive functions of the bank. The management of the liquidity and investment portfolio of the bank will be under the responsibility of a committee called as “Funds Management and Investment Committee”.

The functions of treasury include:

- (i) Fund management for the bank being central pool of funds for the bank.
- (ii) Maintenance of Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR).
- (iii) Investment functions of the bank.
- (iv) Risk management.
- (v) Liquidity management.
- (vi) Asset Liability Management.
- (vii) Participation in forex, money and securities markets.
- (viii) Proprietary trading.
- (ix) Global cash management.
- (x) Managing the cost of funds- NII, NIM, ROA.
- (xi) Monitoring the rating migrations.

Audit of Treasury Function

6.2 As per the RBI directives, all treasury transactions are subjected to concurrent audit either by banks internal auditor or by a firm of chartered accountants and the report is placed before the CMD of the bank on monthly basis.

The major irregularities observed in these reports and the position of compliance thereto may be incorporated in the half yearly review of the investment portfolio.

Banks should undertake a half-yearly review (as of March 31 and September 30) of their investment portfolio, which should, apart from other operational aspects of investment portfolio, clearly indicate amendments made to the Investment Policy and certify adherence to laid down internal investment policy and procedures and the Reserve Bank guidelines, and put up the same before their respective Boards within a month, i.e., by end-April and end-October.

A copy of the review report put up to the Bank's Board should be forwarded to the Reserve Bank (concerned Regional Office of DBS, RBI) by May 15 and November 15, respectively.

Concurrent auditor has to follow the observation given by RBI based on the Review Report submitted.

Treasury Audit Approach

6.3 An Illustrative Check List for audit of Treasury and Investment function has been discussed in following paragraphs. The checklist has been bifurcated under various major heads:

Investment Policy

6.4 The auditor should verify that:

- (i) There is a clear-cut written Investment policy of the bank, duly approved by the Board and that it includes quantitative aspects of investment held in its own portfolio.
- (ii) Investment policy outlining the approach, operations products, limits and processes, accounting, valuation, etc., is very important.
- (iii) That bank regularly reviews its investment policy and incorporates all the latest guidelines issued by the RBI. Banks should undertake a half-yearly review (as of March 31 and September 30) of their investment portfolio, which should, apart from other operational aspects of investment portfolio, clearly indicate amendments made to the Investment Policy and certify adherence to laid down internal investment policy and procedures, and the Reserve Bank guidelines, and put up the same before their respective Boards within a month, i.e., by end-April and end-October. A copy of the review report put up to the Bank's Board should be forwarded to the Reserve Bank (concerned

Manual on Concurrent Audit of Banks

Regional Office of DBS, RBI) by May 15 and November 15, respectively.

- (iv) It ensures per transaction per exposure limit with counter party/brokers, wherever necessary.
- (v) It ensures compliance of credit exposure of the bank to individual/group of borrowers while processing/seeking approval for fresh investment. In this regard, Master Circular – Exposure Norms” (RBI/2015-16/70 DBR.No.Dir.BC.12/13.03.00/2015-16 dated July 1, 2015) is important.
- (vi) It ensures compliance of exposure limit to capital market (the aggregate exposure of the bank to the capital markets in all forms has not exceed 40% of its net worth as on March 31 of the previous year and within overall ceiling the banks direct investments should not exceed 20% of its net worth).
- (vii) Holding of shares of any company as pledge, mortgagee or absolute owner in compliance of section 19(2) of Banking Regulation Act, 1949, regarding investment in equity shares (No banking company shall hold shares in any company of an amount exceeding 30% of paid up share capital of that company or 30% of bank’s share capital and reserves, whichever is less).
- (viii) Exposure caps for various investment activities:
 - (a) Per entity investments under bonds debentures, commercial paper, certificate of deposits.
 - (b) Investments in unlisted Non SLR securities- not to exceed 10% of total investments in Non SLR securities as on 31st March of previous year.
 - (c) Banks must not invest in unrated non-SLR securities (except infrastructure bonds) and fixing of prudential limits.
 - (d) Cap on NON SLR investments.
 - (e) Rating migration of the issuers/ issues held in the bank's books and consequent diminution in the portfolio quality.
 - (f) Per transaction limit for purchase/sale of shares in the secondary market.
 - (g) Aggregate exposure under MFs

- (h) Exposure limits for Individual borrower and group accounts.
- (vii) Bank has a list of approved brokers for debt/capital market and per broker's exposure limit is maintained.
- (viii) Neat structure of front, back and middle offices with clear cut roles, responsibilities, and duties.
- (ix) A clear reporting structure and coordinating plan.
- (x) Trading policy describing the trading philosophy, objectives, processes, various limits like, cut loss, dealing limits, etc.
- (xi) Composition of investment portfolio as per RBI guidelines and the depreciation on investments, if any, not provided for.
- (xii) System relating to unquoted investments in the portfolio and the liquidity of such investments.
- (xiii) System and periodicity of concurrent and internal audit/ inspection of investment activities; follow up on such reports.
- (xiv) System of recording and accounting of income from investments.
- (xv) System of monitoring of income accrued and due but not received.
- (xvi) System of monitoring matured investments and their timely encashment.
- (xvii) Average yield on investments.
- (xviii) Cancelled/amended/ late(C/A/L) booking transactions – complete inventory on these transactions.

Note: Concurrent auditor has to Prepare his/checklist and observe his comments. This area is very important as the Investment decision policy is not correctly taken then the entire Bank is in trouble. Here the Role of Concurrent auditor is very important.

Investment Management

6.5 The auditor should verify that:

- (i) Investment portfolio is managed in accordance with investment policy objectives and in such a manner that risk is minimized and liquidity is ensured. Investment policy objectives are:
 - to comply with statutory policy obligations.

Manual on Concurrent Audit of Banks

- to augment the trading profits and overall yield on investments.
 - investments covered under investment policy are SLR securities, Non SLR securities.
- (ii) There is a clear segregation of duties between front office/dealing room, back office and mid office.
 - (iii) Rotation of duties of staff is being done at periodic intervals. Authorized dealers must ensure that the staff concerned in the dealing room understands and abides by the Code of Conduct prescribed by FEDAI and FIMMDA.
 - (iv) The prudential limits fixed are strictly adhered to by the bank officials.
 - (v) The SGL statement is reconciled with bank record on monthly basis.
 - (vi) The dealer is preparing deal slips for each deal which is serially numbered.
 - (vii) The dealer is adhering to per day/per transaction exposure limit fixed, as per investment policy.
 - (viii) The dealer is reporting all call/notice/term money market deals on NDS and are reported within 15 minutes in NDS, irrespective of the size of the deal.
 - (ix) The transactions are done within delegated powers and wherever exceeded; confirmation /ratification of actions is taken on record.
 - (x) That each time a security is acquired it is recorded whether it is for investment or trading account (HFT, HTM, AFS) and, accordingly, accounted in respective accounts on the basis of laid down accounting policies.
 - (xi) That investment portfolio is classified into 3 categories of HTM, HFT and AFS. The maximum cap of holding under HTM category, i.e., SLR securities holding under HTM is restricted as per latest RBI guidelines.
 - (xii) Position regarding physical verification of securities as of the half year ended September- March is to be certified by the concurrent auditor.

- (xiii) Position regarding holding of securities from other centres where the banks securities are held on behalf of the investment department is to be obtained as of the half year ended September and March.
- (xiv) The statement of securities/stock balance in NDS-OM shall be verified and reconciled with the statements of various securities account, i.e., SGL a/c, CSGL a/c by the concurrent auditors on a daily basis.
- (xv) Management role of various committees - ALCO, Investment, Trading, Risk Review committee and to monitor their performance.
- (xvi) Review of investments, trading activities and reports to ACB/ Board.
- (xvii) Adherence to regulatory guidelines with respect to treasury deals/structured deals. If branch has acted within HO instructions for purchase and sale of securities.
- (xviii) Controls around deal modification/ cancellation/ deletion, wherever applicable.

Role of Concurrent Auditor

- Concurrent Auditor Role is also very much important in the Investment Management area.
- First the Concurrent Auditor must understand the Investment policy and do the audit.
- Any deviation from the Investment Policy in the Investment management, the Auditor must report without any bias.

Repo Transactions

6.6 Banks should follow internal control system and concurrent auditor should ensure that:

- (i) Ready forward transactions are undertaken only against the clear balance of securities in gilt account.
- (ii) All Repo transactions are promptly reported on the NDS and other terms and conditions referred have been complied with.

- (iii) Bank can undertake ready forward transactions only in securities held in excess of the prescribed SLR requirements.
- (iv) No sale transaction shall be put through in the first leg of ready forward transaction by CSGL constituent without actually holding the securities in the portfolio.
- (v) Double ready forward deals in any security are strictly prohibited.
- (vi) All repo/ re-repo transactions should be subject to internal audit and concurrent audit. Violation of the regulatory guidelines, if any, may be brought to the notice of Chief General Manager, Financial Markets Regulation Department, Reserve Bank of India, Mumbai.
- (vii) All Repo Rates announced by the RBI must be given effect immediately by the Bank.
- (viii) Concurrent auditor has to see that the Software of the Bank has got the provision to alter/modify the Repo Rate immediately in the system across the India in all its transactions.

Short Sale in Government Securities

6.7 Banks may undertake short sale of central government dated securities subject to the short position being covered within a maximum period of three months including the day of trade.

Short sale is defined as a sale of securities one does not own. A bank can also undertake 'notional' short sale, where it can sell a security short from HFT even if the security is held its AFS/HTM book.

Short sale would include 'notional' short sale. The resultant 'notional' short sale position would be subject to the same regulatory requirements as in the case of a short sale.

Cap on short sale:

- (i) Illiquid Securities: 0.25 % of the total outstanding stock issued of each security in case of securities.
- (ii) Liquid Securities: 0.75 % of the total outstanding stock or ₹ 600 cr whichever is lower of each security.
- (iii) A monthly report of short sale transactions on GOI securities duly certified by the concurrent/internal auditors that there were no violations

of extant regulatory guidelines on short sale in G securities be submitted to RBI.

- 6.8 In respect of short sales banks shall ensure adherence to the following:
- (i) The sale leg of the transactions should be executed only on the NDS-OM platform. The cover leg of the short sale transaction can, however, be executed either on or outside the NDS-OM platform.
 - (ii) The sale as well as the cover leg of the transaction should be accounted in the HFT- Held for trading category.
 - (iii) Short sale transactions shall mark to market on a daily basis and account the resultant gains/losses as per the guidelines for marking to market of the HFT portfolio.
 - (iv) Under no circumstances, should bank fail to deliver on settlement date, the securities short. Failure to deliver securities short sold shall be treated as an instance of 'SGL bouncing' and bank shall be liable to disciplinary by the RBI.
 - (v) Banks has been permitted to use the securities acquired under reverse repo to meet the delivery obligation of the short sale obligation.

Engagement of Brokers

6.9 For engagement of brokers to deal in investment transactions, the banks should observe the following guidelines:

- (i) Transactions between one bank and another bank should not be put through the brokers' accounts.
- (ii) If a deal is put through with the help of a broker, the role of the broker should be restricted to that of bringing the two parties to the deal together.
- (iii) With the approval of their top managements, banks should prepare a panel of approved brokers which should be reviewed annually or more often, if so warranted.
- (iv) Clear-cut criteria should be laid down for empanelment of brokers, including verification of their creditworthiness, market reputation, etc.
- (v) A record of broker-wise details of deals put through and brokerage paid, should be maintained.

- (vi) Banks should fix aggregate contract limits for each of the approved brokers. A limit of 5% of total transactions through brokers (both purchase and sales) entered into by a bank during a year should be treated as the aggregate upper contract limit for each of the approved brokers. However, the norm of 5% would not be applicable to banks' dealings through PDs.
- (vii) The concurrent auditors who audit the treasury operations should scrutinize the business done through brokers also and include it in their monthly report.
- (viii) No help of broker is being solicited in inter-bank call money/notice/term money lending and borrowing.

Classification of Investments

6.10 The entire investment portfolio of the banks (including SLR securities and non-SLR securities) should be classified under three categories:

- (i) 'Held to Maturity' - The securities acquired by the banks with the intention to hold them up to maturity.
- (ii) 'Held for Trading' - The securities acquired by the banks with the intention to trade by taking advantage of the short-term price/interest rate movements.
- (iii) 'Available for Sale' - The securities which do not fall within the above two categories.

A bank should decide the category of the investment at the time of acquisition and decision should be recorded on the investment proposals.

Held to Maturity (HTM)

- (a) SLR securities are permitted to be included in HTM.
- (b) The securities are acquired by the banks with the intention to hold them up to maturity.
- (c) They need not be marked to market and may be carried at acquisition cost.
- (d) Permanent diminution should be recognised, and it should be provided for each investment.
- (e) Criteria for recognition of permanent diminution should be based on the happening of an event which suggests that impairment has occurred.

- (f) This would include:
- (i) The company has defaulted in repayment of its debt obligations.
 - (ii) The loan amount of the company with any bank has been restructured.
 - (iii) The credit rating of the company has been downgraded to below investment grade.
 - (iv) When the company has incurred losses for a continuous period of three years and the net worth has consequently been reduced by 25% or more.
 - (v) In the case of new company or a new project when the originally projected date of achieving the breakeven point has been extended, i.e., the company or the project has not achieved breakeven within the gestation period as originally envisaged.

Effect of Sale of Investments Held to Maturity (HTM)

- (a) Profit on sale of investments in this category should be first taken to the Profit & Loss Account and thereafter be appropriated to the 'Capital Reserve Account'.
- (b) Loss on sale will be recognized in the Profit & Loss Account.

Held for Trading (HFT)

- (a) Banks are free to decide the extent of HFT holdings.
- (b) HFT securities are to be sold within 90 days. If HFT securities are not sold within 90 days, due to exceptional circumstances (such as, tight liquidity, or extreme volatility or market becoming unidirectional), the security should be shifted to the AFS category.
- (c) Following are some points to be considered:
 - Based on banks intent, trading strategies, risk management capabilities, tax planning, manpower skills, capital position.
 - The securities acquired by the banks with the intention to trade by taking advantage of the short-term price/interest rate movements.
 - Must be compulsory marked to market (MTM) at monthly or at more frequent intervals.

Manual on Concurrent Audit of Banks

- Consequently, the book value of the individual securities in this category would also not undergo any change after marking to market. MTM appreciation will be ignored, and depreciation will flow straight to P&L.
- MTM Valuation should be done monthly or at more frequent intervals.

Effect of Sale of Investments Held for Trading (HFT)

Profit or loss on sale of investments in HFT will be taken to the Profit & Loss account.

Available for Sale (AFS)

The securities which do not fall within the above two categories must be compulsorily marked to market at quarterly or at more frequent intervals and depreciation will flow straight to PL and MTM appreciation will be ignored.

Portfolio Valuation

- (a) For AFS& HFT investments, a portfolio approach to provisioning may be adopted.
- (b) Securities under this category shall be valued scrip-wise and depreciation/ appreciation shall be aggregated for each classification of:
 - Govt. securities
 - Other approved securities
 - Shares
 - Debentures/bonds
 - Subsidiaries/ joint ventures and
 - Others (CP, Mutual Fund Units, etc.).
- (c) The investment in a particular classification, both in domestic and foreign securities, may be aggregated for the purpose of arriving at net depreciation/appreciation of investments under that category.
- (d) Net depreciation required to be provided for in any one classification should not be reduced on account of net appreciation in any other classification.

- (e) This means that net depreciation required to be provided for in any one classification should not be reduced on account of net appreciation in any other classification.
- (f) Netting off is permitted for intra category and not for inter category. Netting off is not permitted in between AFS and HFT.

Valuation of Investments

6.11 Investments are valued as per RBI guidelines as follows:

- (a) Investments held under HTM category are carried in books at their acquisition cost, premium if any paid-on acquisition should be amortized over the period remaining to maturity.
- (b) Available for sale and held for trading investments are marked to market scrip wise.
- (c) Depreciation/appreciation for each of Government securities, Other approved securities, Shares, Debentures & Bonds, Subsidiaries/ joint ventures and Others (CP, Mutual Fund Units, etc.).
- (d) Classification is aggregated, net depreciation, if any for each classification, is provided for but net appreciation is ignored. Profit or loss on sale of investments in both the categories will be taken to the Profit & Loss Account.

Valuation of Unquoted SLR Securities

6.12 Valuation of Unquoted SLR securities should be done as follows:

- (i) Central Government Securities-Banks should value the unquoted Central Government securities on the basis of the prices/ YTM rates put out by the PDAI/ FIMMDA at periodical intervals.
- (ii) State Government Securities-State Government securities will be valued applying the Yield to Maturity (YTM) method by marking it up by 25 basis points above the yields of the Central Government Securities of equivalent maturity put out by PDAI/ FIMMDA periodically.
- (iii) Other 'approved' Securities-Other approved securities will be valued applying the YTM method by marking it up by 25 basis points above the yields of the Central Government Securities of equivalent maturity put out by PDAI/ FIMMDA periodically.

Manual on Concurrent Audit of Banks

- (iv) Treasury bills, commercial papers, certificate of deposits, CBLO, Rural Infrastructure Funds, and investments including share capital deposits of Regional Rural banks are valued at carrying cost.
- (v) Unquoted equity shares – Equity shares for which current quotations are not available or where the shares are not quoted on the stock exchanges, should be valued at break-up value (without considering 'revaluation reserves', if any) which is to be ascertained from the company's latest balance sheet (which should not be more than one year prior to the date of valuation). In case the latest balance sheet is not available the shares are to be valued at Re.1 per company.
- (vi) Unquoted Mutual Funds Units (MF Units) - Investment in unquoted MF Units is to be valued on the basis of the latest re-purchase price. In case of funds with a lock-in period, where repurchase price/ market quote is not available, units could be valued at Net Asset Value (NAV). If NAV is not available, then these could be valued at cost, till the end of the lock-in period. Wherever the re-purchase price is not available, the units could be valued at the NAV of the respective scheme.
- (vii) Investment in securities issued by SC/RC - Lower of the redemption value of the security receipts/ pass through certificates, and the NBV of the financial asset.
- (viii) Unquoted Non-SLR securities Debentures/ Bonds - a) The rate used for the YTM for rated debentures/ bonds should be at least 50 basis points above the rate applicable to a Government of India loan of equivalent maturity b)for unrated debentures/ bonds should not be less than the rate applicable to rated debentures/ bonds of equivalent maturity.
- (ix) Bonds issued by State Distribution Companies (Discoms) : In case the bonds are not traded and quoted, they will be valued on YTM basis. The relevant YTM will be YTM rates for Central Government Securities of equivalent maturities as put out by FIMMDA on the valuation day with the following mark-ups:
 - (a) During the period when bonds' liabilities are with the State Discoms and
 - If guaranteed by respective State Governments – 75 basis points.
 - If not guaranteed by respective State Governments – 100 basis points.

- (b) During the period when bonds' liabilities are with the respective State Governments – 50 basis points.

Shifting among Categories

- (a) Banks may shift investments to/from HTM with the approval of the Board of Directors once a year “at the beginning of the accounting year.”
- (b) No further shifting to/from HTM will be allowed during the remaining part of that accounting year, except when explicitly permitted by RBI.
- (c) In the case of transfer of securities from HTM to AFS / HFT category:
 - (a) If the security was originally placed under the HTM category at a discount, it may be transferred to AFS / HFT category at the acquisition price / book value.
 - (b) If the security was originally placed in the HTM category at a premium, it may be transferred to the AFS / HFT category at the amortized cost.
- (d) After transfer, these securities should be immediately re-valued and resultant depreciation, if any, may be provided.
- (e) If the value of sales and transfers of securities to/from HTM category exceeds 5 per cent of the book value of investments held in HTM category at the beginning of the year, banks should disclose has been in 'Notes to Accounts' in banks' audited Annual Financial Statements.
- (f) Transfer of scrips from AFS / HFT category to HTM category should be made at the lower of book value or market value.

6.13 The audit procedures for shifting of investments is as follows:

- (i) Obtaining list of shifting of investments during the reporting period, and the approvals obtained thereof.
- (ii) Checking compliance with RBI guidelines and existence of proper approvals (BOD/RBI) for same.
- (iii) Checking proper recording/ accounting of book value and depreciation on date of shifting.

Non-Performing Investments (NPI)

- (a) In respect of securities included in any of the three categories where interest/ principal is in arrears, banks should not reckon income on the securities and should also make appropriate provisions for the depreciation in the value of the investment.
- (b) The banks should not set-off the depreciation requirement in respect of these non-performing securities against the appreciation in respect of other performing securities.
- (c) An NPI, similar to a non-performing advance (NPA), is one where:
 - (i) Principal/interest remains unpaid for more than 90 days.
 - (ii) If any credit facility availed by the issuer is NPA in the books of the bank, investment in any of the securities (except preference shares) issued by the same issuer would also be treated as NPA. However, if only the preference shares are classified as NPI, the investment in any of the other performing securities issued by the same issuer may not be classified as NPI and any performing credit facilities granted to that borrower need not be treated as NPA.
 - (iii) Preference Shares - Dividend unpaid for more than 90 days (even if it is cumulative). If the dividend on preference shares (cumulative or non- cumulative) is not declared/paid in any year it would be treated as due/unpaid in arrears and the date of balance sheet of the issuer for that particular year would be reckoned as due date for the purpose of asset classification.
 - (iv) Equity Shares -In the event of investment in the shares of the company are valued at Re1 per company on account of non-availability of latest balance sheet, these equity shares would also be reckoned as NPA.
 - (v) State Government guaranteed investments - When interest/ instalments of principal or any other amount due to the bank remains unpaid for more than 90 days.
 - (vi) Bank's investments guaranteed by the Central Government need not be classified as NPI until the Central Government has repudiated the guarantee when invoked. However, this exemption

from classification as NPI is not for the purpose of recognition of income.

- (vii) In case of conversion of principal and/or interest into equity, debentures, bonds, etc., such instruments should be treated as NPA ab initio in the same asset classification category.
- (viii) Security receipts/Pass through certificates which are not redeemed as at the end of the resolution period (5 years or 8 years as the case may be) will be treated as Loss asset in the books of the banks (as per RBI Circular dated 25.2.16).

Impairment

- (a) Banks should recognize any diminution, other than temporary, in the value of their investments in subsidiaries/ joint ventures, which are included under HTM and provide there for.
- (b) Such diminution should be determined and provided for each investment individually.
- (c) On the happening of an event which suggests that impairment has occurred. This would include:
 - (i) The company has defaulted in repayment of its debt obligations.
 - (ii) The loan amount of the company with any bank has been restructured (as per IFRS- a restructured asset will be treated as NPA).
 - (iii) The credit rating of the company has been downgraded to below investment grade.
 - (iv) When the company has incurred losses for a continuous period of three years and the net worth has consequently been reduced by 25% or more.
 - (v) New company or the new project has not achieved break even within the gestation period as originally envisaged.

Hardware and Software

6.14 Following are some important points related to hardware and software:

- (i) All necessary systems – computer, servers, printers, telephone, fax, internet connections – RTGS, NDS, wire agency connections (as per regulatory prescriptions).

Manual on Concurrent Audit of Banks

- (ii) Physical layout of the dealing room, mid and back-office connectivity, stock flow.
- (iii) Regulatory connectivity – CCIL, RBI, DAD, PDO connectivity, etc.
- (iv) Stock maintenance software, deal market generation, reconciliation, voice recording, etc.
- (v) Programs to run the systems as necessary.
- (vi) Package to run VaR and other risk measurement tools.

Maintenance of Cash Reserve Ratio by the Bank

6.15 The auditors are required to check and certify that:

- (i) Department which computes demand and time liabilities of bank has computed the obligatory CRR for the fortnight correctly and informs funds management department timely for maintenance of CRR.
- (ii) There is no default in maintenance of CRR and in case of default whether it has been reported to top management or board.
- (iii) Detailed Guidelines for System of compiling Net Demand and Time Liabilities (NDTL) position are given in RBI Master Circular RBI/2015-16/98

The following RBI Circulars must be read by the Concurrent auditor before taking any decision.

- (a) DBR.No.Ret.BC.24/12.01.001/2015-16 “Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR)”dated July 1, 2015.
- (b) Master Directions : RBI/DOR/2021-22/80 DOR NO. RET.REC.32/12.01.001/2021-22 dt 20.07.2021
- (c) RBI/2022-23/150 DOR.MRG.REC.89/21.04.141/2022-23/dt 8.12.2022

Maintenance of Statutory Liquidity Ratio by the Bank

6.16 The auditors are required to check and certify that:

- (i) The bank had correctly computed DTL/NDTL and has maintained required SLR on daily bases and no default has taken place during the period. In case of any default, the same is reported to appropriate authority with amount of penalty paid to RBI.

- (ii) Bank is submitting to the RBI before 20th day every month a return in Form VIII showing the amounts of SLR held on alternate Fridays during immediately preceding month with particulars of their DTL.
- (iii) Bank is also submitting a statement as annexure to form VIII giving daily position of (a) value of securities held for the purpose of compliance with SLR and (b) the excess cash balance maintained by them with RBI in the prescribed format.
- (iv) System of compiling Net Demand and Time Liabilities (NDTL) position.

Borrowings and Lending in Inter-Bank Call Money Market

6.17 The auditors are required to check and certify that following prudential limits for transactions in call/ notice money market as specified by the RBI have been adhered to:

- (i) Borrowings - On a fortnightly average basis, borrowing outstanding should not exceed 100% of capital funds (Tier I & Tier II capital) of audited balance sheet. However, banks are allowed to borrow a maximum of 125% of their capital funds on any day during a fortnight.
- (ii) Lending - On a fortnightly average basis, lending outstanding should not exceed 25% of their capital funds. However, banks are allowed to lend a maximum of 50% of their capital funds on any day during a fortnight.

In this regard, Master Direction on Money Market Instruments: Call/Notice Money Market, Commercial Paper, Certificates of Deposit and Non-Convertible Debentures (original maturity up to one year) (RBI/FMRD/2016-17/32 FMRD. Master Direction No.2/2016-17 July 7, 2016) is important.

Asset Liability Management and Risk Management

6.18 The auditor is expected to make comment on the following aspects:

- (i) Existence of Policy on Asset – Liability Management and monitoring thereof; compliance with the RBI guidelines
- (ii) Review of MCLR- from 1.4.2016 (marginal cost of fund based lending rate) once in a month
- (iii) Risk Management Policy – approach, tools (VaR, PVBP) limits, measurement, monitoring and follow-up. Stop Loss Policy should be approved by the Board. Sanctioning Authority for Security Transactions

6.19 The auditor should check:

- (i) That all transactions in securities are having sanction strictly in accordance with the limits laid down in bank's investment policy.
- (ii) That the total exposure in one group of companies is indicated and taken into account while making the investment and these facts are clearly mentioned in the office memorandum seeking sanction from the higher authorities.
- (iii) The Repo/Reverse Repo transactions undertaken by the bank under liquidity adjustment facility with RBI through auction process are as per the rules prescribed by the RBI.

Reporting/ Review Systems for Security Transaction

6.20 The auditor should verify that:

- (i) Daily reports on funds and investment position is put up to top management.
- (ii) Monthly sale/ purchase transactions are reported to the Board.
- (iii) Balances as per bank's books are reconciled with the balances in the books of public debt office of RBI.
- (iv) All office memoranda for transactions confirmed/sanctioned are serially numbered and are recorded in the register maintained by the bank.
- (v) In every Board meeting, a report on funds and treasury management including derivatives giving the position as on the last reporting Friday of every month from the previous Board meeting is placed.
- (vi) Checking of application money, reconciliation of SGL account, compliance to RBI norms should be done.

Investments in Privately Placed Instruments

6.21 The auditor should verify that:

- (i) The issuer should issue an offer document with terms of issue, authorized by Board resolution.
- (ii) Bank shall stipulate entry level ratings, quality standards and industry wise, maturity wise, duration wise, issuer wise limits to mitigate the adverse impacts of concentration and the risk of liquidity.

- (iii) Bank shall undertake usual due diligence analysis before making investments in Non SLR securities.

Record Keeping, Monitoring, Reporting, MIS & Statements

6.22 The auditors are required to check and certify that:

- (i) There is functional segregation of dealing, settlement and accounting in funds management.
- (ii) There exist proper recordkeeping and reporting backed by a strong MIS.
- (iii) Review of funds position is periodically done, and top management is informed about the positions on a daily basis.
- (iv) Reviews required by the board are placed within the time frame.
- (v) Exposure limits for inter-bank lending with counterparty are reviewed annually and limits fixed.
- (vi) RBI's guidelines for valuation of securities for the purpose of SLR is being followed.
- (vii) Top management is informed on interest in arrears, securities matured but amount not received and also on the system of follow up for each of these.
- (viii) All returns required to be submitted to internal and external agencies have been prepared correctly and submitted timely.
- (ix) There is harmonious co-operation and exchange of information between investment department/MIS department and credit department.
- (x) Checking of custody of unused BR Forms.
- (xi) Use of Bank Receipt (BR).

Derivatives

6.23 The auditors are required to check and certify that:

- (i) Board has approved derivative trading policy.
- (ii) In case of derivative transactions with clients, treasury will follow. Suitability and appropriateness policy for derivatives guidelines issued by the RBI and FIMMDA.
- (iii) Periodic confirmation of Derivative contracts with counterparties.

Manual on Concurrent Audit of Banks

- (iv) Cancellation of forward contracts and passing/recovery of exchange gain/loss.
- (v) Gaps and Open position Limit (OPL) maintained in different currencies vis-à-vis prescribed limit for the same. Aggregate Gap limit (AGL) of the Bank is approved by RBI after bank's Board Recommendation. AGL should not exceed 6 times of total capital (Tier I & Tier II) of the bank. Net Open Overnight Position (NOOPL) of the bank should not exceed 25% of total capital (Tier I & Tier II) of the bank.
- (vi) Reconciliation of Nostro and Vostro accounts balances in Nostro accounts in different foreign currencies are within the limits prescribed by the bank.
- (vii) Collection of underlying documents for derivative and forward contracts. Delays, if any.
- (viii) Instances of booking and cancellation of forward contracts with the same counterparty within a span of couple of days or a few days.
- (ix) Sample check some of the deals and comments on the correctness of computation.

Disclosure Norms

6.24 The disclosure norms as set out by the RBI should be followed scrupulously. Disclosures are to be made strictly as per the RBI prescribed format and the same are to be got certified by statutory auditors. RBI "Master Circular - Disclosure in Financial Statements - 'Notes to Accounts' "(RBI/2015- 16/99 DBR.BP.BC No.23/21.04.018/2015-16 dated July 1, 2015) is important for this purpose.

Compliance

6.25 Following are important aspects with respect to Compliance:

- (i) To ensure that the treasury operations of the bank have been conducted in accordance with the instructions issued by the RBI, SEBI from time to time.
- (ii) Compliance officer to ensure compliance to regulation and internal guidelines.
- (iii) Ensuring compliance to other regulators and correspondence with regulators.

(iv) Sustenance of compliance to various audit observations.

Special-Purpose Certificates Relating to Investments

6.26 Banks require their central auditors to issue the following certificates regarding investments of the bank, in addition to their main audit report and the long form audit report:

- (i) Certificate on reconciliation of securities by the bank (both on its own Investment Account as well as PMS clients' account).
- (ii) Certificate on compliance by the bank in key areas of prudential and other guidelines relating to such transactions issued by the Reserve Bank of India. RBI Master Circular on "Prudential Norms for Classification, Valuation and Operation of Investment Portfolio by Banks", RBI/2015-16/97 DBR No BP.BC.6/21.04.141/2015-16, dated July 1, 2015 must be adhered to.

Chapter 7

Foreign Exchange

7.1 All foreign exchange transactions in India are conducted under Foreign Exchange Management Act, 1999 (FEMA) (here in after referred to as “the Act”) effective from 1.6.2000 repealing the Foreign Exchange Regulation Act, 1973 (FERA) which was in force since 1.1.1974. FEMA contains 49 sections.

7.2 All forex transactions conducted can broadly be bifurcated into:

- A. Current Account Transactions and
 - B. Capital Account Transactions.
- (a) Current account transactions are regular and recurring in nature, viz.,
 - (i) Export remittances,
 - (ii) Import remittances,
 - (iii) NRI remittances, etc., and
 - (iv) Rupee is fully convertible on current account transactions.
 - (b) Capital account transactions are those transactions which results in creation of an asset or a liability for a resident overseas or for a non-resident in India.
 - (c) Capital account alter the assets/liabilities position in the balance sheet of the Indian entity.
 - (d) All current account transactions are free unless restrictions are imposed by Central Government under Section 3 of FEMA.
 - (e) In respect of Current Account transactions, rules are made by Government of India under Section 46 of the Act (five rules have been made so far).
 - (f) Capital account transactions are permitted unless restricted or imposed by Reserve Bank of India vide Section 6 of the Act.
 - (g) In respect of Capital Account transactions, regulations are made by Reserve Bank of India under Section 47 of the Act and 23 regulations have been made so far.

- (h) RBI has been authorized to control Foreign Exchange transactions in India and the same is clearly mentioned in Section 10 of FEMA 1999.
- (i) RBI will not involve directly into any Foreign Exchange transactions and the same is carried out by the Authorised Persons (who are also called as Authorised Dealers) as per the Directions of RBI.
- (j) In addition to these guidelines, Reserve Bank of India and Government of India, periodically, release notifications to effect changes in Capital and Current account transaction, respectively.
- (k) The concept of issuing master circulars on 1st week of July every year is now dispensed with and instead Master directions are issued by Reserve Bank of India.
- (l) Master Directions are issued every year on the first of January consolidating the instructions issued till date and also, they are updated as and when changes are made through notifications and / or directions.

Note: Master Directions (consolidated) are issued regularly on every 1st January of Every Year and the same is updated as and when required (Please Ref: www.rbi.org.in)

Besides the above Master Directions, the following Master Circulars issued by the Reserve Bank of India are also relevant for understanding the subject of foreign exchange (with regular updations).

- (i) Foreign Investments in India.
- (ii) Money Transfer Service Scheme
- (iii) Risk Management and Interbank dealings
- (iv) Rupee / FC Export credit and customer service to exporters.

Important Definition to Understand the Subject Foreign Exchange

7.3 The following definitions are relevant for understanding the subject of Foreign Exchange:

(a) Foreign Exchange:

Foreign Exchange means foreign currency, and includes:

Manual on Concurrent Audit of Banks

- 1) All deposits, credits and balances payable in foreign currency, and any drafts, traveller's cheques, letters of credit and bills of exchange, expressed or drawn in Indian currency and payable in foreign currency,
- 2) Any instrument payable at the option of the drawer or holder, thereof or any other party thereto, either in Indian currency or in foreign currency, or partly in one and partly in the other. Debit cards, ATM cards or any other instrument which can be used to create a financial liability may be defined as currency.

(Section 2 (n) of FEMA,1999)

(b) Capital Account Transaction:

The following transactions conducted by Person resident in India are treated as Capital Account Transactions as per Schedule I (Regulation 3(1) A of the Act):

- (i) Investments in foreign securities.
- (ii) Foreign currency loans raised in India and abroad.
- (iii) Transfer of immovable property outside India.
- (iv) Guarantees issued in favour of a person resident outside India.
- (v) Export, import and holding of currency / currency notes.
- (vi) Loans and Overdrafts (borrowings) from a person resident outside India.
- (vii) Maintenance of foreign currency account in India and outside India.
- (viii) Taking out of Insurance policy from an insurance company outside India.
- (ix) Loans and overdrafts given to a person resident outside India.
- (x) Remittance outside India of capital assets.
- (xi) Sale and purchase of foreign exchange derivatives in India and abroad and commodity derivatives abroad.

The following transactions conducted by Person resident in India are treated as Capital Account Transactions as per Schedule II (Regulation 3(1) A of the Act):

- (A) Investments in India
 - issue of security by a body corporate or an entity in India and investment therein.
 - investment by way of contribution to the capital of a firm or a proprietorship concern or an association of persons in India.
- (B) Acquisition and transfer of immovable property in India.
- (C) Guarantee issued in favour of or on behalf of, a person resident in India.
- (D) Import and export of currency notes into/from India.
- (E) Deposits between a person resident in India and outside India.
- (F) Foreign currency account in India.
- (G) Remittance outside India of capital assets in India of a person resident outside India.

(c) Current Account Transaction:

Current Account Transaction means a transaction other than capital account transaction, but includes the following (section 2(j) of FEMA):

- (a) Payment due in connection with foreign trade, other current business, services and short-term banking and credit facilities in the ordinary course of business.
- (b) Payments due as interest on loans and as net income from investments.
- (c) Remittances for living expenses of parents, spouse and children residing abroad, and
- (d) Expenses in connection with foreign travel, education and medical care of parents, spouse and children.

(d) Authorised Person:

Section 2(c) of the Act, states that “authorised person” means an authorised dealer, money changer, off-shore banking unit or any other person authorised under section 10 (1) to deal in foreign exchange and foreign securities. These are authorised by Reserve Bank of India under Section 10 of FEMA to deal in foreign exchange. They are broadly classified as under:

Manual on Concurrent Audit of Banks

AD CATEGORY I	COMMERCIAL BANKS STATE COOP BANKS URBAN CO OP BANKS	All current and capital account transactions
AD CATEGORY II	UPGRADED FFMCs COOP BANKS RRBS	Non-trade related current account transactions specified by Reserve Bank and all activities permitted for FFMC.
AD CATEGORY III	SELECT FINANCIAL AND OTHER INSTITUTIONS	Transactions incidental to the foreign exchange undertaken by them
FFMC (FULL FLEDGED MONEY CHANGERS)	DEPT OF POSTS URBAN COOP BANKS OTHER FFMCs	Purchase and sale of foreign exchange for private and business visits abroad.

Category of Branches

The Authorised Dealers (Banks) who have huge network of branches bifurcate their branches into Three Category viz Category A, B and C branches. These branches are allowed to transact in various activities permitted under FEMA. Mostly the assignments will be as under:

(i) CATEGORY A BRANCHES

- Maintains Foreign Currency Accounts in banks abroad and maintains foreign exchange positions.
- Buy / sell foreign currencies in the interbank forex market.
- Provide cover to branches for the forex transactions of their clients.
- Provide forward cover to merchants through their Branches.
- Compliance to RBI / GOI guidelines.
- Provide buying and selling rates to branches.
- Balancing of Nostro Accounts.

The dealing room of the Bank, the Trade Finance Centre of the Bank are the A category Branches.

(ii) CATEGORY B BRANCHES

- Operate foreign currency accounts maintained by category A branches with foreign banks abroad.
- Issue remittances/ demand drafts drawn in foreign currency and also encase for customers.
- Handle exports and import business for the clients.
- Handle all remittance transactions both and current account and capital account transactions.
- Maintain deposit accounts of NRIs such as FCNR, NRE, NRO, EEFC, Diamond Dollar Account, etc.

The B category branches are identified through the AD code (Authorized Dealers Code) issued by the RBI for conducting the foreign exchange business for the customers.

(iii) CATEGORY C BRANCHES

Normally, not allowed to conduct any foreign exchange transactions on their own and route through category B branches. C Category Branches are allowed to open FCNR, NRE, NRO, RFC, EEFC and special foreign currency accounts for their customers.

(e) Person includes (i) individual, (ii) a Hindu Undivided family, (iii) a company, (iv) a firm, (v) an association of persons or a body of individuals whether incorporated or not, (vi) every artificial judicial person, not falling in any of the preceding sub-clauses, and (vii) any agency, office, or branch owned or controlled by such person.

(f) Person Resident in India means:

- (i) a person residing in India for more than 182 days during the course of the preceding financial year, but does not include, a person who has gone out of India or who stays outside India, in either case –(A) (a) for or on taking up employment outside India, or(b) for carrying on outside India a business or vocation outside India or (c) for any other purpose, in such circumstances as would indicate his intention to stay outside India for an uncertain period.(B) A person who has come to stay in India, in either case, or otherwise than –(a) for or on taking up employment in India, or(b) for carrying on in India a business or

Manual on Concurrent Audit of Banks

vocation in India or (c) for any other purpose, in such circumstances as would indicate his intention to stay in India for an uncertain period.

- (ii) any person or body corporate registered or incorporated in India.
- (iii) an office, branch or agency in India owned or controlled by a person resident outside India.
- (iv) an office, branch or agency outside India owned or controlled by a person resident in India. (Section 2 (v) of the Act.)

(g) Person resident outside India means a person who is not resident in India. The definition of Non-resident and Person of Indian Origin (PIO) have been defined differently in various guidelines and hence should be guided in that context only.

Similarly, the definition of “relative” should be referred to the context as it has been defined under section 6 of Companies Act, 1956 and Companies Act, 2013, separately.

Current Account Transactions

7.4 Persons resident in India can undertake various current account transactions as per rules framed there under. The detailed rules issued by Government of India are as under:

S.no.	Rule	Details
1	Foreign Exchange Management (Encashment of Draft, Cheque, instrument and payment of interest) Rules, 2000	Deals with these instruments to be delivered to investigating agencies where investigation was referred under section 37 of the Act.
2	Foreign Exchange Management (Authentication of Documents) Rules, 2000	Notifying that the documents received in India and signed by Diplomatic and Consular Officers is treated as notarized.

3	Foreign Exchange Management (Current Account Transactions) Rules, 2000 effective 1.6.2000	Deals with various current account transactions, prohibited, restricted, and permitted to persons.
4	Foreign Exchange Management (Adjudication Proceedings and appeal) Rules, 2000	Appointment of Adjudicating authorities for holding inquiry.
5.	Foreign Exchange (compounding proceedings) Rules 2000	Powers of Reserve Bank of India to compound contravention.

7.5 Current Account transactions are permitted under Foreign Exchange Management (Current Account Transactions) Rules, 2000 effective 1.6.2000 (updated from time to time) can be broadly classified into three schedules. Schedule I transaction are strictly prohibited, Schedule II transactions require prior approval of the Central Government and Schedule III transactions are permitted by Authorised dealers within the limits stipulated against each transaction.

(i) Schedule I transactions

The following transactions are prohibited as per Schedule I:

- (i) Remittance out of lottery winnings.
- (ii) Remittance of income from racing/riding, etc., or any other hobby.
- (iii) Remittance for purchase of lottery tickets, banned/prescribed magazines, football pools, sweepstakes, etc.
- (iv) Payment of commission on exports made towards equity investment in Joint Ventures/Wholly Owned Subsidiaries abroad of Indian companies.
- (v) Remittance of dividend by any company to which the requirement of dividend balancing is applicable.
- (vi) Payment of commission on exports under Rupee State Credit Route, except commission up to 10% of invoice value of exports of tea and tobacco.
- (vii) Payment related to “Call Back Services” of telephones.

Manual on Concurrent Audit of Banks

(viii) Remittance of interest income on funds held in Non-resident Special Rupee Scheme account.

In addition to the above, drawl of foreign exchange is prohibited for travel to Nepal and / or Bhutan and a transaction with a person resident in Nepal or Bhutan without Reserve Bank of India approval.

(ii) Schedule II transactions

The following Schedule II transactions require prior approval of Central Government of India:

S. No.	Purpose of remittance	Department to approve.
1	Cultural Tours	Ministry of Human Resources Development, (Department of Education and Culture)
2	Advertisement in foreign print media for the purposes other than promotion of tourism, foreign investments and international bidding (exceeding USD 10,000) by a State Government and its Public Sector Undertakings	Ministry of Finance, (Department of Economic Affairs)
3	Remittance of freight chartered by a PSU of vessel	Ministry of Surface Transport, (Chartering Wing)
4	Payment of import by a Govt. Department or a PSU on c.i.f. basis (i.e., other than f.o.b. and f.a.s. basis)	Ministry Transport, of Surface (Chartering Wing)
5	Multi-modal transport operators making remittance to their agents abroad	Registration Certificate from the Director General of Shipping
6	Remittance of hiring charges of transponders by (a) TV channels (b) internet service providers	Ministry of Information and Broadcasting Ministry of

Foreign Exchange

		Communication and IT
7	Remittance of container detention charges exceeding the rate prescribed by Director General of Shipping	Ministry of Surface Transport (Director General of Shipping)
8	Remittance of Prize Money / sponsorship of sports activity abroad by a person other than Sports bodies if the amount involved exceeds USD 100000	Ministry of HR
9	Remittance for membership of P & I club Insurance	Ministry of Finance

(iii) Schedule III transactions

The following Schedule III transactions are affected by the Authorized Dealers, upto the limits specified thereof, and all transactions exceeding the limits mentioned therein requires Reserve Bank of India prior approval:

- (i) Release of exchange in one financial year for one or more private visits to any country except Nepal and Bhutan.
- (ii) Gift remittance for financial year per remitter or donor other than resident individual.
- (iii) Donation per financial year per remitter or donor other than resident individual.
- (iv) Exchange facilities for persons going abroad for employment.
- (v) Exchange facilities for emigration or amount prescribed by country of emigration whichever is lower.
- (vi) Remittance for maintenance of close relatives abroad, exceeding net salary (after deduction of taxes, contribution to provident fund and other deductions) of a person who is resident but not permanently resident in India and:
 - (a) is a citizen of a foreign State other than Pakistan; or
 - (b) is a citizen of India, who is on deputation to the office or branch or subsidiary or joint venture in India of such foreign company.

(c) exceeding US\$1,00,000 per year per recipient, in all other cases.

Explanation: For this purpose, a person resident in India on account of his employment deputation of a specified duration (irrespective of length thereof) or for a specific job or assignment, the duration of which does not exceed three years, is a resident but not permanently resident.]

- (vii) Release of foreign exchange to a person, irrespective of stay, for business travel, or attending a conference or specialized training or for maintenance of expenses of a patient going abroad for medical treatment or check-up abroad, or for accompanying as attendant to a patient going abroad for medical treatment or check-up.
- (viii) Release of foreign exchange for meeting expenses for medical treatment abroad as per the estimate from the doctor in India or hospital / doctor abroad.
- (ix) Release of foreign exchange for studies abroad or upto the estimates given by the institution abroad.

Liberalized Remittance Scheme (LRS)

- (i) The scheme was introduced on February 4, 2004, vide A.P. (DIR Series) Circular No. 64 dated February 4, 2004 read with Gol Notification G.S.R. No.207(E) dated March 23, 2004, as a liberalization measure to facilitate resident individuals to remit funds abroad for permitted current or capital account transactions or combination of both.
- (ii) These guidelines are modified from time to time.
- (iii) As per the scheme, all the above remittances allowed to individuals (only individuals including Minor) are subsumed under this scheme.
- (iv) As per the present guidelines, a person can remit up to USD 250,000 per financial year to one of those transactions or a combination thereof total not exceeding USD 250,000 (or its equivalent) per Financial Year / per account
- (v) In case there is a Joint account in the name of the Two individual (e.g mother and son), the limit is applicable for single transfer and not individually for both (mother and son). That means from one account under LRS one can transfer only USD 250000 or its equivalent.
(Example)

Foreign Exchange

- If mother transfers USD 250000 from the account and the son can transfer USD "0" only
- If mother transfers USD 100000 from the account, the son can transfer only upto USD 150000
- If mother wants to transfer USD 250000 and son wants to transfer USD 250000, under LRS only USD 250000 is allowed to be transferred and not entire USD 500000

(vi) The Scheme is not available to the following entities.

- Corporates
- Partnership Firms
- HUF
- Trusts
- Transactions not permissible under FEMA

In addition to the above facilities available for remittance to individual persons, the Authorized Dealer is also permitted to make remittances to other than individuals as under. These are not covered under LRS:

Foreign Exchange

1.	Commission, per transaction to agents abroad (for sale of residential flats or commercial plots in India)	25,000 or 5 % of Inward remittance whichever is more

Capital Account Transactions for Persons Resident Outside India

Non-Resident

- (a) The term Non-resident or Non-resident Indian has not been defined in the FEMA.
- (b) Reserve Bank of India has defined the term Non-resident and Non-resident Indian in its various regulations issued from to time.
- (c) In certain regulations, the term Non-resident Indian includes Persons of Indian Origin also.
- (d) The following definitions, normally, give an understanding of these two terms - non-resident Indian and Person of Indian Origin.
- (e) The concept of NRI for the purpose of Income Tax guidelines are different from regulations given by the Reserve Bank of India.
- (f) One must understand the NRI definition is different from the definition given as per the regulations of RBI

Manual on Concurrent Audit of Banks

- (g) Non-resident Indian means a person resident outside India who is a citizen of India or is a person of Indian origin.
- (h) This definition holds goods for various regulations issued by RBI namely, Foreign Exchange Management (Deposit) Regulations, 2000, Foreign Exchange Management (Investment in Firm or Proprietary concern in India) Regulations, 2000, Foreign Exchange Management (Transfer or Issue of Security by a person resident outside India) Regulation, 2000.
- (i) However, for the purpose of Foreign Exchange Management (Remittance of Assets) Regulation 2000, NRI means a person resident outside India who is a citizen of India.

Person of Indian Origin (PIO) is a person resident outside India who is a citizen of any country other than Bangladesh or Pakistan, or such other country as may be specified by the Central Government, satisfying the following conditions:

- (a) Who was a citizen of India by virtue of the Constitution of India or the Citizenship Act, 1955 (57 of 1955); or
- (b) Who belonged to a territory that became part of India after the 15th day of August 1947; or
- (c) Who is a child or a grandchild or a great grandchild of a citizen of India or of a person referred to in clause (a) or (b); or
- (d) Who is a spouse of foreign origin of a citizen of India or spouse of foreign origin of a person referred to in clause (a) or (b) or (c).

Explanation: PIO will include an 'Overseas Citizen of India' cardholder within the meaning of Section 7(A) of the Citizenship Act, 1955

7.14 As FEM (Deposit) Regulations, 2000 have been repealed and replaced by FEM (Deposit) Regulations, 2016 with effect from April 1, 2016 (FEMA 5(R)), the term NRI, wherever it appeared, has been replaced by NRI and/or PIO. Prior to this, PIOs were covered within the definition of NRI.

Foreign Exchange

LOANS IN INDIA IN RUPEES AGAINST TDRS	Account Holder / Third Party Allowed	Account Holder /Third Party Allowed	Account Holder / Third Party Allowed
LOANS IN FOREIGN CURRENCY AGAINST TDRS	Account Holder / Third Party Allowed	Account Holder/ Third Party Allowed	NOT PERMITTED
PURPOSE OF LOAN	Personal purposes or for carrying on business activities Direct investment in India on non-repatriation basis by way of contribution to the capital of Indian firms / companies	Personal purposes or for carrying on business activities Direct investment in India on non-repatriation basis by way of contribution to the capital of Indian firms / companies	Personal requirement / Business purpose. Loan cannot be sanctioned for relending, carrying on agricultural/ plantation activities or investment in real estate.
	Acquisition of flat / house in India for his own residential use.	Acquisition of flat / house in India for his own residential use.	

Guidelines for Loans against NRI Deposits

- A. Authorised Dealers/ banks in India can grant loans against the security of the funds held in NRE accounts to the account holder/ third party in India, without any limits, subject to the usual margin requirements.
- B. The loan cannot be repatriated outside India and shall be used for the following purposes:

- a) personal purposes or for carrying on business activities except for the purpose of relending or carrying on agricultural/ plantation activities or for investment in real estate business;
 - b) making direct investment in India on non-repatriation basis by way of contribution to the capital of Indian firms/ companies subject to the provisions of the relevant Regulations made under the Act;
 - c) acquiring flat/ house in India for his own residential use subject to the provisions of the relevant Regulations made under the Act.
- C. In case of loans sanctioned to a third party, there should be no direct or indirect foreign exchange consideration for the non-resident depositor agreeing to pledge his deposits to enable the resident individual/ firm/ company to obtain such facilities.
- D. In case of the loan sanctioned to the account holder, it can be repaid either by adjusting the deposits or through inward remittances from outside India through banking channels or out of balances held in the NRO account of the account holder.
- E. Authorised Dealers may allow their branches/ correspondents outside India to grant loans to or in favour of non-resident depositor or to third parties at the request of depositor for bona fide purpose against the security of funds held in the NRE accounts in India and also agree for remittance of the funds from India, if necessary, for liquidation of the outstanding.
- F. The facility for premature withdrawal of deposits will not be available where loans against such deposits are availed of.
- G. The term “loan” shall include all types of funds based/ non-fund based facilities.
- H. Loans against security of immovable property or shares can be allowed to NRIs in India rupees.
- I. However, the purpose of loan should be for meeting personal expenses.
- J. The amount cannot be credited to NRE / FCNR accounts, and no repatriation is allowed.
- K. The repayment of these loans should be through inward remittance or to the debit of NRE / FCNR account.

Investment in Shares and Securities

- a. A Non- Resident Indian (NRI) may acquire securities or units on a Stock Exchange in India on repatriation basis under the Portfolio Investment Scheme, subject to the terms and conditions specified in Schedule 3. A Non- Resident Indian (NRI) may acquire securities or units on a non-repatriation basis, subject to the terms and conditions specified in Schedule 4.
- b. For this purpose, the NRI is required to open a special account called NRE (PIS) account with an authorised dealer who is offering such accounts.

Acquisition and Transfer of Property in India

- a. These guidelines are applicable to both Non-resident Indians and Persons of India Origin.
- b. NRI can acquire property in India by:
 - (i) purchase of immovable property (other than agricultural land/plantation property /farmhouse) and
 - (ii) Transfer of immovable property. (Transfer includes sales, purchase, mortgage, exchange, pledge, gift, loan or any other form of transfer of right, title, possession or lien). In case the residential property so purchased is sold, the purchase price can also be permitted to be repatriated and the balance amount has to be credited to NRO account and such repatriation is allowed only in the case of two properties.
 - (iii) In case property is purchased through rupee funds an amount upto USD 1 Mn is allowed to be repatriated in a financial year after obtaining permission from Reserve Bank of India.
 - (iv) In case property in India has been acquired while the status of the NRI remains as NRI, an amount upto USD 1 Mn is allowed to be repatriated in a financial year after obtaining permission from Reserve Bank of India.
 - (v) In case property has been acquired while the status of the NRI was person resident in India, RBI permission is required to repatriate the funds.

- (vi) The NRI is allowed to transfer the property held in India to a person resident in India, or another NRI, PIO.
- (vii) But transfer of property to foreign national is not allowed.

Other Remittance Facilities for NRIs / PIOs

- a. Current income like rent, dividend, etc., can be remitted outside India and the same can also be credited to NRE account.
- b. They are also permitted to remit upto USD 1 Mn. per year funds held in NRO ac/sale proceeds of immovable property purchased by him out of rupee funds or acquired through inheritance without any lock in period.
- c. However, this facility is not available for citizens of Pakistan, Bangladesh, Sri Lanka, China, Afghanistan, Iran, Nepal and Bhutan.

Foreign Nationals

- a. Foreign nationals of non-Indian origin on a visit to India can open NRO – CD/ SB accounts for a maximum period of six months.
- b. Funds should be received through Banking channels.
- c. This facility is not for citizens of Nepal and Bhutan.
- d. On return of the foreign national, the funds can be repatriated subject to account has been maintained for a period not exceeding six months and the account has not been credited with any local funds, other than interest accrued thereon. RBI approval required for accounts above six months.
- e. Foreign nationals of non-Indian origin resident outside India cannot acquire any property in India unless such property is acquired by way of inheritance from a person who was resident in India. They can acquire on lease for five years without permission from RBI.
- f. Citizens of Pakistan, Bangladesh, Sri Lanka, Afghanistan, China, Iran, Nepal, Bhutan, Macau or Hong Kong cannot, without prior permission of the Reserve Bank, acquire or transfer immovable property in India, other than lease, not exceeding five years.
- g. Foreign nationals resident in India can open and maintain resident rupee accounts.

- h. On return, their accounts should be re-designated as NRO to enable pending funds to be credited to the account.
- i. On retirement from India, they are permitted to remit USD 1 Mn from his NRO account every year. They have been, however, permitted to maintain a foreign currency account outside India and remit his salary to that account.

Requirements under Income Tax Act

Section 195 (6) of Income Tax Act, 1961, requires the person paying to NRI to furnish the information as per Rule 37 BB. Information should be submitted to Income Tax if paying to a non-resident, not being a company or to a foreign company in FORM 15 CA AND 15 CB.

Import of Goods and Services

- a. In addition to Exchange Management controlled by Reserve bank of India in respect of import of goods and services, one should be familiar with trade management guidelines governing the imports.
- b. It is also necessary that one should be familiar with the internal guidelines of the Bank as major areas like, assessment of limits, obtention of securities, documentation, interest rates and service charges, opening of Letters of Credit, issuance of guarantee, standby letters of credit are governed by internal guidelines of each bank.
- c. One should also be familiar with ICC guidelines governing Letters of Credit – Uniform Customs and Practices - UCP600, Standby Letters of Credit – ISBP 98, Uniform Rules for Collection – URC 522, Uniform Rules for Demand Guarantees – URDG 758, INCOTERMS 2010, etc.

Guidelines under Trade Control

- a. Both imports and exports are controlled by Ministry of Commerce and Industry through Director General of Foreign Trade (DGFT).
- b. Government of India releases Foreign Trade Policy (FTP) which is applicable for a period of five years and the present policy is for the period 2023-28, which comes into effect from 01.04.2023.
- c. As per the FTP policy guidelines, any person conducting the business under imports and exports should first have IEC number obtained from DGFT.

Manual on Concurrent Audit of Banks

- d. All items are classified as those which may be freely imported, restricted, canalized or prohibited.
- e. Authorized Dealers may freely open Letters of Credit and allow remittances for import of goods unless they are included in the restrictive list requiring license under the Foreign Trade Policy in force.
- f. In such cases, letters of credit should be opened only against valid import licenses marked "For Exchange Control Purposes".

Reserve Bank of India Guidelines on Import of Goods and Services

- a. The authorised dealers who are conducting transactions for importers must ensure that the importer has obtained valid IEC (Import-Export Code) number from DGFT.
- b. The goods being imported if categorized under restricted category needs license issued by DGFT and a copy marked as "for Exchange Control purposes" has been obtained and kept on record.
- c. The banks should also ensure that the Importer holds a confirmed order executed between the importer and supplier of goods.
- d. The branches should meticulously follow KYC guidelines issued by RBI from time to time regarding opening, monitoring and scrutinizing the transactions of importers.
- e. Branches should obtain a declaration in FORM-1, when the importer/exporter regularly deal with the bank and to be obtained once. In case the dealings of importer are occasional or casual in nature FORM II should be obtained.
- f. Whenever payments are required to be made by Authorised Dealer, the importer is required to submit his request in FORM – A – 1 which has been since dispensed with by Reserve Bank of India. However, a suitable declaration should be obtained with proper supporting documents.
- g. Banks are required to make payments for importers in respect of import transactions in the following circumstances:
 - (i) Payments towards receipt of bills under Letter of credit opened by them on behalf of the importer favouring foreign supplier/ bank.

- (ii) Advances remittances for imports as required by the supplier.
- (iii) Payment towards realization of bills received under collection from the Seller /his bank.
- (iv) Outward remittances for direct imports.

Settlement of Import Payments

- a. All import payments, normally, should be settled within a period of six months from the date of shipment.
- b. In case of delayed settlement, Authorized Dealer can allow payment of interest upto 3 years.
- c. Extension in period of payment should be given 6 months at a time.
- d. In case extension is given beyond one year, the total outstanding of the importer does not exceed USD one Million or 10% of the average import remittances during the preceding two financial years, whichever is lower.
- e. There is no time limit for payment of import of books.
- f. Interest payment may be made in case payments are made later.
- g. The Authorized Dealer should be satisfied of such delayed payment.
- h. Importer may withhold 15% from import payments as per the terms of purchase agreement between the importer and the seller. This may be paid without interest later.

Trade Credits

- a. In case deferred payment arrangements, such as, Suppliers' and Buyers' credit are made by the importer such payments are covered under Trade Credits.
- b. In case of trade credits (which are covered under ECB guidelines) the maximum amount allowed is USD 20 MN, upto one year for non-capital goods and upto 5 years for Capital Goods per import transaction in all sectors from date of shipment.
- c. In case trade credit has been sanctioned no rollover/extension is permitted.
- d. The all-in cost for payment of Interest should not exceed 6 months

LIBOR + 350 bps. AD is permitted to issue guarantee for payment of trade credits upto a period of 3 years.

Third Party Payments for Imports

- a. Sometimes the importers may require making payments to third party who is other than the seller of the goods.
- b. In such cases third payment payments are allowed subject to a firm irrevocable purchase order / tripartite agreement is in place between the importer, seller and the third party (normally, the supplier of goods) and authorized dealer is satisfied with the bonafide of the transactions and should consider the Financial Action Task Force (FATF) statement before handling the transactions.
- c. The Invoice should contain a narration that the related payment has to be made to the (named) third party.
- d. Bill of Entry should mention the name of the shipper as also the narration that the related payment has to be made to the (named) third party.

Advances Remittances

- a. The seller may request the importer to arrange for advance remittance after execution of purchase order and before shipment of the goods.
- b. Authorized dealers may entertain such requests from importer customers subject to
 - (i) the importer holds a valid import license if license is required for such import.
 - (ii) a confirmed order is in place between the supplier and the importer,
 - (iii) advance remittance is made directly to supplier.
- c. The AD banks may not insist guarantee from the supplier's bank upto an amount of advance remittance of USD 200,000.
- d. In case the amount exceeds USD 200,000 guarantee from international bank provided by the supplier is required.
- e. Individual Banks may waive the condition and make payment upto USD 1 Mn as per their Board approved policy.
- f. A declaration should be obtained as per Bank's Performa.

Advance Remittances for Import of Rough Diamonds

- a. The authorized dealer before making advance remittance for an importer who is dealing in import of rough diamonds must ensure that:
 - A. the overseas mining company has the recommendation of GJEPC (The Gem and Jewellery Export Promotion Council.)
 - B. The importer should be a recognized processor of rough diamonds and should have a good track record,
 - C. AD Category - I banks should, undertake the transaction based on their commercial judgment and after being satisfied about the bonafides of the transaction,
 - D. Advance payments should be made strictly as per the terms of the sale contract and should be made directly to the account of the company concerned.
- b. Further, due caution should be exercised to ensure that remittance is not permitted for import of conflict diamonds (Kimberly Certification) and KYC and due diligence exercise should be done.
- c. Banks should follow-up submission of the Bill of Entry / documents evidencing import of rough diamonds into the country by the importer.

Time Period for Shipment/ Payment Under Advance Remittances

- a. Goods should be imported within 6 months from the date of advance remittance for noncapital goods and 3 years for capital goods.
- b. The authorized dealer can allow an extension of one month for import of goods.
- c. In case of non- import, the advance payment if any made should be repatriated immediately.
- d. The balance amount of remittances for imports should be completed within six months from the date of shipment.

Procedure for Receipt of Import Bills/ Documents (otherwise than under Letter of Credit)

- a. Sometimes, as per the purchase order between the supplier and the

importer, the bills will be sent by the seller to the importer's bank or importer directly, and if the bills are directly sent by the importer, he will request the authorised dealer to make payment there under.

- b. The following guidelines are applicable:
 1. Bills should be received directly from the supplier's bank. However, in some cases, Bills can be directly received from the supplier by the importer's bank (i) if the where value of good imported does not exceed USD 300,000, (ii) bills received from wholly owned subsidiaries of foreign companies from their principals. (iii) if the importer is a Status holder exporter or 100%EOU/Units in Special Economic Zones, PSU and Limited Companies (iv) Bills received by all limited companies (iv) Bills can be directly received from the supplier if Bank is satisfied.
 2. The bills received under collection by the Banks directly either from supplier's bank or the supplier are governed under Uniform Rules for Collection (URC 522) and hence should be guided by those rules. They should also ensure that the bills drawn under Letter of Credit are not sent under collection without being covered under URC 522.

Evidence of Import

- a. It is necessary that the authorized dealer ensures that importer submits evidence of import to the Bank in a reasonable time.
- b. The evidence of import depends upon the type of import and such Bills of Entry (BEF) should be obtained and kept on record at least for a period of one year after audit of the branch is completed.
- c. In no case, the original BEF should be returned to the importer by the authorized dealer.
- d. The authorized dealer is required to acknowledge receipt of BEF.
- e. As per the present guidelines BEF need not be submitted in case the import is up to an amount of USD 100,000 (Per importer Per Financial Year).
- f. In all other cases, the BEF should be submitted to the authorized dealer within a period of three months from the date of remittance for import.

- g. The authorised dealer may give an extension of three months for submission of such BEF and in case the same is not submitted even after the lapse of six months, the authorized dealer should report the same to RBI in the half-yearly return in June and December every year of all those pending BEFs over USD 100,000.
- h. In case, the payment is made for Bills received on DA terms, the evidence of import should be submitted before making the payment for the imports.
- i. It is advisable that the authorized dealer should verify the website, ICEGATE for genuineness of the BEF submitted by the importers.

Merchant Trade

- a. In order to qualify a transaction under merchant trade both conditions to be satisfied are
 - A. goods acquired should not enter the Domestic Tariff Area and
 - B. the state of the goods should not undergo any transformation.
- b. In addition to that other conditions to be complied with under merchant trade are:
 - (i) goods to be imported/exported are permitted under FTP.
 - (ii) both legs of trade are routed through same Bank
 - (iii) the entire transaction is completed within a period of 9 months.
 - (iv) the transactions do not involve foreign exchange outlay for a period exceeding four months.
 - (v) the commencement of Merchant Trade is the date of shipment / export leg receipt or import leg payment whichever is first.
 - (vi) payment is received in time for the export leg first.
 - (vii) Supplier's credit / buyer's credit is available to the extent advance remittance not received.
 - (viii) advance remittance for import leg permitted.
 - (ix) Letter of credit for the supplier permitted against confirmed export order.

Manual on Concurrent Audit of Banks

- (x) payment for import may be allowed from EEFC balances.
 - (xi) one to one matching of merchant trade should be ensured.
 - (xii) the merchanting traders should be genuine trader of goods.
 - (xiii) confirmed orders have to be received from their buyers.
- c. The authorised dealer should ensure that (a) defaulting merchanting traders whose outstanding reach 5 % of their annual export earnings would be caution listed, (b) merchanting traders have to be genuine traders of goods and not mere financial intermediaries, (c) In case of Nepal and Bhutan are landlocked countries, Customs transit declarations have to be obtained.

Issue of Guarantee for Import of Services

- a. Authorized dealers are permitted to issue guarantees for import of services at the request of import customers in favor of non-resident service provider for amounts not exceeding USD500,000.
- b. The guarantee is to secure a direct contractual liability arising out of contract between resident and non- resident.
- c. For issue of guarantee exceeding USD100,000 in respect of PS Company or Dept of GOI, MOF approval is required.
- d. If the guarantee is invoked, matter should be reported RBI.

Key points relating to various guidelines issued by RBI on Imports are narrated below:

- (i) Import Trade is regulated by the DGFT under the Ministry of Commerce & Industry. While the physical merchandize concept is governed by the Foreign Trade Policy and implemented by the Customs Authorities, the Foreign exchange part is governed under the FEMA regulations and implemented by the RBI through the Authorized Dealers.
- (ii) AD Banks should ensure that the imports into India are in conformity with the FTP in force (2009-14), FEMA rules 2000, adherence to the provisions of Income Tax Act, wherever applicable and directions by RBI from time to time.
- (iii) AD Banks should ensure normal banking procedures, KYC guidelines & adhere to the provisions of the UCP while opening LCs for imports into India. Where specific regulations do not exist, AD Banks may be governed by normal trade practices in all their dealings.

- (iv) Application for all Import payments exceeding USD 5,000/- towards Imports into India, should be supported by Form A1 and supported by documents(Import documents) to the satisfaction of the AD. AD Banks need not obtain any document including A-1 except a simple letter from the applicant containing the basic information, viz., the name and address of the applicant, name and address of the beneficiary, amount to be remitted, purpose of the remittance as long as the exchange being purchased is for a current account transaction.
- (v) Remittances against Imports should be completed not later than six months from the date of shipment. However, AD Banks may permit settlement of import dues delayed due to disputes, financial difficulties, etc., beyond the 180 days subject to the condition that the AD is satisfied with the reasons put forth by the Importer.
- (vi) Advance remittances towards Imports are allowed without any ceiling. However, if the amount exceeds USD 200,000 or its equivalent, such remittances should be supported by a bank guarantee. In cases where the Importer is unable to obtain the bank guarantee and the bank is satisfied about the track record and bonafides of the transaction, bank may permit such advance remittances without insisting for a bank guarantee subject to maximum amount of USD 5 Mn. Banks to put in place a policy approved by the Board of the bank in this regard.
- (vii) The Importer is under obligation to submit the documentary evidence for having completed the Imports (Exchange Control Copy of the Bill of entry) within 6 months from the date of remittance in case of Advance Remittance. In respect of imports under D/A basis, the BOE should be submitted at the time of effecting the outward remittance and in case of D/P basis, the BOE has to be submitted within 3 months from the date of remittance. In case of default in submission of the evidence of Import, for amounts exceeding USD 1 Lac, AD should report such transactions to RBI in BEF Statement on half yearly basis.
- (viii) For Imports with value of less than USD 1 Lac, Banks can insist for any other alternate document as documentary evidence for import in lieu of the Bill of Entry (subject to the Board approved policy of the Bank) that the goods have been imported along with reason for non-submission. the BOE.

- (ix) In respect of import of non-physical Imports, a certificate from a Chartered Accountant that the software/data/ drawing/design has been received by the Importer to be submitted to the AD.
- (x) Import of gold on consignment basis by nominated agencies/banks is permissible only to meet the genuine needs of Exporters of gold jewellery. Exports. LCs opened by nominated Banks/Agencies for import of gold will be only on 100 % cash margin and should be on documents against payment basis (DP basis).
- (xi) Imports can be handled in either of the following methods:
 - (a) Imports under Advance remittances-All advance remittances exceeding USD 2 Lac to be supported by a bank guarantee. If the Importer is unable to provide the guarantee, bank based on the relationship can waive guarantee for amounts upto USD 5 Mn. and BOE be submitted within 6 months from date of remittance.
 - (b) Letters of Credit-Letters of credit are a set of instructions given by the Importer and conveyed by the Importer's Banker to the Overseas Bank for onward transmission to the supplier with a commitment that payment under the LC will be made if the documents submitted are credit compliant. Opinion on the Overseas Supplier either through DNB or through a Banker is to be obtained. Before establishing the LC, credit processing and non-fund-based limits are to be put in place. As per RBI guidelines, all import LCs are to be established for a tenor not exceeding 180 days from date of shipment (in case of procurement of raw materials) and 3 years in case of procurement of capital goods. All transactions under LCs are governed under extant provisions of UCP 600 established by ICC.
 - (c) Imports under Collection basis received by the Bank- Authorized dealers are to exercise due care while handling Import bills under Collection basis received on behalf of their Importers with reference to their line of business, financial standing, frequency of imports and track record to establish genuineness of imports. Satisfactory opinion report on the overseas supplier may be called for from the bankers, accredited rating agencies, etc., in support of the genuineness of the Import. Original documents received along with the Overseas Bank's covering letter to be thoroughly

scrutinized to ensure adherence to the instructions contained therein. All transactions under collection are governed under the Uniform Rules for Collection – URC 522.

- (d) Import Bills received directly by the Importer- AD Banks may make remittances where import bills have been received by the Importers directly from the Overseas Supplier in respect of the following cases:
- Value of the import bill does not exceed USD 300,000 or equivalent where the Importer is a sole proprietor, partnership or an LLP.
 - Import bills received by the WOS of Foreign Companies irrespective of the amount of the bill.
 - Import bills received by status holder exporters, 100 % EOU, Units in SEZs irrespective of the amount of the bill.
 - Import bills received by PSUs irrespective of the amount of the bill.
 - Import bills received by all limited companies (Public Limited, Deemed Public Limited and Private Limited Companies) irrespective of the amount of the bill.

Export of Goods and Services

The Foreign Exchange Management (Export of Goods and Services) Regulation, 2000, contains instructions regarding exports of goods and services and the same should be read with modifications made there under. Reserve Bank of India Master Direction no. RBI/FED/2015-16/11 FED Master Direction No. 16/2015-16 January 1, 2016 (updated upto 12.5.2016) consolidates all the directions issued there under. The concurrent auditor is requested to read the updated circulars issued by RBI after this circular

status holders whichever is higher. However, export of goods not involving any foreign exchange requires Reserve Bank of India approval.

- g. Authorized Dealer may also approve submission of EDF for goods taken out for exhibition and participation in trade fairs subjects to (i) unsold exhibits may be sold outside the exhibitions, (b) unsold exhibits can also be gifted upto an value of USD 5000 per exporter, per exhibition/trade fair. The approval by authorised dealer is subject to (a) bill of entry produced within one month of re-import of unsold items, (b) the sale proceeds are repatriated immediately and (c) the method of disposal of items should be reported to him. All such transactions are subject to 100% by auditors.

Submission of Documents by Exporters

- a. The exporter should submit all shipping documents (such as Bill of Lading, Insurance, invoice, etc.) along with declaration forms and other documents requested by the buyer to authorized dealer within 21 days from date of shipment.
- b. The documents may be submitted for negotiation if Letter of Credit has been established in favour of the exporter, and/ or for discounting of DA bills and purchase in case of DP bills.
- c. The authorized dealer should dispatch the documents to their overseas branches/ correspondents or as per LC instructions.
- d. The exporters are permitted to send the documents and can be directly sent to consignees provided.
- Advance payment or an irrevocable letter of credit established for the full value and the sale contract provides dispatch of goods directly to them.
 - The exporter is regular customer of the AD Bank. (iii) where the value of export does not exceed USD 1 Mn.
- e. Status Holder exporter can directly dispatch the documents to the consignee provided the export proceeds are repatriated through AD named in EDF/SDF forms and the duplicate copy of EDF/SDF submitted within 21 days of shipment to AD.

Receipt of Payment for Exports

- a. There is no restriction on invoicing of export contracts in INR or in freely convertible currency, but export proceeds shall be realized in convertible currency only.
- b. The exporter must realize full value of the goods/software/ services should be realized within a stipulated period from the date of export.
- c. The stipulated period for receipt of export proceeds in all cases is maximum nine months and in case goods are exported to warehouses outside India, the period of realization is 15 months.
- d. Banks can allow extension of time beyond nine months for a period of six months provided:
 1. the export transactions are not under investigation.
 2. the exporter is unable to realize due to reasons beyond his control.
 3. exporter submits a declaration that the same will be realized during extended period.
 4. total outstanding of exporter does not exceed USD 1 Mn. or 10% of average realizations during preceding three years whichever is higher.
 5. all export bills outstanding beyond six months are subject to reporting under XOS statement.
 6. extension may be permitted without any time limit if a suit has been filed by the exporter on consignee.
 7. Any further extension of time beyond the time allowed by Authorized Dealer, is subject to approval by Reserve Bank of India.
- e. Payment should be received through authorized dealer by way of:
 1. Bank draft/personal cheque
 2. to the debit of FCNR/NRE accounts of consignee held in India
 3. International credit cards

5. FC/TC from buyer during his visit to India
 6. In rupees/ ACU mechanism for Nepal and Bhutan
 7. In precious metals, units set up in SEZs and EOUs equivalent to Jewellery exported.
- f. Other conditions governing receipt of payment for exports are, in case the payments are from ACU countries they must settle in ACU Dollar or ACU Euro.
- g. In the case of Myanmar, the payment can be received in other currencies also.
- h. Third Party payments for exports are permitted.
- i. Payment should be received in the currency appropriate to the place of destination irrespective of residence of buyer.

Advance Receipts

- a. Sometimes exporters may receive advance for the goods to be exported in future.
- b. In such cases, the export should be shipped within one year from receipt of advance payment.
- c. In case the export agreement states that the export can take place beyond one year from the receipt of advance receipt, approval of Authorized Dealer is required.
- d. In case agreements states so, exporter can pay interest on advance receipt at rate of interest not exceeding LIBOR + 100 bps.
- e. All the documents should be routed through the same authorized dealer through whom the advance has been received.
- f. In case shipment does not take place within one year from the receipt of advance, RBI approval is required to refund the remittance.

Reserve Bank of India permits to receive advance payments for longer periods upto 10 years allowed subject to:

- (i) Minimum of 3 years satisfactory track record of exporter.
- (ii) Firm orders for export are in place.

Manual on Concurrent Audit of Banks

- (iii) Product pricing should be in consonance with prevailing prices.
- (iv) The company has capacity to execute such long-term orders.
- (v) No Enforcement Directorate notices were issued to the company.
- (vi) Rate of interest payable on such advance remittances does not exceed LIBOR + 200 bps.
- (vii) The documents should be routed through AD only.
- (viii) Such advance above USD100 Mn should be reported to RBI.
- (ix) In case the exporter request for issuance of BG/SBLC in favour of the consignee who has given advance payment, should not be issued for more than for 2 years and then *rolled over if requested by the exporter.*

Write Off

- a. The Authorized Dealers as well as exporters are permitted to write off unrealized export bills subject to limits specified by the Reserve Bank of India.
- b. Such write off is permitted only in the cases where:
 - 1. the write off is outstanding more than one year,
 - 2. the overseas buyer has been declared as insolvent,
 - 3. the whereabouts of the overseas buyer are not available/traceable,
 - 4. goods have either been destroyed or auctioned by the port authorities at the destination due to non-delivery of goods or non-payment of taxes, etc.
 - 5. legal action is very expensive with reference to the amount to be recovered.
 - 6. exporters surrender proportionate incentives, if any, received from Government of India (duty drawbacks) or any other agencies
 - 7. submits a certificate from a Chartered Accountant certifying the export realizations during the preceding calendar year.
- c. The exporter can “self-write-off” upto 5%, and Status holder exporters

upto 10% and authorized dealer upto 10% of the total export proceeds realized during the previous calendar year.

Consignment Exports

- a. When consignment exports are made, the account sales submitted by the exporter as received from his agents should be verified by the Authorised Dealer.
- b. In consignment exports, the freight for exports and marine insurance should be arranged before exports in India.
- c. In case consignment export relates to books, unsold books may be abandoned in foreign country and the value thereof should be shown as deduction from export proceeds of books.

Shipments Lost in Transit

When shipments from India for which payment has not been received either by negotiation of bills under letters of credit or otherwise are lost in transit, the AD Category – I bank must ensure that insurance claim is made as soon as the loss is known.

Netting of Export Receivables Against Import Payments

- a. Requests received from exporters for netting off of export receivables against import payments for units located in SEZ are allowed by Authorized Dealer subject to
 1. The 'netting off' of export receivables against import payments is in respect of the same Indian entity and the overseas buyer/ supplier (bilateral netting) and the netting may be done as on the date of balance sheet of the unit in SEZ.
 2. The details of export of goods are documented in EDF (O) forms / DTR as the case may be while details of import of goods / services are recorded through A1 / A2 form as the case may be. The relative EDF will be treated as complete by the designated AD Category – I banks only after the entire proceeds are adjusted/ received.
 3. Both the transactions of sale and purchase in 'R' - Returns under FET-ERS are reported separately

4. The export/ import transactions with ACU countries are kept outside the arrangement.
5. All the relevant documents are submitted to the concerned AD Category – I banks who should comply with all the regulatory requirements relating to the transactions.

Short Shipments and Shut out Shipments

- a. When part of a shipment covered by an EDF already filed with Customs is short-shipped, the exporter must give notice of short-shipment to the Customs.
- b. Where a shipment has been entirely shut out and there is delay in making arrangements to re-ship, the exporter will give notice in duplicate to the Customs in the form and manner prescribed, attaching thereto the unused duplicate copy of EDF and the shipping bill.

Other Conditions in Exports

The following are other conditions in exports:

- a. AD Category – I banks may allow payment of commission, either by remittance or by deduction from invoice value, on application submitted by the exporter.
- b. AD Category – I banks, through whom the export proceeds were originally realized may consider requests for refund of export proceeds of goods exported from India and being re-imported into India on account of poor quality
- c. Reduction in invoice value on account of prepayment of usance bills permitted upto proportionate interest on the unexpired period of usance calculated at interest rate LIBOR.
- d. Reduction in invoice in other cases such as consignee demanding reduction before making the payment will be allowed by the Authorized Dealer upto a reduction not to exceed 25% of invoice value, the export commodities are subject to floor price, the exporter is not RBI caution list and incentives if received are surrendered.
- e. Change in buyer or consignee are also allowed by Authorized Dealer.

The Key points relating to various guidelines issued by RBI on Imports are narrated below:

- (i) Export Trade is regulated by the DGFT under the Ministry of Commerce & Industry. While the physical merchandize concept is governed by the Foreign Trade Policy and implemented by the Customs Authorities, the Foreign exchange part is governed under the FEMA regulations and implemented by the RBI through the Authorized Dealers.
- (ii) AD Banks should ensure that the Exports from India are in conformity with the FTP in force (2009-14), FEMA rules 2000, adherence to the provisions of statutory guideline, wherever applicable & directions by RBI from time to time.
- (iii) AD Banks should ensure normal banking procedures, KYC guidelines & adhere to the provisions of the UCP while advising/negotiating under LCs for Exports from India.
- (iv) Where specific regulations do not exist, AD Banks may be governed by normal trade practices in all their dealings.
- (v) All Export contracts and invoices shall be denominated either in freely convertible currency or in Indian rupees. However, exports realized in rupees should be through a freely convertible Vostro account of a non-resident Bank situated in any country, other than a member country of the ACU or Nepal or Bhutan.
- (vi) Advance Remittances towards Exports - Exporters are permitted to receive Advance remittances towards Exports subject to the condition that the shipment of the goods should be affected within one year from the date of receipt of advance remittance. In case if the Exporter is unable to ship the goods within one year from the date of receipt of the remittance, any extension for shipment of the goods or for refunding the amount after one year requires prior approval from the Reserve Bank of India.
- (vii) The amount representing full value of export value of goods shall be received through an AD Bank either in the form of Currency Notes, Bank Drafts, Pay Order, Banker's cheque, debit to FCNR/NRE account or through International Credit Cards of the Buyer. Exports realized in the form of Currency Notes tendered by the Overseas buyer during the personal visit to India can be accepted subject to the obtention of

Manual on Concurrent Audit of Banks

Currency Declaration Form (CDF) where the proceeds exceed USD 5000 and after exercising due diligence as per AML guidelines.

- (viii) All exports are to be supported by the original commercial/financial documents and accompanied by the Exchange Control Copy of the SDF/GR/SOFTEX/PP forms as the case may be.
- (ix) It is obligatory on the part of the exporter to realize and repatriate the full value of goods or software to India within a period of 9 months from the date of export irrespective whether the Exporter is a status holder exporter or a 100 % EOUE. However, in case of SEZs, there is no specific time period stipulated for realization and repatriation of the export proceeds.
- (x) EEFC – Exchange Earners Foreign Currency Accounts may be opened by Exporters to park the exchange earnings realized on account of exports to the extent of entire 100 % of the proceeds. However, exporters are under obligation to convert the entire balances into rupees before the last day of the next calendar month after utilizing the balances for import payments, if any and against forward contracts booked against the balances.
- (xi) General permission is available to all Exporters for opening of a temporary foreign currency account for participation in trade fairs and exhibitions abroad. Exporters are permitted to export goods for the purpose of exhibiting the same in overseas exhibitions, sale of goods in such exhibitions and repatriating the sale proceeds on conclusion of the exhibition. Exporters are also permitted to re-import the goods into the country after completion of the exhibition.
- (xii) Unrealized Export Bills – Exporters have to follow-up with the overseas buyers for realization of the Export bills and repatriation of the proceeds thereon. However, due to the reasons beyond the control of the Exporter, if the goods exported are not realized within the due dates, the Exporters can get the export bills extended by submitting Form ETX along with the copies of documents evidencing follow-up with the overseas buyers. AD Banks will take on record the efforts put in by the Exporter and extend the due date for realization of the bills accordingly. Despite efforts by the Exporter for realization of the Exports, such bills can be written-off by the Exporter either by Self-write off or write off by the AD Bank in their books subject to adhering to the extant guidelines of RBI.

Foreign Contributions

Foreign contributions received in the country for person resident in India are governed by Foreign Contribution (Regulation) Act, 2010 read with Foreign Contribution (Regulation) Rules, 2011.

The Act is applicable to whole of India and also to foreign branches and subsidiaries of “Body Corporates registered in India”. However, the act is not applicable to a company registered under Companies Act whose more than half of nominal capital is held by a foreign company or foreign source.

Foreign Source

Foreign source includes:

- (i) The government of any foreign ‘country’ or ‘territory’ and its agency(s).
- (ii) Any international agency (not being the United Nations or any of its specialized agencies).
- (iii) a foreign company.
- (iv) a corporation, not being a foreign company, incorporated in a foreign country or territory.
- (v) a multi-national corporation as per clause (g).
- (iv) A company within the meaning of the Companies Act, **2013** and more than one-half of the nominal value of its share capital is held, either singly or in the aggregate by certain agencies mentioned in the Act.
- (vi) A citizen of a foreign country.

Foreign Contribution

Foreign contribution (FC) means the donation, delivery or transfer made by any foreign source of any:

- (i) Article, (not being an article given to a person for his personal use as a gift having market value of not more than 25,000) (present specified threshold);
- (ii) Currency (includes Indian or foreign);
- (iii) Security (per Section 2(h) of the SCRA, 1956 and includes any foreign security per Section 2(o) of the FEMA, 1999).

Cost in lieu of goods or services in the ordinary course of his business, trade or commerce shall not be treated as FC. However, infusion of foreign share capital in a company registered under Section 25/ Section 8 of the Companies is treated as FC.

Recipients of Foreign Contribution

Who can receive

Any Person who is having a definite cultural, economic, educational, religious or social programme (practically all NGO's having nationalist objects) can receive FC after getting registered under FCRA law or obtaining a prior permission from the Central Government. A private limited company may also seek prior permission/registration for receiving foreign funds in case they wish to do some charitable work.

Who cannot receive

In terms of Section 3 of the Act, foreign contribution shall not be accepted by the following persons:

- (a) A candidate for election
- (b) Correspondent, columnist, cartoonist, editor, owner, printer or publisher of a registered newspaper
- (c) Judge, government servant or employee of any corporation or any other body controlled by Government.
- (d) Member of any legislature
- (e) A political party or officer bearer thereof
- (f) Organization of a political nature
- (g) Association or Company engaged in production or broad cast of news.
- (h) Prohibited individuals or Associations.

In terms of Section 4 of the Act, foreign contribution can be accepted by:

1. Relative. (Any person receiving FC in excess of one lakh rupees or equivalent thereto in a financial year from any of his relatives shall inform the Central Government in Form FC-1 within thirty days from the date of receipt of such contribution.
2. Business receipt from official channel or as per FEMA, 1999

3. Scholarships
4. Wages for employees working under him.
5. As an agent of foreign of source for transactions with CG/SG.
 - a. No permission is required from Central Government if foreign contribution is accepted in form of
 1. Salary, wages, or other remuneration due to him
 2. By way of payment in the course of international trade or commerce
 3. As an agent of a foreign source
 4. By way of gift or presentation made to him as a member of any Indian delegation
 5. By way of any scholarship, stipend, etc.
 6. Receipt of contribution from a relative not exceeding USD 8000 per annum
 7. Remittance received in ordinary course of business through official channels.
 - b. The person accepting foreign contribution in the aforesaid manner need to register themselves with Ministry of Home Affairs and obtain a certificate of registration as specified under the Act.
 - c. They should also get the accounts audited periodically and submit the reports to the Government.
 - d. They must designate a Bank's Branch for receipt of contributions.
 - e. A person receiving scholarship, stipend will intimate Central Government if such amount exceeds USD 36000 in an academic year.
 - f. Donations accepted from an Indian who has acquired foreign citizenship, PIO/OCI card holders are treated as foreign contributions. However, contributions received from non-resident Indians need not be reported.

Role of Banks

- a. Bank should send a report to Central Govt. within 30 days where an amount in excess of Rs. one Crore has been received in the case of registered entities and in the case non-registered entities, any amount received thereof.
- b. Bank should not allow any withdrawal or transfer or utilization of the FC amount till such time the Association produces documentary evidence from MHA permitting it to do so.
- c. FC that is returned to the donor (for want of registration or prior permission) without crediting in the account of the recipient need not be reported.
- d. Transfer of funds from one FCRA registered Association to another need to be reported.

Other Important Areas of Foreign Exchange

1. Foreign Current Asset (FCA)
 - a. FCA is a debt instrument issued by another country.
 - b. Every country wants to invest Foreign Exchange (FE) in that FCA, in order to gain the profit at the time of realization of FCA
 - c. FCA can be made in the form of Dollars, Yen, Euro and Pound
2. Balance of Payments:
 - a. If import exceeds Export, India will have Less FE, which will show “adverse” payments position.
 - b. If Export exceeds Import, India will have More FE, which will show “Favourable” Payment’s position.
3. Inflow of FE comes from
 - a. FDI/FII/FPI (foreign portfolio investment)
 - b. Exports
 - c. Loans borrowed/ Loan returned.
 - d. NRI remittance
 - e. Permanent return of NRI

- f. Capital Account transactions.
 - g. Current account transactions
 - h. Investment in Government projects
 - i. Realisation of FCA
 - j. Government securities
4. Outflow of FE goes from
- a. Taken back by FDI/FII
 - b. Imports
 - c. Loan repayment/ Loan given.
 - d. Payment towards FCA
 - e. LRS
 - f. Capital Account transactions.
 - g. Current Account Transactions
 - h. Investment in Foreign Government Projects
5. Foreign Exchange Highlights:
- a. Each country wants to deal with its own sets of rules and regulations and in its currency.
 - b. Currency differs from country to country.
 - c. Every Indian wants to save their money only in Indian Rupee and not any other Country's currency.
 - d. All the Exporters want the money in their country's currency
 - e. When one Country's currency is converted into another country's currency, then it is called as Foreign Exchange.
 - f. In India Authorised Dealers/Banks are responsible for Conversion of currency
6. FE is dealt by the following authorities in India:
- a. Reserve Bank of India (RBI)
 - b. Director General of Foreign Trade (DGFT)

Manual on Concurrent Audit of Banks

- c. Authorised Dealers (AD)
 - d. Foreign Exchange Dealers Association of India (FEDAI)
7. Authorised Dealers: (AD)
- a. Authorised Dealers are appointed by RBI, to do Limited / Unlimited dealings in FE in India
 - b. Licence of AD may be cancelled/revoked/refused by RBI.
 - c. AD has to according to the powers given by RBI.
 - d. In case AD has acted Outside powers, then AD has to refer to RBI.
8. FE requirement and usage
- A. FE is required for AD/ Customers
 - B. FE is purchased/sold by AD/Customers
 - C. FE is required to be bought and sold by AD to earn profit.
 - D. FE is required to be bought and sold by the customer to meet their requirements.
9. Mode of operation of FE:
- A. AD buys FE in Discount from Public/ Interbank/ Other Countries
 - B. AD sells FE at Premium to Public/ Interbank/Other countries.
10. Highlights of FEMA, 1999
- a. Foreign Exchange Management Act, 1999 has become effective from 1/6/2000 in India.
 - b. RBI is the Overall controlling Authority of FEMA,1999
 - c. Central Government makes rules under FEMA,1999
 - d. FEMA,1999 extends to whole of India.
 - e. FEMA,1999 Applies to all branches, offices and agencies situated in India.
 - f. In case if branches, offices and agencies situated outside India and is controlled by a person resident in India , then FEMA 1999 is applicable
 - g. Hence if any contravention is committed person as stated by Para 10(f), then they are also under the control of RBI

11. Foreign Currency Accounts:

The following are the Foreign Currency Accounts

1. Nostro Account
2. Vostro Account
3. Loro Account

12. Nostro Account:

- a. It is an opened by Any bank in India at the Foreign Country
- b. This account is opened in foreign country in that country's currency.
- c. This account can be used towards Receiving Export Proceeds

13. Vostro Account

- a. It is an account opened by any Foreign Banks in India in Indian Rupee
- b. This account can be used towards sending the Import proceeds.

14. Loro Account:

- a. Indian Banker quotes another Banks account.
- b. Through this account transactions can be carried out for Export proceeds or import proceeds, though the account opening bank is not having any account in another country.

15. Foreign Exchange Transactions:

- a. FE dealing in foreign currency is called as "Commodity".
- b. In India FE is not a legal tender
- c. Debt in India cannot be settled in FE.
- d. In India Only AD including banks are authorized to carryout FE
- e. There are Two Quotes in FE
 1. Direct Quote: Where Indian Rupee value is constant and FC value is fluctuating.
 2. Indirect Quote: Where Foreign Currency value is constant, and INR is fluctuating.

PART III

Concurrent Audit Checklist and Core Banking System

Chapter 1

Concurrent Audit Checklist

For effective concurrent audit, it is essential that the audit planning and Audit programme are detailed and pre-planned. The Transactions are numerous, and all those transactions have to be verified within the prescribed time given by the Bank's Head Office to the Concurrent Auditor. For the successful audit, the Concurrent auditor has to plan his schedule of work by way of proper planning. The Checklist proposed here (it is only a sample, and the Concurrent Auditor can add anything addition for his successful audit and audit report) are only suggestive in nature. The concurrent auditor has to carry out his audit based on his Audit Programme and Audit Plan with his limited source of time. In Concurrent audit, Time Planning is very much important to get the audit a successful one.

This checklist is based on suggested item of coverage as per RBI Circular "Concurrent Audit System in Commercial Banks – Revision of RBI's Guidelines" dated July 16, 2015, and its subsequent circulars.

Unless there is a specific guideline by the bank, the suggestive checklist of various items with periodicity is given below:

(A) Cash

Physical Verification of Cash:

- Verify Opening Cash that has been kept under lock and key physically and see that the same is tallied with Cash Vault Register. For this the audit team should go to the branch before opening the Cash vault.
- Verify Closing Cash physically after the day end before the Cash has been kept inside the vault and see that the same is tallied with Cash Vault Register. The audit team has to check the Cash Counter (closure entries) Register also.
- In the Concurrent audit, as per the Appointment letter, auditor can also ask the Branch Manager to stop the "Counter Cash" transactions to do surprise Check, atleast once in a Quarter (but it depends on the terms and conditions of appointment letter). When the auditor has planned to do this "Counter Cash" verification, the Branch has to open an

Manual on Concurrent Audit of Banks

Additional Cash Counter with the intention of carrying the daily cash transactions without any interruption.

- Methods of verification of Physical Cash:
 - a. Counting All the Cash – 100%
 - b. Folding Method
 - c. Clip Method
 - d. Cover Method
 - e. Push Method
 - f. Random Checking – Row and Column wise
- Cash includes:
 - a. Indian Rupee and Coin
 - b. Foreign Currency and Coins
- Auditor has to verify whether the branch has followed the “Clean Note Policy” of RBI. Ie No cash bundles are stitched/ stapled.
- Auditor has to Verify ATM Cash (wherever is the ATM located) and compare the same with ATM Cash Ledger Folio and satisfy that there is no difference. In case of any difference, the Auditor has to ask the Branch Manager to do the reconciliation of difference. It is to be noted that the reconciliation has to be done only by the Branch and not by the auditor. The auditor role is only to verify the reconciliation statement.

Other areas of Cash verification: (In case of any difference/ violation/ deviation the same has to be reported the Auditor in detail with evidence.

1. Verify Daily Cash Transactions with the Cash Report Generated from the system at the day end and the auditor has to authenticate that report.
2. In case there are any abnormal receipts and payments, the auditor has to verify those entries and report from PMLA activity, if any
3. Verify the Cash Bundle Vouchers daily, after the same is checked and certified by the Branch Officials.
4. The periodic of verification of Cash Bundle (whether daily or weekly) is clearly mentioned in the Appointment Letter.

Concurrent Audit Checklist

5. Verify whether Cash vouchers have been properly verified and passed by the officers.
6. Surprise Check at the Cash vault "Cash" has to be done by the following persons, other than Key Holding persons. (As per HO directives)
 - (a) Branch Manager (once in a Month)
 - (b) Other Branch Staff (once in Quarter)
7. Verify when the cash transactions exceed Rs. 50000/, PAN is quoted by the Customer. The auditor has to see whether PAN details have been recorded in the system and if they are there, there is no need to mention PAN details in the voucher, even if the amount exceeds Rs. 50000.
8. Verify all cash inward Transactions (cumulative) in excess of Rs. 10 lakhs (Per Financial year) have been reported in CTR. This applies to remittances in Savings account / Current Account / Deposit accounts.
9. Verify all Cash Expenses transactions with Cash register including Petty cash register and see whether Capital expenditures have been included in the Revenue Expenditures.
10. No cash payment is allowed in the case of Bearer Cheque payments/ DD Payments if the value is Rs. 20000 and above.
11. In the case of Deposits (matured or not) repayment along with interest is Rs. 20000/- no cash payment is allowed and the same has been given credit to SB/CA of the Customer.
12. Auditor has to ask for the Cash Retention Letter and do the Audit with Cash Stock register in order to ascertain the days on which the Cash Retention Limits have exceeded. And the auditor has to see whether the same has been reported to the Controlling authorities by the branch.
13. Auditor has to ask for Cash insurance policy and see the terms and conditions stated in the policy.
14. Auditor has to verify the Cash In transit register and ascertain the following:

Manual on Concurrent Audit of Banks

- a. See the amount of cash transited as per the Controlling authorities' directions.
 - b. Who has carried the cash during the cash in transit and whether that officer has put his consent of carrying the cash in the register.
 - c. The date and time of remittance of cash at the other branch/Chest branch/other banks.
 - d. The acknowledgment of Cash receipts duly signed by the officials of Other branch/chest branch/ other banks.
 - e. In case the cash is remitted beyond 6 pm in the evening, the reason for late remittance to be seen.
 - f. Proper security care is being taken during the Cash in transit by the branch.
15. A separate register for the Counterfeit notes has to be kept with the following details:
- a. Name of the customer who has remitted the counterfeit notes.
 - b. Name of the Officer/cashier who has detected the counterfeit notes.
 - c. Date of occurrence of the detection.
 - d. Reporting to Controlling authorities about the incidence.
 - e. Reporting to the Police by way of complaint as per the direction of RO/ZO/HO.
 - f. Reply submitted by the Customer who has remitted counterfeit notes.
16. Verify all the Currency Chest remittances/receipts by the branch and the acknowledgement with reference to the transactions.
17. Verify all the reports submitted to RBI with reference to currency chest transactions.
18. Auditor has to verify that the Duplicate keys of Cash vault (strong room), and almirah are kept under the Joint custody of the officials of the Branch.

19. In case the branch is holding foreign currency / coins, the same has to be approved by HO/ZO/RO. The auditor has to verify the Authorisation letter issued by HO/ZO/RO with reference to holding of foreign currency.
20. Auditor has to verify the Token register and see that "lost Token" details have been recorded in the ledger as well as proper display in front of Counter Cash Cabin
21. Auditor has to verify Cash Excess/Short register and analyze the reasons and report.
22. Auditor has to verify the Cash Fraudulent transactions that took place in the form Misappropriation / Theft at the branch and report the latest status of those type of transactions.
23. Auditor has to prepare a separate Cash Check List Programme before commencement of the Cash Verification

(B) Clearing

- (i) Verify process of reconciliation with bank's account at Clearing House and review of old outstanding entries for reconciliation.
- (ii) Have any reasons/comments been recorded for the same?
- (iii) Whether the branch has taken adequate steps to have them resolved or squared up.
- (iv) Whether the reconciliation has been showing an increasing or decreasing trend in the clearing differences.
- (v) Verify whether account with the Main/Service Branch is reconciled every week.
- (vi) Whether drawings are allowed against uncleared instruments.
- (vii) Whether such instruments are referred through prescribed register and passed by the Controlling Officer, if the drawings exceed the prescribed limit whether these are reported to the Controlling Authority.
- (viii) Examine whether interest was charged and report such omission for rectification.
- (ix) Verify whether:
 - Proper accounting of inward and outward clearing is being done on daily basis.

Manual on Concurrent Audit of Banks

- If the branch is independently handling clearing, whether the clearing account is brought to nil every day, if not, comments to be noted down.
 - Counter returns, inward and outward, if any, should be reported. In respect of cheques returned by other banks whether respective customer's account is debited.
 - Safeguards are observed to ensure proper handling and custody including returned instruments.
 - Service charges/incidental charges as prescribed are charged for the cheques returned in clearing.
- (x) Verify whether credit for realized cheques are received promptly.
- (xi) Verify entries which remain outstanding for more than 2days and checking for action taken for their disposal.
- (xii) Verify State Funds Sales (Clearing Funds Sales) to other banks and see that the Funds have been given credit to the Bank's HO account by the other bank. Normally at the time of clearing funds sales, the bank charges one day interest against sale of clearing funds and the borrowing bank has to make the payment on the next day. Few banks repay the amount after 3 days. So the bank has to collect Two day additional interest from the borrowing bank. It is a leakage prone area, and the auditors have to be very careful towards verification of this area.

(C) Remittances/Bills for Collection – Inward and Outward

- (i) Verify remittance of funds by way of NEFT/ RTGS or any other mode in cash is exceeding the prescribed limit.
- (ii) Verify documents of title (lorry receipts, railway receipts, etc.) obtained in favour of the bank and confirm that the concerned transporters are on the IBA approved list.
- (iii) In case the branch is holding the Title receipts of Transporters who are not in IBA approved list, the same has to be verified by the auditor from realization and risk concept.
- (iv) Verify whether proper accounting of inward and outward remittance transactions is done.
- (v) Outstanding balance in DP and other transit accounts pending payment

beyond prescribed period and the steps taken by the bank to recover the same.

- (vi) Verify whether prescribed service charges by way of exchange, commission, out of pocket expenses, interest, overdue interest in respect of all remittances, bills purchased, and collection items are recovered.
- (vii) Verify whether branch detains inward bills/ cheques/ collection item beyond the stipulated period.
- (viii) Verify physically the inward bills on hand and post parcels tally with records.
- (ix) Verify whether returned bills are debited to "Past Due and Dishonoured Bills" and followed up as per the guidelines.
- (x) Verify whether overdue bills are properly followed up/ non-payment notices are served.

Demand Draft/Pay Order

- (i) Verify whether DDs/PO of ₹ 50,000/- and above are issued through accounts and not against cash.
- (ii) Verify whether DD/PO issue charges have been collected as per the Service charges circular of Bank.
- (iii) Verify the Number of DDs/PO issued on payment of cash basis, particularly @ Rs.49000 daily on receipt of cash and without quoting PAN.
- (iv) Verify the security items of unissued DD/PO on hand and see that it tallied with the stock register.
- (v) Verify the cancellation of DD/PO and see that the credit is being given credit to customer SB/CA on production of "counterfoil" of DD/PO application.
- (vi) As an auditor, the purpose of cancellation of DD/PO has to be verified from the genuineness and if not there will be lot of scope for Fraudulent transactions or encashment of stolen DD/PO from the beneficiaries after the purpose fulfilled (e.g after getting license renewed, the government staff would have removed the same from the file without sending the same for collection etc)

(D) Deposits

- (i) Verify adherence to KYC/AML guidelines in opening of fresh accounts and monitoring of transactions in such accounts and whether letter of thanks is being sent to new depositors.
- (ii) Verify whether Form No. 60 where the depositor does not have PAN is held on record and the same are submitted as per laid down procedure.
- (iii) Verify large term deposits received and repaid including checking of repayment of term deposit in cash beyond permissible limit.
- (iv) Verify accounts opened and closed within a short span of time, i.e., accounts with quick mortality.
- (v) Verify whether the receipt/ payment of term deposit beyond ₹ 20, 000/- is made only through current/savings bank account. or by A/c payee cheque.
- (vi) Verify that inoperative/ dormant accounts are properly segregated, and separate control thereon is exercised. Operation in dormant accounts is authenticated by the competent authority.
- (vii) Verify value dated transactions.
- (viii) Verify renewal procedure of term deposits. Whether deposits are auto renewed on due date if not closed.
- (ix) Verify Interest paid on deposits during the quarter ended March, June, September and December, respectively as to whether the interest is correctly paid and maturity values correctly calculated at the prescribed rates as applicable to the category and term of deposits.
- (x) **Verify the working of Pre closed Deposits, particularly TDS payments are made against those deposits.**
- (xi) **Verify whether the Nominee clause is properly entered in the Deposit account.**
- (xii) **Verify the records of Form 15G/Form 15H submitted to the bankers as per the Bank's HO directions.**
- (xiii) Verify that deduction of tax at source from interest income on term deposits is made as per laid down procedure.

- (xiv) Verify procedure in place for settlement of claims of deceased customers and payment of TDRs against lost receipts and obtention of indemnities, etc.
- (xv) Verify revival of dormant accounts and accounts with minimum activities.
- (xvi) Examination of multiple credits to single accounts.
- (xvii) Verify whether service charges for the return of cheques, issue of cheque books, carrying out standing instructions and minimum balance charges are levied as per prescribed norm.
- (xviii) Scrutiny of staff accounts to detect any abnormal transaction.
- (xix) Verifying that stop payment instructions are being recorded properly.
- (xx) Specific checks w.r.t debits in the inoperative accounts.

- (vii) Whether norms for inventory and receivable, wherever applicable is being monitored.
- (viii) Whether appropriate action has been taken where the non-submission of stock statement persists for more than two months.
- (ix) QMR/HMR are studied critically, and date are entered in a register for follow-up at the time of annual review. Whether variations from projections are analyzed and considered realistic, based on past performance and environmental outlook. A concurrent auditor needs to verify the adequacy/enforceability of insurance or insurable assets with appropriate risks, location, etc. The concurrent auditor needs to indicate cases where a delay in the recovery of interest has been noticed. Ad hoc facilities allowed to continue beyond the stipulated period mentioned in sanction, also need to be highlighted. Excess beyond the ad hoc limit without report/confirmation and allowed to continue without recovery to be pointed out.
- (x) In case, specifically mentioned by the bank, the concurrent auditor should conduct inspection of units/ godown/fixed assets/stocks under pledge and hypothecation in such a way that all the accounts are inspected as terms of appointment letter at least once in every six months. Stock inspection report should be in the prescribed format of the bank for this purpose.

- (xi) Ensure that CC Limits have been renewed on time with necessary papers.
- (xii) Ensure that CC Limits have to be renewed within a period of 180 days from the original due date of the loan, otherwise that CC Limit will become NPA as per IRAC Norms
- (xiii) As per RBI Circular, the sanction letter should clearly mention the “Due Date” of the Loan. The auditor has to ensure that due dates have been properly mentioned in the sanction letter.

(Q) Advances under Consortium Arrangement

- (i) Verify whether consortium meetings are held and minutes of meeting are prepared. Verify whether minutes of the meeting are communicated to all consortium members. The branch keeps the controlling office informed of all the meetings and deliberations.
- (ii) A confirmation from the lead bank that original documents are held by the bank on behalf of all the member banks. Securities are created by them on behalf of all member banks and equitable mortgages are held by them on behalf of all banks.
- (iii) Joint inspections of the unit/stock are carried out as per joint lender's agreement. Verify that the irregularities in the inspection report are promptly attended to.
- (iv) Verify that pro-rata business, including non-fund-based business, is transacted through the bank.

(R) Refinance Management (NABARD/SIDBI/Exim Bank)

- (i) Whether all eligible term loans disbursed has been identified and reported to competent authority without delay.
- (ii) Whether the commercial rate of interest has been charged till the date of refinance.
- (iii) Whether the branch has ensured that the claim is in order.
- (iv) Whether the branch has been kept informed by the principal account holder and those liable under the counter guarantee.
- (v) In respect of Deferred Payment Guarantee, whether payment is made to the debit of party's account on due date without creating overdraft/debiting suspense.

(S) Verify Balance with Other Banks

- (i) The auditor has to verify all large idle balances with other banks. The period and amount with other banks have to be verified with the records. Auditor has to ensure that all the details of the transactions are obtained from other Banks.
- (ii) The auditor has to verify that Other Bank statement and compare the same with the Bank and in case of any difference, the auditor has to get it reconciled with the help of the branch Manager.
- (iii) Verify balance confirmation with another Bank.
- (iv) Verify the letter of authorization issued by HO/ZO/RO to open the account with another bank by the branch.

(T) Other Assets/Sundry Creditors/Accounts

- (i) All Pension Payment Order (PPO's) are properly numbered and recorded.
- (ii) Records at branch for pension payment order are up to date. Verify whether any excess pension payment is outstanding in branch for recovery.
- (iii) Verify whether link branch (if applicable) is sending pension payment scroll to RBI/SBI well in time for reimbursement.
- (iv) Verify whether, every November, Life Certificate has been obtained in case of all PPO's.
- (v) In case of undisbursed pension, check that the amount has been promptly returned.
- (vi) Whether TDS has been deducted as per extant rules.
- (vii) Whether turnover commission is recovered by the link branch and distributed amongst branches.
- (viii) Whether reimbursement is in arrears.
- (ix) For collection of taxes, PPF A/c, etc. whether funds received are immediately remitted to link branch.
- (x) Ensure at least 30% scrutiny of transactions relating to the payment of pension has been done.
- (xi) Whether the prescribed certificates - Life, Re-employment, Re-

marriage, etc. has been obtained, wherever required, in all pension accounts.

(U) Others – Verify

- (i) Compliance of provisions relating to tax deducted at source, service tax, trade tax, other duties and tax.
- (ii) Physical verification of inventory, control over issue of inventory, safe keeping and custody of security forms. Report any loss of such items.
- (iii) Physical verification of other deliverable items, control over issue, safe keeping and custody.
- (iv) Physical verification of gold coins, control over issue, safe keeping and custody. Checking of gold sale transactions.
- (v) Custody and movement of branch keys.
- (vi) Locker keys and locker operations – linking of FDR as security for locker/ operation of locker/ inoperative lockers/ nomination/ other issue.
- (vii) Safe custody of branch documents like, death claim cases, issuance of duplicate DD/PO/FDR, checking of indemnities, etc., and verification of documents executed during the period under audit.
- (viii) Reporting of frauds.

General Banking- Income Tax/Service Tax/ GST/ Other Tax Related Issues

- (i) Verify the transactions where 'PAN' is mandatorily to be submitted under Rule 114 B of the Income Tax Rules, 1962. In case where such person does not have 'PAN' he shall make a declaration in Form 60, giving therein the particulars of such transactions. The transactions are:
 - (a) A time deposit with banking company for an amount exceeding ₹ 50,000/- or aggregating to more than ₹ 5 lakh during a financial year.
 - (b) Opening an account other than as mentioned in (i) above and a Basic Saving Bank Account.
 - (c) Making an application to any banking company for issue of credits or debits cards.

Concurrent Audit Checklist

- (d) Deposit with a banking company of cash exceeding ₹ 50,000/- during any one day.
 - (e) Purchase of bank drafts or pay orders or banker's cheques from a banking company where payment was made in cash for an amount exceeding ₹ 50,000/- during any day.
 - (f) Payment against purchase of any foreign currency at any time, in cash, of an amount exceeding ₹ 50,000/-
 - (g) Payment against sale/purchase of goods/services for amount exceeding ₹ 2 lakh per transaction.
- (ii) Verify whether banks which have received any declaration in Form No. 60, as stated in para 'a' above, on or after 01-01-2016 in relation to any of above transactions referred to in Rule 114 B of Income Tax Rules, 1962 shall:
- (a) retain such Form 60 for a period of 6 years from end of financial year in which transaction was undertaken, and
 - (b) furnish a statement in Form No. 61 to the Director of Income tax (Intelligence and Criminal Investigation) or the Joint Director of Income Tax (Intelligence and Criminal Investigation) through online submission of electronic data to a server designated for this purpose and obtain an acknowledgement number thereof.
 - (c) Such filing of Form No. 61 is to be made within prescribed time, i.e., upto 31st October for declarations received upto 30th September and upto 30th April for declarations received from 1st October to 31st March.
- (iii) Verifying the obtention of PAN and updation of the same in computer.
- (iv) Verify whether fixed deposit of ₹ 20,000/- or more has not been repaid in cash. This is in contravention of provisions of Section 269T of Income Tax Act, 1961. In case repayment is made by any branch of a banking company, such repayment may also be made by crediting the amount of such loan or deposits to the saving bank account or current account with such branch.
- (v) Verify whether the compliance of section 206AA of Income Tax Act, 1961 has been made with regards to furnishing of 'PAN'.

- (vi) Verify the compliance of issues relating to TDS on salary, pension, disbursement, rent, commission, interest, payment to contractors, payment of fees to professional/technical person, etc. in respect of:
- Deduction of TDS at correct rate.
 - Deposit of TDS within time.
 - Filing the TDS return in time and as per procedure prescribed.
 - Issue of TDS certificates.
 - Receipt of 15G and 15H and entry in system.
 - Filing of Form 15G/15H with department as per new procedure.
- (vii) Ensure whether Form 15CA and 15CB has been obtained for outward foreign remittance and filing of details of these forms in Form 15CC as per Rules 37BB which states that banks shall furnish a quarterly statement for each quarter of the financial year in Form No. 15CC as per procedure given in Rule 37BB.
- (viii) Ensure that no payment has been made exceeding ₹ 20,000/- against an expenditure otherwise than through an Account Payee Cheque or Account Payee Bank Draft to comply with provisions of Section 40 A (3) of the Income Tax Act, 1961.
- (ix) Ensure compliance of service tax, trade tax and other duties and taxes.

Checklist - Quarterly

Revenue Checking

Verify and report non-recovery of:

- (i) Locker rent
- (ii) Folio charges
- (iii) Penal interest for delayed/ non-submission of returns, financial statement/ stock statement required to be submitted.
- (iv) Penal interest on advances in respect of lapsed sanction/ limit
- (v) Penal interest on excess over limit
- (vi) Overdue interest on all types of bills, loans and packing credits for overdue period.

- (vii) Commitment fee for unutilized limit is collected as per rules.
- (viii) Commission of letter of credit, letter of guarantee and charges for safe custody, etc.
- (x) Standing information charges
- (xi) Stop payment charges.
- (xii) Processing fee on advances
- (xiii) CIBIL charges, if applicable
- (xiv) Lead bank charges
- (xv) Cheque returns charges.
- (xvi) Inspection charges
- (xvii) Charges for documents under LC
- (xviii) Charges for any services provided.
- (xix) Cheque-book issue charges

For rates, bank's service charges booklet/manual should be obtained and kept on record during the period of audit.

Checklist- Half yearly

1.1 Following is an illustrative half-yearly checklist:

- (i) Physical verification of government and other securities held on behalf of Investment Department and timely collection of interest thereon and their maturity proceeds.
- (ii) Compliance with insurance limit for cash and other fixed assets of branches.
- (iii) Fixed and other assets at branch are serially numbered and recorded in fixed assets register, are adequately insured. Depreciation is calculated at head office or branch wise.
- (iv) If office building is rented then check that rent agreement has been kept in safe custody, and the same has been renewed timely.
- (v) Check whether customer service is satisfactory with regard to the following areas:

Manual on Concurrent Audit of Banks

- Customer meeting has been convened as prescribed.
- Standing instructions are followed up.
- Complaint/suggestion box has been kept in branches.
- Staff dealing with customers at branch is polite to customers.

Core Banking System

Background

- (a) Over the years, the banking operations have been atomized to a large extent and wide range of banking software's have been developed for accounting of transactions and core banking operations.
- (b) Bank software's are becoming more sophisticated all the time.
- (c) As new accounting methods develop and more people bank online, private banking software is being developed to streamline the processes.
- (d) This is a Revolution in Banking Industry, as the Manual System of Maintaining accounts was being converted into System Based Maintenance of accounts through the various Softwares of Banks

Banking Industry and Banking Software

Current Scenario

- (a) The face of banking industry is changing continuously.
- (b) What Banking is today is quite different from what it was in the years gone by.
- (c) Some of the present trends in banking industry include following:
 - (i) Focus on Customer Relationship (Service Oriented Architecture [SOA]);
 - (ii) Introduction of Value Added Services;
 - (iii) Connectivity of branches;
 - (iv) Multiplicity of Delivery Channels (ATM, Cash Deposit Machines, Cheque Deposit Machine, Point of Sale Units, Credit Card, Mobile Banking, Internet Banking);
 - (v) Focus on MIS and Risk Management;
 - (vi) Focus on Reduction of Transaction Cost.

Future Scenario

- (a) One can visualize future scenario in the industry on current trends.
- (b) Going by the current happenings one can expect the future of banking industry.
- (c) Some of the important factors are as follows:
 - Increase in the expectations of customers.
 - Increase in healthy competition due to issue of new banking license.
 - A greater variety of products and delivery channels in the market.
 - Centralised customer management (Service centric approach).
 - Information technology to act as an integrator and enabler between demands on the industry and services rendered.

Challenges

Challenges – Customers' Expectation

1. The biggest challenge before the banking industry today is posed by its customers' expectations.
2. The customer today is more informed and aware than before. Customers demand more and more services and delivery channels.
3. Customer's expectations are increasing with respect to anywhere, anytime banking and also for diverse products and facilities.

Challenges – Stiff Competition:

1. There are challenges posed by market forces due to stiff competition wherein the differentiator or selection of bank by the customers is based on quality of services.
2. The service up-gradation comes with a cost for the bank.
3. Hence, a trade-off between cost of transaction and quality service to customer is the key.
4. Moreover, due to diversified products and services, upto date information for customer and banker is very important.

Other challenges

1. Regulatory Requirements:

On the other front the regulatory requirements are rapidly increasing. Apart from handling transactions, customer and competition it is very important to pay equal attention to adherence to regulatory guidelines.

2. Software Updates and Requirements:

A composite system / software which handles transactions, customer relations, regulatory compliances, MIS/ reports request is the need of the hour. Core Banking Systems (CBS) provide the solution for the same. There are various Core Banking Software's available in the market. More prominent and used in India are Finacle, FLEXCUBE, TCS BaNCS.

Audit of Banks and Banking Softwares

- (i) Ever since the human being started documenting transactions, audit methodology and techniques have evolved over the period keeping pace with the style of business.
- (ii) With the growth in business volume and technological advances there has been paradigm shift in various aspects of business.
- (iii) Conducting audit of financial transactions cannot be an exception to the same.
- (iv) Traditional audit techniques and methodology were outcome of the volume and complexities of the business of its time.
- (v) A classic example of the same is audit techniques applied for conducting audit of a bank operating under Core Banking System (CBS).
- (vi) As we have witnessed, during the last decade there has been large scale growth in banking services, covering more and more geographical area and large number of populations.
- (vii) This has necessitated applying modern technology, particularly in the field of data capturing, recording and processing. CBS is outcome of the same.
- (viii) For obvious reasons audit methodology cannot remain static, it has also to change. Therefore, with the spread of CBS in large number of cases, changing audit methodology also became inevitable.

- (ix) If the auditor's dependence on technology hinges heavily, there is no reason why auditor should not apply the same technology.

Core Banking Solution (CBS)

What is CBS?

- (a) The core banking system is the set of basic software components that manage the services provided by a bank to its customers through its branches (branch network).
- (b) The bank's customers can make their transactions from any branch, ATM (of the Same Bank or other Bank), service outlets, internet, phone at their disposal.
- (c) The CBS is based on Service Oriented Architecture (SOA).
- (d) It helps banks to reduce risk that can result from manual data entry and out of date information.
- (e) By restricting any Data to be entered one single time in the system, Data Integrity has to be ensured.
- (f) When any modification of Data is entered, and the details of Entry/Modification/Deletion/Approval are required, and the transactions are not completed unless and until the same is approved/rejected at the Higher Level
- (g) The Approved Data is incorporated in the Database.
- (h) It also helps banks to improve service delivery quality and time to its customer.
- (i) The software is accessed from different branches of bank via communication lines like, telephones, satellite, internet, etc.
- (j) Core Banking System (CBS) works on a concept of Centralized Database and Processing.
- (k) Transactions take place at various geographical locations which get recorded and processed at a Centralized Server.
- (l) Updation of database is on Real Time Basis.
- (m) Due to the centralization of transaction processing, issue of out-of-date

information is eliminated. All the users connected to CBS will be able to get upto date information.

- (n) CBS also enhances quality of reporting and strengthens access control.

Centralized Banking Solution/ Core Banking Solution

- (a) Under CBS, data is stored in centralized servers at data centre. This effectively means that all operations at the connected branches, back offices are carried out through servers at data centre including transactions through other delivery channels like, ATMs, internet banking, phone banking, etc.
- (b) Under CBS, the branches, back offices are defined as SOL (i.e., Service Outlets) where each SOL functions as a service window.
- (c) The CBS is capable of processing any transaction from any branch location connected to CBS.
- (d) It can be equated with single window operations at airline counters or railway reservation counters wherein all the services can be obtained at one place.
- (e) Hence, under CBS customer is now a customer of the bank and not merely a customer of a branch of the bank.
- (f) This has facilitated anywhere, anytime banking convenience for the customer.
- (g) CBS made one branch customer as the “Entire Bank’s customer and this is the starting point of “anywhere and anytime Banking convenience” for the Bank customer. This creates the feeling of lot of comfort and safety to the Bank customer
- (h) From bank’s perspective, control over the application and processes has been entrusted at data center level.
- (i) In addition to it, CBS also makes available effective MIS on real-time basis.
- (j) It enables generation of all periodical returns centrally.
- (k) As mentioned above, there are various CBS developed by various software companies available in the market and most commonly used are FINACLE, TCS BaNCS and Flex Cube.

Introduction to FINACLE

- (a) A Financial Package, for banking solution developed by Infosys on a platform of Oracle, is thus named as FINACLE.
- (b) Presently, many Indian Public Sector Banks, Private Sector Banks and Foreign Banks operating in India are using this software as banking solution due to high flexibility and scalability.
- (c) Finacle is an integrated, on-line, enterprise banking system designed to provide the "e-platform".
- (d) Prior to 1995 it was known as BANC 2000, a Total Branch Automation package with a distributed network. After 1995 Infosys developed the same as FINACLE, a Core Banking Solution.
- (e) Functionalities of Finacle are as follows:
 - Finacle facilitates anywhere banking.
 - It is menu driven software with easy navigation.
 - It is functionality rich and addresses the retail and corporate banking requirements.
 - Customization and parameterization are two special features of Finacle.
 - Finacle provides multi-lingual support.
 - Finacle provides multi-level security, i.e., operation, database and application-level security.
 - It supports workflow-based transaction processing.
 - It has high level of security control and audit capabilities.
 - It has a common transaction interface for all type of transactions.
 - It provides a browser-based GUI interface to Finacle.
 - SQL and PL SQL is used for generation of MIS, reports, queries at centralized level.
 - Designed for optimum usage of network bandwidth.
 - There are two functional modules:
 - *Retail and Corporate Module*- Encompassing Saving

Accounts, Current Accounts, Term Deposits, Cash Credit Accounts, Overdraft Accounts, Term Loans, Demand Loans.

- *Trade Finance Module* - Encompassing Inland & Foreign Bills, Forward Contracts, Inland & Foreign Documentary Credits, Inland & Foreign Bank Guarantees, Inland & Foreign Remittances and Pre-shipment Credits.

Security in Finacle

FINACLE is having multiple levels of security. Various security levels embedded in it are as follows:

1. OS Level
 - No access to OS
 - OS and application-level profile
 - Direct login to application menu
2. Database level
 - Protection from external updating
3. Application level
 - Menu level
 - User level
 - Product level
 - Account level
 - Transaction level
4. Dual control for all transactions
 - a. Maker-Checker Concept
5. Controlled error handling through exceptions
 - (1) Warning (2) Exception (3) Error

Finacle Overview

Following is an overview of Finacle for understanding of the users:

Finacle User Menu								
Menu Block			Favorites					
Main Menu -> Sub Menu -> Menu Description [Menu Code]			User Defined Favorites					
MESSAGE AREA								(A)
Menu Option	(B)	Btn.1	Btn.2	Btn.3	Btn.4	Btn.5	Btn.6	Btn.7
Action Bar								

A = Progress Indicator

B = Field to Specify Menu Option

- *Menu Block*: The block houses all the menu and sub-menu options available in Finacle.
- *Menu Option Block*: Menu Code to be entered to gain access to the respective menu.
- *Action Bar*: User can execute the process of Finacle operations by clicking on various options on this bar. The hot keys are also assigned for all options, which appear on the bar.
- *Action Buttons*: Every action button has a specific purpose. For e.g., on clicking Who Aml button, system will display use rid of the user who is currently logged in and other information, viz., date and name of SOL in a message box.
- *Message Bar*: The message bar displays warnings, exceptions, errors or lists under a specific field code.
- *Favorites*: Menu items which are required and used on regular basis can be put in favorites by copying from Menu Block. As onetime process, specific menu item which is required to be copied to Favorites should be located in menu block and with the use of drag and drop the function can be stored under favorites menu.

- *Progress Indicator:* It shows the progress of the action initiated through the use of colours (i.e., **Green** indicates that the System is “Ready” for processing, **Red** indicates that the “System is busy in Processing Activity” and **Yellow** indicates that browser is performing internal processing like, assembling/ painting screen as per requirement. User should not operate the system)

General Key Map

Default Physical Keys in Finacle have been given in the table below. However, default key map differs in individual bank.

Physical Key	What does it do?
F1	Field level help. Like in several word processors and spreadsheet packages, F1 displays context sensitive help messages and field level help messages.
F2	List. This key lists the codes that may be used in a particular field.
F3 / ESC	Quit/ Back. Quits and takes the user back to where he started when in action. It can be used when the input is incorrect, and the user wants to abandon what he has been doing. It can also be used to go back to the previous menu.
F4	Accept. After the user has completed the input, this key can be used to accept the data.
F5	Background Menu
F6	Next Block
F8	Copy Record
F9	Display Signature
F10	Commit/ Save. This is very <i>important</i> key, and this concludes the transactions. This is the commit and transactions get into the General Ledger (database) when this key is used.
F11	Next field
F12	Previous Block

Manual on Concurrent Audit of Banks

TAB	Go to next valid field
ENTER	Go to the next field
DOWN Arrow ↓ (Next Rec button)	Next Record (In a list or result of a query)
UP Arrow ↑ (PrecRec button)	Previous Record (In a list or result of a query)
CTRL+F1	Help maintenance
CTRL+F3	Show key map
CTRL+F4	Display error
CTRL+F8	Terminal lock
CTRL+F9	Memo pads look up
CTRL+F11	Context level help
CTRL+D	Page down on a list
CTRL+E	Explode. This key is particularly useful for the further inquiry.
CTRL+F	Clear field. This key combination can be used when the user wants to clear the field.
CTRL+T	Display LGI. The user ID, Terminal ID, SOL, BOD Date and language details are displayed.
CTRL+U	Page up on a list
CTRL+X	Put BOD date. This key combination populates the default BOD date in the field.
SHIFT+F4	Select the current item from the list. This key combination can be used to select a value from the list of valid values listed for a particular field.
SHIFT+F11	Transmit
SHIFT+TAB	Go to the previous field

Introduction to TCS BaNCS

- (a) A Financial Package, for Banking Solution offered by Tata Consulting Services. The Core Banking solution TCS BaNCS is an integrated solution that automates all aspects of core banking operations across entities, languages and currencies.
- (b) BaNCS is built on open architecture, component-based product suite to leverage service-oriented and event-driven architectures.
- (c) Its functionalities are as follows:
 - Entire range of banking products including savings, checking, overdraft and deposit accounts.
 - Entire range of lending products.
 - Complement of transactional services including remittance, foreign exchange, cards and trade finance.
 - Accessibility through multiple channels, including mobile banking and web.
 - Full integration of front, middle, and back-office processes.
 - Accurate, timely and actionable information about customer relations.
 - Single view between bank and customer.
 - “Anytime anywhere” banking.

Introduction to Oracle Flex Cube

Flex Cube provides a comprehensive, integrated, interoperable, and modular solution that enables banks to manage evolving customer expectations. Major functionalities are as follows:

- 24/7 processing of large transaction volumes, with high availability.
- Multiple delivery channel support.
- Security management covering application and role-based access.
- Service-oriented architecture supports agile business process management.
- Componentized architecture helps build scalable and reusable solutions.

Quick Access Screens through Hot Keys in FlexCube

Hot Keys	Screen Name	Description
Alt + B	Balance Inquiry	This screen displays the account details of the savings and checking account balances such as the available balance, nucleated balance, current. Book balance, passbook balance, net balance, etc.
Alt + C	Customer Name And Address Inquiry	This screen displays the details such as, the name, address, city, country, SSN/TIN number, etc., of the selected customer.
Alt + A	Account Details	This screen displays the account details of the customer such as account number, account branch, account currency, customer name, etc.
Alt + S	Amount based Account Image Display	This screen displays the images on the basis of the details maintained in the Amount Based Operating Instruction Maintenance (Fast Path: 7116) option.
Alt + P		This will enable the user to print the receipt of the transaction.
F8		This will enable the user to return to the same screen.

General Concepts of CBS and Finacle

SOL ID and Set ID (Init. Br. ID)

- a. **SOL ID** -Under Core Banking System, each Branch, Back Office, Administrative/ Controlling Office are assigned a code, i.e., Service Outlet ID [SOL ID]. It helps in identifying the Branch / Office under which the Account is maintained. Hence, if a branch at Delhi is assigned a SOL ID of "0089", the accounts opened under Delhi Branch will display "0089" as SOL ID in CBS.
- b. As discussed above under CBS any branch can initiate transaction for any of the account maintained with the bank. Hence, a distinction is

required between the branch which maintains the account and the branch who initiate the transaction.

- c. **Set ID (Init. Br. ID):** Set ID or Initiating Branch ID is a SOL ID of the Branch who initiated the transaction. For e.g., transaction of a cash withdrawal by a customer of Mumbai Branch (SOL ID “0044”) from Delhi Branch (SOL ID “0089”). In the instant case “0089” is Init. Br. ID and “0044” is Account SOL ID.
- d. In order to search transactions based on the branch who initiated transactions in Finacle, SET ID (Init. Br. ID) parameter is required to be used under Menu Code “FTI”.

Tran ID, Journal No. and Date

- a. Each transaction in Finacle will be assigned a unique Transaction ID.
- b. The Transaction ID remains unique only for the day, since, on the next day the Transaction IDs are reset.
- c. Combination of Transaction ID and transaction date make it unique across the system.
- d. In Finacle, once the transaction is “Entered”, a Tran ID is generated. To locate any transaction from the database the user needs to use Tran ID and Date at TI/TM Menu command.
- e. Under BaNCS the transaction number is known as Journal Number.

1. Transaction Type and Sub Type

Transactions in Finacle are entered with the Transaction Type and Transaction Sub Type. It is easier to trace set of transactions with Transaction Type and Sub Type.

Codes for Transaction Type and Sub Types are prescribed differently by each bank. For e.g.,

Transaction Type codes for Cash and Transfer may be of following types.

- Tran Type: Cash: “C”, Transfer: “T”
- Sub Tran Type: CR – Cash Receipt, CP: Cash Payment

The auditor must acquaint himself with the Transaction Types used by each bank. It helps auditors to design query (search parameters) for inquiry of financial transactions.

Customer Master Level Configurations

1. Under CBS, the customer is identified by a number, generally, called CUST ID/ CIF No. Following are the advantages of separate configuration for customer and accounts of customer:
 - (a) Identification of unique customers.
 - (b) Data redundancy can be reduced by eliminating the process of updating repetitive details about customer at each time of opening of account.
 - (c) It is easier to comply with customer centric regulations. For, e.g., TDS provisions under Income Tax Act (where payment to customer is important than payment for an account), IRAC Guidelines (where classification of account is borrower-wise and not account-wise).
 - (d) Multiple accounts of the customer can be mapped to a customer for better identification.
 2. Under the Customer Master Level configuration basic details about the customer are updated. Details include name, date of birth, PAN number, etc.
 - A. Once the CUST ID/ CIF is opened, various accounts can be opened under the said CUST ID/ CIF. Relationship between CUST ID/CIF No. and account is that of parent and child wherein the Account Master inherits the information and parameter values from Customer Master.
 - B. In Finacle menu command **CUMM/ CUMI** is used for inquiry on CUST ID/ CIF No. Under BaNCS the customer master details can be reviewed through “Customer Master Details” module.
- 2.18. Some important points for auditors are as follows:
- (i) **Issues with multiple CUST-ID**
 - (a) In terms of guidelines issued by the RBI on UCIC, each customer in the bank is required to be assigned a unique ID.
 - (b) However, it has been observed in many banks that multiple CUST IDs have been opened for a customer.
 - (c) It has also been observed that at the time of migration, it had migrated old customer information to one CUST ID and have opened new CUST

IDs for opening of new accounts post migration.

- (d) Due to multiple CUST ID the very purpose of having configuration of CUST ID is defeated.
- (e) The auditors should verify such discrepancies at the time of account opening verification.
- (f) Moreover, the auditors should also seek help from the bank's IT Dept. for generation of report based on combination of information, viz., name, PAN, date of birth, employee code, etc., to identify existing cases of multiple CUST ID in the system.
- (g) At the time of opening of account, Finacle automatically displays the name of account holder based on CUST ID details.
- (h) However, Finacle also allows the user to amend the name.
- (i) Generally, the said change is configured as an exception which requires sufficient powers/ work class in the system to override.
- (j) The auditor at the time of Account Opening verification should verify the details as per CUST ID and in account. Difference in names at both the places increases unwarranted confusion. Moreover, auditor should seek help of bank's IT Dept. for generation of report based on difference in name as per CUST ID and as per accounts opened (if any).

(ii) Account Level Configurations

- (a) Configurations/ parameters for are setup at the time of Account Opening. Modification afterwards is also permitted. Account Level master contains the parameters and details specifically with respect to account. For instance, Interest Rate, Interest payment periodicity, Freeze, Lien, etc.
- (b) It is important to note here that under CBS majority of functions and transactions are master driven and hence, any minor error at Master Level (whether Customer Master or Account Master) can have magnanimous effect on transaction processing. For e.g., if Interest Collection Flag is selected as "N" at Account Master Level, the system will not collect any interest. Hence, accuracy of master is a vital audit area.

(iii) Pointing Type Accounts/ Self Reconciling Accounts

- (a) Apart from maintaining customer accounts, the bank's general ledger also contains various Suspense/ Sundry Accounts.
- (b) Such accounts can be with debit or credit balance.
- (c) The said accounts are used for limited purpose and for parking of entries for limited time frame.
- (d) Transactions wherein either debit/ credit leg is not confirmed/ identifiable at the time of transactions are parked in such accounts. For e.g., an amount of Rs. 1,000 is given to an employee in advance for purchase of stationery items for branch. The said transaction will be kept under such Suspense/ Sundry account till the date the employee submits the bill/ returns the advance.
- (e) The transactions processed in such accounts are not routine hence it calls for continuous monitoring and earliest reversal.
- (f) Moreover, numerous transactions in an office account make it difficult for reconciliation.
- (g) In earlier times, the activity of reconciling the office account was manual.
- (h) However, under CBS such accounts are opened under Pointing Type Office Account/ Self Reconciling Accounts Scheme Code which facilitates automatic reconciliation and real-time information on outstanding/ non- reversed transactions.
- (i) Transactions in such type of accounts are in two parts - Originating Transaction and Reversal Transaction.
- (j) For each reversal entry, the system will prompt the user to point it to an originating transaction.
- (k) There can be multiple reversals against single originating transaction. Such type of account will also ensure that in case of a debit type office account, credit entry as originating entry will not be permitted.
- (l) On the user's side, at the time of reversal of Transaction the system will ask the user to "Point" the Originating Transaction against which the
- (m) transaction is being reversed. On selection, the system will reduce the balance under the said Originating Transaction.

- (n) Under this type of Pointing Type Account, at any given point of time aggregate of outstanding transaction-wise balance will be equal to the Office Account Ledger Balance.
- (o) Under Finacle, verification of outstanding/ non-reversed entries can be verified from menu command **IOT (Inquire on Transaction)**.
- (p) Moreover, a report on outstanding office account transaction can be generated through Menu **MSGOIRP**.
- (q) Various customized reports for the said purpose are also available under each banks "Report" menu in Finacle.
- (r) Under BaNCS, the outstanding entries are available through offline reports viz. "Audit BGL accounts age wise break up" and "GL-Outstanding-Accounts" report.

(iv) Interest Table Maintenance

- (a) Interest collection as well as payment in CBS can be through Interest Tables or can be by way of absolute rate.
- (b) In case a loan account wherein Interest Rate is based on a reference rate (say Base Rate), the Interest Rate field is updated with the Reference Rate Table to ensure automatic updating of Interest on subsequent change.
- (c) In case of Interest Table master, the primary rate is sourced from a Master Table.
- (d) For instance, in case of Loan sanctioned as Base Rate + 3% whereas Base Rate at the time of Sanction was 10%, the Interest Rate field will be updated either with BR+3 Table code or with BR Table with 3% updated in Account Preferential Debit Interest with +3%. Method of updation of interest may differ from bank to bank.
- (e) In case of few specialized products (e.g., subsidy linked accounts) limit level interest rate is required to be applied.
- (f) In such case the parameters are setup at Interest Table Master Level and the said table code is updated under Interest Table field at Account Master Level.
- (g) In the case of a fixed rate loan, the interest rate is updated as absolute figure in Interest Rate field instead of Table. However, few banks follow

the practice of updating “ZERO Interest Rate Table” with necessary interest rate at Account Preferential Debit Interest.

(v) Interest Flags

- (a) Values at Interest Flags determine the payment and collection of Interest.
- (b) Applicable flags (i.e., Interest payment, Interest collection) are required to be updated at Account Master Level.
- (c) Hence, if the Interest Collection Flag is updated as “N”, there will not be charging of interest by system, although proper Interest Table Master is selected.

(vi) Withholding Tax Flags

- (a) Interest payment to the customer is aggregated at Customer Master Level (i.e., for all the accounts opened under a CUST ID / CIF No.).
- (b) The threshold limit for TDS is computed based on the amount aggregated at CUST ID Level.
- (c) Once the payment of Interest exceeds the minimum threshold level prescribed under Income Tax provisions, the system initiates deduction of taxes from Interest.
- (d) However, for cases wherein customer has submitted Form 15H/ 15G/ tax exemption certificate, necessary flags are required to be updated to prevent deduction of taxes upto the enhanced limit (as applicable).
- (e) Eventhough Form 15H/15G certificates have been submitted to the Bank, when the threshold limit of TDS on interest exceeds, automatically the system has started to deduct TDS from 1st April and not from the date when the interest limit exceeds the threshold limit.
- (f) Withholding Tax flags are available at both CUST ID and Account Master Level.
- (g) With the recent change in the Income Tax guidelines w.r.t. online submission of details of Form 15G/15H, the exemption is required to be flagged at CUST ID level for the amount of Interest Income declared by the customer.
- (h) In Finacle, withholding (TDS) flags are driven by Tax Slab. For each type of customer different tax slabs have been defined at Master Level

e.g., TDS for individuals, TDS for corporate, TDS for exempt entities. It is important for auditor to verify correctness of Tax Slab vis a vis constitution of customer.

(vii) Freeze Flags (Debit, Credit and Total)

- (a) In case of court order, dispute between the joint account holders, recovery notice from revenue authority the transactions in accounts are required to be suspended.
- (b) Depending upon the requirement the transactions are suspended (viz. Debit, Credit or all) through Freeze Flags.
- (c) The freeze can be applied at CUST ID Level (i.e., all the accounts of the customer) or specific account of the customer.
- (d) The source documents are required to be verified for marking of freeze and unfreeze event.
- (e) The inquiry of accounts with Freeze Flag can be made in Finacle through ACS Menu Command with Freeze Flag as "T"=Total Freeze, "D"=Debit Freeze, "C"=Credit Freeze.

(viii) Schemes and Scheme Codes

- (a) Different types of accounting products are offered to customer with different characteristics.
- (b) For instance, various types of Savings Accounts are offered. The aggregation of account balance for such cases will take place at Sub GL & GL Level. However, for account operations and account master setup different schemes are setup in CBS.
- (c) Scheme Code acts as a placeholder.
- (d) Inquiry for different types of accounts can be made in Finacle through ACS Menu Command with "Scheme Code".

Exception Types

The transaction errors are handled in CBS through following modes:

- a. Warning – Warns user for possible errors based on prefixed criteria.
- b. Exception – Allows user (with sufficient power) to override. However, the transaction will be recorded in Exception Report for the day.

Manual on Concurrent Audit of Banks

- c. Error – Does not allow user to proceed further, unless the correct values are filled in.

Maker and Checker Matrix for Valid Transaction

- (a) Under CBS the transactions are processed by at least two officials of the bank under Maker and Checker mode.
- (b) The same is tracked through the transaction events (viz. entry, posting and verification).
- (c) Posting is the event which updates the GL Balance. Posting activity depends on the rights assigned to each user ID.

Inventory Locations

- (a) The inventory concept under CBS refers to handling of security stationeries, viz., non-personalized cheque books, Demand Drafts, Term Deposit Receipts.
- (b) Each bank, as per the requirement, creates different inventory location and inventory sub location codes in CBS.
- (c) Predominantly, locations are created for joint custody (dual custody), employee custody, external locations. Barring, external location, balancing of security stationery is available for all the locations.
- (d) In Finacle the report on outstanding inventory items can be generated through Menu command ISRA. Whereas under BaNCS the same set of reports can be generated through VPIS (Valuable Paper Inventory System) module.

Zones in Clearing Modules

- (a) For easy identification of type of cheque and proper reconciliation various zones are opened on daily basis (as per clearing cycle) in CBS.
- (b) Various zones are opened for Non-CTS Cheques, Inter-bank Cheque, KYC Cheques, MICR Cheques, Non-MICR Cheques, Warrants, CMS Cheques, etc.
- (c) Opening of Zone is the primary event before lodging any Inward Clearing instrument or Outward Clearing Instrument.

Limit and Limit Node

- (a) Under Finacle the Limit Management is done through Limit Node Maintenance.
- (b) Wherein, the limits are specified at each node level with capping.
- (c) Credit Limits can be set at Account Level as well as at Node Level for deriving the Drawing Power for a customer.
- (d) Setting up of Limit at Node level has following advantages:
 - Managing two or more accounts with drawing power deriving from the same security.
 - Interchangeability of limits among different accounts.
 - Monitoring the overall exposure to a single client/ group of clients.
 - Exposure to a select commodity/ security. *Limit Node Maintenance* helps to build these requirements in the limit management.

Limit Node

- (a) Limit nodes are used to group accounts under one node to enable easy monitoring and organization.
- (b) A limit node can be linked to a security for deriving drawing power.
- (c) Distribution of overall group (group may be a group of clients or a group of accounts) limits to individual members (members may be accounts or clients) is possible through creation of Parent Node and Child Nodes.
- (d) Every child node can further be distributed to group of accounts or clients. This is diagrammatically explained through below example.

Facility Type	Particulars	Limit (Rs. Lacs)	Remarks
Funded	Term Loan	225	Funded Limit Cap is 500 Lacs <i>Upper Limits fixed in each type of Facility</i>
	WCDL	75	
	CC	200	
	BP / FBP / BD	50	

Manual on Concurrent Audit of Banks

Total Funded Facilities		500	
Non-Funded	LC	300	Non-Funded capping is at Rs. 500 Lacs
	BG	300	
Total Non-Funded Facilities		500	
Total Company Exposure		1000	Total Exposure to Company should not exceed 1,000 Lacs

Temporary Overdraft (TOD) Setup

Granting of TOD to a customer is a credit decision from bank's perspective. Concurrent auditor has to review the source documents and delegated powers to ascertain whether the sanction was in line with the guidelines prescribed by the bank. Setup of TOD is done in Finacle as follows. TOD is granted to an account under various circumstances. For instance:

Type	Event	Mode
TODIC	Interest Calculation	Single
TODDL	Drop in Limit	Single
TODMN / TODUG	Manual / User Generated	Single/ Running/ Adhoc

Explanation of various TOD modes is as follows.

Mode	Narrative
Single (S)	It refers to TOD for specific purpose/ transaction. It can be used only for the specific transaction during which the same was granted.
Running (R)	It refers to setting up of a parallel limit at account level for a defined period over and above credit limits (if any).
Adhoc (A)	Adhoc allows customer with OD / CC Accounts to operate within TOD Limits for defined period.

- (a) From above narrative it appears that running and adhoc TODs serve the same purpose.

- (b) However, from CBS perspective, both the events are different. In case of single and running TOD, CBS computes the number of TOD sanctioned in the account.
- (c) In case the cumulative number exceeds the prescribed limit for an account, an exception gets triggered for all subsequent transactions.
- (d) Whereas in case of adhoc TOD the said TOD is not counted under number of TODs thereby circumventing the exception controls embedded in the system.
- (e) It is important for auditors to verify cases wherein adhoc Limits have not been delinked on expiry in system.

Register Type and Subtype (Trade Transactions)

- (a) The concept of Register Type and Sub Type is same as Transaction Type and sub types as discussed above.
- (b) The types are used to aggregate transactions of same nature in system.
- (c) It helps in identifying and tracking of transaction in a better manner.
- (d) In Finacle, Register Type and Sub Types have been used in Inland Trade Transaction and Foreign Trade Transactions modules.

List of few Register Types and Subtypes for an Import Transactions is as follows:

Reg. Type	Sub Type
Import Bill on Collection	Sight
Import Bill on Collection	Usance
Import Bill under LC	Sight
Import Bill under LC	Usance
Direct Import Bill	TT (Telegraphic Transfer) / DD (Foreign Demand Draft)
Advance Remittance against Import	TT (Telegraphic Transfer) / DD (Foreign Demand Draft)

Auditing through CBS

Generally, the following set of steps is recommended at the start of the audit to understand the operations at the branch level and familiarize oneself with the branch and its team:

- (a) Document list of software's, applications and interface details associated with CBS.
- (b) Review Usage Manual or Document Software navigation options and Menu Codes.
- (c) Document list of Reports available in CBS and its menu codes.
- (d) Review Exception Reports/ MIS Reports generated by Data Center.
- (e) Review access rights, limited access and free access.

Parameters Affecting Automatic Identification of NPAs and Re-designing of Audit Processes

- (a) In terms of directives issued by Ministry of Finance and Reserve Bank of India, it is mandatory for banks to identify the bad loans through CBS/ Systems instead of conventional methods.
- (b) CBS like other software work on GIGO principle.
- (c) Master Data play an important role in correct identification of Bad Loans.

Following are few scenarios wherein incorrect updation in Master Data, manipulation through transactions etc. may impact correct identification of bad loans through CBS.

Parameters	Auditors' Primary Checks	Suggested System Support
Discrepancies in setting up the EMI / Instalments	Whether EMI/ instalment is correctly setup. Whether EMI/ instalment amount is matching with the sanctioned terms. Whether periodicity of	Finacle: – ACI -> Option "E" Repayment details BaNCS: – DL/TL Accounts & Services → Enquiries → Account

	<p>Instalment is correctly classified as per Sanctioned Terms?</p>	<p>– Deposit / CC / OD Accounts & Services → Enquiries → Deposit / CC/OD Account <i>(Short & Long Inquiry options are available under both menu.)</i></p>
<p>System determined Asset Classification vis a vis User defined Asset Classification</p>	<p>a. CBS contains two sets of parameters. At first instance CBS identify the account based on set parameters under A sset Classification types.</p>	<p>Finacle: a ACM/ ACI Option – ‘Y’ Asset Classification Inquiry b A report containing accounts wherein there is difference between Asset Classification by System and by user should be requested for. Accounts listed in the said report should be thoroughly verified.</p>
	<p>b. In few CBS it has been observed that user is generally given the option to differ and select/ amend the classification. In such cases detailed scrutiny of NPA system is required to be carried out. Due to errors in certain Master Data, there can be erroneous identification of account as NPA. However, such</p>	

Manual on Concurrent Audit of Banks

		accounts require detailed scrutiny.	
Manipulation in SL / DP	A	Changes in SL / DP should be cross checked with Sanctioned Letter.	Finacle: a ACLHM – Account Limit History Maintenance BaNCS: a Tailor-made report on Changes in Account Limits
	B	Whether any change in Limit is supported by necessary documentation?	
Incorrect moratorium period	A	Based on moratorium period CBS will identify the Loan Instalment and will track repayment.	Finacle: a ACI – Option “E” – Repayment Details BaNCS: a. Account Master details (Long Inquiry)
	B	In case the moratorium period / instalment start date is erroneously updated system will not show correct result.	
Re-phasing without reporting it as reschedule	A	Loan Account Instalments are rephased / recalibrated without reporting the same as Re-schedule.	Finacle: a ACI – Option “E” – Repayment Details BaNCS: a Account Master details (Long Inquiry) b Report containing details of all the cases wherein EMI / Instalment is changed should be sought
	B	Verify whether any change in Repayment instruction is made through System.	

	Compare the said accounts with list of Restructured	
	Accounts.	
Instalment Start Date is Future Date	a) Check whether Instalment Start Date entered as per sanctioned term?	Finacle: a ACI – Option “E” – Repayment Details BaNCS: a Account Master details (Long Inquiry)
	b) In case of future date system will not identify instalment and any repayment received will be shown as “Overflow”.	
Interest Demand date (Future Date)	a Check whether Interest Start Date entered is as per Sanctioned Term? b In case of future date as Interest Demand Date system will not accrue interest and any repayment received will be shown as “Overflow”.	Finacle: a ACI – Option “E” – Repayment Details BaNCS: a Account Master details (Long Inquiry)
Fictitious credit through Office Account / Inter-branch Account	a Are there any quarter/ year-end credits cited in the account? b Check the source of Credit Entries. c Review transactions in Office Accounts/	Finacle: a. ACLI – (Use CTRL + E to Explore the Tran) b. Review of Office Account Ledgers BaNCS: a Deposit / CC /

Manual on Concurrent Audit of Banks

	Inter Branch Accounts.	<p>OD Accounts & Services → Enquiries → Transaction</p> <p>b. DL/TL Accounts & Services → Enquiries → → Transaction</p>
Round tripping from internal accounts	<p>a Close scrutiny of transaction and review of chain/ series of transaction for accounts with deficiency is required.</p> <p>b Such transactions will inflate the Credit Turnover in the account.</p>	<p>Finacle:</p> <p>a ACLI – (Use CTRL + E to Explore the Tran)</p> <p>b Using only Account Turnover Information generated through “ATOR” / “CUTI” / “ACTI” menu may lead to incorrect inference, since the credits are not solitary credits in account.</p> <p>BaNCS:</p> <p>a Deposit / CC / OD Accounts & Services → Enquiries → Transaction</p> <p>b DL/TL Accounts & Services → Enquiries → Transaction</p>
Temporary Overdrafts	<p>a Check whether the TOD is sanctioned in order to bring the</p>	<p>Finacle:</p> <p>a ACLI – Option “O”</p> <p>b TODRP – TOD</p>

	<p>overdrawn limit to base level additional facility through TOD is sanctioned.</p>	<p>Register Printing BaNCS: TOD Report</p>
<p>Devolved bills parked in Office Accounts and not in limit account</p>	<p>a Devolved Bills under LCs are required to be debited to the Limit Accounts only. Assessment of Asset Classification will be based on composite overdrawn portion Limit + LC Devolved amount (if any on devolvement) b Check whether the amount of devolvement of LC backed bills are parked in Office Accounts or any separate account?</p>	<p>Finacle: a BI & FBI – with Bill Status as “K” using status date filter. BaNCS: Report on Devolved bills under Import LC</p>
<p>Multiple CUST ID to prevent the other account from becoming NPA</p>	<p>a Check whether multiple CUST IDs have been opened for the borrower with different accounts? b NPA Report and search all the case by few characters of Name.</p>	<p>Finacle: a ACS – Account Selection (Search based on Name) b LAGI – Loan Account General Inquiry (Inquiry based on other parameters) BaNCS: a. Customer Management → Enquiries → Search by Name</p>

Parameters Affecting Collection of Interest/ Revenue

- (a) Primary revenue for banks is interest on loans and advances. Charging of interest is completely automated barring few products.
- (b) However, the processing is based on certain important parameters. System parameters / fields which affect the interest computation should be thoroughly verified.
- (c) Some important interest parameters are as follows:
 - (i) Interest Table
 - Debit Interest Rate and Credit Interest Rate
 - Interest Version
 - Currency
 - Limit Level Interest
 - Penal Interest
 - (ii) Interest Rate (Static/Absolute and Based on Ref. Rate)
 - (iii) Interest Preferential Customer Level - Interest rate preference will be applied to all the accounts of the customer based on type of Interest.
 - Debit Interest Preferential
 - Positive preference value
 - Negative preference value
 - Credit Interest Preferential
 - Positive preference value
 - Negative preference value
 - (iv) Interest Preferential Account Level - Interest rate preference will be applied to the specific account wherein the preference is updated.
 - Debit Interest Preferential
 - Positive preference value
 - Negative preference value

- Credit Interest Preferential
 - Positive preference value
 - Negative preference value
- (v) System Support / Important Menu Codes:
 - Finacle: INTCI, AINTRPT, INTPRF, INTTM
 - TCS Bancs: i) OD/CC Accounts -> Interest Rate History ii) DL / TL-> Interest Rate History

Following are few events/ scenarios wherein there is a possibility of non-application/ incorrect application of Interest:

Sr. No.	Event / Scenario
1	Interest pegging in Advance Accounts set as "Y". (If "Y" is selected, system will charge interest at the rate prevailing at the time of Account Opening. For the cases of Fixed Rate Loans Pegging Flag will be "Y")
2	Future Date is updated in Interest Demand Date
3	Interest on Principal / Payment of Interest Flag is set as "N"
4	Effective Rate of Interest is updated as "0"
5	Account Open and Instalment Start Dates are identical
6	Account Open and Interest Demand Dates are identical
7	Interest Table Code "Zero" is selected
8	Interest Demand Date is Past Date
9	Interest Demand Frequency is Blank

Audit of Foreign Exchange Transactions with the Use of CBS

The liberalization of economy is paving way for opening of new areas for inbound and outbound investment. Moreover, with the increase in the global trade the foreign exchange and cross border transactions are increasing at a rapid speed. However, it also poses challenge of preventing misuse of regulations and money laundering activities.

Manual on Concurrent Audit of Banks

Following are few activities that the auditor must carry out for concurrent audit of Foreign Exchange Transactions:

Audit Activity	Important Menu Codes of Finacle
Review of Letter of Credits issued,	For Inquiry – DCQRY
Expired, Search on Outstanding LCs	For Report – DCREG, DCRPTS,
	DCSTMT
Review of Bank Guarantee issued, invoked, closed, outstanding, Search on expired BGs	For Inquiry – GI For Report – GILR, GPI
Audit of Inland Bills (under collection, under LC, discounted)	For search: BI Search result printing: BP For specific bill: BM
Audit of outstanding Inland Bills	Report – BRCR (Collection Bills), BRBPR (Purchased Bills)
Audit of Foreign Bills (under collection, under LC, discounted)	For search: FBI Search result printing: FBP For specific bill: FBM
Audit of outstanding Foreign Bills	Report – FBRR
Audit of Inward and Outward Remittances (Other than Import and Export Transactions)	For Inward Remittance: IRM For Outward Remittance: ORM
Tracking of Packing Credit granted and tracking of order in case of Running Packing Credit	Account wise Packing Credit: ACLI Running Packing Credit: RPCTM

Audit of Office Account Transactions through CBS

- (a) Office accounts are opened for the purpose of parking entries till the time the final effect is not determined.
- (b) However, at various occasions it has been observed that the entries remain in the said parking accounts for a long period.
- (c) Moreover, in case of weak monitoring of the said accounts, the Office Accounts are susceptible to fraud and misappropriation.

(d) There are various types of office accounts:

(i) Based on Functionality

- Pointing Type/ Self Reconciling Accounts
- Non-Pointing Type Accounts
- Based on Type of Entry Sundry Accounts, Suspense Accounts
- EOD/BOD Check Accounts
- Inter branch Account.
- Mirror Accounts
- Pool Accounts

Following are few audit actionable for concurrent auditor carrying out audit of Office Account Transactions:

Events	Audit actionable	Suggested system support
Cash Payment from Office Accounts	Authorization of Transaction as per Delegated Authority	Finacle: <ul style="list-style-type: none"> • ACLI – For Transaction • FTI – For Search BaNCS: <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
TOD through Office Accounts	Through ineligible credit originating from a office account, customer can be accommodated. It also circumvents the number of TODs granted to customer. Moreover, interest will not be applied in the said case.	Finacle: <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account BaNCS: <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
Parking of Cash Difference in Office	Difference in Reconciliation, Cash	Finacle: <ul style="list-style-type: none"> • ACLI – For

Manual on Concurrent Audit of Banks

<p>Accounts, Clearing/ Remittance differences through Office Accounts</p>	<p>Shortage debited to Office Account and not reversed. <p>Rotation of entries in Office Accounts</p>	<p>To prevent entry being reported as long outstanding entry, a new transaction with debit and credit leg in the same account is posted. Thus, the system considers the new transaction date for reporting as outstanding entries. Review transactions with same Debit and Credit amount through Ledger Scrutiny</p>	<p>Finacle:</p> <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account <p>BaNCS:</p> <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
<p>Correctness in mapping of reversal transaction to originating transaction</p>	<p>If the transactions have not been reversed against the related originating entries the report generated by CBS</p>	<p>Finacle:</p> <ul style="list-style-type: none"> • ACLI – For Reversal Transaction in Office Account

Core Banking System

	will show incorrect outstanding items.	BaNCS: <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
Value Dated (Back Dated) Transactions	<p>Transaction credited in the advance type accounts, Operative accounts with a value date (Back date) wherein the clear funds were not available in the office accounts.</p> <p>Review the transactions from Revenue Leakage perspective.</p>	Finacle: <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account • FTI – For Value Dated Transaction BaNCS: <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
Round Tripping	<p>Rotation of entry from office account to operative account(s) without any justification/ source document.</p> <p>Review the transactions from the perspective of inflating credit turnover of account.</p>	Finacle: <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account BaNCS: <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction
Advance paid for Fixed Assets not capitalized	<p>Entries for payment of advance against procurement of Fixed Assets not reversed.</p>	Finacle: <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account • IOT – For inquiry on outstanding transaction • MSGOIRP – For Printing of outstanding office account transaction report

Manual on Concurrent Audit of Banks

		<p>BaNCS:</p> <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction. • “Outstanding BGL Transaction” Report
Income realized not credited to Revenue Account	Loan Instalment received from Customer, not adjusted. Processing Fees received, not credited to Income Account Charges collected, not credit to Income Account	<p>Finacle:</p> <ul style="list-style-type: none"> • ACLI – For Transaction in Office Account • IOT – For inquiry on outstanding transaction • MSGOIRP – For Printing of outstanding office account transaction report
		<p>BaNCS:</p> <ul style="list-style-type: none"> • BGL -> Enquire -> Transaction • “Outstanding BGL Transaction” Report

Manual Updation in CBS and its Verification Aspects

- Under any CBS the transactions are processed as per pre-defined process.
- Majority of the processes in CBS are automated and based on masters.
- A manual intervention in automated process leads to error in transaction processing. Following are few manual changes/modifications in system which affects the transaction processing.
- The concurrent auditor must review the manual updation in CBS on monthly basis:

Manual Entry	Probable impact
Advances	
Interest Rate change	Revenue Leakage, Excess collection of Interest
Change in EMI	Revenue Leakage, NPA Identification
Processing of transactions against un- cleared outward clearing effect	Recovery of amount from customer in case of cheque return
Backdated Renewal Date updation (Updating Date of Renewal on running date with past date)	NPA Identification
Change in Limit – From Non Fund Base to Fund Base	NPA Identification
Account & Customer Master	
Tax exemption updation	Non-compliance with TDS provisions
Dormant to Active	Susceptible to fraud
Interest Table Code as “0”	Revenue Leakage
Interest Collection Flag “N”	Revenue Leakage
Reclassification of Agriculture Advance as per revised RBI norms dt. April 23, 2015	Sectorial Classification
Foreign Exchange Transactions	
Erroneous Foreign Exchange Rate	Revenue Leakage, Accommodation to customer
Full BOE received flag marked as “Y” wherein BOE for entire transaction is not received	Reporting to RBI under BEF Return
FIRC Issuance (without updating flag printed “Y”)	Duplicate issuance of FIRC without “Duplicate FIRC” inscription.
Merchant Trade Transaction (Manual mapping)	Reporting to RBI

Manual on Concurrent Audit of Banks

Transaction Processing & Housekeeping	
Changes / Modification in Auto Calculated charge amount at the time of posting of transaction	Revenue Leakage
Ineligible Credits to NRE and FCRA Accounts	Non-compliance of FEMA Guidelines
ATM Replenishment entries	Susceptible to Fraud
Payment for FD Closure proceeds in Cash through Office Accounts in excess of ₹ 20,000	Non-compliance with Income Tax Guidelines
Revalidation of Old DDs	Susceptible to Fraud
Value Dating (Credit Transactions in CC / OD Account with Value Date without Value Dating at Debit Leg)	Revenue Leakage
Debit to Income Account (though Transaction Maintenance Menu)	Revenue Leakage
Manual Credit to Income Account (though Transaction Maintenance Menu)	Revenue Leakage (Computation of Income credited to be verified)
RTGS / NEFT in cash through office accounts > 49,999	Non-compliance with AML guidelines
Delay in posting of clearing cheque return	Accommodation to customer
Manual Transfer of Security Stationery from Inventory location to External Location	Susceptible to Fraud (Avoid reporting of missing inventory)

Generation and Verification of Specific Reports Based on Various Criteria

CBS allows generation of various reports through frontend as well as through backend. Few important reports for review by concurrent auditors are as follows:

(a) Exception Report

Reports for the month end and two days prior and after month end should be verified. Exceptions of following natures should be closely verified:

- (i) Balance exceeded Account Limit
- (ii) Manual debits to Income Account
- (iii) Value Dated Transactions
- (iv) Manual entry for SI Failure cases
- (v) Instrument passed against Clearing.
- (vi) Backdated entries (normally restricted)

(b) Irregularity Report

Reports for the month end and two days prior and after month end should be verified. Report contains details of Accounts where Balance in Accounts are greater than the limits sanctioned. Check whether the same is due to:

- (i) Application of Interest
- (ii) Granting of Intra Day TOD
- (iii) Passing of Instruments against Clearing Effects

(c) Accounts where Interest Code is '0'

Interest will not be charged from Accounts where Interest Code is selected as '0'. Hence, a detailed checking is required. Possible reasons can be if it is a NPA account or an account with a moratorium.

(d) Interest Collection Flag as "No"

If Interest Collection Flag is selected as "No", Software will not consider the account for calculation and entry for Debit Interest.

(e) Debit Interest SI Failed Report

1. Failure of Standing Instruction for Debit Interest should be closely verified. If the SI is failed the Account will not be debited for Interest. SI Failure can be for any reason like:
 - (i) Non-availability of Balance in Account (In case of TOD in Operative Account)
 - (ii) Non-availability of Limit in Account
 - (iii) Technical Snag in execution

2. Whether Branch has manually passed the entry for all such cases should be verified.

(f) Loan Instalment SI Failed Report

Same as above.

(g) Report containing all Advance Accounts with Limits

Generally, CBS Software's generate a Report wherein details of all Advance Accounts are listed. Excel can be used to verify cases of DP > SL, Margin Requirement, etc.

(h) TOD Report

Documents and sanction orders should be verified for all the cases of Manually granted TODs. In Finacle the report can be generated through Menu Code "TODRP".

(i) Account Turnover Report

To review the quantum of transactions in the borrower accounts turnover reports should be used. In Finacle, inquiry for Account Turnover can be carried out through "ACTI, CUTI" Menu codes and report can be generated through "ATOR" Menu.

(j) Loan Inquiry

In Finacle, criterion-based search for Loan Accounts is available through Menu option "LAGI". The said menu can be used to verify:

- New sanction, Accounts closed.
- Loans under various schemes
- Loans based on Account Classifications
- Accounts search based on Limit (Credit & Stock Audit)

(k) Loan Overdue Inquiry

In Finacle, criterion-based search for Overdue & Overflow Loan Accounts is available through Menu option "LAOPI". In case of BaNCS the said details are available through offline daily report. The said menu can be used to verify:

- Principle & Interest Overdue and Overflow

- Overdue in “%” as well as Overdue in “No. of Days”

(I) Financial Transaction Inquiry

In Finacle, report based on different criteria for financial transactions can be generated through Menu Option “FTR”. The said menu can be used to verify:

- Loan disbursement in Cash (Sub GL code & Tran Type)
- Value Dated Transactions verification (Only value dated flag)
- Transactions in Loan / OD-CC Accounts (SubGL, Tran Type, Part Tran Type)
- Credits to NRE Accounts in a period (Sub GL, Part Tran Type)
- Credits to FCRA Accounts in a period (Sub GL, Part Tran Type)
- Cash Deposit Transactions above Rs. 50,000 to verify compliance with Income Tax Guidelines on PAN (Tran Type, Tran Sub Type)
- Cash Transactions above Rs. 10 Lacs to verify compliance with AML Guidelines (Tran Type)
- Debits to ESCROW Accounts to verify compliance with ESCROW Agreement (Sub GL, Part Tran Type)

Guide on Audit Activity through CBS for LFAR and Tax Audit Requirements

- (a) Each bank uses its own format for concurrent audits.
- (b) A common report format used by all the banks is of Long Form Audit Report (issued by statutory auditor).
- (c) Following are few checkpoints for concurrent auditors along with suggested system support.

Audit Activity / Process / Audit Area	Auditors’ Primary Checks	Suggested System Support
Cash	D Physical verification of Cash Balance D Cash Balance as on the date of Audit	Finacle: D “ ACLI ” - Account Ledger Inquiry (Vault A/c and Teller Accounts)

Manual on Concurrent Audit of Banks

	<p>Period</p> <p>D Cash Balances reported in Friday Statement</p>	<p>BaNCS:</p> <p>D → Reports → Cash Related View Cash Summary (Click on Fetch)</p> <p>D → Branch Reports → Cash Officer's Jotting Book Report</p> <p>D → Reports → Printing Reports → Cashier / Teller Cash Report</p>
Balances with RBI / SBI / Other Banks	<p>D Balance as on Date</p> <p>D Transactions in Mirror Accounts</p> <p>D Reconciliation Statement (Generally outside of CBS)</p>	<p>Finacle:</p> <p>D "ACLI" - Account Ledger Inquiry</p> <p>BaNCS:</p> <p>D → Branch Accounting (BGL) → Enquire → Transaction</p>
Advances	<p>D Sanction Limit / Drawing Power setup</p>	<p>Finacle:</p> <p>D "ACLHM" – Account Limit History Maintenance</p> <p>D "ACM / ACI" – Account Master (Go to Limit details)</p> <p>D "LTL" – Limit Tree Lookup (Tree view of all Limits)</p>
Advances	<p>D Account & Customer Master parameters setup viz.,</p> <p>D Interest Parameters (Regular & Penal Interest)</p> <p>D Repayment</p>	<p>Finacle:</p> <p>D "ACLHM" – Account Limit History Maintenance for DP & SL – Account Specific</p> <p>D "ACM / ACI" – Account Master</p> <p>D "CUMM / CUMI" – Customer</p>

	<p align="center">Instructions</p> <p>D Standing Instructions (SI) Parameters</p>	<p align="center">Master</p> <p>BaNCS:</p> <p>D DL/TL Accounts & Services → Enquiries → Account</p> <p>D Deposit / CC / OD Accounts & Services → Enquiries → Deposit / CC / OD Account</p> <p><i>(Short & Long Inquiry options are available under both menu.)</i></p>
<p>Advances</p>	<p>D Transactions in Borrower's Account</p>	<p>Finacle:</p> <p>D "ACLI" - Account Ledger Inquiry</p> <p>BaNCS:</p> <p>D Deposit / CC / OD Accounts & Services → Enquiries → Transaction</p> <p>D DL/TL Accounts & Services → Enquiries → Transaction</p>
<p>Advances</p>	<p>D Interest Rate History</p>	<p>Finacle:</p> <p>D "INTTM" – Interest Table Master Maintenance (Under Inquire Mode – Account Specific)</p> <p>BaNCS:</p> <p>D Deposit / CC / OD Accounts & Services → Interest Rate History</p> <p>D DL/TL Accounts & Services → Interest Rate History</p>

Manual on Concurrent Audit of Banks

Advances	<p>D Conduct of Account and Credit Turnover</p> <p>D Turnover of CC Account based on Borrower's Business profile</p> <p>D In case of Loan accounts ACTUAL recovery of Installments and Interest</p>	<p>Finacle:</p> <p>D "ATOR" – Account Turnover Report</p> <p>D "ACTI" – Account Turnover Inquiry</p> <p>D "CUTI" – Customer Level Turnover Inquiry</p> <p>BaNCS:</p> <p>D DL / TL Accounts & Services → Enquiries → Long</p> <p>D Deposit/CC/OD Accounts & Services → Enquiries → Long</p>
Advances	<p>D Non Performing Asset</p> <p>D Search an Account based on Criteria</p>	<p>Finacle:</p> <p>D "ACS" – Account Selection (2nd Screen – IRAC Code – Main Asset Classification)</p>
		<p>BaNCS:</p> <p>D DL / TL Accounts & Services → Enquiries → Short → Select Option "1" – TL / DL [Long Inquiry for NPA Date]</p> <p>D Deposit/CC/OD Accounts & Services → Enquiries → Short → Select Option "2" – CC / OD [Long Inquiry for NPA Date]</p> <p>D Common Processing → Overdue / NPA → NPA Enquiry (Risk Grade Inquiry / NPA Status Inquiry)</p>

Core Banking System

Advances	D Interest Report	<p>Finacle:</p> <p>D “AINTRPT” – Interest Report for Account</p> <p>BaNCS:</p> <p>D Product Sheets – To be requested from Data Center (if not available through user login)</p>
Advances	D Primary & Collateral Security Maintenance	<p>Finacle:</p> <p>D “SRM” – Security Register Maintenance</p> <p>BaNCS:</p> <p>D DL/ TL Accounts & Services → Security (Primary/ Collateral) → Customer → Amend / Enquiry → Amend / Enquire Security</p>
Advances	D Lien Marking	<p>Finacle:</p> <p>D “ALM” – Account Lien Maintenance</p> <p>BaNCS:</p> <p>D DL/ TL Accounts & Services → Security (Primary/ Collateral) → Customer → Amend / Enquiry → Amend / Enquire Security</p> <p><i>(Under BaNCS – Collateral ID is required to be created before setting up limits)</i></p>

Manual on Concurrent Audit of Banks

Advances	D Account Ledger Printing	<p>Finacle:</p> <p>D “PSP” – Pass Sheet Print</p> <p>D “ACLPCA” – Customer Ledger Account Print</p> <p>BaNCS:</p> <p>D Print Menu available under DL / TL Accounts & Services and Deposit / CC / OD Accounts & Services</p>
Advances	D Non Fund based Facility (LC, BG)	<p>Finacle:</p> <p>D “GI” – Guarantee Inquiry</p> <p>D “DCQRY” – Documentary Credit Query</p> <p>BaNCS:</p> <p>D Report generated from Trade module</p>
Stationery	D Physical Verification of Stationery and confirmation o f Balance as per CBS	<p>Finacle:</p> <p>D “ISRA” – Inventory Status Report (<i>Location wise viz., Dual Lock, Individual, Cancelled etc.</i>)</p> <p>BaNCS:</p> <p>D Through Valuable Paper Inventory System [VPIS] module</p>
Office Accounts (Suspense, Sundry etc.)	D Outstanding entries for reporting D Entries outstanding Whether any Provisioning is required?	<p>Finacle:</p> <p>D “IOT” – Inquire on Transaction (As on date Inquiry)</p> <p>D “MSGOIRP” – Outstanding Items Report</p>

Core Banking System

		<p>BaNCS:</p> <p>D Through offline reports viz. "Audit BGL accounts age wise break up" and "GL-Outstanding-Accounts" report.</p>
Office Accounts (Suspense, Sundry etc.)	D Printing of Office Accounts	<p>Finacle:</p> <p>D "ACLPOA" – Account Ledger printing Office Account</p> <p>BaNCS:</p> <p>D BGL Accounting Menu</p>
Inter Branch Account	D Un-reconciled transactions	<p>Finacle:</p> <p>D Through Outstanding IBR Report.</p>
		<p>BaNCS:</p> <p>D Through offline "Outstanding IBR Report" / "IBR Summary report"</p>
TDS Related	D TDS Information and Reports	<p>Finacle:</p> <p>D "TDSIP" – TDS Inquiry & Reports</p> <p>D Month-end report on account wise / transaction wise Tax deduction.</p> <p>D Bank specific customized Menu / report</p> <p>BaNCS:</p> <p>D Through offline monthly report on account wise / transaction wise Tax deduction.</p>

Manual on Concurrent Audit of Banks

List of Important Menu Commands

Following is the list of various important menu commands for concurrent auditors based on area of operations in the bank:

(i) Accounts, Customer Master and Inquiry

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	CUMM / CUMI	Customer Master Maintenance / Inquiry	Inquiry
Finacle 7	ACM / ACI	Account Master Maintenance / Inquiry	Inquiry
Finacle 7	ACLI	Account Ledger Inquiry	Inquiry
Finacle 7	ACCBAL	Component of Account Balance Inquiry	Inquiry
Finacle 7	ACS	Account Criterion Search	Inquiry (Search / Criterion based)
Finacle 7	CUS	Customer Selection / Inquiry	Inquiry (Search / Criterion based)
Finacle 7	ACINT	Interest Run for Accounts	Inquiry / Report
Finacle 7	INTTM	Interest Table Master Maintenance	Inquiry
Finacle 7	AFI	Audit File Inquiry	Inquiry
Finacle 10	CRM Module	Customer Master maintenance	Inquiry & Modifications
Finacle 10	HACLI, HACLINQ	Account Ledger Inquiry	Inquiry

Finacle 10	HACM, HACMTD	Account Master, Account Master Term Deposits	Inquiry
Finacle 10	HINTTM	Interest Table Master Maintenance	Inquiry
Finacle 10	HAFI	Audit File Inquiry	Inquiry
BaNCS	Customer Management → Enquiries → Search by CIF Number	To verify all accounts of one Customer	Inquiry
BaNCS	Customer Management → Enquiries → Search by ID Number	Search using available information (ID Number)	Inquiry
BaNCS	Customer Management → Enquiries → Search by Name	Search using available information (Name)	Inquiry
BaNCS	Customer Management → Relationship / Ownership → Associated Accounts	Inquiry on Linked Accounts, Owned Accounts etc.	Inquiry
Flex Cube	CH021	Account Master Maintenance	Inquiry

Manual on Concurrent Audit of Banks

Flex Cube	CH701	Customer account balances-Other than loans-For standard accounts but including CC limit accounts	Inquiry
Flex Cube	CH703	RD account balances-Customer wise	Inquiry
Flex Cube	2000	CTI Customer Search	Inquiry
Flex Cube	7004	Customer Name and Address Inquiry	Inquiry
Flex Cube	7100	All Balance Inquiry	Inquiry
Flex Cube	7105	Display Customer Image	Inquiry
Flex Cube	BA095	Account Level Attributes Inquiry	Inquiry
Flex Cube	7002	Balance Inquiry	Inquiry
Flex Cube	CH031	Statement Inquiry	Inquiry
Flex Cube	1337	Term Deposit Interest Payout Inquiry	Inquiry
Flex Cube	7020	TERM DEPOSIT Balance Inquiry	Inquiry
Flex Cube	TD023	TERM DEPOSIT Rates History Inquiry	Inquiry
Flex Cube	TD031	TERM DEPOSIT Audit Trail Inquiry	Inquiry

Flex Cube	TD037	TERM DEPOSIT Account Ledger Inquiry	Inquiry
Flex Cube	TD050	TERM DEPOSIT Interest Inquiry	Inquiry
Flex Cube	TD11	TDS Inquiry	Inquiry

(ii) Transactions

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	TM / TI	Transaction Maintenance / Inquiry	Inquiry
Finacle 7	FTI	Financia Transaction I Inquiry	Inquiry (Search /Criterion based)
Finacle 10	HTI	Transaction Maintenance / Inquiry	Inquiry
Finacle 10	HFTI	Financial Transaction Inquiry	Inquiry (Search /Criterion based)
BaNCS	Deposit / CC / OD Accounts & Services → Enquiries → Transaction	Transaction Enquiry (Additional options available: Transaction Types: 99 – All Financial, 98 – Cash Transaction, 25 – Repayment Details, 33 –Message Details	Inquiry
BaNCS	→ Branch Accounting (BGL) → Enquire → Transaction	BGL Transaction Enquiry	Inquiry

Manual on Concurrent Audit of Banks

Flex Cube	TD044	TD Transactions Inquiry	Inquiry
Flex Cube	LN058	Loan Interest Adjustment Transaction	Inquiry
Flex Cube	PM025	Payment Transaction Inquiry	Inquiry
Flex Cube	GLM04	GL Transactions and Movements Inquiry	Inquiry
Flex Cube	AT002	Audit Trail Financial Transactions Inquiry	Inquiry
Flex Cube	BA777	Audit Trail Inquiry for Non- Financial Txns	Inquiry

(iii) Clearing Transactions

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	MCLZOH	Maintain Clearing Zone	Inquiry
Finacle 7	OCTM	Outward Clearing Transaction Maintenance	Inquiry
Finacle 7	ICTM	Inward Clearing Transaction Maintenance	Inquiry
Finacle 10	HOCTM	Maintain Clearing Zone	Inquiry
Finacle 10	HICTM	Outward Clearing Transaction Maintenance	Inquiry
Finacle 10	HMCLZOH	Inward Clearing Transaction Maintenance	Inquiry
BaNCS	Collection and Cheque Purchase → Enquiries → Enquiries	Inquiry for Cheque Purchase / on Collection	Inquiry
Flex Cube	ST023	Outward Clearing	Inquiry

Flex Cube	ST033	Inward Clearing	Inquiry
Flex Cube	BA990	Clearing Inquiry	Inquiry
Flex Cube	ST002	Value Date Clearing Inquiry	Inquiry

(iv) Office Accounts Maintenance

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	ACLPOA	Account Ledger Print Office Account	Report
Finacle 7	IOT	Inquire on Transaction	Inquiry & Report
Finacle 7	MSGOIRP	Outstanding Items Report	Report
Finacle 10	HIOT	Inquire on Transaction	Inquiry & Report
Finacle 10	HACLPOA	Account Ledger Print Office Account	Report
BaNCS	→ Branch Accounting (BGL) → Enquire → Account	Enquiry on BGL Account	Inquiry
BaNCS	→ Branch Accounting (BGL) → Enquire → Account Number Search	Search an Account Number by BGL Name	Inquiry
BaNCS	→ Branch Accounting (BGL) → Enquire → Transaction	BGL Transaction Enquiry	Inquiry
Flex Cube	GLM01	GL Voucher Entry	Inquiry

Manual on Concurrent Audit of Banks

Flex Cube	GLM02	Chart of Accounts	Inquiry
Flex Cube	GLM04	GL Transactions and Movement Inquiry	Inquiry
Flex Cube	1005	Miscellaneous GL Transfer (Dr/Cr)	Inquiry

(v) Loans & Advances

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	SRM	Security Register Maintenance	Inquiry
Finacle 7	HCLM / CLL	Collateral Maintenance	Inquiry
Finacle 7	ACHLM	Account History Limit Maintenance	Inquiry
Finacle 7	ALM	Account Lien Maintenance	Inquiry
Finacle 7	ACTODM	Account TOD Maintenance	Inquiry
Finacle 7	TODRP	TOD Register Printing	Inquiry
Finacle 7	PSP	Pass Sheet Print	Report
Finacle 7	ACLPCA	Account Ledger Printing	Report
Finacle 7	LAGI	Loan General Inquiry	Inquiry (Criterion based search)
Finacle 7	LAOPI	Loan Overdue Position Inquiry	Inquiry (Criterion based search)
Finacle 7	LTL	Limit Tree Lookup	Inquiry
Finacle 7	LNDI	Limit Node Inquiry	Inquiry

Finacle 7	AINTRPT	Interest Report for Accounts	Report
Finacle 10	HSCLM	Security Register Maintenance	Inquiry
Finacle 10	HALM	Account Lien Maintenance	Inquiry
Finacle 10	HACTODM	Account TOD Maintenance	Inquiry
Finacle 10	HPSP	Pass Sheet Print	Report
Finacle 10	HACLHM	Account Limit History Maintenance	Inquiry
Finacle 10	HAINTRPT	Interest Report for Accounts	Report
Finacle 10	HINTPRF	Interest Proof Report	Report
BaNCS	Deposit / CC / OD Accounts & Services → Enquiries → Deposit / CC / OD Account	To verify the Account & Master Details	Inquiry
BaNCS	Deposit / CC / OD Accounts & Services → Enquiries → Statement Print	Printing Statement of Account for a Deposit or CC/ OD	Report
BaNCS	Deposit / CC / OD Accounts & Services → Enquiries → Short	Basic details on Enquiry on Screen on Deposit Accounts	Inquiry
BaNCS	Deposit / CC / OD Accounts &	Additional Details on Enquiry Screen for Deposit Accounts	Inquiry

Manual on Concurrent Audit of Banks

	Services → Enquiries → Long		
BaNCS	Deposit / CC / OD Accounts & Services → Interest Rate History	Details of changes in Interest Rate for an account	Inquiry
BaNCS	→ DL/TL Accounts & Services → Loan Tracking → Operations	Loan account operations	Inquiry
BaNCS	→ DL/TL Accounts & Services → Loan Processing → Generate Repayment Schedules → Action – “E”	To print Repayment schedule for a DL / TL Account	Report
BaNCS	→ DL/TL Accounts & Services → Enquiries → Short → Option “Balance Breakup Enquiry”	To view amount of Arrears & Breakup of Principal, Interest Realized, Charges & Arrear of Interest	Inquiry
BaNCS	→ DL/TL Accounts & Services → Security (Primary / Collateral) → Customer →	Enquire on linked collateral	Inquiry

	Enquiry → Enquire Security Summary		
Flex Cube	CH066	Limit Collateral Inquiry	Inquiry
Flex Cube	CHM06	OD Collateral Maintenance	Inquiry
Flex Cube	CHM07	OD Limit Master Maintenance	Inquiry
Flex Cube	ST070	Cheque Purchase	Inquiry
Flex Cube	CH033	Average Quarterly / Monthly Balance Inquiry	Inquiry
Flex Cube	TDM24	Lien Master	Inquiry
Flex Cube	1413	Loan Disbursement Inquiry	Inquiry
Flex Cube	LN522	Account Schedule Inquiry	Inquiry
Flex Cube	LNM10	Account Transactions Inquiry	Inquiry
Flex Cube	BA433	Collateral To Accounts Inquiry	Inquiry
Flex Cube	BA434	Account To Collateral Inquiry	Inquiry

(vi) DD / PO, Cheque Book maintenance, Stop Payments and Security Stationery maintenance.

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	DDSM	DD Status Maintenance	Inquiry
Finacle 7	DDIP	Inquiry on Specific DD Paid	Inquiry
Finacle 7	ISRA	Inventory Status Report	Report

Manual on Concurrent Audit of Banks

Finacle 7	IMI	Inventory Movement Inquiry	Inquiry
Finacle 7	ICHB	Issue Cheque Book	Inquiry
Finacle 7	CHBM	Cheque Book Maintenance	Inquiry
Finacle 7	SPP	Stop Payment of Cheque	Inquiry
Finacle 7	SPRG	Stop Payment Register	Report
Finacle 10	HDDSM	DD Status Maintenance	Inquiry
Finacle 10	HDDIP	Inquiry on Specific DD Paid	Inquiry
Finacle 10	HISRA	Inventory Status Report	Report
Finacle 10	HIMI	Inventory Movement Inquiry	Inquiry
Finacle 10	HICHB	Issue Cheque Book	Inquiry
Finacle 10	HCHBM	Cheque Book Maintenance	Inquiry
Finacle 10	HSPP	Stop Payment of Cheque	Inquiry
Finacle 10	HSPRG	Stop Payment Register	Inquiry
BaNCS	→ Valuable Paper Inventory System [VPIS] → Enquiry of VPIS → General Enquiry	To check inventory status	Inquiry
BaNCS	→ VPIS → Lost / Damaged / Cancelled Inventories	Location for Lost / Damaged / Cancelled Inventories	Inquiry
BaNCS	→ VPIS → Enquiry of VPIS → Teller Level	Details of Inventory available at Teller level	Inquiry

	Inquiry		
Flex Cube	CH078	Cheque Status Maintenance	Inquiry
Flex Cube	CHM35	Stop Cheque Instructions	Inquiry
Flex Cube	CHM37	Cheque Book Issue Maintenance	Inquiry
Flex Cube	IV011	Stock Inquiry	Inquiry
Flex Cube	IV004	Inventory Lost report Register maintenance	Inquiry
Flex Cube	MCA80	Inquiry of sold/issued inventory	Inquiry

(vii) Compliances

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	TDSIP	TDS Inquiry / Print	Inquiry and Report
Finacle 7	AFSM	Account Freeze Maintenance	Inquiry
Finacle 10	HTDSIP	TDS Inquiry / Print	Inquiry and Report
Finacle 10	HAFSM	Account Freeze Maintenance	Inquiry
Flex Cube	TDS06	Tax Parameters Maintenance	Inquiry
Flex Cube	TDS04	Tax waiver criteria Maintenance	Inquiry
Flex Cube	TDS05	Customer special Tax code maintenance	Inquiry
Flex Cube	TDS11	Tax Inquiry	Inquiry

(viii) Trade Finance and Foreign Exchange Transactions

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Finacle 7	INBOEM	Bill of Entry Maintenance	Inquiry
Finacle 7	BI	Bills Inquiry (Inland)	Inquiry (Criterion based search)
Finacle 7	BP	Bills Inquiry (Inland) – Printing	Report
Finacle 7	BM	Bill Maintenance (Inland)	Inquiry
Finacle 7	FBI	Foreign Bill Inquiry	Inquiry (Criterion based search)
Finacle 7	FBM	Foreign Bill Maintenance	Inquiry
Finacle 7	FBP	Foreign Bill Inquiry – Printing	Report
Finacle 7	BRBPR	Balancing Report for Bills Purchased (Inland)	Report
Finacle 7	BRCR	Balancing Report for Bills on Collection (Inland)	Report
Finacle 7	FBBR	Balancing Report for Foreign Bills	Report
Finacle 7	DCQRY	Documentary Credit Query	Inquiry (Criterion based search)
Finacle 7	GI	Guarantee Inquiry	Inquiry
Finacle 7	IRM	Inward Remittance Maintenance	Inquiry

Core Banking System

Finacle 7	ORM	Outward Remittance Maintenance	Inquiry
Finacle 10	HINBOEM	Bill of Entry Maintenance	Inquiry
Finacle 10	MIIB	Maintain Import & Inward Bills	Inquiry
Finacle 10	MEOB	Maintain Export & Outward Bills	Inquiry
Finacle 10	IBL	Bill Inquiry	Inquiry (Criterion based search)
Finacle 10	HBRBPR	Balancing Report for Bills Purchased (Inland)	Inquiry
Finacle 10	HBRCR	Balancing Report for Bills on Collection (Inland)	Inquiry
Finacle 10	HFBBR	Balancing Report for Foreign Bills	Inquiry
Finacle 10	HGI	Guarantee Inquiry	Inquiry
Finacle 10	HIRM	Inward Remittance Maintenance	Inquiry
Finacle 10	HORM	Outward Remittance Maintenance	Inquiry

Core Banking System

CBS Package	Menu Code / Access path	Menu Name	Menu Type (Inquiry / Report)
Flex Cube	SY001	Guarantee Inquiry	Inquiry
Flex Cube	BIM04	Bill Parameters Maintenance	Inquiry
Flex Cube	BIM05	Bills Processing Maintenance	Inquiry
Flex Cube	BI001	Bills Data Entry	Inquiry

Note:

1. The discussion of Menu codes / commands in this chapter is only for guidance of members.
2. The purpose of inclusion of the same here is to understand functioning of banking software.
3. Moreover, with the continuous changes and customization requests by banks, all the menu codes may not be available / accessible in all the banks.
4. The Finacle menu codes discussed in this chapter is for version 7 (except expressly mentioned).
5. Finacle has introduced new version namely Finacle 10.X. Few banks have already migrated to newer version and few more are in process of migration.
6. Under Finacle 10.X there are changes in Menu Codes apart from other navigational changes.

Disclaimer:

1. Images, Logo, Screen Shots, Menu Codes, Software Name, etc., are the property of respective Software developer/ Trademark owners.
2. ICAI is not responsible for any violation of points mentioned in Para1

Concurrent Auditing Techniques

Concurrent Auditing Techniques are as follows:

- Integrated Test Facility (ITF)
- Snapshots
- Extended Record Technique
- System Control Audit Review File (SCARF)
- Continuous and Intermittent Simulation (CIS)

Integrated Test Facility (ITF)

- a. An integrated test facility (ITF) creates a fictitious entity in a database to process test transactions simultaneously with live input.
- b. It can be used to incorporate test transactions into a normal production run of a system.
- c. It is a test using simulated transactions and dummy master records within a client's master file so that test data are processed simultaneously with actual input.
- d. The objective is to substantiate control reliability.
- e. Problem with using ITF is that it affects the output of the application system.
- f. Therefore, it is important that effects of ITF transactions should be removed by the application software prior to producing output.
- g. One can follow either of the under mentioned:
 1. Modify application program to ignore their effects while preparing outputs
 2. Submit additional inputs for removing their effects.
 3. Submit trivial entries as test data so that their effect on the output is minimal.

Snapshots

- (a) *In computer systems, a snapshot is the state of a system at a particular point in time.*
- (b) *The term was coined as an analogy to that in photography.*
- (c) *It can refer to an actual copy of the state of a system or to a capability provided by certain systems.*
- (d) *An embedded audit module can be used to take pictures of a transaction.*
- (e) *The snapshots can either be printed immediately or saved to a file for later printing.*

Auditors need to determine:

1. Where to take snapshots
2. Which transactions will be subject to snapshot
3. How and when the snapshot data will be presented for evaluation

Extended Record Technique is a modification of the Snapshot technique. Where a Snapshot technique involves writing a record for each snapshot point and Snapshots are usually stored where it is taken, extended record technique appends data for each snapshot point to a single record. Thus, all data relating to a transaction is kept in one place.

System Control Audit Review File (SCARF)

- (a) SCARF is the most complex of all the techniques as it involves embedding audit modules in an application system to provide continuous monitoring of a system's transactions.
- (b) Embedded audit modules are placed at pre-determined points to gather information about transactions or events that auditors deem to be material.
- (c) Data collected via these routines includes errors and irregularities, policy and procedural variances, system exceptions, statistical samples, snapshots, etc.
- (d) Information collected is written to a special SCARF file.
- (e) Auditors then examine the information contained on this file.

Continuous and Intermittent Simulation (CIS)

This is a variation of SCARF continuous audit technique. It is used to trap exceptions whenever the application system uses a DBMS. During application system processing, CIS executes in the following way:

- (i) DBMS reads a transaction. It is passed to CIS. CIS then determines whether it wants to examine the transaction further. If yes, the next steps are performed, otherwise it waits to receive further data from DBMS.
- (ii) CIS replicates the application system's processing.
- (iii) Result of application system processing and CIS processing are compared.

- (iv) Data about discrepancies are written to a special audit file.
- (v) If discrepancies are material, CIS can instruct DBMS to reject updates.

Advantage

CIS does not require modification to the application system (DBMS needs to be modified to trap CIS transactions).

Disadvantage

It cannot collect evidence at processing points other than DBMS.

Games/other tactics Played through CBS Environment by Banks

1. In the software, at the time of making provisions for interest rate accrued, only correct interest rate has to be fed into the system. But few banks “rounds interest rate” instead of “rounding of interest amount”. This will definitely create “Higher interest provision” or “Lower Interest Provision”. Auditors have to certify the Profit/loss of the bank as “True and Fair View”. Hence the auditor has to take proper due care of verification of this area at the end of every quarter/Halfyearly/Annually
2. In few banks, it is noticed that Interest paid on Reinvestment Deposit is on the Higher side. This means due to the mistake committed in the software programme, there are lot of scope for income leakage. The auditor has to check all the Deposit (closed on time or at premature time) thoroughly so that there will not be any income leakage.
3. The auditor has to see whether the system has got “reporting” style of “Legal cases pending at DRT/Notices sent to Defaulted Borrowers/Decreed advance status” – Otherwise the comments have to be passed by the Auditors on this ground.
4. In order to avoid NPA, few Banks change the Master Records and change the due date to Next year. So the system will not classify that advance as NPA. The auditor has to be very careful to see the NPA working based on the Sanction letter terms and conditions and see whether there is any alteration in the Master records of the Bank or not.
5. Every day, the branch has to close the “Day end process”. For every entry has to be passed by the Clerk and the same has to be approved by the Officer/Branch Manager. The system will allow the “Day End Process” only when every entry is approved. Sometimes some

mischievous entries are passed in the system by other officials who are not directly related to the branch, say to avoid NPA at the Branch system (coming on deputation purposely). This passing of the entry is not known to any of the branch officials. At the "Day End Process" the system will not allow the branch to Close the Accounts, as the entries have not been approved by any branch officials. Normally the branch manager/officer has to approve the "day end process" entries one by one. There is a system weakness in the Bank and the provision is for any untallied entries in the system, the concept of "Bulk approval" is there. The branch in order to close the "Day end Process", give the approval under "Bulk approval" mode. This indirectly forced the Branch to approve all the "mischievous entries" without their knowledge. Hence the auditor has to verify all the approval done by the Branch in the form of "Bulk approval" and satisfy himself before giving his report.

6. The unrectified entries in UPI transactions create lot of scope for fraud. Hence the auditor has to verify the "reconciliation" of all those unrectified UPI transactions.
7. Kindly check the "Automatic Renewal" command of Deposits – whether the deposit is renewed only for the period mentioned in the Matured deposit or any other period the deposit is renewed.
8. In the Branch computerized system, in order to avoid NPA, money of other person is credited into the NPA account. On the same day or next day, the entry is reversed as "Wrong Credit". There is no check point in the system. As an auditor, he has to find those type of Wrong credit manually and arrive at the Correct NPA.
9. "Window Dressing" : The branch in order to have CASA deposit and Loan disbursement has adopted the method of transferring the amount from Loan account to CA/SB account on a day before the Quarter ending day and the reversal of the entry from CA/SB to loan account is done on the next day of commencement of Quarter. This type of "Window Dressing" is easily possible in the system. In most of the branches there is "no" vouchers available and the Concurrent Auditor has to verify those type of Entries.
10. Having Two Customer Identification Folio (CIF) in the Branch System will definitely create lot of confusion in the form of "Group" sanction

limit, NPA identification etc. As an Auditor, he has to find the Number of CIF allotted to a particular account.

11. In operative Accounts have to be verified by the Auditor, as there are lot of scope for misutilization of funds including Frauds. Unless and until proper checking and understanding of the Bank Software in the Banking system, it is very difficult to identify the same. The auditor must be fully equipped with the System operation and Full knowledge of the Banking software.

Chapter 3

Revenue Audit

3.1 Revenue audit is the audit of items governing income and expenditure of banks. Basically, this type of audit is conducted with a view to verify the accuracy and relevance of expenditure incurred and income earned by the banks according to applicable latest circular and notification. Auditor is only required to concentrate on the areas which affect revenue items of the bank.

3.2 Normal procedure to conduct the revenue audit is as under:

- Before commencing the revenue audit, the auditors are required to collect the list of auto levy (system levy) charges and manual levy of charges.
- Study the relevant circulars pertaining to charges given by the bank. Go through the format of audit report and annexure attached to the audit report.
- Prepare a separate file for audit and don't forget to carry audit engagement letter given by the appointing authority.
- Prepare the audit programme for all major areas to be covered.
- Auditors are advised to keep in mind the period of audit to set up schedule for audit, so as to ensure adequate and appropriate coverage and timely completion.
- Go through the previous revenue audit reports and concurrent audit reports of branch to get the overview of possible nature of leakage.
- Obtain some basic view about branch's banking software so as to facilitate easy viewing of customer ledger.
- Ask the branch to make available Advances Sanction Register for Audit Period.

With a view to obtain knowledge of accounts, an appropriate sample should be selected of following accounts:

Cash Credit Accounts

Top Saving Account

Top Current Accounts

Top Term Deposit Accounts

Overdue advances in audit period

Premature Fixed Deposit Receipts (FDRs)

List of NPA Accounts of branch and recoveries made during the period to be, appropriately, adjusted against interest/ instalment.

Income of Bank

List of areas to be covered for Income head and procedure for its audit are as under:

Interest Earned on Advances:

Under CBS rate of interests are being applied based on the advance products. Correct selection of advance product code is very important to apply appropriate rate of interest. Aditors are advised to check whether the advance master is created under the appropriate products. For example ROI for housing loan product is different from mortgage loan. If housing loan is opened under mortgage loan product, ROI applicable for mortgage loan will be applied by the CBS system.

Rate of interest has two parts namely:

Basic rate and Interest premium.

A Basic Rate

BPLR: Prime rate of interest, is an interest charged by commercial banks to their most creditworthy customers. Thus, the bank would charge the lowest interest rate to the customers who had a good credit profile.

MCLR: Marginal Cost of Funds based Lending Rate (MCLR) is the minimum lending rate below which a bank is not permitted to lend. MCLR replaced the earlier base rate system to determine the lending rates for commercial banks. RBI implemented MCLR on 1 April 2016 to determine rates of interests for loans.

EBLR: EBLR stands for External Benchmarks Lending Rate. According to the RBI's 5th bi-monthly Monetary Policy Statement (2018-19), floating interest rates for retail loans and micro and small businesses will be linked to

EBLR. RBI also announced that further consultations would be held with stakeholders to develop an effective mechanism for transmitting rates.

B Interest Premium

Over and above the basic rate, financial institutions shall add interest premium rate decided based on the security cover, Sector risks, Borrower's financial risks and CIBIL scoring.

Auditors are advised to check whether the basic rate is correctly configured in the CBS and further interest premium is captured as input to arrive correct final rate of interest to be applied for the loan.

While verifying correctness of the ROI, following factors are to be considered:

- Check whether interest has been charged in accordance with applicable circulars of the bank.
- Check interest calculation on selective basis.
- Check whether interest has been charged as per adhoc/ special sanction letter.
- Check that revised interest rates are properly applied in system from relevant date of applicability.
- Penal interest on overdue instalments and on late submission of Stock Statement/ Quarterly Monitoring Data (QMD) . Generally, penal interest is to be charged 1% subject to maximum of 2%. Such panel interest is charged in following circumstances:
 - Instalment is overdue.
 - Amount exceeds the drawing power.
 - Delay in submission of stock statement.
 - Delay in submission of Quarterly Monitoring Data (QMD)/ Financial Statements.
 - Delay in renewal of working capital limits.
 - Non compliance of terms and conditions stipulated in the sanction letter.

CIBIL Charges

Check whether CIBIL charges are properly debited as per circular of charges. CIBIL charges are to be recovered for Borrower, co-Borrowers and guarantors also.

Processing fees

Processing fees is to be recovered on advances, as per sanction during audit period, wherever applicable as per circulars of charges, such as. Term loans, viz., housing loans, personal loans, vehicle loans, Cash Credits and overdrafts, Bank Guarantee/Letter of Credit/ Buyer's Credit Other Demand Loans.

Cash Credit Renewal Charges

Cash Credit Limit should be renewed every year as per the terms and conditions of the bank. Verify the renewal register whether every cash credit account has been debited by cash credit renewal charges/ extension charges.

BG Commission Charges

BG commission charges shall be collected as per the service charges circular for the period of BG as well as claim period if any specified in the BG.

Inspection Charges

Verify that the charges are properly debited in borrower's ledger as per circular of charges.

Documentation Charges

Documentation charges should be debited in each sanction during the audit period as per the circular of charges.

Minimum Balance Charges

These charges are, generally, debited on saving accounts/ current accounts and debited by data centre in case of CBS branches.

Verify some account on random basis that these charges are properly debited in accounts as per applicable circulars if account balance falls below minimum.

Ledger Folio Charges

These charges are to be charged to current accounts and cash credit accounts on basis of per ledger folio.

Generally, these charges are debited by data centre in case of CBS Branches, so selective accounts should be checked to determine whether charges are debited as per circulars.

Cash Recovery Against NPA Accounts

Confirm that all outstanding charges, interest outstanding are adjusted against such recoveries, then only principal amount of loan is adjusted.

Locker rent Charges

Generally, locker rent register is maintained by the bank and applicable charges are debited to saving account of customer. Auditors have to check out whether charges as per circular have been debited to customer or not. However, it is to be noted that locker rent charges is not part of revenue leakage.

DD commission, IBC/ OBC commission, cheque book charges, stop payment charges

Obtain Pay order, DD register, IBC/OBC register from the branch and verify on selective basis that charges are properly debited to customer's account.

Obtain cheque book register and verify that series of cheque books are properly entered in register. When cheque book is issued to customer check series fed into the system so that cheque book charges are debited to customer's ledger.

Stop payment charges are debited on basis of per instrument basis (no of instrument* rate per instrument).

Income From Investment

Verify whether any investments have been made by the branch.

Obtain investment register from branch and verify whether interest and dividend are timely collected and accounted by the bank as per applicable rates.

Commitment charges for the facilities not utilised/ short utilised

Many banks have started levying penal interest for short utilisation/ non-utilisation of cash credit/ term loan facility. Revenue auditors are required to check the bank policy on levying such charges and accordingly, verify the same with the statement of accounts.

Expenses of Bank

Following are the major heads to be verified by the auditor related to expenses of bank:

Interest paid on Deposit Accounts

Generally, banks give credit of interest to customer's account on half yearly/ quarterly basis by giving command of Interest Credit in case of CBS Operation. Auditor has to check on selective basis whether interest has been credited on due time and at appropriate rate as per the applicable circulars.

Interest on Term Deposits

Whether the rates fed in the system are as per policy of the bank.

In case of premature repayment of deposit, applicable penalty and reduced rate of interest has been charged.

If a term deposit matures and proceeds are unpaid, the amount left unclaimed with the bank shall attract rate of interest as applicable to saving account.

Interest on overdue Domestic Deposits

If a Term Deposit (TD) matures and proceeds are unpaid, the amount left unclaimed with the bank shall attract rate of interest as applicable to savings account or the contracted rate of interest on the matured TD, whichever is lower.

General Branch Expenses

General branch expenses are as per delegated power on respective accounts.

Legal/ Valuation Charges

Legal/ valuation charges on non-performing accounts are as per schedule of charges.

Chapter 4

Stock Audit

Introduction

The working capital loans granted by the banks are based on parameters of business figures for funding the working capital gap of the borrowers. Banks sanction Cash credits, Over-drafts etc. to the borrowers on the basis of the working capital gap calculated from time to time. The latter working capital gap is calculated on a month-on-month basis as per the details of Stock, Debtors and Other Business Current Assets furnished in the form of stock statements. The borrower is required to file Stock and Debtors statements every month to facilitate calculation of the working capital gap. This working capital gap will be further discounted with the margins and will be limited to the Drawing Power.

The drawing power refers to the portion of funds eligible out of sanction limits which can be availed by the borrower. The process of calculation of drawing power is based on the stock and debtor statement furnished by the borrowers.

The stock audit refers to verification of the authenticity and accuracy of Stock and Debtors figure as furnished by the borrower by independent professionals like Chartered Accountants. This assignment is for any exposures above a benchmark of Rs.3crs to 5 crs as decided by the bank. The stock Auditor is expected to verify the integrity and authenticity of the stock as per the statements furnished.

The stock audit broadly refers to the physical verification of stock and identifying the recoverable value of sundry debtors of the borrower on the specified date. The net value of stock and debtors including any other current assets pledged as primary security as per physical verification by the auditor during stock audit will be compared with the stock records, stock statements, Debtors statements etc. furnished by the borrower. Any major shortcomings or deficiencies in net recoverable value will be reported to the bank.

Appointment of Stock Auditors and Period of Audit

The appointment of stock auditors is, generally, made by the regional or zonal offices. Terms of appointment are prescribed by such offices which sometimes involves conducting of stock audit as one-time exercise only while in others it may be a contract for two half yearly visits during a particular financial year, of which first visit to be conducted before September and second visit before March. The stock audit involves audit of latest stock and debtor's information of the borrower and the report should give the position of stock and debtors ideally on the date of visit. Further, it will also make examination of past data submitted by the borrower to the bank and appearing in the books of accounts of the borrower, to check reliability of information submitted by the borrower.

I. Objectives

The Reserve Bank of India has stipulated that the stock audit is to be conducted at periodical intervals to ensure the credit monitoring and credit discipline. The salient features and objectives of stock audit is summarized as follows:

- Verification of Stocks and Debtors figure with the physical stock available with the borrower at a given point of time.
- Verification and commenting on the upkeep maintenance of stock records and its relevance to the stock submitted.
- To verify and factor the loss/reductions in value of stock/debtors due to any fraud.
- The valuation of closing stock as per the Stock records and regular books of accounts maintained after elimination of
 - a) Non-Moving Stocks
 - b) Obsolete Stocks
 - c) Damage Stocks etc.
- To arrive at the actual paid stock by eliminating direct or indirect finance enjoyed by the borrower on procurement of such stock in the form of trade credits from the suppliers, line of credit from any other financier, overlapping of credit etc.

- To arrive at the actual figure of receivables after eliminating disputed debtors, bad debts and doubtful debts.
- To ensure reconciliation of figure of sundry debtors as per books of accounts regularly maintained by the borrower.
- To verify and comment on the legal compliance of filing GST returns, Insurance of Stock, Other appropriate licenses/ permissions/NOCs from Pollution control Board, Explosive licenses etc. wherever applicable.
- To verify and assess the amount of work in progress, stock lying with the third parties under job work, stock sold but not delivered, Stock against which advances are received from customers etc.

II. Procedure Involved in Conducting Stock Audit

A stock audit is to be conducted by visiting the borrower's premises and physical verification of the stocks lying at the borrower's premises and reconcile with the stock records maintained. The thrust of verification of stock should be on quantifying the realizable value of stock/debtors with specific reference to

- Identification and valuation of obsolete damage, non-moving stock.
- Identification and valuation of stock lying with third parties under job works, consignment agents, bonded warehouses, perishable articles kept in deep freezers etc.
- Verification of work in progress, Stock Sold but not delivered, Stock in transit etc.
- The verification of stock lying at other locations of the borrower like branches, departments, worksite, project site etc.

III. Steps Involved in Conduct of Stock Audit

The following approach is desirable for the conduct of the stock audit.

i) Mobilization of Documents

The stock auditor is required to thoroughly go through the scope of the assignment as designed by each bank. The appointment letter would inter alia contain the scope and coverage of the assignment. The appointment letter and the following basic documents should be obtained before commencement of the stock audit.

- The copy of the stock statement filed by the borrower as on the specified date or any latest period with the bank.
- The audited financial statements of the borrower for the latest financial year to ascertain the value of stock, debtors and other current assets as per the audited balance sheet.
- The sanction letter of the bank including the latest comprehensive sanction of renewal to know the working capital facilities availed by the borrower and the covenants of the loan with specific references to calculation of drawing power, periodicity of furnishing stock statements, margin required of stock, penal interest for delay in submissions of stock statements etc.
- The copy of GST returns, agreements with job workers, dealership/ Stockist agreement to know the various terms with the suppliers and the figures of purchases and sales as per the GST network.
- The debtor's figure should be verified with the accounts of the borrower and wherever required confirmation of the debtors should be obtained.
- The physical inventory should be verified as on the date of visit with the stock records and proper segregation of non-moving, damage and obsolete stock should be ensured. The valuation of net tradable and saleable stock should be ascertained and compared with the records maintained by the borrower.
- The stock valuation at random factoring purchase cost, direct expenses etc... should be made and compared with the valuation made by the borrower.

ii) Visiting the Borrower's Premises

The stock audit is a physical verification process of stock and other current assets including debtors, advances etc. with the records and physical availability of stock with the borrower. Hence, the borrower's premises, including the various locations where the stock is held should be visited by the auditor.

iii) Computation of Drawing Power

The valuation of stock and debtors should be followed by computation of drawing power as on the date of stock audit to ascertain the maximum

Manual on Concurrent Audit of Banks

eligible amount of loans which could be availed by the borrower, out of the loan sanctioned.

The banks are expected to verify the stock statements obtained every month and calculate the drawing power as per the guidelines given by the controlling authorities of the bank. The major aspects to be covered in the stock statement include:

- The position of stock and/or debtors held as at the end of the month both in quantity and value.
- The details of movement of stock during the month including opening stock, purchases, sales and closing stock.
- The value of stock which are procured out of direct or indirect finance or third-party line of credit and suppliers' credit etc... This should be deducted from the value of stock held to arrive at the net paid stock at the end of the month.
- The date of receipt of stock statement and its proper record at the branch is significant.
- The margin on stock and debtors are fixed by the bank as per the terms of sanction. Usually, the margin will be fixed at 25%. This margin rate may be increased according to the sensitivity of the stock/debtors. This should be properly verified and commented by the auditors. In the case of perishable goods, evaporating goods etc. the adequacy of the margin requirement should be properly assessed and commented by the auditors.

The basic methodology of calculating drawing power is explained as follows. This may change according to the policy of different banks, nature of business, character of stocks etc. However, the following are the general guidelines to be considered by the stock auditor in ascertaining the Drawing Power.

1	Value of stock as per stock statement		xxx
	Less: Sundry Creditors	xxx	xxx
	Less: Value of damage, non-moving and obsolete stock	xxx	
	Less: Direct/Indirect finance availed against Stock	XXX	

	Net Tradable Paid Stock		xxx
	Less: Margin as prescribed by the bank		xxx
	Drawing Power on Stock (A)		xxx
2	Drawing Power calculation on Debtors		
	Debtors as per Stock/Debtors statement	Xxx	
	Less: Debtors above 120 days	Xxx	
	Less: Disputed/Litigated Debtors	Xxx	
	Less: Doubtful Debts	Xxx	
	Net Realisable and Live Debtors		xxx
	Less: Margin prescribed by the bank for debtors		xxx
	Drawing Power on Debtors (B)		xxx
	Total Drawing Power (A)+(B)		XXX

IV. Stock Audit of Consortium/ Multiple Banking Arrangement

The stock audit in respect of large advances where the borrower enjoys working capital facilities from different banks under consortium or multiple banking arrangements will be conducted by the lead bank of the consortium /multiple banking partner. In such cases the stock auditor is required to allocate the drawing power calculated in proportion to the share of exposure of each member bank.

In such case, the Drawing Power is calculated in proportion to the share of advance of every bank in the consortium/MBA. The proportion of Drawing Power is allocated to every member bank. The auditor should critically examine the calculation of proportion of Drawing Power and ensure that *only the allocated DP is considered by each member bank* for ascertainment and feeding to the same to the CBS as DP. It is pertinent to know that the Drawing Power in the case of these accounts is calculated by the bank who is the leader of the consortium or MBA. The communication of the Drawing Power by the latter is expected to be followed up by the bank on a timely basis for proper monitoring and control.

In certain cases, the stock or debtors lying at different locations will be *year marked* and allocated to different member banks. In such cases the stock auditor is required to focus on the verification of stock allocated to the respective member bank.

V. Specific Points for Verification of Debtors

In case of borrowers mainly engaged in the service sector, finances will be sanctioned against sundry debtors alone. In such cases the stock audit will be focused on the realizability of sundry debtors of the borrower. The following points are to be considered by the stock/ debtor's auditor.

- The balance of debtors should be verified with the books of accounts and the ledger accounts of the respective parties.
- The stagnant debtors account and disputed debtors should be evaluated holistically from recovery angle.
- The concentration of sales and debtors to single or core group inviting high volatility risk profile should be critically verified and commented upon.
- The debtors' balances of sister concerns, other entities where the borrower is substantially interested should be verified critically to ensure the authenticity of these figures.
- The debtors balance if earmarked location wise to different borrowers should be properly authenticated by the certificate from other Chartered Accountants and the SA No.600 "*using the work of another auditor*" should be followed meticulously.
- The various banks involved in financing of working capital would be allocated stocks/debtors lying at/pertaining to different branches or locations of the borrower. In such cases the auditor should examine the accuracy of the stocks/debtors furnished with the relevant information furnished for such location/ locations. The overlapping of stock/debtors lying in the same location to different banks should be critically examined to comment on multiple financing, if any.
- The certificate from Chartered Accountants on age wise debtor analysis, if prescribed, should be verified.

VI. Preparation of Stock Audit Report

The auditor is required to follow the checklist or structured stock audit report format as designed by the bank. The report should comprehensively cover:

- The specified date of stock verification and drawing power calculation.
- A brief note on the nature, business model and management of the borrower.
- Details of credit facilities as per sanction and outstanding balance of the facilities as on the specify date.
- The details of other loans direct or indirect finance factored for the purpose of calculation of Drawing power.
- The details of Term loans, long term debts, debentures personal loans etc appearing as liability as per the accounts of the borrower to give an analysis of overall liabilities of the borrower.
- The details of trade creditors, suppliers credit period, direct and indirect finance by third parties, advance from customers etc.
- Statutory liabilities pending and disputed which has material impact on drawing power or immediate cash flow and legal compliance other statutory compliance like PF, ESI, TDS, Labour Cess, Professional Tax etc.
- A brief note on inventory records maintained, deficiencies and discrepancies of such records, over all inventory control etc.
- Commenting on the concentration of sales, key factors of the business, major risk factors, storage of perishable goods if any, fire and safety arrangements etc.
- The insurance and risk coverage of stock should be verified and commented upon which specific reference to:
 - Under insurance of stock considering the peak level, average level and lien level of stocks.
 - Coverage of specific risk attached to the business to the insurance policy.
 - Ensuring inclusion of **“bank clause”** in the insurance policy.
 - Specific mention and coverage of various locations where stocks are held with address and value of stock at each location.

Manual on Concurrent Audit of Banks

- The accuracy of data given in the insurance cover note with specific reference to date of coverage, various risk cover required as per sanction of the bank, discrepancies of goods covered, items in transit, cash in transit etc.
- The Display of hypothecation board describing the pledge of stock with the bank should be reported.

The reports prepared should be discussed with the borrower for all discrepancies and audit findings.

The report has to be submitted to the authority appointing the auditor.

It should be in the prescribed format and should be exhaustive and inclusive of all facts and summaries.

It should include the date, time, location of visit and the name of the officials conducting the audit and the official of the entity present at the entity at the time of conducting the audit.

Copies of confirmations, management representations, etc., should be submitted along with the report.

If the auditor is unable to obtain sufficient appropriate audit evidence concerning the existence of Inventories or adequacy of procedures adopted by the management in respect of physical inventories count, the auditor should make a reference to a scope of limitation in his audit report.

If the inventories are not disclosed appropriately in the financial statements, the auditor should issue a qualified opinion.

Values adopted for RM, work in process and finished goods need to be commented.

VII. Other Points to be Covered

- 1) The stock audit also should alert the bank about the following material risk profile and other following deficiencies/ discrepancies.
 - The compliance of the sanction terms should be critically examined with specific reference to periodicity of submissions of stock statements, Insurance risk coverage of stock prescribed etc.

- Systems and procedures implemented by the borrower in overall management of stock, internal controls, storage facilities, management information system etc.
- The documentation and procedures of movement of stock within the organization with emphasis on movement of stores, loose tools, spares, by products, molds, jigs, high value packing materials etc.
- The procedure of monitoring sundry debtors, obtaining confirmation of balances, follow up of core debtors etc.
- The creation of charge on the stocks and current assets pledged with the bank/ banks should be verified with the records of Registrar of Companies (ROC). Any discrepancies should be brought to the notice of the bank. A search report from ROC as on latest date should be obtained.

VIII. Practical Example of Peculiar Stock Audit Assignments

The following special type of business requires more and specific methods of approach while conducting the stock audit.

- 1) Export Receivables.
In the case of evaluating the net realisable value of export receivables of bills discounted with the bank or other channels should be made.
- 2) The stock lying at the exporter's premises should be valued only after deducting the packing credit loan availed for the procurement of raw materials or stock.
- 3) Packing materials if any supplied by the customer should be eliminated from the own stock.
- 4) Valuation of poultry, livestock etc should be made by placing reliance on the MIS procedures followed by the borrower. Any deficiencies in assuring at the value of such stocks should be quantified and discounted in value of stock. The mortality rate, marketability of stock, risk of climatic influence on the poultry or livestock should be factored to arrive at the realisable value of stock.
- 5) The stock of processed fish, meat, other food products etc requiring specialised storage facilities like deep freezers, frozen warehouse,

deep frozen carriers etc should be evaluated to identify the vulnerability impacting the value of stock.

- 6) Bulk items of stock like tankers, heavy machines, cars etc stored in third parties premises/ yard should be verified with critical evaluation of ownership, possession and maintenance of such stocks.

Common Irregularities/ Observations in Stock Audit

The common irregularities that may be observed by the chartered accountant firm during stock audit can be summarized as follows:

Observations about statement submission and scrutiny

- Stock/ book debt statements not submitted or not submitted on time.
- Inadequate details, viz., rate, quantity and amount of different type of stock items not stated in the statement
- Scrutiny of stock statements not done.
- DP Register not updated.
- Age-wise analysis of debtors not given/ done. In eligible old receivables (or as per sanction) considered for drawing power.
- Drawing power not correctly calculated.
- Latest visit report by branch official not on record.

Observations about account operations

- Operations in the accounts not scrutinized with reference to projections, QIS statements, audited accounts, etc.,
- Defects pointed out by the Internal Auditors/ Inspectors/ Concurrent Auditors not complied with.
- No review or delay in review of renewal of account.
- All sales as per financial statements not routed through cash credit account.
- Cash withdrawal during current period is abnormal.
- Frequent overdrawing in the account.

Observations about Insurance coverage

- Under insurance of stock.
- Insurance expired but not renewed.
- Premium for renewal policy paid but policy not held on record.
- Insurance Policy without Bank Clause or previous banker's name not changed.
- Risk coverage not as per sanction terms.
- Wrong description of goods on insurance policy.
- Location of goods wrongly stated.
- All locations of stock not covered.
- All items specified in sanction letter for computation of DP are not covered.
- Insurance on stock held in third party places not covered.

Observations about verification of Stock and Creditors

- Stock register not maintained/ updated.
- Obsolete stock not excluded from stock figures submitted to banks
- Deteriorating stock turnover ratio.
- Stock figures submitted at the year end and as per financial statement not matching.
- Stock/ debtors as per statements submitted not matching with books.
- Confirmation for inventory with third party not obtained or physical verification of inventory not done.
- Material received from third parties for job work not excluded while calculating drawing power.
- Trade creditors are to be excluded.

Observations about verification of Sundry debtors

- Existence of long pending debtors.
- Increase in the average collection period of debtors.

Manual on Concurrent Audit of Banks

- Dispute with debtors and pending court cases.
- Amount receivable from sister concern considered for calculation of drawing power.
- Advances received from debtors not reported resulting into lower DP than calculated by bank.

Other General Observations:

- Diversion of funds and inter account transfers are not properly monitored.
- Borrower having operations with other bank for which permission of lender not obtained.
- Bank name plate not displayed. Analysis of stock statement particulars such as opening, purchases, sales and closing position given in the monthly stock statement with the GST returns and sales and credits in the OCC account.

Above list is illustrative only and not the exhaustive one. In actual practice, there may be other observations / irregularities over and above stated in the list.

Chapter 5

Vertical Based Concurrent Audit

The new concept of converging the banking operations into different verticals is practiced by many banks due to the advent of IT support and consolidated database available. The banks by and large are consolidating the loan processing and disbursement of various branches under one cluster. These clusters are designed as different types of offices as Regional Centers or Hubs as per banks discretion. The concurrent auditors are now appointed for the cluster. The various Hub offices of major banks are known as follows:

1. RASMEC, RACPC etc. in Sate Bank of India.
2. CMOG in South Indian Bank
3. Retail Loan Point (RLP), MDME Loan Point (MLP) in Union Bank of India.
4. Retail Asset Hub in Canara Bank
5. Centralized Loan Processing Center (CLPC) in Punjab Nation Bank etc.

The cluster will be only focusing on loan processing, sanction and disbursement of specific product verticals allotted to the cluster. The branches will be acting as collecting centers of loan application and necessary papers / documents. The potential loans and advances along with the borrower applications are pushed to the cluster for processing, sanction, documentation, disbursement and monitoring.

Concurrent audit are now conducted at the cluster assigned with verticals of loan products. The various loan products are categorized and grouped under one cluster. The loan products are:-

- Personal Loans
- Vehicle Loans
- Car Loans
- Educational Loans
- Home Loans
- MSME Loans

Manual on Concurrent Audit of Banks

- Commercial Loans
- Loan Against property etc.

The branches of a particular locality/region will be required to push the loan proposals at the nascent stage to the cluster who will take up the further procedures up to the disbursement and monitoring. Majority of the concurrent audit in these cluster are system driven and structured by a process of straight through mechanism in the audit module of the bank.

The concurrent auditor is expected to verify the following and report his comments online in the system platform as per the structured checklist provided by the bank in the audit module. The salient features of the concurrent audit and its structural walk through is given below:-

- The concurrent auditor should evaluate the scope of work and the underlying number of branches coming under the cluster.
- The verification of documents of loan sanctioned at the cluster with specific reference to KYC, loan application, security documents, insurance, compliance of CIBIL, CRIF, CRILIC, CERSAI, etc in line with the requirement of checklist provided in the system should be made.
- The observations should be punched into the system format and would be pushed to the compliance officer within the cluster for rectification of the discrepancies or deficiency.
- The compliance officer will revert back with the rectification to the concurrent auditor who will again verify the compliance as in order and withdraw the observation in the system.
- In the case of observations which require more time for compliance, considering the practical and legal delay, it will be marked in the system as deferred for future compliance with time specifications.
- Eg:
 1. Obtaining the lien marking on RC books in case of vehicle loans.
 2. Getting the registration of Sales Deed and completion certificate in case of Housing Loans granted for purchasing flats.

The compliance of such observations will be further monitored and followed up by the concurrent auditor till such a time it is completely resolved.

- The number of observations initially made, number of observations rectified and the number of observations still pending for compliance will be reported by the system through auto populated platform.
- The controlling officers will monitor and follow up the compliance and closing out of observations with the branch on an ongoing basis.
- The summary of the accounts verified, observations made, critical points etc. will be reported on a monthly basis.
- Apart from the verification of loan, the scope of concurrent audit also would include verification of revenue leakages, legal compliance, disbursement voucher verification, housekeeping etc. For every function of addons to the concurrent audit, separate platforms in the audit module is designed by the bank. The auditor is expected to report every aspect through the system and submit the report online to the controlling authorities.

The critical verification points which require concurrent auditors' acumen and wisdom in each product category is briefly narrated below. The Online check list provided by the bank, apart from others would contain the following important Questions to be verified and answered through the system check list by the concurrent auditors.

- 1) Car Loans
- 2) Educational Loans
- 3) Loan Against Property
- 4) Cash Credit/ Overdraft

Car Loan

1. PAN/Voter ID etc. have been verified online from the respective website.
2. KYC particulars are correctly entered in Master Data,
3. Contact Details of borrower(s) such as Mobile Number, e-Mail IDs, address etc, are obtained and updated in Master.
4. Pre-sanction inspection to the registered address of residence/ workplace/ business place of borrower is done and properly documented.

Manual on Concurrent Audit of Banks

5. Employers' undertaking for deduction of salary at source is accepted and confirmed.
6. It has been ensured that IT returns for past years were not filed in a single year.
7. Copy of RC book with lien marked in favour of bank for the loan taken should be ensured.
8. All Liabilities are considered to arrive at the Net worth.
9. CIBIL/CRIF report on borrower generated from the respective platform is kept on record.
10. Central Fraud Registry website has been verified, if required as per bank guidelines.
11. Lien has been marked on Deposits held as security in the system.
12. Income proofs, IT returns, TIN/ GST registration number, Status of Income Tax Return, Tax Paid Challan etc. have been verified by the branch with the concerned website.
13. If the loan is for purchase of a certified pre-owned car, the car is not more than prescribed number of years old.
14. Receipt for the margin money, paid is obtained or account statement is kept with records for having verified payment of margin money by cheque.
15. Signed RTO forms as per respective motor vehicles Act are kept on record.
16. Vehicle registration details have been verified from the website vahan.nic.in" within 30 days from the date of disbursement and screen shot from site duly verified has been kept with documents.
17. Copy of Registration Certificate with Banks charge noted therein/Extract from vahan.nic.in extract from R.T.O. is on record.
18. Disbursement is made by transfer if dealer has account with the Bank and through NEFT/RTGS, where dealer is not having account with the lending Bank.
19. EMI and Repayment schedule entered in MASTER DATA is correct.

20. Extension of Charge on existing primary and/or collateral security is created for high value loans as per extant guidelines.

Educational Loan

1. The standing and reputation of the education institution is verified with accredited list of Institution of the bank.
2. Opinion Report on Borrower / co-borrower / Guarantor has been compiled.
3. Liabilities reflecting in CIBIL report are included to arrive at the Net worth of the Borrower and Guarantor.
4. CIBIL/CRIF search report on borrower(s) / Co-Borrower(s) has been kept on record with documents.
5. Pre-sanction inspection to the referred address of has been done.
6. Where outside Verification agency is engaged, agency's report as per standard format is obtained and scrutinised.

Loan Against Property

1. In case of salaried applicants, verification of employer Company profile has been carried out and copy held on record.
2. Copy of IT return for 3 years with latest salary slip and bank account statement for 6 months obtained in respect of all borrowers / Guarantors, whose income is reckoned for arriving the repayment capacity.
3. Property offered is un-encumbered /non- Agricultural and is SARFAESI compliant.
4. Residential house or Flat in the name of the borrower/ guarantor in Metro / urban areas should be as per local building rules.
5. Verify the approval of flat or building projects as per RERA of the local laws.
6. Property offered, if rented out, the respective lease agreement and its covenants to be verified.
7. Valuation certificate is obtained from the panel valuer. Property values are ascertained from general online portals available.

Manual on Concurrent Audit of Banks

8. Property inspection is documented and signed by the bank officials.
9. Photograph of the property is enclosed along with the photo of the Official who inspected the site.
10. Satisfaction of valuation by the branch official is documented and signed by the bank officials.
11. CERSAI site is verified before sanction of the loan and kept with the loan document with CERSAI registration papers.
12. Assets & Liabilities statement obtained from the borrower(s) / Guarantor(s) are properly scrutinised for commitments of other loan repayments.
13. Post sanction inspection report is kept on record.
14. Equitable Mortgage is properly created in respect of all properties mentioned in the sanction. All the documents mentioned in the legal scrutiny report have been obtained.
15. Recital of Equitable mortgage creation has been recorded in title deeds register/ Memorandum of Deposit of title deeds (Wherever applicable) containing the correct description of the title deeds as in SRO.
16. Post registration Encumbrance Certificate for the broken period has been obtained and held on record.

Points to be Considered for Verification In case of Creation of Mortgage

1. Accurate and full description of properties along with ownership, Date of valuation, SARFAESI compliance, Date and report of property visit by branch officials, is recorded in the proposal.
2. Valuation Report(s) (two valuation reports from different empanelled valuers in case of all loans of above prescribed limit) have been obtained from empanelled valuer for all the properties, on the prescribed formats of the bank.
3. In case of variation of 20% or more in the valuation proposed by the valuer and the Govt. Guideline value, then the justification for variation is given. Details of last two transactions if available in the area, have been incorporated in the Valuation Report. Property values reported in leading newspapers as well as public online property portals wherever available are referred to and quoted.

4. Photo of the Inspecting Official at the site taken as an integral part of inspection and kept along with the security documents with date and time.
5. Value of Primary securities as per the latest Valuation Reports has been incorporated in master data.
6. Value of Collateral securities as per the latest Valuation Reports has been incorporated in master data.
7. Banks laid down procedures as under have been followed while creating Equitable Mortgage based on certified copies of the Title deeds where Original Title deeds are lost/ destroyed etc.
 - Sanction from higher authority is obtained.
 - FIR or Diary Report about loss of document is filed with detailed facts.
 - Borrower/ Guarantor has given notice of public advertisement in one leading National and in one Regional News Paper clearly stating the intention to create charge viz Mortgage or otherwise on the basis of certified copy of Title deed that it has been lost by giving with full detail of relevant property (es).
 - Obtaining stamped affidavit-cum-declaration from borrower/ guarantor containing declaration that title deed in original is lost.
 - Independent verification/ identification of property and mortgagor to be ensured by branches.
8. If Ownership of Property is derived to the borrower as per gift deed, clearance from the appropriate authority is obtained.
9. Wherever Agreement to Mortgage is obtained, the title deeds relating to the properties described in the schedule thereto are handed over to the Bank along with non-encumbrance certificates.
10. All original title deeds/ Linked title deeds as stipulated in the legal scrutiny report are held on record.
11. In case of loan against corporate property, Search Report from Registrar of Companies (ROC) to be obtained.
12. Encumbrance Certificate for a period not less than 13 years/ 33 years as per bank policy guidelines.

Manual on Concurrent Audit of Banks

13. Mother title documents have been adequately furnished in the legal opinion based on parent/ subsequent title deeds.
14. Demarcation of the land has been commented with Boundaries/ extent covered etc.
15. Applicability of SARFAESI enforcement, special category of Agricultural properties and properties covered under ECO Fragile Land, Coastal Zone etc to be identified.
16. Certified copies of title deeds issued by SRO are enclosed as per bank guidelines.
17. Mortgage created through the power of attorney, if any, is executed in presence of bank officials at foreign offices or Indian embassy in case of NRI customers, not able to visit India.

Cash Credit/ Overdraft

1. The sanction Letter of the competent authority should be kept on record and the auditor should verify the compliance of conditions/terms of sanctions and disbursement.
2. The deed of Constitution as Partnership Deed, Articles of Association, Memorandum of Association, Trust Deed, Bye laws etc... as the case may be, is kept on record.
3. The validity/amendment/legal covenants and restrictive clauses in the constitution deed should be critically examined.
4. KYC and all address proof of all parties to the loan should be obtained and approved by the centralised KYC Hub.
5. CIBIL/CRIF/CRILIC are properly verified and the score vet by the bankers.
6. The documents substantiating the repayment capacity and financial standing of the borrower such as Balance Sheet, Profit and Loss account, Cash Flow, Income Tax records, GST Return Copies, Other statutory returns should be examined and commented for any deficiencies.
7. Documented reports of Presanction and Post Sanction inspection is kept on record.

Vertical Based Concurrent Audit

8. The Details of primary security, its margin and the conditions attached to the calculation of Drawing Power against the primary Security should be verified.
9. The Periodical filing stock statements, Debtors statement should be verified and factored in master for Drawing Power Up dation.
10. Ensure obtention of Certificate of Chartered Accountants prescribed for Debtors ageing and Debtors balances should be verified.
11. The conduct of stock audit and the stock audit report should be verified and any discrepancies as per stock audit report addressed by the bank.
12. The Hypothecation Agreement and the relevant connected documents for charge on primary security to be ensured.
13. The Creation of Charge, Modification of charge etc... is vet with the search report obtained from the Registrar of Companies in case of company borrowers.
14. Creation of Equitable Mortgage of properties held as collateral should be verified. (**Refer to all points covered above**)
15. Check out the Insurance of Primary Security and Collateral Security covering all possible RISK is adequate is not expired.
16. Waiver of conditions attached to the loan product as per sanction terms should be verified with the sanction document.
17. Comment on the turnover in the account and any aberration between the turnover reported as per financial statements and magnitude of transactions put through bank account.

The entire process of cluster based concurrent audit is system driven and the auditors log and log in details would be monitored at the controlling office. The follow up and closing out of compliance is more emphasised by banks in this system to ensure concurrent corrections and regularisations. The module will be of a questionnaire / check list type to be filled in by the auditors in the system online.

Appendix I

Concurrent Audit System in Commercial Banks – Revision of RBI Guidelines dated July 16, 2015 (withdrawn w.e.f from 16.11.2011)

Note : This RBI circular is withdrawn w.e.f from 16.11.2011 but here the same is given as this circular has given lot of important points towards concurrent audit verification in the Annexures. Next updated Circular is issued by RBI vide circular DBS.CO.ARS. No. BC. 01/08.91.021/2019-20 dated September 18,2019 (which is given in APPENDIX II)

Concurrent Audit System in Commercial Banks - Revision of RBI's Guidelines

RBI/2015-16/133

DBS.CO.ARS.No. BC. 2/08.91.021/2015-16

July 16, 2015

The Chairman & Managing Director/ Chief Executive Officers of all Scheduled Commercial Banks (other than Regional Rural Banks)

Dear Sir

Concurrent Audit System in Commercial Banks - Revision of RBI's Guidelines

As you are aware, guidelines on 'concurrent audit system in commercial banks' were issued by us vide our circular DOS.No.BC.16/08.91.021/96 dated August 14, 1996 setting out the scope and coverage of concurrent audit system in commercial banks.

In view of the changes since then in banks' organizational structure, business models, use of technology (implementation of Core Banking Solution), etc., a need was felt to have a relook at the concurrent audit system in the banking sector. Accordingly, the existing guidelines have been revised which are set out in [Annex I](#).

2. Since the concurrent audit system is regarded as part of a bank's early warning system to ensure timely detection of irregularities and lapses, which also helps in preventing fraudulent transactions at branches, the bank's management may continue to bestow serious attention to the implementation of various aspects of the system such as selection of branches/coverage of business operations, appointment of auditors, appropriate reporting procedures, follow-up/rectification processes and utilization of the feedback from the system for appropriate and quick management decisions.

3. You may ensure that, based on the revised guidelines indicated in [Annex I](#), a review of the present system of concurrent audit is carried out immediately and necessary changes are incorporated therein. The modified concurrent audit system of your bank should be placed before the Audit Committee of Board of Directors (ACB).

4. The bank should, once in a year, review the effectiveness of the system and take necessary measures to correct the lacunae in the implementation of the Programme.

Yours faithfully

(Indrani Banerjee)
Chief General Manager
Encl: As above

ANNEXURE I

Revised Guidelines for Concurrent Audit System in Commercial Banks

(A) Scope of concurrent audit

Concurrent audit is an examination which is contemporaneous with the occurrence of transactions or is carried out as near thereto as possible. It attempts to shorten the interval between a transaction and its examination by an independent person. There is an emphasis in favour of substantive checking in key areas rather than test checking. This audit is essentially a management process integral to the establishment of sound internal accounting functions and effective controls and setting the tone for a vigilant internal audit to preclude the incidence of serious errors and fraudulent manipulations.

A concurrent auditor may not sit in judgment of the decisions taken by a branch manager or an authorized official. This is beyond the scope of concurrent audit. However, the audit will necessarily have to see whether the transactions or decisions are within the policy parameters laid down by the Head Office, they do not violate the instructions or policy prescriptions of the RBI, and that they are within the delegated authority.

In very large branches, which have different divisions dealing with specific activities, concurrent audit is a means to the in-charge of the branch to ensure on an ongoing basis that the different divisions function within laid down parameters and procedures.

(B) Coverage of business/branches

In view of significant developments in the banking sector during the past decade, it is required that new areas posing risk may be brought under the purview of concurrent audit. A large number of activities / operations are being carried out in a centralized manner at various units set up for that purpose and the scale of transactions / operations undertaken at these units is large. With a view to ensuring that the functioning of these units is as per the internal as well as regulatory guidelines and mitigating the risk associated with large-scale operations, such non-branch units may be brought under the purview of concurrent audit.

While selecting the branches for concurrent Audit, the risk profile of the branches needs to be considered. The branches with high risk are to be subjected to concurrent audit irrespective of their business size. Further, all

specialized branches viz., Agri, SME, Corporate, Retail Assets, Portfolio Management, Treasury, Forex, Back Office, etc., may be covered under concurrent audit. Certain areas where risk has reduced on account of computerization, implementation of core banking system may be excluded from the purview of concurrent audit.

Concurrent audit at branches should cover at least 50% of the advances and 50% of deposits of a bank. The following branches, business activities/verticals of a bank may be subject to concurrent audit:

Branches rated as high risk or above in the last Risk Based Internal Audit (RBIA) or serious deficiencies found in Internal Audit.

All specialized branches like Large Corporate, Mid Corporate, exceptionally large/very large branches (ELBs/VLBs), SME.

All Centralized Processing Units like Loan Processing Units (LPUs), service branches, centralized account opening divisions, etc.

Any specialized activities such as wealth management, portfolio management services, Card Products Division, etc.

Data Centers.

Treasury/branches handling foreign exchange business, investment banking, etc. and bigger overseas branches.

Critical Head Office Departments.

Any other branches or departments where, in the opinion of the bank, concurrent audit is desirable.

(C) Types of activities to be covered

- (1) The main role of concurrent audit is to supplement the efforts of the bank in carrying out simultaneous internal check of the transactions and other verifications and compliance with the procedures laid down.
- (2) The scope of concurrent audit should be wide enough/focused to cover certain fraud prone areas such as handling of cash, deposits, advances, foreign exchange business, off balance sheet items, credit-card business, internet banking, etc.
- (3) The detailed scope of the concurrent audit should be clearly and uniformly determined for the bank as a whole by the bank's Inspection and Audit Department in consultation with the bank's Audit Committee of the Board of Directors (ACB).

- (4) In determining the scope, importance should be given to checking high-risk transactions having large financial implications as opposed to transactions involving small amounts.
- (5) While the detailed scope of concurrent audit may be determined and approved by ACB, certain minimum items of coverage are given in [Annex II](#). In addition to the above, the items where RBI has specifically advised the banks to be covered under concurrent audit, may also be part of the checklist of the concurrent auditor.

(D) Appointment of Auditors and Accountability

- (i) The option to consider whether concurrent audit should be done by bank's own staff or external auditors (which may include retired staff of its own bank) is left to the discretion of individual banks.
- (ii) In case the bank has engaged its own officials, they should be experienced, well trained and sufficiently senior. The staff engaged in concurrent audit must be independent of the Branch where concurrent audit is conducted.
- (iii) Appointment of an external audit firm may be initially for one year and extended upto three years, after which an auditor could be shifted to another branch subject to satisfactory performance.
- (iv) If external firms are appointed and any serious acts of omission or commission are noticed in their working, their appointments may be cancelled and the fact may be reported to RBI & ICAI.

(E) Facilities for effective Concurrent Audit

It has been represented that concurrent audit is not often effective because adequate facilities in terms of space, availability of records, etc. are not available. To improve the effectiveness of concurrent audit it is suggested that -

- (i) banks arrange for an initial and periodical familiarization process both for the bank's own staff when entrusted with the concurrent audit and for the external auditors appointed for the purpose.
- (ii) all relevant internal guidelines/circulars/important references as well as relevant circulars issued by RBI/SEBI and other regulating bodies should be made available to the concurrent auditors on an on-going basis.

where adequate space is not available, concurrent auditors can commence work immediately after the close of banking hours.

(F) Remuneration

Terms of appointment of the external firms of Chartered Accountants for the concurrent audit and their remuneration may be fixed by banks at their discretion. Broad guidelines should be framed by ACB for this purpose. Suitable packages should be fixed by each bank's management in consultation with its ACB, keeping in view various factors such as coverage of areas, quality of work expected, number of people required for the job, number of hours to be spent on the job, etc.

(G) Reporting Systems

- (i) The bank may devise a reporting system and periodicity of various check list items as per its sensitivity.
- (ii) Minor irregularities pointed out by the concurrent auditors are to be rectified on the spot. Serious irregularities should be straightaway reported to the Controlling Offices/Head Offices for immediate action.
- (iii) There should be zone/area-wise reporting of the findings of the concurrent audit to ACB and an annual appraisal/report of the audit system should be placed before the ACB.
- (iv) Whenever fraudulent transactions are detected, they should immediately be reported to Inspection & Audit Department (Head Office) as also to the Chief Vigilance Officer as well as Branch Managers concerned (unless the branch manager is involved).
- (v) There should be proper reporting of the findings of the concurrent auditors. For this purpose, each bank should prepare a structured format. The major deficiencies/aberrations noticed during audit should be highlighted in a special note and given immediately to the bank's branch controlling offices. A quarterly review containing important features brought out during concurrent audits should be placed before the ACB.
- (vi) Follow-up action on the concurrent audit reports should be given high priority by the Controlling Office/Inspection and Audit Department and rectification of the features done without any loss of time.

Manual on Concurrent Audit of Banks

- (vii) Banks are advised to :
- (1) review the selection of auditors.
 - (2) initiate and operate a system for appraisal of the performance of concurrent auditors.
 - (3) ensure that the work of concurrent auditors is properly documented.
 - (4) be responsible for the follow-up on audit reports and the presentation of the quarterly review to the ACB.

ANNEXURE II

Minimum Audit Programme for Concurrent Audit System in Commercial Banks

Sr. No.	Items
A	Cash transactions -Verify
(i)	Surprise physical verification of cash at branch and ATM along with safekeeping and custody.
(ii)	Daily cash transactions, particularly any abnormal receipts & payments.
(iii)	Surprise verification of cash by an officer other than the joint custodian.
(iv)	Proper accounting of and availability of insurance cover for inward and outward cash remittances.
(v)	Accounting of currency chest transactions and delays/omission in reporting to RBI.
(vi)	Reporting of Counterfeit Currency.
(vii)	All cash transactions of Rs. 10 lakh and above reported in CTR.
(viii)	That all cash transaction of Rs. 50,000 and above invariably indicate Pan No./Form 60.
B	Clearing transactions -Verify
(i)	Reconciliation with bank's account at Clearing House and review of old outstanding entries for reconciliation.
(ii)	Drawings allowed against uncleared instruments - sanction by the controlling authority.
C	Remittances/Bills for Collection -Verify
(i)	Remittance of funds by way of DDs/TTs/MTs/TC/NEFT/RTGS any other mode in cash exceeding the prescribed limit.
(ii)	Documents of title (lorry receipts, railway receipts, etc.) obtained in favour of the bank and the concerned transporters are on the IBA approved list.
(iii)	Outstanding balance in DP and other transit accounts pending payment beyond prescribed period.

Manual on Concurrent Audit of Banks

Sr. No.	Items
D	Deposits -Verify
(i)	Adherence to KYC/AML guidelines in opening of fresh accounts and monitoring of transactions in such accounts.
(ii)	Large term deposits received and repaid including checking of repayment of term deposit in cash beyond permissible limit.
(iii)	Accounts opened and closed within a short span of time i.e., accounts with quick mortality.
(iv)	Activation and operations in inoperative accounts.
(v)	Value dated transactions.
(vi)	Settlement of claims of deceased customers and payment of TDRs against lost receipts and obtention of indemnities, etc. To check revival of dormant accounts and accounts with minimum activities.
(vii)	Examination of multiple credits to single accounts.
E	Treasury operations -Verify
(i)	If branch has acted within HO instructions for purchase and sale of securities.
(ii)	Periodic confirmation of Derivative contracts with counterparties.
(iii)	Adherence to regulatory guidelines with respect to Treasury deals/structured deals.
(iv)	Controls around deal modification/cancellation/deletion, wherever applicable.
(v)	Cancellation of forward contracts and passing/recovery of exchange gain/loss.
(vi)	Gaps and OPL maintained in different currencies vis-à-vis prescribed limit for the same.
(vii)	Reconciliation of Nostro and Vostro accounts-balances in Nostro accounts in different foreign currencies are within the limits prescribed by the bank.
(viii)	Collection of underlying documents for Derivative & Forward contracts. Delays, if any.

Sr. No.	Items
(ix)	Instances of booking and cancellation of forward contracts with the same counterparty within a span of couple of days or a few days.
(x)	Sample check some of the deals and comment on the correctness of computation.
(xi)	Checking of application money, reconciliation of SGL account, compliance to RBI norms.
(xii)	Checking of custody of unused BR Forms & their utilization in terms of Master Circular on Prudential Norms on Classification, Valuation and Operations of Investment Portfolio by banks.
(xiii)	To ensure that the treasury operations of the bank have been conducted in accordance with the instructions issued by the RBI from time to time.
F	Loans & Advances-Verify
(i)	Report Bills/cheques purchased, if in the nature of accommodation bills.
(ii)	Proper follow-up of overdue bills purchased/discounted/negotiated.
(iii)	Fresh loans and advances (including staff advances) have been sanctioned properly and in accordance with delegated authority.
(iv)	Reporting of instances of exceeding delegated powers to controlling/head office by the branch and have been confirmed or ratified by the competent authority.
(v)	Securities and documents have been received as applicable to particular loan.
(vi)	Securities have been properly charged/ registered and valued by competent person. Whether the same has been entered in the bank's system.
(vii)	All conditions of sanction have been complied with.
(viii)	Master data relating to limit, rate of interest, EMI, moratorium period details have been correctly entered and updated/modified in the system.

Manual on Concurrent Audit of Banks

Sr. No.	Items
(ix)	Value dated entries passed in advances accounts.
(x)	Post disbursement supervision and follow-up is proper, such as timely receipt of stock and book debt statements, QIS data, analysis of financial data submitted by borrower, verification of securities by third parties, renewal of limits, insurance, etc.
(xi)	Whether there is any misutilisation of the loans and whether there are instances indicative of diversion of funds.
(xii)	Compliance of prudential norms on income recognition, asset classification and provisioning pertaining to advances.
(xiii)	whether monthly updating of drawing power in the computer system on the basis of stock statements/book debt statement/ other financial data received from the borrowers.
(xiv)	Recovery in compromise cases is in accordance with the terms and conditions of the compromise agreement.
(xv)	To check review and renewal of loans.
G	LC/BG-Verify
(i)	LC/BG issued/amended as per the approved format/model guarantee prescribed and standard limitation clause incorporated. Whether counter indemnity obtained as prescribed.
(ii)	Any deviation from the terms of sanction in regard to margin, security, purpose, period, beneficiary, collection of charges, commission/fee, etc.
(iii)	Whether payment is made to the debit of party's account on due date without creating overdraft/debiting suspense, in case of deferred payment guarantee.
H	Foreign Exchange transactions-Verify
(i)	Recovery of charges as per HO Guidelines.
(ii)	Packing credit released, whether backed by LC or confirmed export order.
(iii)	Availability of ECGC cover and compliance with ECGC terms.

Sr. No.	Items
(iv)	Submission of statutory returns on export/ import transactions, like BEF statements, XOS, write off of export bills, etc. Follow up of outstanding export bills and exchange control copy of bill of entry.
(v)	Irregularities in opening of new accounts and operation in NRO, FCNR, NRE, EEFC, etc., and debits/credits entries permissible under the rules.
(vi)	Whether operations in FCRA accounts are as permitted by MHA and FCRA guidelines.
(vii)	Booking, utilization, extension and cancellation of forward contracts.
I	House Keeping -Verify
(i)	Exceptional transaction reports are generated and verified by branch staff as prescribed.
(ii)	Review of all balance sheet heads and outstanding entries in accounts, e.g., suspense, sundry and inter-bank accounts. Review of follow up of entries pending for reversal.
(iii)	Scrutiny of daily vouchers with more emphasis on high value transaction including high value expenses and debit entries in Suspense account.
(iv)	Debits in accounts where signatures are pending for scanning.
(v)	Whether records related to KYC/vouchers and other critical areas are sent to specific places like archival center, record room as per stipulated periodicity.
(vi)	Adherence to KYC/AML guidelines in opening fresh account and subsequent modifications of records and monitoring of transaction.
J	Verification of Merchant Banking Business-Verify
(i)	Whether the instructions given by the controlling branch are properly followed where the branch acts as a collecting branch for issue business.
(ii)	Whether daily collection position is advised to the controlling branch.

Manual on Concurrent Audit of Banks

Sr. No.	Items
(iii)	Whether recovery of the commission/fees and out of pocket expenses as agreed with the respective companies and whether the competent authority has duly authorized any waiver or reduction of such charges.
(iv)	Whether the prescribed preventive vigilance measures are observed by the branch.
(v)	Where data entry or data processing work is entrusted to outside agencies, the competent authority duly approves these and the prescribed stamped indemnity has been obtained from such agencies.
(vi)	Whether dividend interest warrants/refund payment accounts of companies are funded prior to dispatch of the relative warrants by the companies and there is no misuse of the facility.
(vii)	Whether Claims for reimbursement of amounts of paid warrants received from paying branches are processed and debited to the concerned company's account promptly.
(viii)	Whether charge on security has been created, wherever debenture trustee activity is undertaken by bank.
K	Verification of Credit Card/Debit card –Verify
(i)	Application for the issue of credit card has been properly examined and record of issue of the same has been maintained.
(ii)	Whether overdraft/debits arising out of the use of credit cards are promptly recovered and informed to higher authorities.
(iii)	Whether undelivered credit cards are properly kept as security items and followed up with credit card department for further instructions.
(iv)	Physical verification of ATM cards, debit cards, credit cards, passwords and PINS, control over issue & delivery, safe keeping and custody at all the locations. Report loss of any such items.
L	Others –Verify
(i)	Compliance of provisions relating to Tax Deducted at Source, service tax, trade tax, other duties and taxes.

Sr. No.	Items
(ii)	Physical verification of inventory, control over issue of inventory, safe keeping and custody of security forms. Report any loss of such items.
(iii)	Physical verification of other deliverable items, control over issue, safe keeping and custody.
(iv)	Physical verification of Gold coins, control over issue, safe keeping and custody. Checking of Gold sale transactions.
(v)	Custody and movement of branch keys.
(vi)	Locker keys and locker operations-linking of FDR as security for locker/operation of locker/inoperative lockers/ nomination/other issues.
(vii)	Safe custody of branch documents like death claim cases, issuance of duplicate DD/PO/FDR, checking of indemnities, etc. and verification of documents executed during the period under audit.
(viii)	Reporting of frauds.

Appendix II

Concurrent Audit System in Commercial Banks – Revision of RBI Guidelines dated Sept 18, 2019

RBI/2019-20/64

DBS.CO.ARS.No.BC.01/08.91.021/2019-20

September 18, 2019

All Scheduled Commercial Banks (other than Regional Rural Banks), Small Finance Banks, Payments Banks and Local Area Banks

Madam/ Dear Sir,

Concurrent Audit System

Please refer to [circular DBS.CO.ARS.No.BC.2/08.91.021/2015-16 dated July 16, 2015](#) on 'Concurrent Audit System in Commercial Banks - Revision of RBI's Guidelines'.

2. As you are aware, concurrent audit aims at shortening the interval between a transaction and its independent examination. It is, therefore, integral to the establishment of sound internal accounting functions and effective controls and is regarded as part of a bank's early warning system to ensure timely detection of serious errors and irregularities, which also helps in averting fraudulent transactions and preventive vigilance in banks.

3. RBI has in the past, been prescribing guidelines for scope, coverage of business/branches, minimum items of coverage, etc. for concurrent auditors of banks. However, with the differing levels of centralization in banks, diverse nature of activities undertaken by various banks and commencement of operations by small finance banks and payments banks, a common programme of work for concurrent audit applicable to all banks may not be desirable. Further, the Expert Committee (headed by Shri Y H Malegam) appointed by the Bank has made certain recommendations in the area of Concurrent Audit. The existing guidelines on the subject have, therefore, been reviewed and the revised guidelines are given as under:

A. Coverage

- i. The scope of work to be entrusted to concurrent auditors, coverage of business/branches, etc. is left to the discretion of the head of internal audit of banks, with the due prior approval of the Audit Committee of the Board of Directors (ACB)/Local Management Committee ((LMC) in case of foreign banks) of the bank.
- ii. Banks may, however, ensure that risk sensitive areas identified by them as per their specific business models are covered under concurrent audit. The detailed scope of the concurrent audit may be determined and approved by the ACB/LMC. The broad areas of coverage under concurrent audit shall be based on the identified risk of the unit and must include random transaction testing of sufficiently large sample of such transactions wherever required. Minimum areas of coverage are given in [Annex](#).
- iii. Care may be taken to ensure that all Centralized Processing Centres (business origination and monitoring) are covered under concurrent audit.

B. Appointment of Auditors

- i. The option to consider whether concurrent audit should be done by bank's own staff or external auditors (which may include retired staff of its own bank) continues to be left to the discretion of individual banks.
- ii. The head of internal audit in the bank should participate in selection of concurrent auditors where such function is outsourced and should be responsible for the quality review (including skills of the staff employed) of the work of the concurrent auditors reporting to her/him. It may, however, be ensured that if any partner of a Chartered Accountant firm is a Director on the Board of a bank, no partner of the same firm should be appointed as concurrent auditor in the same bank.
- iii. In case the bank has engaged its own officials as concurrent auditors, they should be experienced, well trained and sufficiently senior. The staff engaged in concurrent audit must be independent of the branch/business unit, where concurrent audit is conducted.

C. Accountability

- i. If external firms are appointed and any serious acts of omission or commission are noticed in their working, their appointments may be cancelled after giving them reasonable opportunity to be heard and the fact shall be reported to ACB/ LMC of the bank, RBI and ICAI.
- ii. The bank should frame a policy for fixing accountability in cases of serious acts of omission or commission noticed in the working of bank's own staff or retired staff, working as concurrent auditors.

D. Tenure

- i. ACB/ LMC of the bank shall decide the maximum tenure of external concurrent auditors with the bank. Generally, tenure of external concurrent auditors with a bank shall not be more than five years on continuous basis. Further, the age limit for retired staff engaged as concurrent auditors may be capped at 70 years. However, no concurrent auditor shall be allowed to continue with a branch/business unit for a period of more than three years.

E. Remuneration

- i. The remuneration to be paid to external concurrent auditors shall be decided by the ACB/ LMC of the bank. The remuneration shall be commensurate with the scope and coverage of audit, skill sets required, number of staff required and the time to be devoted for the audit.

F. Review of effectiveness of Concurrent Audit

- i. ACB/ LMC of the bank should review the effectiveness of the Concurrent Audit system as well as the performance of the concurrent auditors on an annual basis and take necessary measures to suitably strengthen the system.

G. Reporting System

- i. Banks' Internal Audit Department should develop a reporting system for concurrent auditors with the approval of ACB/LMC.
- ii. The findings of the concurrent auditors may be received in a structured format prescribed by the bank.
- iii. Minor irregularities pointed out by the concurrent auditors shall be rectified on the spot. The major deficiencies/aberrations noticed

during audit should be immediately brought to the notice of Head Office/Controlling Office of the concerned branch/business unit of the bank.

- iv. A quarterly review containing important features brought out during concurrent audits should be placed before the ACB/LMC. The zone-wise findings of concurrent audit may be reported to ACB/LMC on a quarterly basis.
 - v. Whenever fraudulent transactions are detected, they should immediately be reported to Internal Audit Department (Head Office) as also to the Chief Vigilance Officer as well as Branch Managers concerned (unless the branch manager is involved).
 - vi. Follow-up action on the concurrent audit reports and rectification of the deficiencies should be accorded high priority by the Head Office/Controlling Office of the concerned branch/business unit of the bank.
4. You may ensure that, based on the revised guidelines, a review of the present system of concurrent audit is carried out immediately and necessary changes are incorporated therein with the prior approval of the ACB/ LMC of the bank.

Yours faithfully,

(A K Choudhary)
Chief General Manager
Encl: As above
